CONVERSATION MEMORANDUM

DATE 11-21-75

FILE 63-7249

NAME OF PARTY _____

EMPLOYEE Darlene Reick

RE: late proof

Proof was typed for permit holder at Weaton District office. Permit holder stated that "someone" at main office advised a memo would be sent in file to the effect that proof could be made after 60 day limit. Said memo has not been sent therefore I feel we have no alternative but to accept proof 81 days late and advance priority accordingly

Dear Mr. Huckstep:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit. Enclosed is an Order of Reinstatement; please note that the priority has been advanced to October 4, 1979. Also enclosed is an Order which removes the measuring device requirement on the permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, however, our examiner will try to contact you at the time he makes the exam so that you may show him the system.

If you have any questions regarding the field exam, please contact our District Office in Boise.
