Gentlemen:

A representative of this Department has made an examination of the works covered by your Permit No. 63-7444 and has found the following:

Quantity of water diverted: 0.87 cfs Source: ground water

Amount of water that can be recognized as beneficially used under Idaho law: 0.87 cfs

The maximum quantity diverted shall not exceed 209 acre feet, or 4.5 af per acre, per year.

Point of diversion: Lot 1 (NE $\frac{1}{4}$ NE $\frac{1}{4}$), Sec. 5, Twp. 2 N, Rge. 2 W, B.M.

Beneficial use: Irrigation of 46.3 acres within Lots 1 & 2, Sec. 5, Twp. 2 N, Rge. 2 W, B.M.

Priority date established: June 1, 1971

Our examiner found the location of the point of diversion and place of use to differ from that described under the permit. Therefore, it will be necessary to amend the permit before a license is issued. Enclosed is a partially completed application for amendment for your use in this matter.

Please sign the amendment application and return it to this office along with a \$10.00 filing fee within 30 days in order that we might issue your water license as set forth above. If you do not concur with these findings or have any questions, please contact us within the 30-day period.

Nampa, Idaho 83651

Gentlemen:

One of the conditions of approval of your water Permit No. 63-7444 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before JULY 1, 1976. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
