SCALE: 2 inches equal 1 mile. Draw plan in ink.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION

NOTICE OF APPLICATION TO STORE AND APPROPRIATE WATER IN ACCORDANCE WITH THE
PROVISIONS OF HOUSE BILL 293, 1935 SESSION LAWS

Notice is hereby given that on the 25th day of June, 1938, the United States of America, acting through R. J. Newell, Construction Engineer, Bureau of Reclamation, Boise, Idaho, made Application No. R-25986 to store and appropriate 15,000 acre feet per annum of the waters of the Boise River for irrigation and domestic purposes.

That the point of outlet of the reservoir is at Arrowrock Dam, in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 13, T. 3 N., R. 4 E., B. M., Counties of Boise and Elmore.

That the point of diversion of the stored water is in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 3, T. 2 N., R. 3 E., B. M.

That the lands to be irrigated under said application are described as follows, to-wit:

N $\frac{1}{2}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 5; N $\frac{1}{2}$ NE $\frac{1}{4}$, E $\frac{1}{2}$ NW $\frac{1}{4}$, Sec. 6, T. 1 N., R. 1 E., B. M.

AFFIDAVIT OF PUBLICATION

State of Idaho }
County of Elmore } ss.

Rupert L. Cline, Publisher of the Glenns Ferry Gazette, being first duly sworn, on his oath deposes and says:

That he is and was during all of the times hereinafter mentioned, the publisher and printer of the GLENN'S FERRY GAZETTE, which was and during all of said times hereinafter mentioned, a newspaper of general circulation, published weekly and regularly at Glenns Ferry, in the County of Elmore, State of Idaho, and that the notice of which the annexed is a true and correct copy, has been published in said newspaper for a period of 3 weeks, commencing on the 5th day of

August, 1943, and ending on the 26th

day of August, 1943, both dates inclusive, and in each and every one of the consecutive issues of said newspaper during said time and that said notice so appeared in

4 consecutive issues of said newspaper.

That said notice was published in the newspaper proper and not in a supplement thereof;

That said Glenns Ferry Gazette has been continuously and uninterruptedly published and of general circulation at and in Glenns Ferry, County of Elmore, State of Idaho, during a period of more than seventy-consecutive weeks prior to the first publication of said notice.

Rupert L. Cline

Subscribed and sworn to before me this

9th day of December, 1943.

E. F. Clements

NOTICE FOR PUBLICATION
I, the undersigned, do hereby certify that at 10
o'clock on the 10th day of December, 1943,
I, James Sofford, Commissioner of Reclamation,
State of Idaho, have caused to be published in
the Glenns Ferry Gazette, a newspaper of general
circulation, published weekly and regularly at
Glenns Ferry, Idaho, a notice of the completion
of works for the storage and diversion of 15,000
acre feet of the waters of Boise River in accordance
with the terms and conditions of a certain permit
heretofore issued by the Commissioner of Reclamation
of the State of Idaho.
1. The name of the person or corporation holding
said permit is United States of America acting
through R. J. Newell, Construction Engineer, Bureau
of Reclamation, Boise, Idaho.
2. The postoffice address of such person or principal
place of business of such corporation is P. O. Box
937, Boise, County of Ada, State of Idaho.
3. The number of such permit is R 652, and the date
set for the completion of such work is October 22,
1943.
4. Said water is to be used for irrigation and domestic
purposes.
5. Said works of diversion will be fully completed on
the date for such completion, and the amount of water
which said works are capable of storing and conducting
to the place of intended use, in accordance with the
plans accompanying the application for such permit, is
15,000 acre feet.
6. The amount of lands for which water is available is
197,593 acres, particularly described as follows:
Lands of the Boise federal reclamation project in Ada
and Canyon counties.
James Sofford
Commissioner of Reclamation
State Reclamation Engineer
(8-5 to 26)

Notice for Publication

Notice is hereby given that at 10 A.M., on the 10th day of September, 1943, at Boise, County of Ada, State of Idaho, before William L. Vernon proof will be submitted of the completion of works for the diversion of 15,000 ~~cubic feet~~ acre feet of the waters of Boise River in accordance with the terms and conditions of a certain permit heretofore issued by the Commissioner of Reclamation of the State of Idaho.

1. The name of the person or corporation holding said permit is United States of America acting through R. J. Nowell, Construction Engineer, Bureau of Reclamation, Boise, Idaho
2. The postoffice address of such person or principal place of business of such corporation is P.O. Box 937, Boise, County of Ada, State of Idaho.
3. The number of such permit is R 662, and the date set for the completion of such work is October 22, 1943
4. Said water is to be used for irrigation and domestic purposes.
5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of storing and conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 15,000 ~~cubic feet~~ acre feet.
6. The amount of lands for which said water is available is 197,593 acres, particularly described as follows: Lands of the Boise Federal reclamation project in Ada and Canyon counties.

