

Complete the following map by showing land and point of diversion as proposed by this amendment. Show 40 acre subdivisions, sections, townships, ranges, and ditches.

A hand-drawn map on a grid. The grid consists of solid lines forming a 4x4 block of squares, with each block further divided into four smaller squares by dashed lines. The map contains the following text and markings:

- R 3 W**: Located in the top right quadrant, spanning the first two columns and the top row of the right half.
- T 3 N**: Located on the left side, spanning the first two rows and the first column of the left half.
- 10**: Located in the center of the grid, between the first and second columns and the second and third rows.
- ORIGINAL WELL**: Located in the center, with an arrow pointing to a small circle with a dot inside, positioned between the first and second columns and the second and third rows.
- NEW WELL**: Located in the center, with an arrow pointing to a small circle with a dot inside, positioned between the first and second columns and the second and third rows.

Scale: 2 inches equal 1 mile

That no one will be injured by such change, and that such change will be made at permit holder's own risk.

ACTION OF STATE RECLAMATION ENGINEER

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 63-7202, and said application is hereby APPROVED.

1. Approval of said application is subject to the following limitations and conditions:

- a. SUBJECT TO ALL PRIOR WATER RIGHTS.
- b. Proof of construction of works and application of water to beneficial use shall be submitted on or before May 1, 19 75.
- c. Other: The permit holder shall permanently install and maintain a measuring device of a type approved by the department as part of the diverting works. This permit is supplemental to all prior rights.

2. Denial of said application is for the following reasons: _____

Witness my hand this 11th day of May, 19 70.

R. Kirk Higg
State Reclamation Engineer

BEFORE THE STATE RECLAMATION ENGINEER
OF THE
STATE OF IDAHO

IN THE MATTER OF APPLICATION FOR)
PERMIT NO. 63-720 in the name of)
GEM STATE ACADEMY)

MEMORANDUM DECISION
and
ORDER

Application for Permit to appropriate the public waters of the State of Idaho was received from the applicant, Gem State Academy, on March 2, 1969. The Application called for the diversion of 2.0 cubic feet of water per second for irrigation purposes from March 20 to November 1 of each year, and 0.4 cubic feet per second of water for domestic purposes from January 1 to December 31 of each year. Water was to be diverted from a well in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 10, Twp. 3 N., Rge. 3 W., B.M., Canyon County, for irrigation of 260 acres and domestic supply for 20 households. Notice of the application was published in the News Tribune, Caldwell, Idaho, on March 20 and 27, 1969. On April 7, 1969, a protest was received from Mr. William J. Brauner of Brauner, Fuller & Doolittle, attorneys at law, on behalf of William Lynn & Ruby Van Landingham. The protestant contended that the allowance of said application might reduce underground water supply in the area.

On August 28, 1969, a conference was held at the Canyon County Court House, Caldwell, Idaho. At that conference the parties indicated that they thought they could reach a stipulated agreement. As a result, setting of the formal hearing was continued for an unspecified length of time. No such agreement was forthcoming, and on February 3, 1970, a hearing was scheduled after due notice being given to all parties. At that hearing the protestant and his attorney failed to appear.

Letters were written to the protestants' attorney on February 18 and again on April 6, 1970, attempting to ascertain if the protestants wished to further pursue their protest. No agreement has been forthcoming as a result of those letters. Paragraph 9.2 of Rule 9 of the Rules of Practice and Procedure of the Department of Reclamation allows the Department of Reclamation to dismiss said petition or protest in the event that the petitioner or

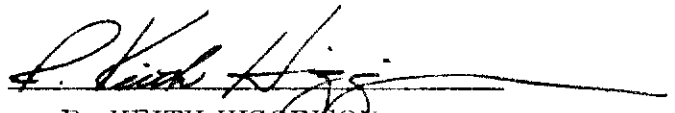

63-7202

protestant, after being given due notice, fails to appear at such hearing.

It would appear that the protestants have had ample opportunity to justify their protest and that any further delay will unnecessarily impede the development of the applicant's proposal.

It is now therefore hereby ORDERED that the protest of William Lynn & Ruby Van Landingham against issuance of Permit No. 63-7202 be and is hereby SET ASIDE and DENIED, and Application for Permit No. 63-7202 is hereby APPROVED.

Dated this 11th day of May, 1970.

