NOTICE OF APPLICATION
FOR PERMIT TO APPROPRIATE
THE PUBLIC WATERS
OF THE STATE OF IDAHO.
Notice is hereby given that Muriel
B. Craine, Box 284, Eagle, Idaho,
has on March 31, 1970, submitted
Application No. 63-7316 to appro-
priate the public waters of the Boise
River.
The application proposes a max-
imum diversion and appropriation
of 1.50 cubic feet per second of
water to be diverted by pump and
sprinkler system within the
NW1/4SE1/4, Sec. 16, T. 4N, R. 1E,
B.M., Ada County, and is to be used
within the NW1/4SE1/4, Sec. 16, T.
4N, R. 1E, B.M. from May 1 to Oc-
tober 15 for the irrigation of 29
acres.
Any permit issued pursuant to
this application will be subject to
ALL PRIOR WATER RIGHTS and
subject to the CONTROL OF A
STATE WATERMASTER. Any pro-
test against this application must be
filed with the Idaho Department of
Reclamation on or before May 4,
1970.

Total Acres: 29

CONDITIONS OF APPROVAL

1. Use of water under this water right will be regulated by the watermaster of State Water District No. 63.
2. Prior to diverting water under this water right each year, the right holder shall seek approval of the watermaster. No water shall be diverted under this right without prior approval of the watermaster.
3. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.5 afa per acre at the field headgate for irrigation of the lands above.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed and sealed this 16TH day of MAY, 2002.

Acting for

KARL J. DREHER
Director

**BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO**

IN THE MATTER OF PERMIT
NO. 63-7316 IN THE NAME OF
JANET B. PERKINS WELLS

ORDER OF REINSTATEMENT

This matter having come before the Department of Water Resources (Department) as a result of preparing Permit No. 63-7316 for issuance of a license, the Department finds, concludes and orders:

FINDINGS OF FACT

1. The Department approved Application for Permit No. 63-7316 to appropriate the public waters of the State of Idaho with a proposed priority of MARCH 31, 1970.

2. On MARCH 17, 1989 the Department advised the permit holder that a license examination fee was required before an examination could be conducted to confirm the extent of use developed under the permit. The examination fee was due on MAY 16, 1989.

3. The license examination fee was not paid within one year of the date, and the permit lapsed for failure to pay the license examination fee.

MICROFILMED

NOV 02 1990

4. The license examination fee was received on
AUGUST 14, 1990, 455 day(s) late.

CONCLUSIONS OF LAW

1. The Director may advance the priority date of the permit one day for each day the license examination fee is late, pursuant to the provisions of Section 42-217, Idaho Code.

2. The date of priority of Permit No. 63-7316 should be advanced 455 day(s).

ORDER

IT IS HEREBY ORDERED that Permit to Appropriate Water No. 63-7316 is reinstated.

IT IS FURTHER ORDERED that the date of priority of Permit No. 63-7316 is advanced to JUNE 29, 1971.

Dated this 30th day of October, 1990.

J. Glen Saxton
Chief, Water Allocation Bureau

MICROFILMED

NOV 02 1990

BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF PERMIT NO. 63-7316
IN THE NAME OF JANET B. PERKINS WELLS

ORDER OF REINSTATEMENT

WHEREAS, on March 31, 1970, Muriel B. Crane filed with the Department of Water Resources (formerly the Department of Water Administration) an application for permit to appropriate 0.50 cubic feet per second of water from the Boise River, to be diverted within the NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 16, Twp. 4N, Rge. 1E, B.M., Ada County, to be used for irrigation purposes; and,

WHEREAS, on July 13, 1971, the Department approved said application and issued Permit No. 63-7316 with the condition that proof of construction of works and application of water to beneficial use be submitted to the Department on or before July 1, 1976; and,

WHEREAS, on September 10, 1973, the permit was assigned to Janet B. Perkins Wells; and,

WHEREAS, on October 22, 1976, the time within which to submit proof of beneficial use of water was extended to July 1, 1977; and,

WHEREAS, on June 30, 1977, the Department received the required proof of beneficial use of water; and,

WHEREAS, on July 13, 1977, the Department inadvertently lapsed Permit No. 63-7316;

IT IS, THEREFORE, HEREBY ORDERED that Permit No. 63-7316 be REINSTATED without a loss of priority.