James Spofford

Publisher of the

Glenns Ferry Gazette

Glenns Ferry, Idaho.

Letter of authority to advertise:

Date **June 10,** 19**43**

No. _____

SIR:

You are hereby authorized to publish the inclosed advertisement relating to **Proof of completion of additional storage, Arrowrock Reservoir** to be set solid, without paragraphing, and without any display in the heading unless otherwise expressly authorized in the specifications attached to the advertisement or in "Remarks" below (see instructions on reverse hereof), in the **weekly** edition of your paper, **4** times, prior to **September 10, 1943; dates preferred August 5-12-19-26**

provided your charges for the same do not exceed the sworn rates on file or to be filed in this department or establishment and such rates are not in excess of the commercial rates charged to private individuals, with the usual discounts.

Your bill for this service should be rendered upon the inclosed voucher form immediately after the last insertion of the advertisement. The voucher, together with this advertising order and a marked copy of each issue of the paper containing the advertisement, should be addressed to **U. S. Bureau of Reclamation, Box 952, Boise, Idaho.**

The order must be certified by the publisher or publishers, or other person authorized to sign for him or them.

Remarks:

RECEIVED
SUPERINTENDING ARCHITECT
WASHINGTON, D. C.
MAY 18 1943
10-1245

The particular column or page of the paper in which advertisements appear is left entirely to the option of the publisher. In no case must an advertisement extend beyond the morning of the date herein named for the opening of the bids, and of material, public hearings, etc., or the date herein named for publication.

REMITTANCE ON VOUCHERS

Every account for official advertising must be rendered upon the standard form of voucher and be accompanied by the Advertising Order, copy of general letter of authority to advertise, and a copy of each issue of the publication in which the advertisement appeared. If copy of general letter of authority to advertise has been previously furnished, reference may be made on the voucher to the month in which filed, in lieu of attaching another copy to the voucher. This form of Advertising Order may, in cases where only the publication of an advertisement in one paper is involved, be used as a combined written authority of the head of the department or establishment to advertise and an order on the publisher to publish the advertisement therein described; but in cases where more than one advertisement is involved, it will be used as an order on the publisher based on a previous general letter of authority to advertise. If copies of the publication are not available, it will be satisfactory to furnish in lieu of the publication a statement of the publisher, certified with durable ink, No duplicate or fugitive ink, pencils, or

Respectfully,

Agnewell

Letter of authority to advertise:
Date June 10, 19 43
No. _____

Sir:

You are hereby authorized to publish the inclosed advertisement relating to Proof of completion of additional storage, Arrowrock Reservoir

to be set solid, without paragraphing, and without any display in the heading unless otherwise expressly authorized in the specifications attached to the advertisement or in "Remarks" below (see instructions on reverse hereof), in the Weekly edition of your paper, 4 times, prior to September 10, 1943; dates preferred, August 5-12-19-26

(Give dates on which publication is desired, if preferred)

provided your charges for the same do not exceed the sworn rates on file or to be filed in this department or establishment and such rates are not in excess of the commercial rates charged to private individuals, with the usual discounts.

Your bill for this service should be rendered upon the inclosed voucher form immediately after the last insertion of the advertisement. The voucher, together with this advertising order and a marked copy of each issue of the paper containing the advertisement, should be addressed to U. S. Bureau of Reclamation, Box 937, Boise, Idaho.

The voucher must be certified by the publisher or publishers, or other person authorized to sign for him or them.

Remarks:

TREASURY DEPARTMENT, Office of the
Supervising Architect, Washington, D. C., May 16,
1943. - Enclosed responses will be received at this office
until 3 o'clock p. m. on the 20th day of June, 1943.
and then in accordance with the specifications
system in the United States Post Office at Indian
Spokane, Ind., in accordance with the specifications
copies of which may be had at this office or at the
office of the architect at the direction of the Supervising
Architect, C. Wendover, Supervising Architect.

The particular column or page of the paper in which advertisements appear is left entirely to the option of the publisher. In no case must an advertisement extend beyond the morning of the date herein named for the opening of the bids, sale of material, public hearings, etc., or the dates herein named for publication.