R. KEITH HIGGINSON
State Reclamation Engineer

63-7202

Gentlemen:

A representative of this Department has made an examination of the works covered by your Permit No. 63-7202 and has found the following:

Quantity of water diverted: 2.0 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 2.0 cfs

The maximum quantity diverted shall not exceed 756 acre feet per year.

Beneficial use: Irrigation of 168 acres within the NE1/4SW1/4, S1/2SW1/4, Sec. 10; SW1/4NE1/4, N1/2NW1/4, SE1/4NW1/4, Sec. 15; Twp. 3 N, Rge. 3 W, B.M.

Point of diversion: SW1/4SW1/4 Sec. 10, Twp. 3 N, Rge. 3 W, B.M.

Priority date established: March 2, 1969

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth in this letter.

Sincerely,

BOBBY D. FLEENOR
Assistant Director

Gentlemen:

Enclosed herewith is a copy of your approved application for permit No. 63-7202. We direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer. Be sure to note that a special condition requiring you to install and maintain a measuring device at your point of diversion has been placed upon your permit. We are enclosing a letter describing different types of measuring devices accepted by this office.

We are also enclosing a Memorandum Decision and Order denying the protest against approval of your above numbered permit.

Very truly yours,

C. Stephen Allred, Deputy
State Reclamation Engineer

63-7202
Gem State Academy

Dear Mr. Higginson:

In the absence of Mr. Wm. J. Brauner of our office, I am replying to your letter of February 18, 1970, regarding the protest of William L. and Ruby Van Landingham.

Mr. Brauner is currently serving as a Representative in the Idaho State Legislature and will be unable to attend this matter until adjournment which is anticipated within the next two weeks. He advises that they did appear at an earlier hearing and reached an agreement with counsel for the applicant that they would prepare and submit a Stipulation Agreement; that at that time applicant's attorneys were going to prepare the stipulation but did not do so and the burden is upon Mr. Brauner to do this.

He will do this as soon as possible following adjournment of the Legislature.

Very truly yours,

BRAUNER, FULLER & DOOLITTLE

Dear Mr. Brauner:

Some time ago, we wrote to you inquiring as to your interest in Application for Permit No. 63-7202.

P
As you will remember, that matter was scheduled for hearing on February 3, 1970. The applicants appeared and were represented by counsel, but no one appeared on behalf of the protestants, William L. and Ruby Van Landingham. As stated by our letter to you of February 18, 1970, our adopted rules and procedures of this office specifically state that failure to appear by the protestant is cause for setting aside any protest.

Y
Before doing so, we would appreciate your comments and an indication as to whether or not you still represent the protestants. In the event that we do not receive a reply prior to April 16, 1970, we will set the protest aside and issue the permit.

Very truly yours,

C. STEPHEN ALLRED
Deputy State Reclamation Engineer

P. O. Box 130
Caldwell, Idaho 83605

Gentlemen:

I am writing with regard to Application for Permit No. 63-7202, in the name of Gem State Academy.

P
As you are aware, this Application was filed in March of 1969, and the issuance of Permit was protested by William Lynn and Ruby Van Landingham. The matter was scheduled for hearing, to be held in Caldwell on February 3, 1970. The applicants were present and represented by counsel, but no one appeared on behalf of the protestants.

Y
Under the adopted rules of procedure of this office, failure to appear is cause for our setting aside any protest. Prior to doing so, however, I am writing to inquire as to whether the protestants have further interest in pursuing their objections and whether you still represent them concerning this matter.

Failure to reply to this inquiry within 10 days will be taken as your concurrence that the protest should be set aside.

Very truly yours,

R. KEITH HIGGINSON
State Reclamation Engineer

MEMORANDUM

TO: STEPHEN ALLRED

FROM: NORMAN YOUNG

SUBJECT: Van Landingham-Gem State Academy Ground-Water Protest

The attached map and table are the data you requested from logs for wells near the protest area. The map shows well location only to the quarter-quarter section. The table lists data for each well shown on the map by map number.

The well data indicates that an aquifer of mostly fine grained sediments is probably common to the wells in question. Static depth to water and depth to the water-bearing materials are similar for both wells. Although yield and drawdown are not listed on the logs for the disputed wells, data for the nearby wells show that a drawdown of 50 feet for 500 to 1,000 gpm is not uncommon.