Dated this 17 day of August, 1977.

Permit No. 63-7316

R. Brent Loveless of P.O. Box 96 Eagle
(name) (address)

State of Idaho, being first duly sworn, upon his oath deposes and says:

That he is the holder, or the duly authorized agent of the holder *, of Permit to Appropriate the Public Waters of the State of Idaho No. 63-7316.

That under the terms and conditions of said permit, work thereunder was required to be completed on or before July 1, 1976.

That he has heretofore performed the following work described under said permit:
Built up & Reinforced dike along river to keep
from flooding land during spring run off. Levelled up &
filled in wash outs from previous high water flooding.
Purchased tractor for pumping water Costing \$ 1,400⁰⁰

That he is unable to complete the remainder of the work within the required time for the following reasons, to-wit: Permit holders son, Dick Perkins, who
was living on land was transferred out of town until
late fall 1976. Financial cost was too much to
hire completion work done for completion.

Wherefore, he asks that the Department of Water Resources extend the time for the completion of obligations under said permit to July 1, 1977.

RE: License No. 63-7316 - Issuance of License

Dear Water Right Holder(s):

The Department of Water Resources has issued the enclosed Water Right License confirming that a water right has been established in accordance with your permit. Please be sure to thoroughly review the conditions of approval and remarks listed on your license. Condition No. 2 is of particular importance. During the irrigation season the natural flow of the Boise River is usually fully appropriated by water rights senior to yours. Water is not usually available for appropriation under a 1971 priority date except when the storage system is being operated in flood control mode. Condition No. 2 requires you to contact the watermaster of Water District No. 63 to find out if you are authorized to divert water either because the system is in flood control mode or because there is storage water available for rental from the Boise River rental pool. Under all other conditions, you will not be authorized to divert water under this water right. The watermaster currently is Lee Sisco. His telephone number is 378-0246.

The license is a PRELIMINARY ORDER issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless a party petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

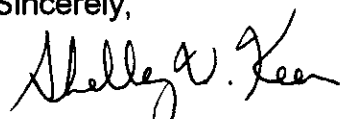

Please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

MICROFILMED
JUN 11 2002

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

D. FLOW MEASUREMENTS

1.

Measurement Equipment	Type	Make	Model No.	Serial No.	Size	Calib. Date
Pressure Gage						

2. Measurements: Twenty five 9/64" nozzles @ 20psi = 2.65 gpm/nozzle x 25 = 66.25 gpm

E. NARRATIVE/REMARKS/COMMENTS

A 7.5 hp pump, located on a side channel of the Boise River, supplies water to 29 acres via 4" mainline and portable handline sprinklers. The side channel resembles more of a slough than part of the Boise River, however looking at the 1994 aerial photo, the channel does originate from the Boise River. The capacity of the system is .15 cfs/50afa, which can provide ~11 acres with full diversion volume. These amounts are based on a 168 day season of use as listed on the permit. However the property is located on Eagle Island, adjacent to the Boise River. The ground is subby, allowing applicant to irrigate additional acres with less water. A well supplies domestic water for the cabin. No other water rights are used.

Larry Flynn plans to file SRBA claim based on field exam findings.

Have conditions of permit approval been met? Y yes no

MICROFILMED
JUN 11 2002

F. FLOW CALCULATIONS

N Additional Computation Sheets Attached

Measured Method:

25 heads @ 20 psi = 2.65 gpm

2.65 gpm x 25 hds = 66.25 gpm = .15 cfs

G. VOLUME CALCULATIONS

1. Volume Calculations for Irrigation:

$V_{I.R.} = (\text{Acres Irrigated}) \times (\text{Irrigation Requirement}) = 29 \times 4.5 = 130.5$

$V_{D.R.} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 = .15 \times 168 \times 1.9835 = 50$

$V = \text{Smaller of } V_{I.R.} \text{ and } V_{D.R.} = 50$

2. Volume Calculations for Other Uses:

H. RECOMMENDATIONS

1. Recommended Amounts

Beneficial Use	Period of Use		Rate of Diversion	Annual Volume
	From	To	Q (cfs)	V (afa)
Irrigation	5/1	10/15	.15	50
Totals:			.15	50