REMARKS ON VOUCHERS

Every account for official advertising must be rendered upon the standard form of voucher and be accompanied by the Advertising Order, copy of general letter of authority to advertise, and a copy of each issue of the publication in which the advertisement appeared. If copy of general letter of authority to advertise has been previously furnished, reference may be made on the voucher to the month in which filed, in lieu of attaching another copy to the voucher. This form of Advertising Order may, in cases where only the publication of an advertisement in one paper is involved, be used as a combined written authority of the head of the department or establishment to advertise and an order on the publisher to publish the advertisement therein described; but in cases where more than one advertisement is involved, it will be used as an order on the publisher based on a previous general letter of authority to advertise. If copies of the publication are not available, it will be satisfactory to furnish in lieu of the original a certified copy with duplicate ink. No defile or fugitive ink, pencils, or stamps permitted to be used in preparing this form.

Respectfully,

date of this notice; such protest
shall state the name and address of
the protestant and shall clearly set
forth his objections to the approval
of the said application.

DATED This 25th day of August,
1938.

R. W. Faris,
Commissioner of Reclamation.

Date of First publication: Sept.
2, 1938.

Date of last publication: Sept. 16,
1938.

Last date for protest: October 4,
1938.

SERVICE of the foregoing, by
copy, is hereby admitted this 30th
day of August, 1938.

R. J. Newell,
Applicant.

STATE OF IDAHO DEPARTMENT
OF RECLAMATION

NOTICE OF APPLICATION TO
STORE AND APPROPRIATE
WATER IN ACCORDANCE WITH
THE PROVISIONS OF HOUSE
BILL 293, 1935 SESSION LAWS

Notice is hereby given that on the
25th day of June, 1938, the United
States of America, acting through
R. J. Newell, Construction Engineer,
Bureau of Reclamation, Boise, Ida-
ho, made Application No. R-25986
to store and appropriate 15,000 acre
feet per annum of the waters of the
Boise River for irrigation and do-
mestic purposes.

That the point of outlet of the
reservoir is at Arrowrock Dam, in
the NW 1/4 SE 1/4 of Section 13, T. 3
N., R. 4 E., B. M., Counties of
Boise and Elmore.

That the point of diversion of the
stored water is in the NW 1/4 SW 1/4
of Section 3, T. 2 N., R. 3 E., B. M.

That the lands to be irrigated un-
der said application are described as
follows, to-wit:

N 1/2 NE 1/4, SE 1/4 NE 1/4, Sec. 5; N

Transfer #3884

STATE OF IDAHO

Transfer No. 3884

DEPARTMENT OF WATER RESOURCES

APPLICATION FOR TRANSFER OF WATER RIGHT

PART 1

Department of Water Resources, United States of America, Acting through the Regional Director
 Name of applicant Pacific Northwest Region, Bureau of Reclamation Phone (208) 334-1165

Post Office address Box 043 - 550 West Fort Street, Boise ID 83724

A. PURPOSE OF TRANSFER

1. ☐ Change point of diversion ☐ Add diversion point(s) ☐ Change place of use
☐ Change nature of use ☐ Change period of use ☒ Other Add place and nature of use

2. Describe the reason for the proposed changes To add anadromous fish enhancement to the listed uses for the identified Reclamation storage reservoirs. The change to be for a three-year term, w/option to renew for an additional three-year term. Final expiration on or before 12-31-97. The change is to authorize release of up to 427,000 acre-feet of water per year from Reclamation storage to accommodate the salmon saving study efforts of the Columbia River Fish and Wildlife Program.

B. DESCRIPTION OF RIGHT(S) OR PORTION THEREOF, AFTER THE REQUESTED CHANGE

1. Right Number	Priority	Amount (cfs/ac-ft)	Nature of Use	Period of Use
Arrowrock (63-3613)	6-25-1938	15,000	A L L EXISTING USES OF RECORD P L U S FISH ENHANCEMENT	1-1 to 12-31
(63-5262)	1-13-1911	288,600		1-1 to 12-31
(63-5261)	12-14-1940	30,000		1-1 to 12-31
Anderson (63-3614)	12-09-1940	493,161		1-1 to 12-31
(63-3618)	1-01-1955	307,000		1-1 to 12-31
L. Peak (63-5263)		17,000		1-1 to 12-31

2. Total amount of water being transferred 50,000 cubic feet per second and/or 50,000 acre-feet per annum.

3. Source of water Boise River tributary to Snake River

4. Point(s) of Diversion:

Lot	1/4	1/4	1/4	Sec.	Twp.	Rge.	County	Local name for diversion
		NW	SE	13	3N	4E	Boise	Arrowrock Dam
		NW	SE	4	1S	8E	Elmore	Anderson Ranch Dam
		SE	NE	11	2N	3E	Ada	Lucky Peak Dam

5. Lands irrigated or place of use:

Twp.	Rge.	Sec.	NE 1/4				NW 1/4				SW 1/4				SE 1/4				Totals
			NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	

