Gentlemen:

On April 11, 1984, we sent a letter concerning the points of diversion listed on your claim to a water right submitted for Channey Creek water. Enclosed is a copy of that letter for your review.

Also enclosed is a copy of the topographic map for that area. As you can see Channey Creek appears to run thru the SW $\frac{1}{4}$, Sec. 26 with a tributary joining it in the SW $\frac{1}{4}$ also. Perhaps you also meant to include the tributary. Please mark on this map your exact places of use in order to legally complete your claim.

If we do not receive a reply from you, the claim will be filed with the error which would cause a problem in the future if your water right were questioned. Please do not hesitate to contact us if you have any questions.

Sincerely,

Gentlemen:

In the final review of your claim to a water right a question came up in regards to your diversion points.

Your attached list shows the E $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 26, Twp. 1S, Rge. 9E as including a point or points of diversion. In checking the map as drawn on the back of the claim it does not show the creek running through the E $\frac{1}{2}$ SW $\frac{1}{4}$ of Sec. 26. All other points shown on the list do correspond with the map.

Please check your records, review the enclosed copies of your claim, and contact us with the correct points of diversion.

If you have any questions concerning this matter do not hesitate to contact me.

Sincerely,

JAN GROVER
