CLAIM TO A WATER RIGHT

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.

Notice is hereby given that The Independent School District of Boise City (Collister School)
(Name of Claimant)

1207 Fort Street Boise Idaho 83702 Telephone No. 336-1370
(Mailing Address) (Zip Code)

claims a right to the diversion and beneficial use of the surface or ground water. The extent and nature of said claim is as follows:

(1) Date of priority: (When was the water first applied to a beneficial use) 1959

A claim is not acceptable on a ground water source with a priority later than March 25, 1963 or on a surface water source with a priority later than May 20, 1971. An exception is that a claim may be filed on single family domestic use from a ground water source.

(2) Describe the source of water: (Name of stream, lake, spring, etc., or ground water)

RE: Claim No. 63-5325

Dear Claimant:

The Department of Water Resources has completed the advertising of your claim to a water right, and no further action is authorized under Section 42-243 and 42-244, IDAHO CODE. Your claim will be retained in our files and will be available at any time for use by you or the court.

The filing and advertising of the claim does not confirm the water right claimed, but will serve to record and preserve the information and the evidence which you included in your claim.

If, at a later date, you find that you have additional information or supporting evidence that you would like to have included with the claim, you may have that information or evidence added at any time. Please refer to the claim identification number when corresponding with this office.

We are enclosing a copy of your claim for your records. If you have questions, or if this office may be of further assistance, please feel free to contact us.

Yours truly,

DAVID B. SHAW
Western Region Supervisor

Gentlemen,

Enclosed please find the corrected claim to water right forms as requested.

I will attempt to clarify some of the questions delineated in your letter of January 30, 1984. I will preface the clarifications by stating that records on some of the older schools are not complete and some assumptions must be made.

Collister School - This school has been in operation continuously since 1912 and I feel it is safe to say that some water right is indicated. As for the present pump, I do not have exact installation dates but understand it was in the late 1950's or early 1960's.

Taft School - This school was constructed in 1960 and the term "new addition" was evidently given to the property at that time and has no significant meaning.

Whittier School - The correct well location is the NE 1/4 of the SW 1/4 of Section 4.

Franklin School - The exact date of first use of this well is not readily available to us. The school has been in continuous operation since 1936 and the physical appearance of the well would indicate that it also is probably that old.

I hope that this is the information and correction required.

Very truly yours,

Frank S. Burgess, Supervisor

Gentlemen:

We are in the final processing of the claims submitted during the June, 1983, mandatory claims filing deadline and have some questions on four of the claims you submitted at that time.

The claim submitted for Collister School needs to have the exact date the water was first used to irrigate 4 acres. This is the most important portion of the claim as water is regulated (if necessary) according to your date of first use. If you used water prior to another well, then you would have a better water right. But the date of first use has to be claimed. The quantity needs to be listed in cubic feet per second (cfs) rather than acre feet. Normally acre feet amounts are used if a storage of water is taking place, i.e., pond or reservoir. For 4 acres at 1 1/2" of water per acre, the amount in cfs is 0.12 cfs or 54 gallons per minute. I added irrigation as the use. Domestic does not need to be listed since Boise Water Corp. has filed on all of their wells.

On the claim for Taft School you have listed the priority date of the new addition. If this is when the school was built and the water first used, then this date is correct. However, if the well was used to irrigate for the school but in 1960 another addition was built and the water used on additional acreages, then another claim needs to be filed listing the old priority date and number of acres irrigated before the addition. Enclosed is a claim form for this purpose. This also needs to be listed in cfs rather than acre feet. The recommended amount for 8 acres at 1" per acre is 0.16 cfs.

The claim for Whittier Elementary also needs a cfs amount. For 4 acres of irrigation at 1 1/2" per acre would be 0.12 cfs. The place of use listed under Item No. 6A shows the NE 1/4 NE 1/4 and