IRRIGATION - NO CHANGE

POWER - NO CHANGE

ANADROMOUS FISH ENHANCEMENT - LOWER SNAKE RIVER WITHIN AND OUT OF STATE FROM HELLS CANYON DAM TO CONFLUENCE OF SNAKE AND COLUMBIA RIVERS

APPROVED
 4 1992

PART 1**6. General Information:**a. Description of diversion system Reclamation and Corps of Engineers Damsb. Are the lands from which you propose to transfer the water right subject to any liens, deeds of trust, mortgages, or contracts? N/A Yes _____ No. If yes, provide a notarized statement from the holder of the lien, deed of trust, mortgage or contract agreeing to the proposed changes.

c. Describe the affect on the land now irrigated if the place of use is changed pursuant to this transfer:

No impacts foreseen. Storage waters excess to annual agricultural or other needs will be acquired through the existing water banks or otherwise for release for anadromous fish enhancement.

d. Remarks:

Up to a total of 427,000 acre-feet of water will be acquired from the Boise, Payette, and Snake River storage reservoirs each year as required by the Phase II Amendments to the Columbia River Fish and Wildlife Program adopted by the Northwest Power Planning Council. A maximum of 250,000 acre-feet may come from the Payette River Reservoirs. Annual diversions will not exceed 50,000 acre-feet from the Boise River Reservoirs. Up to 427,000 acre-feet may be acquired from the Snake River Reservoirs.

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Transfer of Water Rights No. _____

And said application is hereby _____, subject to the following limitations and conditions:

Witness my hand this _____ day of _____, 19 _____

PART 2

(Attach one copy for each right)

A. DESCRIPTION OF RIGHT AS RECORDED

1. Right evidenced by:

- a. Decree No. _____ Decreed to _____
in case of _____ vs. _____
dated _____ in _____ county of _____
- b. License No. R-652 issued by the Idaho Department of Water Resources.
- c. Claim No. A63-03613 on file with the Idaho Department of Water Resources.
- d. Transfer No. _____ which produced this right.

2. Attach a copy of last year's tax notice for the property to which the water right is appurtenant or other documents which show ownership. Label document as attachment A. Check appropriate box below:

☐ Tax Notice ☐ Warranty Deed ☒ Other N/A

3. Source of water Boise River tributary to Snake River

4. Date or priority 6-25-1938

5. Water is used for the following purpose:

amount 15,000 for Irrig. (sto) purposes from 1-1 to 12-31
(cfs/ac-ft)
amount _____ for _____ purposes from _____ to _____
(cfs/ac-ft)
amount _____ for _____ purposes from _____ to _____
(cfs/ac-ft)

6. Total amount of water under right _____ cubic feet per second and/or 15,000 acre-feet per annum.

7. Point(s) of Diversion:

Lot	1/4	1/4	1/4	Sec.	Twp.	Rge.	County	Local name for diversion
		NW	SE	13	3N	4E	Boise	Arrowrock Dam

A. DESCRIPTION OF RIGHT AS RECORDED

1. Right evidenced by:

- a. Decree No. _____ Decreed to _____
 in case of _____ vs. _____
 dated _____ in _____ county of _____
- b. ~~License No.~~ Permit No. 63-3618 issued by the Idaho Department of Water Resources.
- c. Claim No. A63-03618 on file with the Idaho Department of Water Resources.
- d. Transfer No. _____ which produced this right.

2. Attach a copy of last year's tax notice for the property to which the water right is appurtenant or other documents which show ownership. Label document as attachment A. Check appropriate box below:

☐ Tax Notice☐ Warranty Deed☒ Other N/A

3. Source of water _____ tributary to _____

4. Date or priority 1-1-1955

5. Water is used for the following purpose:

amount 140,750 for Irrig.(sto) purposes from 1-1 to 12-31
 (cfs/ac-ft) 152,300 for Instream Flow purposes from 1-1 to 12-31
 (cfs/ac-ft) 13,950 for Flood Cont. purposes from 1-1 to 12-31
 amount _____ for _____ purposes from _____ to _____
 (cfs/ac-ft) _____

6. Total amount of water under right _____ cubic feet per second and/or 307,000 acre-feet per annum.

7. Point(s) of Diversion:

Lot	1/4	1/4	1/4	Sec.	Twp.	Rge.	County	Local name for diversion
		SE	NE	11	2N	3E	Ada	Lucky Peak Dam

8. Lands irrigated or place of use:

IRRIGATION - LANDS WITHIN THE BOISE RECLAMATION PROJECT INSTREAM FLOWS - BOISE RIVER FROM LUCKY PEAK DAM TO CONFLUENCE OF BOISE RIVER & SNAKE RIVER FLOOD CONTROL - BOISE RIVER - LUCKY PEAK RES. TO CONFLUENCE OF BOISE RIVER & SNAKE RIVER																			

Total acres 224,8869. Describe any other water rights used for the same purpose as described above See Part 1, Item B.