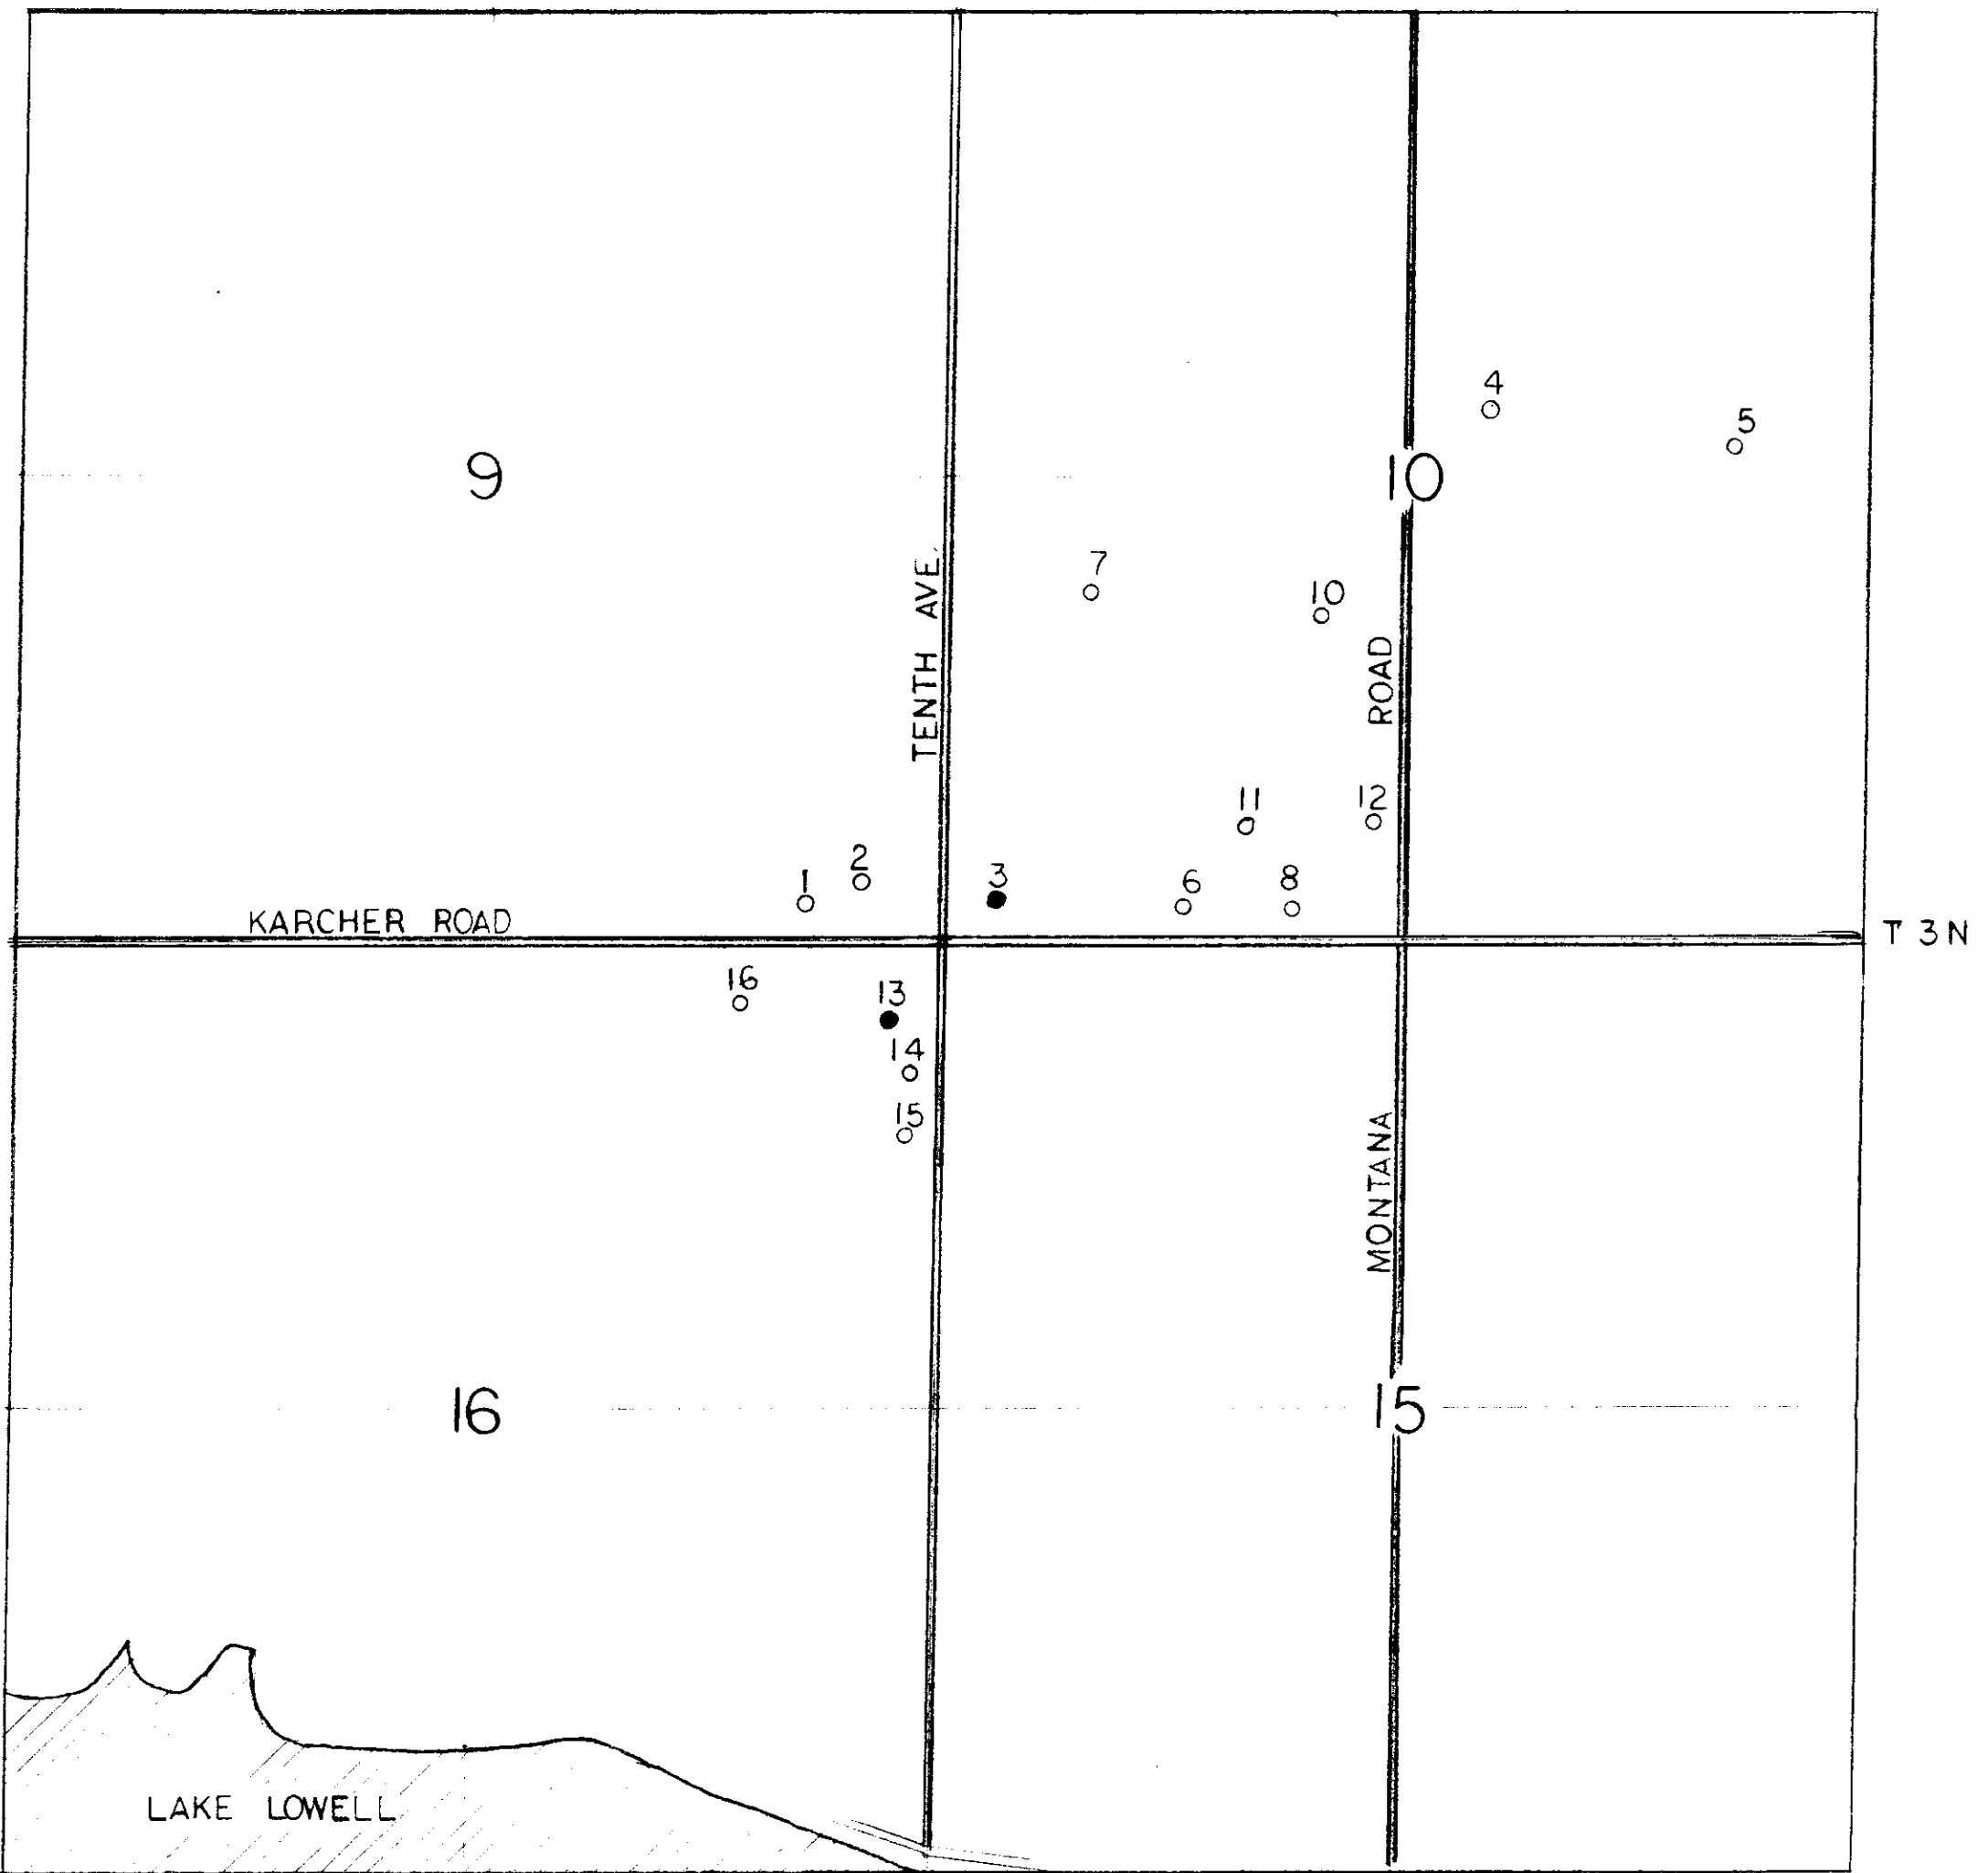

A USGS report "Feasibility of Ground-Water Features of the Alternate Plan for the Mountain Home Project" shows that ground-water flow is from Lake Lowell towards the north.

This information indicates that well interference is possible; however more data such as pump tests on the wells would be necessary for proof.

Donald W. McEldowney

63-7202

BEFORE THE STATE RECLAMATION ENGINEER
OF THE
STATE OF IDAHO

IN THE MATTER OF APPLICATION)
FOR PERMIT NO. 63-7202 in the name)
of GEM STATE ACADEMY)

NOTICE OF CONFERENCE
AND/OR HEARING FOR PROTEST

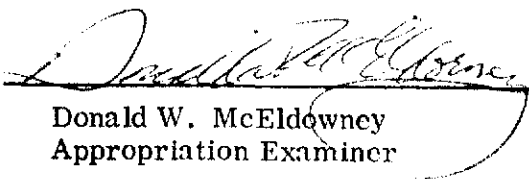

On March 2, 1969, Robert Munsey filed in behalf of Gem State Academy an application to appropriate the public waters of the State of Idaho. Mr. Munsey holds a power of attorney on Application for Permit No. 63-7202. On April 7, 1969, the Department of Reclamation received a protest filed by Wm. J. Brauner in behalf of William Lynn Van Landingham and Ruby Van Landingham, Route 4, Caldwell, Idaho.

