SECTION 3155. The right to the use of running water flowing in a river, or stream, or down a cañon or ravine, may be acquired by appropriation.

SEC. 3156. The appropriation must be for some useful or beneficial purpose, and when the appropriator or his successor in interest ceases to use it for such a purpose, the right ceases.

SEC. 3157. The person entitled to the use may change the place of diversion, if others are not injured by such change, and may extend the ditch, flume, pipe or aqueduct by which the diversion is made, to places beyond that where the first use was made.

SEC. 3158. The water appropriated may be turned into the channel of another stream and mingled with its water, and then reclaimed; but in reclaiming it the water already appropriated by another must not be diminished.

SEC. 3159. As between appropriators, the one first in time is the first in right.

SEC. 3160. A person desiring to appropriate water must post a notice in writing in a conspicuous place at the point of intended diversion, stating therein:

1. That he claims the water there flowing to the extent of (giving the number) inches, measured under a four inch pressure, and accurately describing the point of diversion;
2. The purpose for which he claims it, and the place of intended use;
3. The means by which he intends to divert it, and the size of the flume, ditch, pipe or aqueduct in which he intends to divert it; a copy of the notice must, within ten days after it is posted, be recorded in the office of the Recorder of the county in which it is posted.

SEC. 3161. Within sixty days after the notice is posted, the claimant must commence the excavation or construction of the works in which he intends to divert the water, and must prosecute the work diligently and uninterruptedly to completion, unless temporarily interrupted by snow or rain.

SEC. 3162. By "completion" is meant conducting the waters to the place of intended use.