PART 3**B. CHANGES IN NATURE OF USE**

1	New Nature of Use	Amount (cfs/ac-ft)	Hours/days/year	Period of Use
	Fish Enhancement	50,000 ac.ft.	365 days/yr.	1-1 to 12-31
				to

2. Quantity and quality of return flows and location of discharge:

N/A

3. Describe effects on other water uses resulting from the proposed change:

Power - Adverse impacts to Federal power production will vary from moderate to severe, depending on release schedules and amount of water in storage.

Irrigation - No adverse impacts. Contractors will be provided an opportunity to benefit by marketing of irrigation storage entitlements foregone.

I hereby assert that no one will be injured by such change and that the change does not constitute an enlargement in use of the original right. The information contained in this application is true to the best of my knowledge.

I understand that any willful misrepresentations made in this application may result in voiding its approval.

John W. Key, III

JUN 24 1992

State of Idaho
License and Certificate of Water Right

Water License No. R-652

Amount 15,000 acre feet

Water District No. _____

Priority June 25, 1938

THIS IS TO CERTIFY that U. S. A. BUREAU OF RECLAMATION
of Boise, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated June 25,, 1938; that Permit No. R-652
was issued under said application; that Certificate of Completion of works, with a ^{storage} ~~capacity~~ capacity of
15,000 acre ~~acres~~ feet, was issued thereunder on March 10, 1944, showing that said works
were completed on the 10th day of September, 1943; and that on the 22nd
day of October, 1953,

U. S. A. BUREAU OF RECLAMATION

of Boise, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to ^{the storage and} ~~use~~ the waters of Boise River
~~, satisfactory~~, for the purpose of irrigation and domestic use
, under Use Permit No. R-652 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
9 of Licenses at page 5474, on the 22nd day of March, 1955;

The right hereby confirmed dates from June 25, 1938;

^{outlet}
The Point of ~~diversion~~ is located

In the NE 1/4 SE 1/4, Sec. 13, Tp. 3 N., R. 4 E., B. M. Boise County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 15,000 acre ~~acres~~ feet per ~~annum~~ annum.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
			Lands of the Boise federal reclamation project in Ada and Canyon Counties.		

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
29th day of March, 1955.

(SEAL)

MARK R. KILP
State Reclamation Engineer.

IF PROTECTED

APPLICATION FOR PERMIT

To Construct a Reservoir and Store and Appropriate
The Public Waters of the State of Idaho

Application No. R 25986
Permit No. R 652

1. Name of Applicant: United States of America, acting through its agent, R. J. Newell, Construction Engineer,
Postoffice address: Bureau of Reclamation,
P. O. Box 937, Boise County Ada State Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of Capital Stock: \$

(c) Amount paid in: \$

(d) Names and addresses of directors:

The applicant is the United States Government, acting under the provisions of the Act of Congress of June 17, 1902 (32 Stat., 388), known as the Reclamation Act, and acts of Congress supplementary thereto and amendatory thereof, and also the Act of Congress of April 8, 1935 (49 Stat., 115) known as the Emergency Relief Appropriation Act of 1935.

II. The financial resources of the ~~corporation~~ applicant available for Reclamation purposes are receipts in the Reclamation Fund from sales of public land, mineral leases, etc., and other appropriations made by Congress.

(a) Cash on hand: \$

(b) Treasury Stock: \$

(c) Bonds to be issued: \$

(d) Other resources:

2. Quantity of water to be stored: fifteen thousand (15,000) acre feet per annum.
3. Source of water supply is Boise River ~~XXXXXXXXXXXX~~, a tributary of Snake River.
4. The outlet of the proposed reservoir is located at Arrowrock Dam feet, distant from the corner of Section , Township , Range , B. M. and is in the NW ¼ of SE ¼ of Section 13 , Township 3 N. , Range 4 E. , B. M. Counties of Boise & Elmore.
5. Fill out either (a) or (b).
- (a) The reservoir is located in the channel of Boise River (Creek) (River).
- (b) The reservoir is to be filled through a feeder canal, the point of diversion for which is located feet distant from the corner of Section , Township , Range , B. M., and is in the ¼ of ¼ of Section , Township , Range , B. M.; width at bottom feet, width at top feet, depth of water feet; average grade per mile feet; Capacity cubic feet per second.
6. (a) The area of the high water line of the reservoir is acres.
- (b) The reservoir capacity is fifteen thousand (15,000) acre feet.
additional capacity added by enlargement of Arrowrock Reservoir
7. Height of reservoir dam feet, length at top feet, length at bottom feet, size of outlet feet
by feet. The dam is to be constructed of materials as follows:

(If height will exceed 10 feet, plans must be approved by Department of Reclamation, before beginning construction.)