A conference was held on this matter on August 28, 1969, and it was decided that the parties could reach a stipulated agreement and enter it with the Department of Reclamation by September 15, 1969. This agreement was never received so the Department of Reclamation has set the matter of protest for conference and/or a hearing on February 3, 1970, at 2:00 p.m. in the City Hall at Caldwell, Idaho. Any hearing will be held in accordance with the Rules and Regulations of the Idaho Code and adopted Rules of Practice and Procedure of the Department of Reclamation. Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved.

Any party may request in writing five (5) days before any hearing that the oral proceedings thereof be taken in the form of stenographic notes. Any party may have such stenographic notes of the oral proceedings, or part thereof, transcribed at his own expense. A taped record of the proceedings will be maintained for the appeal period.

Failure to appear at the time and place set for hearing by the applicant or protestant may allow the Department of Reclamation without prejudice to dismiss the protest or the application. Any and all cost incurred by reason of such nonappearance may be assessed against such nonappearing parties.

Dated this 19 day of January, 19 70.

Donald W. McEldowney
Appropriation Examiner

Dear Mr. Whitney:

This letter is to confirm my understanding that you have not been able to reach an agreement regarding the above numbered application for permit. I feel that this matter should be settled as soon as possible. In order to accomplish such, I propose setting the matter for formal hearing during the month of January. In the event that between now and the time that you receive notice of formal hearing you have reached a decision, I would appreciate being advised immediately and we will set the hearing aside. If these plans are not acceptable to you, please contact me.

Very truly yours,

C. Stephen Allred, Deputy
State Reclamation Engineer

Dear Sir:

Regarding your letter of September 18, 1969, I write to advise that I did on September 19, 1969, remit a letter to Mr. Brauner inquiring as to what his intentions were regarding said Stipulation. It was understood, at least insofar as I recollect, that he would draft and prepare the Stipulations, subject to my approval, to be submitted to the Department of Reclamation forthwith. To date I have heard nothing from him.

This letter will bring you up to date, at least insofar as we are concerned. If you should have questions please do not hesitate to call or write.

Very truly yours,

ALEXANDERSON, DAVIS & RAINEY

Dear Mr. Whitney:

During the conference on August 28, 1969, you and Mr. Brauner indicated that you would submit a signed stipulated agreement, regarding the above permit, by September 15, 1969. As of this date, I have not received that agreement. I would appreciate being informed as to the progress being made.

In the event that an agreement cannot be reached, I will again set the matter for hearing. I would like to settle this matter, as soon as possible.

Thank you for your co-operation.

Very truly yours,

C. Stephen Allred, Acting Deputy
State Reclamation Engineer

MEMO

Re: Permit Application No. 63-7202

A conference was held in the Canyon county courthouse on August 28, 1969, to discuss application for permit 63-7202. The applicant Gem State Academy was represented by David L. Whitney, Attorney at Law with the firm of Alexanderson, Davis & Rainey, Caldwell. The protestants were represented by William J. Brauner, Attorney at Law, with the firm of Brauner, Fuller & Doolittle, Caldwell.

The application was discussed, and the applicant and protestant were advised that any permit issued would be subject to the protestants' prior right. They were advised, however, that, in the event there was interference between the two wells, the protestants might be required to initiate action to protect their right.

The parties decided that the issues were not such that they wish to pursue them at a hearing and agreed to reach a stipulated agreement and enter it with the Department of Reclamation by September 15, 1969.

BEFORE THE STATE RECLAMATION ENGINEER
OF THE
STATE OF IDAHO

IN THE MATTER OF APPLICATION FOR)
PERMIT NO. 63-7202 in the name of)
GEM STATE ACADEMY)

NOTICE OF CONFERENCE
AND/OR HEARING FOR PROTEST

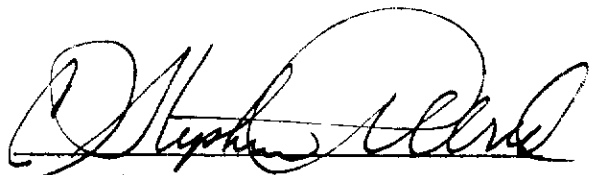

On March 2, 1969, Robert Munsey filed in behalf of Gem State Academy an application to appropriate the public waters of the State of Idaho. Mr. Munsey holds a power of attorney on Application for Permit No. 63-7202. On April 7, 1969, the Department of Reclamation received a protest filed by Wm. J. Brauner attorney for William Lynn Van Landingham and Ruby Van Landingham, Route 4, Caldwell, Idaho.

