Dear Mr. & Mrs. Thomas,

A representative of this Department has made an examination of the works covered by your Permit No. 63-7227, and has found the following:

Amount of water that can be recognized as beneficially used under Idaho law: .16 cfs Source: spring

The maximum quantity diverted shall not exceed 5.4 acre feet per year.

Point(s) of diversion: NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 10, Twp. 4N, Rge. 4E, B.M.

Beneficial use: Domestic use for 4 units and commercial use within the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 10, Twp. 4N, Rge. 4E.

Priority date established: May 21, 1969

Conditions (if any): Use of water under this license is subject to control by the watermaster of State Water District No. 63, Boise River.

If you do not concur with these findings please contact us within 10 days, otherwise a water license will be issued as set forth above.

Sincerely,

One of the conditions of approval of your water Permit No. 63-2228 was that evidence of the extent of development must be submitted to this office on or before July 1, 1979. (See last page of your approved permit). Enclosed is a post card which may be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use post card or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect within 60 days.

Re: Permit No. 63-7227 & 63-7228

Boise, Idaho

Dear Mr. & Mrs. Thomas

One of the conditions of approval of your water Permit No. ~~63-7227 & 63-7228~~ (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before July 11, 1974. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. & Mrs. Thomas:

We enclose copies of your approved applications for permit Nos. 63-7227 and 63-7228 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

You will note that the restriction has been placed upon your permits that whenever, in the opinion of the department, the source from which you wish to appropriate appears to be tributary to the Boise River or any of its tributaries you may be required to cease the use of the water until all prior rights have been satisfied. The basin from which you are attempting to appropriate water lies within State Water District 12A, Boise River, of the State of Idaho. The watermaster of that district will have the authority to order you to cease using the water. You should be aware that the availability of water at your location is open to question and that you should take this into consideration in planning your development. We have decided to continue issuing permits in the area with the idea that if there is water available for even a portion of the early spring and summer months that new appropriators should have a chance to use that water.

If you have any questions or do not understand the above conditions, I would be most happy to discuss the situation with you.

Very truly yours,

C. Stephen Allred, Assistant
State Reclamation Engineer