8. (a) Will water stored in reservoir be diverted to canal or aqueduct, thence to land to be irrigated without commingling with natural flow of Boise River ~~XXXXXXXXXXXX~~ ? No.
- (b) Water stored in reservoir will be carried in the channel of Boise River ~~XXXXXXXXXXXX~~ a distance of about 16 miles to point of diversion located feet, distant from the corner of Section (bearing) , Township , Range , B. M., and in the ¼ of ¼ of Section , Township , Range B. M.
9. Amount of water claimed from (Creek) (River) (Spring) in addition to that stored in reservoir cubic feet per second.
10. Water is to be used for irrigation and domestic purposes.
11. If for mining, milling, power or manufacturing purposes give:
- (a) Point of use of water feet, distant from Corner of Section , Township , Range (bearing) B. M. and is in the ¼ of ¼ of Section , Township , Range , B. M.
- (b) Amount of power generated: H. P., under feet head.
- (c) Water is to be returned to (Creek) (River) (Spring) at a point feet distant from the corner of Section , Township , Range , B. M., in the ¼ of ¼ of Section , Township , Range B. M.
12. Water stored in accordance with this Permit will be carried to place of use through a canal heretofore constructed under the terms of Permit No. , which is hereby referred to and made a part hereof.

PERMIT NO. R-652

CERTIFICATE OF COMPLETION OF RESERVOIR AND RIGHT TO STORE WATER

Amount 15,000 Acre Feet

Priority June 25, 1938

This is to certify that United States of America, acting through its agent, R. J. Newell, Construction Engineer, Bureau of Reclamation, of Boise, County of Ada, and State of Idaho, the holder of Permit No. R-652, issued upon Application No. R-25986, bearing date of priority of June 25, 1938, authorizing the construction of a reservoir and the right to store the waters of Boise River, a tributary of Snake River, Counties of Boise and Elmore, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works as set out and described in said Permit; that said works are adequate for the storage of 15,000 acre feet of water annually; that the location of the outlet of said reservoir is in the NW $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 13, Township 3 North, Range 4 East, Boise Meridian; that a right to store the said waters has been perfected in accordance with the laws of the State of Idaho and is hereby confirmed by the State Reclamation Engineer and entered of record in Volume R-2 of Permits, at page 652, records of the Department of Reclamation, on the 10th day of March, 1944; that the right hereby confirmed dates from June 25, 1938; and that the amount of water to which said right by this certificate is entitled to store annually shall not exceed 15,000 acre feet.

Witness the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this 10th day of March, A. D. 1944.

H0704

|||| LEGISLATURE OF THE STATE OF IDAHO ||||
Fifty-third Legislature Second Regular Session - 1996

IN THE HOUSE OF REPRESENTATIVES

HOUSE BILL NO. 704

BY RESOURCES AND CONSERVATION COMMITTEE

AN ACT

RELATING TO INTERIM AUTHORITY FOR RENTAL OF WATER TO AUGMENT FLOWS DURING THE MIGRATION OF SNAKE RIVER SALMON; AMENDING CHAPTER 17, TITLE 42, IDAHO CODE, BY THE ADDITION OF A NEW SECTION 42-1763B, IDAHO CODE, TO STATE LEGISLATIVE FINDINGS AND INTENT, TO PROVIDE WATER RENTALS, TO PROVIDE CONDITIONS ON WATER RENTALS, TO PROVIDE APPLICATION TO CERTAIN CONTRACTUAL OBLIGATIONS, TO PROVIDE EFFECTIVENESS CONTINGENT ON CERTAIN CONDITIONS OCCURRING AND TO PROVIDE A SUNSET CLAUSE.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Chapter 17, Title 42, Idaho Code, be, and the same is hereby amended by the addition thereto of a **NEW SECTION**, to be known and designated as Section 42-1763B, Idaho Code, and to read as follows:

42-1763B. INTERIM AUTHORITY FOR RENTAL OF STORAGE WATER TO AUGMENT FLOWS DURING THE MIGRATION OF SNAKE RIVER SALMON.

(1) Legislative findings and intent regarding rental of storage water from U.S. bureau of reclamation projects in the Snake River basin within Idaho to augment lower Snake River flows during the migration of Snake River salmon.

(a) The legislature finds that the U.S. bureau of reclamation requested the release of four hundred twenty-seven thousand (427,000) acre feet of water to augment salmon flows in order to satisfy the conditions of the biological opinion issued by the national marine fisheries service on March 2, 1995. The legislature authorizes the U.S. bureau of reclamation to release water from its projects under the limited conditions of this section in 1996, 1997, 1998 and 1999.