2. Recommended Amendments

☐ Change P.D. as reflected above ☐ Add P.D. as reflected above ☒ None

☐ Change P.U. as reflected above ☐ Add P.U. as reflected above ☐ Other

RE: REINSTATEMENT OF FILE

DATE: 9-OCT-1990

=====
Janet Wells contacted this office to inquire as to the status of this permit. She was aware that Larry Flynn had paid an examination fee and was attempting to have the permit reinstated. She has no desire to assign the permit to Mr. Flynn at this time. She did indicate that at the time Mr. Wells fulfils the land sale agreement between them, she would have no problem with assigning the permit to him.

Ms. Wells confirmed her address as P.O. Box 1068, Pauma Valley, CA, 92061.

RE: Permit No. 63-7316

Dear Mr. Flynn:

The Department acknowledges receipt of the license examination fee which you recently submitted for the above referenced permit.

Before the Department takes action to reinstate the permit, we request that you have the permit assigned to you by the present permit holder of record, Janet B. Perkins Wells.

An assignment form has been enclosed for your use. Please contact this office if you have questions concerning this matter.

Sincerely,

FROM: KAY WALKER
RE: OWNERSHIP OF PERMIT
DATE: 14-AUG-1990

The water use under this permit was established by Muriel B. Craine in 1970. The permit issued in 1971. This permit was then assigned to Janet B. Perkins Wells in 1973, who now resides in California. After many tries to contact Ms. Wells to submit an examination fee for this permit, we have lapsed it.

Mr. Larry Flynn came into the office today to file a water right based on a telephone call from Lee Sisco. Mr. Sisco told Mr. Flynn he had no water right for the irrigation system he was running. We researched the land and found this permit is one that covers the land. Mr. Flynn lease-purchased this land in 1987. The land was involved in a lawsuit for 3 years and Mr. Flynn just finalized the purchase this year. He requests reinstatement of the permit based on the above.

Dear Permit Holder:

Re: Permit No. 63-7316 - Janet B. Perkins Wells

**LAPSE NOTICE
LICENSE EXAMINATION FEE**

You are hereby notified that under the provisions of Sec. 42-217 and 42-218, Idaho Code, the above referenced permit lapsed and is of no further force nor effect for failure of the permit holder to submit either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Provisions of Sec. 42-217, Idaho Code and the Beneficial Use Examination Rules and Regulations provide that failure of the permit holder to submit either the fee or an acceptable field examination report within one year and sixty days after notification by the director that the submittal is due is cause for the director to reject the proof of beneficial use and lapse the permit. The department notified you of the required submittal on March 23, 1989.

The lapsed permit can be reinstated upon a showing of reasonable cause for late submittal of proof of beneficial use, if you submit to the department within sixty days, either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Enclosed is a fee information sheet that must be completed and submitted to the department to keep the permit in good standing. If you have questions, please contact any office of the department.

Sincerely,

L. GLEN SAXTON
Chief, Water Allocation Bureau

CERTIFIED MAIL

EXAMINATION FEE NOTICE

Dear Mr. Loveless:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this Department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the Department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the Department, but you must within sixty (60) days of the date of this letter return to the Department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the Department to conduct the field examination, but you may change to another certified examiner.

Certified water right examiners are licensed engineers or geologists certified by the Department to conduct water right examinations. A listing of certified water right examiners is available from this Department.

MICROFILMED

NOV 12 1990

March 17, 1989

If your permitted use, in fact, has already been examined by the Department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the Department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following Department offices.

Dear Permit Holder:

LAPSE NOTICE
License Examination Fee

You are hereby notified that under the provisions of Section 42-217 and 42-218a, Idaho Code, the above referenced permit will lapse and be of no further force nor effect on August 25, 1988, for failure of the permit holder to submit either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Provisions of § 42-217, Idaho Code, and the Beneficial Use Examination Rules and Regulations provide that failure of the permit holder to submit either the fee or an acceptable field examination report within one (1) year and sixty (60) days after notification by the director that the submittal is due is cause for the director to reject the proof of beneficial use and lapse the permit. The Department notified you of the required submittal on June 25, 1987.

