Garden City, Idaho

Gentlemen:

It has been brought to our attention that on or about
June 27, 1968, you had a well drilled.
The well is reported to be located at a point in the
NONE, Sec. 5, T. 3N, R.
2E, B.M. for yard irrigation use.

A search of our records has failed to find your application or approved permit. Under existing Idaho Statutes, Sections 42-226, 42-229, and 42-230 of the Idaho Code, you are required to file and obtain an approved permit before you divert waters from a subterranean source, with the exception of domestic wells which are defined under Section 42-111 of the Idaho Code.

If we have overlooked your permit, please advise the Department as to your permit number. However, if you have not yet filled out an application for permit, please use the instructions and the blank application form which we have enclosed.

We will be very happy to assist you with any questions you may have.

Very truly yours,

Donald W. McEldowney
Appropriation Examiner