(b) It is the intent of the legislature to promptly consider the repeal of subsections (2) and (3) of this section in the event that the provisions of the biological opinion issued by the national marine fisheries service on March 2, 1995, related to the provision of flows for salmon from the Snake River basin above Brownlee Reservoir are modified or declared arbitrary, capricious or otherwise unlawful, or are set aside by any federal court.

(2) Rental of storage water from U.S. bureau of reclamation storage.

(a) Notwithstanding the legislative approval required in section 42-108, Idaho Code, any storage water release from U.S. bureau of reclamation reservoirs within the state of Idaho for

use to augment river flows during the migration of Snake River salmon pursuant to this section must be rented through the water bank operated by the Idaho water resource board pursuant to sections 42-1761 through 42-1764, Idaho Code, or through local water rental committees, created pursuant to section 42-1765, Idaho Code, under their respective water bank rules; provided however, that the agricultural preference provisions of local rental pool rules shall not apply to any uncontracted space rented by the U.S. bureau of reclamation pursuant to this section.

(b) For any rental of water pursuant to this section, the director shall not be required to determine under section 42-1763, Idaho Code, whether the water supply is sufficient for the purpose for which it is sought, whether the rental would cause the use of water to be enlarged beyond that authorized under the water right to be rented, whether such use is in the public interest, or whether such use is consistent with the factors enumerated under subsection (3) of section 42-401, Idaho Code.

(3) Conditions on storage water rentals.

(a) Any storage water made available under this section shall be obtained only from willing lessors. Any water rented under this section from reservoirs located within a basin having a local rental pool committee established pursuant to section 42-1765, Idaho Code, shall be rented pursuant to this section only through the local rental pool committee.

(b) Storage water made available under this section shall be limited to four hundred twenty-seven thousand (427,000) acre feet annually. These releases from storage shall be reduced by other water the U.S. bureau of reclamation provides for augmentation of salmon flows from the Snake River and its tributaries.

(c) In no event shall the release of water under this section cause the water surface of Cascade Reservoir to be below the elevation required to maintain a storage volume of three hundred

2

thousand (300,000) acre feet, fifty thousand (50,000) acre feet of which is dead space, which is currently estimated to be at an elevation of four thousand eight hundred nine and two-tenths (4,809.2) feet.

(d) The U.S. bureau of reclamation shall submit a report to the director by January 15 of each year describing the time, volume, and purpose of storage water released for salmon purposes during the past year and shall report on the plan for releases for the spring and summer chinook by April 1 and on the plan for releases for the fall chinook by July 15 of each year.

(e) All storage water rented from U.S. bureau of reclamation reservoirs under this section must be used for power production purposes within the state of Idaho.

(f) Nothing herein shall entitle the U.S. bureau of reclamation to rent storage water upon termination or expiration of the permission given in this section.

(4) Nothing in this section shall be construed to alter in any way the existing contractual obligations of the U.S. bureau of reclamation or to constitute a finding by the legislature that the rental or use of storage water for augmentation of flows for salmon migration is a beneficial use of water, that it is in the public interest, or whether such use injures existing water rights.

(5) This section shall not become effective until the

director certifies to the governor that the U.S. bureau of reclamation's applications to transfer water right numbers 46 , 4617, 4618, 4623, 4625, 4626, 4627, 4628, 4629, 4630, 4631, 4632, 4633 and 4636, and to amend water right permit numbers 25-07004 and 63-3618 will be held in abeyance until July 1, 1999.

(6) On and after January 1, 2000, this act shall be null, void and of no force and effect.

PHILIP E. BATT
GOVERNOR

KARL J. DREHER
DIRECTOR

June 5, 1996

The Honorable Philip E. Batt
Governor, State of Idaho
State Capitol
Boise, ID 83720-0034

J. H. I.

RE: CERTIFICATION REQUIRED BY H.B. 704

Dear Governor Batt:

This letter certifies that the Department of Water Resources will hold the U.S. Bureau of Reclamation's Applications for Transfer Numbers 4616, 4617, 4618, 4623, 4625, 4626, 4627, 4628, 4629, 4630, 4631, 4632, 4633 and 4636 and Applications to Amend Permit Numbers 25-07004 and 63-03618 in abeyance until July 1, 1999. This certification is required under subsection 5 of Section 42-1763B, Idaho Code, as a condition for the effectiveness of House Bill 704 approved by the 1996 Legislature which will become effective July 1, 1996.

