NOTICE OF APPLICATION
FOR WATER

Notice is hereby given that William B. Joy, Box 1675, Boise Idaho, has on June 10, 1968, applied for permit to divert .2 cubic feet per second of water from Johnson Creek, tributary of Grimes Creek, under application No. 63 - 7070. Water will be diverted by ditch within the SE 1/4 NE 1/4, Sec. 20, T. 5N., R. 4E, B.N. Boise County and is to be used from April 10 to October 15 for irrigation in the SE 1/4 NE 1/4, Sec. 20, T. 5N., R. 4E, B.M.

Any protest against this application must be filed with the Department of Reclamation within ten days from the last date of publication of this notice

LICENSE OF WATER RIGHT

License of Water Right No. 63-7070 Priority June 10, 1968 Amount 0.20 cfs

THIS IS TO CERTIFY, that WILLIAM B. JOY
of Boise, Idaho, has complied with the terms and conditions of Permit
No. 63-7070 issued pursuant to Application for Permit dated June 10, 1968,
and has submitted proof to the Department of Water Administration on September 1, 1971,
that he has applied water to a beneficial use; an examination by the Department indicates that the
works have a capacity of 0.20 cfs, and that the water has in fact been applied to a
beneficial use; a right to the use of water from Johnson Creek
tributary of Grimes Creek, is hereby confirmed in the following amounts:
Amount 0.20 cfs for Irrigation from April 10 to Oct. 15 (both dates inclusive)
Amount _____ for _____ from _____ to _____ (both dates inclusive)
Amount _____ for _____ from _____ to _____ (both dates inclusive)
Subject, however, to the condition that no more than 0.20 cfs of water be diverted at
any one time, said waters to be diverted within the _____

SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 20, Twp. 5 N, Rge. 4 E, B.M.

in the county of Boise; and that the amount of water so diverted and to which such
right is entitled and confirmed is for the purposes aforesaid and is limited to the amount which can
actually be beneficially used and shall not exceed 45 acre feet per year or _____
4.5 acre feet per acre.

Description and location of place of use:

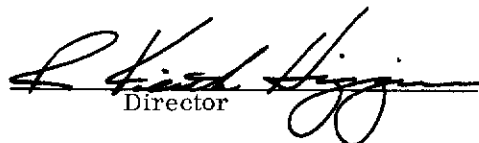

TWP.	RANGE	SEC.	NE $\frac{1}{4}$				NW $\frac{1}{4}$				SW $\frac{1}{4}$				SE $\frac{1}{4}$				TOTALS
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	
5 N	4 E	20				10													10

Total number of acres irrigated 10

A measuring device of a type approved by this Department shall be permanently
maintained as part of the diverting works.

The right to the use of the water hereby confirmed is restricted and appurtenant to the lands
or place of use herein described, as provided by the laws of Idaho.

Witness the seal and signature of the Director, affixed at Boise, Idaho, this 6TH day of
November, 19 73.

County of Boise)

Department of Reclamation
Permit No. 63-7070

Lawrence B. Jay OF Boise, Idaho
(name) (address)

State of IDAHO, being first duly sworn, upon his oath deposes and says:

That he is the holder, or the duly authorized agent of the holder*, of Permit to Appropriate the Public Waters of the State of Idaho No. 63-7070.

That under the terms and conditions of said permit, work thereunder was required to be completed by Sept 1, 1968.

That he has heretofore performed the following work described under said permit: Weir installed

Costing \$

That he is unable to complete the remainder of the work within the required time for the following reasons, to-wit: The land to be served by this water has not been surveyed by the sellers as promised; the western & northern boundary lines are unascertained. The holder has filed a suit for specific performance in the 4th District Court

WHEREFORE, he asks that the State Reclamation Engineer extend the time for the completion of obligations under said permit to Sept 1, 1971.

APPROVED

To Appropriate the Public Waters of the State of Idaho

1. Name of applicant William B. Joy
post office address Box 1675 Boise, Idaho
2. Source of water supply Johnson Creek which is a tributary of Grimes Creek
3. a. Location of point of diversion is SE $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 20 Township 5N
Range 4E B.M. Boise County; additional points of diversion if any: _____

b. If water is not consumed, it will be discharged into Johnson Creek at a point in SE $\frac{1}{4}$
of NE $\frac{1}{4}$ of Section 20 Township 5N Range 4E B.M.
4. Quantity to be appropriated:
a. .2 cubic feet per second and/or
b. _____ acre feet per annum will be stored.
5. Water will be used for the following purposes:
Irrigation purpose from April 10th to Oct. 15th (both dates inclusive)
_____ purpose from _____ to _____ (both dates inclusive)
_____ purpose from _____ to _____ (both dates inclusive)
6. Proposed diverting works:
a. Description of ditches, flumes, pumps, headgates, etc. Will use existin, ditch constructed
by Nathan M. Gardner, deceased, as per water license # 6113 whose date
of priority was 4/25/10. Ditch approx. 2' wide by 1 $\frac{1}{2}$ ' deep

b. Height of storage dam n.a feet; active reservoir capacity n.a acre feet; total reservoir
capacity n.a acre feet; materials used in storage dam: na.

