Dear Mr. Priest:

One of the conditions of approval of your water Permit No. 63-7481 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before December 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. Priest:

Enclosed is a copy of your approved Application for Permit No. 63-7481. We direct your attention to the conditions of approval as listed on the fourth page.

Be sure to note that a special condition requiring you to install and maintain a measuring device at your point of diversion has been placed upon your permit. We are enclosing a letter describing different types of measuring devices accepted by this office.

The source of your water supply is a tributary to the Boise River which is under the control of the Boise River Watermaster. The Boise River in this region at most times of the year is fully appropriated. Because of this, your diversion of water will be under the control of the Boise River Watermaster and if it is found that your diversion actually reduces the flow in Loggers Creek, it will be shut off according to its priority.

If you have any questions concerning this matter, please let us know.

Very truly yours,

BOBBY D. FLEENOR

Gentlemen:

We have enclosed a copy of the original notice for the above referenced application and the affidavit of publication received by our office. You will note that there is a discrepancy in the two notices.

We are requesting that you publish the enclosed correction notice at your expense, since the Department failed to receive a tear sheet prior to publication.

Upon receipt of an affidavit of publication for the correction notice, we will forward the bill for the first publications to our accounting department.

Your cooperation in this matter is greatly appreciated.

Very truly yours,

Donald W. McEldowney
Appropriation Supervisor

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."

(signature of claimant)

Very truly yours,