The Department of Reclamation has set the matter of protest for conference and/or a hearing on August 28, 1969, at 10:00 a.m. in the Canyon County Court House Annex, Caldwell, Idaho. Any hearing will be held in accordance with the Rules and Regulations of the Idaho Code and Adopted Rules of Practice and Procedure of the Department of Reclamation. Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved.

Any party may request in writing five (5) days before any hearing that the oral proceedings thereof be taken in the form of stenographic notes. Any party may have such stenographic notes of the oral proceedings, or part thereof, transcribed at his own expense. A taped record of the proceedings will be maintained for the appeal period.

Failure to appear at the time and place set for hearing by the applicant or protestants may allow the Department of Reclamation without prejudice to dismiss the protests or the application. Any and all cost incurred by reason of such non-appearance may be assessed against such non-appearing parties.

Dated this 11th day of August, 1969.

C. STEPHEN ALLRED
Assistant State Reclamation Engineer

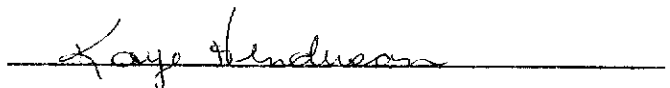

Mailed this 12th day of August, 1969, to _____
Gem State Academy, Route 4, Caldwell, Idaho, Attn: Robert Munsey, certified no. 21218;

William Lynn Van Landingham and Ruby Van Landingham
Route 4
Caldwell, Idaho

Dear Mr. and Mrs. Van Landingham:

We are in receipt of your protest filed April 5, 1969, for the above referenced permit application.

As you are probably aware, the points that the Department can consider in either approving or denying an application for permit as set forth in Section 42-203 of the Idaho Code are:

1. Whether or not there is water which is subject to appropriation.
2. Whether the proposed use will reduce the quantity of water available for existing water rights.
3. Whether or not the water supply is sufficient for the purpose intended.
4. Whether or not the application is made in good faith or for delay or speculative purposes.
5. Whether or not the applicant possesses sufficient financial resources to complete the project.

The hearing examiner can consider evidence and information only on these five points; and, in order to deny the applicant of his rights, it must be substantially proven by the protestant that one of these five points is appurtenant to this case.

In reviewing the protest, we feel that there is a deficiency as to substantiating any of these five points. If you wish, however, to proceed with the protest, please advise the Department by return mail and we shall issue a copy of the protest directly to the applicant.

Your assistance in this matter is appreciated.

Very truly yours,

Donald W. McEldowney
Appropriation Examiner

4 Re: Application # 63-7202
5 Gem State Academy

6 Dear Sir:

7 We, Wm. Lynn Van Landingham and Ruby Van Landingham, husband and
8 wife, of Route #4, Caldwell, Idaho, by and through our attorneys
9 Brauner, Fuller & Doolittle, P. O. Box 130, Caldwell, Idaho, 83605,
10 hereby formally protest the above referred to application for
11 a permit to drill a well. It is our understanding that the pro-
12 posed well would be used for domestic purposes and the irrigation
13 of many acres of land.

14 We presently own or are purchasing the real property described
15 in Exhibit "A" attached hereto and made a part hereof by reference
16 With the existing wells located on our real property which is
17 situated quite close to the proposed well site, we now supply
18 domestic water for 8 apartments of our own, 5 apartments belong-
19 ing to Idaho Savings & Loan Ass'n and a home, as well as furnish
20 irrigation water for our land. In the area in question, which is
21 quite arid, there is some question as to the underground water
22 supply available. It is our contention that allowance of said
23 application may reduce the underground water supply in this area.

24 Our appropriation of the available water to beneficial use pre-
25 cedes that of the proposed uses of applicant and we insist on our
26 right to an adequate and undiminished supply of domestic and irri-
27 gation water from our existing wells.

28 Respectfully submitted,
29 Wm. Lynn and Ruby Van Landingham