c. Proposed well diameter is n.a. inches; proposed depth of well is _____ feet.
7. a. Time required for the completion of the works and application of the water to the proposed beneficial use
is 1 year
b. Estimated construction cost is \$ 100 for cleaning and repairing existing ditch
8. Description of proposed uses:
a. If water is **not** for irrigation:
(1) Give the place of use of water: _____ $\frac{1}{4}$ of _____ $\frac{1}{4}$ of Section _____ Township _____
Range _____ B.M.
(2) Amount of power to be generated: _____ hp under _____ feet of head.
(3) List number of each kind of livestock to be watered _____

(4) Name of municipality to be served _____, or number of families to be
supplied with domestic water _____.
(5) If water is to be used for other purposes describe: _____

63-7070

b. If water is for irrigation, indicate acreage in each subdivision in the tabulation below:

Dear Mr. Joy:

A representative of this Department has made an examination of the works covered by your Permit No. 63-7070 and has found the following:

Quantity of water diverted: 0.20 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.20 cfs

The maximum quantity diverted shall not exceed 45 acre feet per year.

Beneficial use: Irrigation of 10 acres within the SE1/4NE1/4 Sec. 20, Twp. 5 N, Rge. 4 E, B.M.

Source: Johnson Creek

Point of diversion: SE1/4NE1/4 Sec. 20, Twp. 5 N, Rge. 4 E, B.M.

Priority date established: June 10, 1968

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth in this letter.

Sincerely,

BOBBY D. FLEENOR
Assistant Director

Total Q measured .2 cfs Method of measurement "V" Notch Weir

Total Q recommended .2 cfs Meter No. _____ Type _____ Condition _____

Total V recommended 45 Ac Ft/Ann

Recommended Amendments:

P.D. _____
Place of Use _____
Other None

MEASUREMENT CALCULATION:

$$Q = V \text{ notch wier (90 degree V)} = .2 \text{ cfs}$$

$$V = (4.5)(10) = 45 \text{ Acreage} = 10$$

I would estimate this system would flow twice the Q amount mentioned above during the earlier part of the season when

SYSTEM DESCRIPTION: the stream flow would be higher

4" Steel Pipe leads from Johnson Creek to an earth ditch which runs along the high side of the irrigated land. V notch weirs installed about 15' downstream from the mouth of the pipe.

REMARKS:

There are no photos available for this area however I would estimate that there is more than 10 acres in this parcel of land. The amount of water going over this weir may change considerably depending on the level of flow in Johnson Creek

Dear Mr. Joy:

We acknowledge receipt of your affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative from this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

Very truly yours,

Donald W. McEldowney
Appropriation Supervisor

Re: Permit No. 63-7070

William B. Joy
Box 1675
Boise, Idaho

Dear Mr. Joy:

One of the conditions of approval of your water Permit No. 63-7070 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before September 1, 1971. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. Joy:

In answer to your letter of August 31, 1969, we are enclosing a Relinquishment form for your use in relinquishing application for permit no. 63-7102. Please complete this form and return it to this office in order that we might clear our records.

In connection with permit no. 63-7070, we are enclosing an application for extension of time. Please complete this form and submit it to the Department on or before September 18, 1969. If the application for extension of time is not received by the aforementioned date, the permit will lapse and be of no further force or effect.

Your immediate attention to this matter is appreciated.

Very truly yours,

Donald W. McEldowney

Re: Application for Permit # 63-7102
and Permit # 63-7070

Department of Reclamation

Donald W. McEldowney
Appropriation Examiner
Dept. of Reclamation
Statehouse Annex 2
Boise, Idaho 83707

Dear Mr. McEldowney:

In your letter of the 14th you asked me my intentions pertaining to my application for Permit 63-7102. In March of this year I notified the Forest Service that because of the uncertain future of the area to be serviced by this permit, Clear Creek Subdivision, that I felt that it would be foolhardy to spend any more time or to invest money in the development of the water. Particularly in view of their requirement for completion within the calendar year. The 1,200 or more acres sold as subdivision in 1968 had not as of March and still hasn't to this date been surveyed and no attempt has been made on the part of the promoters to file the required plat with the county. The promoters of the land are the subject of two fraud suits; one writ of attachment has been issued by the District Court against them. In view of these circumstances I have no further interest in pursuing the development of water as applied for under the application for permit #63-7102.

As for my permit #63-7070 I have been unable to complete the development of the water as applied for because of the same lack of survey. I wish to divert the water from the highest point upstream and I was promised the survey by May 15, 1968. This parcel of ground is part of the Clear Creek Subdivision referred to above and I request an extension of my development time to such a time as the boundaries are established by a recorded survey.

Yours truly,

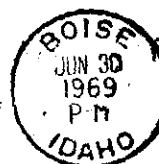

c/o Ida o Cit, Stage
Boise, Idaho

Re: Permit No. 63-7070

Mr. William B. Joy
Box 1675
Boise, Idaho

Dear Mr. Joy:

One of the conditions of the approval of your permit 63-7070 was that proof of application of the water to beneficial use be submitted to this office on or before September 1, 1969.

