License of Water Right No. 63-7598 Priority April 27, 1972 Amount 0.04 cfs

THIS IS TO CERTIFY, that CHARLES F. KOSTA
of Boise, Idaho, has complied with the terms and conditions of Permit
No. 63-7598 issued pursuant to Application for Permit dated April 27, 1972,
and has submitted proof to the Department of Water Resources on June 10, 1977,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.04 cfs of water from a groundwater source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume

Dear Mr. Kosta:

A representative of this Department made an examination of the works covered by your Permit No. 63-7598 on September 1, 1977, and has found the following:

Amount of water that can be recognized as beneficially used under
Idaho law: 0.04 cfs Source: groundwater

The maximum quantity diverted shall not exceed 1.2 acre feet per
year.

Point of diversion: NE 1/4, Sec. 23, Twp. 3N, Rge. 2E, B.M.

Beneficial use: Domestic

Priority date established: April 27, 1972

If you do not concur with these findings please contact us within 10 days, otherwise a water license will be issued as set forth above.

Dear Mr. Kostka:

One of the conditions of approval of your water Permit No. 63-7598 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before July 1, 1977. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. Kostka:

We are in receipt of your application for permit and have begun the processing of the same. We wish to advise you, however, that the quantity of water requested for domestic use appears to be somewhat excessive.

Under normal conditions, the Department could approve only 0.03 cubic feet per second, per domestic unit. As you have further indicated in your application that the system will serve only two families, we could approve the application for only 0.06 cubic feet per second, unless you can justify a higher rate of diversion.

If you should have any questions in reference to this matter, please feel free to contact this Department.

Dear Mr. Kostka:

We are in receipt of your application for permit and have begun the processing of the same. We wish to advise you, however, that the quantity of water requested for domestic use appears to be somewhat excessive.

Under normal conditions, the Department could approve only 0.03 cubic feet per second, per domestic unit. As you have further indicated in your application that the system will serve only two families, we could approve the application for only 0.06 cubic feet per second, unless you can justify a higher rate of diversion.

If you should have any questions in reference to this matter, please feel free to contact this Department.

Very truly yours,

V