The lapsed permit can be reinstated upon a showing of reasonable cause for late submittal of proof of beneficial use, if you submit to the Department on or before October 23, 1988, either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Enclosed is a fee information sheet that must be completed and submitted to the Department to keep the permit in good standing. If you have questions, please contact any office of the Department.

EXAMINATION FEE REMINDER

Dear Permit Holder:

Earlier this year you were mailed a certified letter by our state office, which described a new law related to your water right permit. The water right permit to which this law applies is identified by the number at the top of the mailing label above. The purpose of this letter is to act as a reminder of the new law and to warn you that your permit is now losing priority daily.

As described in the certified letter, House Bill 671 enacted by the 1986 Idaho Legislature requires payment of a fee before this Department can conduct the field examination needed to issue a license confirming use of water under the permit. As an alternative to submitting the fee, the Department will accept a field examination report completed by a certified water right examiner from the private sector. The certified letter described the procedure for selecting the latter alternative, whereby you initially notify us regarding which water right examiner you have selected, and provide a statement from the examiner as verification.

The date of priority of your water right permit is now being delayed one day for each day the response is late. Also, if the fee or completed field examination report are not submitted within a year from the sixty-first day after the certified letter was mailed, the permit may be lapsed and rendered invalid. The fee, or notice that a private field examination will be conducted, should be submitted as soon as possible if you wish to maintain your permit in a valid status.

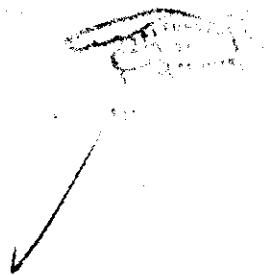

Enclosed please find an Examination Fee Information Sheet, with the License Examination Fee Schedule printed on the back. This sheet should be submitted if either the fee payment option or the private examination option is selected. If you have questions or desire assistance in this matter, please feel free to contact this office.

Mrs. Janet B. Perkins Wells
Wells, Wells & Learned Co.
Room 360, Sonna Building
Boise, Idaho 83702

Dear Mrs. Wells:

We acknowledge receipt of the affidavits submitted as proofs of beneficial use on the above referenced permits.

However, we are returning the beneficial use submitted on Permit No. 63-7314 as proof has already been made on October 19, 1976, by R. Brent Loveless, and a license is pending.

Enclosed is an Order of Reinstatement for Permit No. 63-7316. Please note that this permit has been reinstated without a loss in priority.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell during which part of the irrigation season this exam will be made, but our examiner will try to contact you at the time he makes the exam so that you may show him the system, on Permit No. 63-7316.

If you have any questions regarding these matters, please contact us.

Sincerely,

JANICE RENK

Re: Permit No. 63-7316

R. Brent Loveless
Box 96
Eagle, Idaho 83616

Dear Mr. Loveless:

One of the conditions of approval of your water Permit No. 63-7316 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before July 1, 1977. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. Loveless:

We acknowledge receipt of the power of attorney and the proof of beneficial use for the above referenced permits.

Enclosed is an Order of Reinstatement which reinstates Permit No. 63-7314 without a loss of priority. Before a license can be issued on this permit, a field exam must be made by a representative of this Department. We cannot tell during which part of the irrigation season this exam will be made, but our examiner will try to contact you at the time he makes the exam so that you may show him the system.

If you have any questions regarding the field exam, please contact our Regional Office in Boise.

Also enclosed is the approved application for extension of time on Permit No. 63-7316. The time within which to submit proof of beneficial use of water has been extended to July 1, 1977. Also note that the permit was reinstated without a loss in priority.

Sincerely,

JANICE RENK

Re: Cover for Ext visit 10-19-76

I recommend that the above referenced ext request be approved.
This permit should not have been signed since a letter
requesting an ext was rec'd 6-22-76, prior to the proof due
date. Therefore, the permit should also be annotated w/o a
loss of priority.

Re: Permits No. 63-7314 & 63-7316
Janet B. Perkins Wells

Mr. Brent Loveless
P.O. Box 96
Eagle, ID 83616

Dear Mr. Loveless:

Pursuant to your phone call of this date, enclosed are copies of the above referenced permits.