Enclosed is an affidavit form which must be used to submit this proof. You may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, ICA.

Either the proof or a request for extension must be received by this department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

State Reclamation Engineer

RKH:tg
Enclosure: Proof form

Form 5

63-7070

MAKING PROOF OF BENEFICIAL USE

HOW TO MAKE PROOF

In order for a permit holder to complete the permit and obtain a water license, he must submit proof of application of the water to beneficial use on or before the date set forth in his permit. Each permit holder will be notified that proof is due 60 days prior to the date set for such proof. In order for the proof to be valid, it must be received by the Department on or before that date. Proof is made upon a form which is available from the Department. It is very important that you complete this form as completely as possible, making sure that the information you give is accurate and complete. Failure to do so may cause additional expense and delay in receiving a license. The information that you give on the form will provide the department with the data necessary to make a field examination which is necessary before the license can be issued. If the information found on the proof form is found to be a misrepresentation of the right you have developed, the department may refuse to issue you a license. The development must correspond to that described by the Permit. If it does not, you should amend your permit to cover the development. Forms are available through the Department.

WHAT TO DO IN CASE YOU HAVE NOT COMPLETED THE APPLICATION OF WATER TO BENEFICIAL USE

If you have not been able to complete the application of water to beneficial use under your permit within the time allowed, due to reasons beyond your control, you may apply to the Department of Reclamation for an extension of time. However, in order for an application for extension of time to be considered it must be filed prior to the date on which proof of beneficial use is due on your permit. Each application for extension of time is considered on its own merits.

WHAT TO DO IF YOU FAIL TO MAKE PROOF OF BENEFICIAL USE ON TIME

If you have applied the water to beneficial use but were unable to submit proof of application of water to beneficial use on or before the date set for such proof and your permit has lapsed, you may petition the Department within 60 days from the date that a notice of lapse was sent to you, to reinstate your permit. In order for the department to reinstate a permit, you must show reasonable cause why such permit should be reinstated. Submission of Proof of Beneficial Use within 60 days will automatically be considered by the Department as cause for reinstatement. The priority of all reinstated permits will be advanced a time equal to the number of days that such showing is subsequent to the date set for proof. After 60 days there is no way in which the department can reinstate the permit.

ISSUANCE OF LICENSE

After the Department of Reclamation has completed an examination of your proof and if it appears that you have complied with the terms of the permit, the Department will issue a water license. That license becomes prima facie evidence of a water right. The license will include the maximum rate of diversion, the total volume of water which may be diverted, the period of the year during which you can use the water, the beneficial use to which you can apply the water, and the priority which you have established and any other limiting factors in the water right.

55-2673

INSTRUCTIONS FOR FILING PROOF OF APPLICATION OF WATER TO BENEFICIAL USE

1. Give the name and post office address of the permit holder. If the person making proof is other than that person who originally applied for the permit, that person must either be an elected officer of the company, a general partner of a partnership, must have been assigned the permit from the original owner, or must hold a valid power of attorney from the permit holder on file with the Department of Reclamation.
2. Give the number of the permit upon which you are making proof.
3. Give the date of priority which you wish to establish. That priority normally is the date upon which the Department received the application. This can be found on the top line on the back page of the permit.
4. Describe the source from which you have appropriated the water by giving the name and the location of the point of diversion as described by 40 acre subdivisions of the Federal Land Survey.
 - 5a. Describe the amount of water in cubic feet per second or acre feet and the use to which you have applied the water, and the period during the season which you have been using the water.
 - 5b. Give the total amount of water you have appropriated. *This will not necessarily be the amount shown on the permit but should be determined accurately by measurement.*
 - 5c. Describe how and by whom the measurement of the amount of water appropriated was made and give the name of the person making the measurement. This person should be someone who has a recognized ability and the necessary training to make such a measurement.
6. If you convey water through facilities owned by persons other than yourself, complete 6a and 6b.
 - 7a. Describe the means by which you divert the water.
 - 7b. Describe the type of measuring device which you have installed and if the device is not a standard device, attach to the proof form a rating table which will allow this department to determine the quantity of water going through the device or being stored in the reservoir.
 - 7c. Give the well driller's name and address and the date that the well was completed.
8. Describe any uses you may have other than irrigation.
9. Describe the acreage which you have irrigated by listing the number of acres irrigated in each 40-acre tract.
10. Remarks.

Sign and date the form and have your signature acknowledged by a Notary Public. ~~For permits involving irrigation of one (1) acre or more, and if they are available, obtain a copy of an aerial photograph of the property in question from your local Agricultural Stabilization and Conservation Office. That map should clearly show the lands you irrigate and the section corner near the lands being irrigated. Mail the form and the above information to the Department of Reclamation, Statehouse - Annex 2, Boise, Idaho 83707.~~

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you can not publish the notice on the proposed dates please contact us immediately.

An affidavit of publication must be submitted to the Department of Reclamation, along with the publication bill. In order to receive payment, the following certification must appear on the bill:

I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of same has been paid.
