Re: Permits Nos. 63-7487 & 63-7488

Dear Sir,

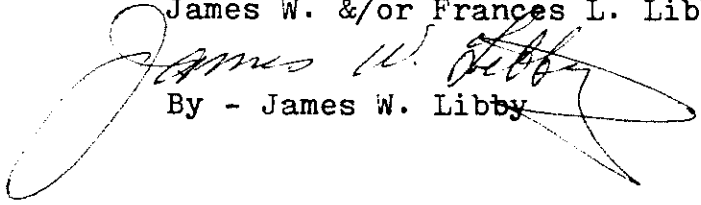

Enclosed please find our completed "Proof of Application of Water to Beneficial Use" for Permit No. 63-7487. You will notice that the portion of the "Proof" form under part 10. Remarks, indicates that additional lands are presently being brought under irrigation. We are not sure, therefore, whether we should request an extension of time for the "Proof" until all lands are completely brought under irrigation, or the form completed for the amount of water presently being used. The amount shown is only for the 103 acres presently being cropped. If an extension is proper under the circumstances, please consider this letter a request for such an extension.

With regard to Permit No. 63-7488, please be advised that the well proposed in the application has not yet been drilled as the proposed stock development has not yet taken place. We therefore request a time extension on this permit.

We appreciate your office advising us in your letter of July 30th that these proofs must be executed.

Sincerely,

James W. &/or Frances L. Libby
