Dear Mr. Brown:

After our phone conversation this date, I checked our records and found another permit (63-8230) which covers the additional ground to which you referred.

For your review, I've enclosed a sketch showing the acreage that Lee reported being irrigated. The land outlined in 'red' indicates that land proposed under the license for Permit 63-7460. The land outlined in 'green' is covered under Permit 63-8230 which was approved on December 2, 1975. Proof under this permit is not due until 12/1/1980.

I will withhold action on the license until June 21st to allow you time to review the matter. Please let me know if you still disagree with our findings.

Sincerely,

D. Darlene Reich