Since these permits have lapsed, it is imperative that either the enclosed proof affidavits or applications for extension of time be returned as soon as possible. As per our conversation, we will also need a copy of the power of attorney allowing you to act in Mrs. Wells behalf.

Should you have questions regarding the completion of these forms, please let us know.

Sincerely,

D. Darlene Reich
Water Rights Supervisor

Re: Permits No. 63-7314 - Janet B. Perkins Wells
63-7316

Mr. Dick Perkins
P. O. Box 96
Eagle, ID 83616

Dear Mr. Perkins:

We have received your letter of June 20th regarding extensions of time for the above referenced permits.

Please be advised, however, that we will require information with regard to the work that has been completed on the projects to date. Enclosed are two 'applications for extensions of time' which must be completed and returned to this office as soon as possible in order that the permits remain in good standing.

You should also be aware that these applications must be signed by the permit holder of record, Janet B. Perkins Wells. We have enclosed a form by which your mother can give you the power of attorney to act in her behalf and, therefore, enable you to sign the extension requests and other documents that may be necessary under these permits.

If you have questions regarding this matter or if we can be of further assistance, please advise.

Sincerely,

D. Darlene Reich
Water Rights Supervisor

Extension

June 20, 1976

R. Keith Higginson, Director
State Of Idaho
Department of Water Resources
Statehouse
Boise, Idaho 83720

Dear Mr. Higginson:

As I have indicated in previous correspondence, I am charged with the responsibility of submitting proof of application of beneficial use concerning water permits 63-7311 and 63-7316. The property associated with these permits is owned by my mother, Mrs. Janet B. Perkins Wells.

The purpose of this letter is to request a 60-day extension, which would require proof of beneficial use concerning the above water permits to be submitted to your office on or before September 1, 1976. I am making this request for the following reasons:

1. I have recently accepted a job which requires that I spend a lot of time out of town.
2. There has been considerable delay in the delivery of various irrigation equipment I have ordered.

Thank you for your consideration in this matter.

Sincerely,

Dick Perkins
P.O. Box 96
Eagle, Idaho 83616

Re: Permit No. **63-7314**

63-7316

Janet B. Perkins Wells
4514 Hillcrest Drive
Boise, Idaho 83705

Dear Mrs. Wells:

One of the conditions of approval of your water Permit No. **63-7314 & 63-7316** (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before **JULY 1, 1976**. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Re: Application for Permit Nos. 63-7314 and 63-7316

Muriel B. Craine
Box 284
Eagle, Idaho 83616

Dear Mrs. Craine:

We have enclosed a copy of the April 10, 1970 letter from the Boise River Watermaster, District 12-A. With reference to your permit application, as you can tell from the indication in the letter, the probability of your obtaining water during the irrigation season appears to be remote.

As you may be aware on an adjudicated stream such as the Boise Rive the deliverance of water is subject to control by the appointed watermaster to administer the water by priority. Your application proposing a 1970 priority apparently would not receive water for the season.

The meter which is referenced in the letter is somewhat of an expensive item probably costing between \$300 and \$600.

You may wish to contact Mr. Musselman directly in order to determine whether or not you wish to proceed with the application. In any case, advise us within 20 days as to whether or not you wish to continue with the application.

If you have any further questions, please contact us.

Very truly yours,

Donald W. McEldowney
Appropriation Supervisor

63-7316 - Muriel B. Craine

Mr. Donald W. McEldowney
Appropriations Supervisor
State of Idaho
Department of Reclamation
Statehouse Annex 2
Boise, Idaho 83707

Dear Mr. McEldowney:

The above application for a permit for Muriel B. Craine is not very practical as this is a critical section of the Boise river. The chances of getting any water from May 1, to October 1, is very remote. The \$2,500.00 investment isn't very practical in this section of the river it would be a waste of money.

If this is approved it should require a recording meter which shows either cubic feet per second or acre feet.

Very truly yours,

D. L. Musselman

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department of Reclamation along with the publication bill. In order to receive payment, the following certification must appear on the bill:

I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid.

(Signature of the claimant)

Very truly yours,
