TO: FILES 63-03173, 63-07140 & A63-18509

FROM: PAM SKAGGS/STATE OFFICE

SUBJECT: TRANSFER NO. 4343

DATE: June 16, 1994

=====

Transfer No. 4343 was filed to add a point of diversion to Right Nos. 63-03173, 63-07140 and SRBA Claim No. A63-18509.

Previous Transfer No. 4230 was filed to change the point of diversion under Right Nos. 63-03173 and 63-07140 by drilling a new well because of problems with the old well. The intent of this transfer is to restore the old well as a point of diversion on those rights and add the new well to SRBA Claim No. A63-18509.

Right No. 63-03173 was developed and later the system was expanded under Right No. 63-07140 using the same well. Point of diversion overlap conditions limited the combined use of these rights to 3.28 cfs for a combined total of 202 irrigated acres. These limits are recommended along with a total annual diversion volume of 909.0 af.

The SRBA Claim reflects another unverified expansion of the rights that occurred in 1976. Use of the claim with combined licensed rights will be evaluated by the adjudication.

Other recommended conditions include irrigation overlap, multiple points of diversion/measuring device, non-confirmation of the SRBA claim and standard transfer conditions.

Emmett,

Dear Mr. Little:

One of the conditions of approval of your water Permit No. 63-7140 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