The department will hold in abeyance all actions associated with the applications including action on requests for discovery or other matters relating to the applications. If you have questions about this matter or if I can provide additional information, I am available at your convenience.

Sincerely,

KARL J. DREHER
Director

PERMIT NOS. 25-07004 AND 63-03618	)	PROCEEDINGS
IN THE NAME OF THE UNITED STATES	)	
BUREAU OF RECLAMATION	)	
	)	

On May 15, 1995, the United States Bureau of Reclamation (Bureau) filed fifteen applications for transfer of water rights and two applications for amendment of water right permits with the Idaho Department of Water Resources (Department). The applications seek approval to use a combined total of up to 427,000 acre feet of water per year from Bureau reservoirs for flow augmentation purposes as a proposed contribution to salmon recovery efforts. The applications seek authorization to release water for the requested purposes beginning in the Spring of 1996.

Pursuant to the consent of the parties, the director entered an order on September 19, 1995, providing among other things that the Bureau's pending applications would be held without further action until April 1, 1996. In accordance with the stipulation of the parties, the order also directed the parties to address the issues and concerns raised by the Bureau's applications through draft legislation or other alternative means.

Legislation prepared in response to the issues and concerns identified as a result of this proceeding was introduced before the 1996 Idaho Legislature as House Bill No. 704. The legislation was approved on March 15, 1996, as Session Laws Ch. 282 to be codified as section 42-1763B, Idaho Code, with an effective date of July 1, 1996. Subsection 5 of section 42-1763B provides that the section shall not become effective until the director certifies to the Governor that the U.S. Bureau of Reclamation's applications at issue in this proceeding will be held in abeyance until July 1, 1999. Section 42-1763B, Idaho Code, as added by H.B. 704 provides as follows:

42-1763B. INTERIM AUTHORITY FOR RENTAL OF STORAGE WATER TO AUGMENT FLOWS DURING THE MIGRATION OF SNAKE RIVER SALMON. (1) Legislative findings and intent regarding rental of storage water from U.S. bureau of reclamation projects in the Snake River basin within Idaho to augment lower Snake River flows during the migration of Snake River salmon.

(a) The legislature finds that the U.S. bureau of reclamation requested the release of four hundred twenty-seven thousand (427,000) acre feet of water to augment salmon flows in order to satisfy the conditions of the biological opinion issued by the national marine fisheries service on March 2, 1995. The legislature authorizes the U.S. bureau of reclamation to release water from its projects under the limited conditions of this section in 1996, 1997, 1998 and 1999.

(b) It is the intent of the legislature to promptly consider the repeal of subsections (2) and (3) of this section in the event that the provisions of the biological opinion issued by the national marine fisheries service on March 2, 1995, related to the provision of flows for salmon from the Snake River basin above Brownlee Reservoir are modified or declared arbitrary, capricious or otherwise unlawful, or are set aside by any federal court.

(2) Rental of storage water from U.S. bureau of reclamation storage.

(a) Notwithstanding the legislative approval required in section 42-108, Idaho Code, any storage water release from U.S. bureau of reclamation reservoirs within the state of Idaho for use to augment river flows during the migration of Snake River salmon pursuant to this section must be

rented through the water bank operated by the Idaho water resource board pursuant to sections 42-1761 through 42-1764, Idaho Code, or through local water rental committees, created pursuant to section 42-1765, Idaho Code, under their respective water bank rules; provided however, that the agricultural preference provisions of local rental pool rules shall not apply to any uncontracted space rented by the U.S. bureau of reclamation pursuant to this section.

(b) For any rental of water pursuant to this section, the director shall not be required to determine under section 42-1763, Idaho Code, whether the water supply is sufficient for the purpose for which it is sought, whether the rental would cause the use of water to be enlarged beyond that authorized under the water right to be rented, whether such use is in the public interest, or whether such use is consistent with the factors enumerated under subsection (3) of section 42-401, Idaho Code.

(3) Conditions on storage water rentals.

(a) Any storage water made available under this section shall be obtained only from willing lessors. Any water rented under this section from reservoirs located within a basin having a local rental pool committee established pursuant to section 42-1765, Idaho Code, shall be rented pursuant to this section only through the local rental pool committee.

(b) Storage water made available under this section shall be limited to four hundred twenty-seven thousand (427,000) acre feet annually. These releases from storage shall be reduced by other water the U.S. bureau of reclamation provides for augmentation of salmon flows from the Snake River and its tributaries.

(c) In no event shall the release of water under this section cause the water surface of Cascade Reservoir to be below the elevation required to maintain a storage volume of three hundred thousand (300,000) acre feet, fifty thousand (50,000) acre feet of which is dead space, which is currently estimated to be at an elevation of four thousand eight hundred nine and two-tenths (4,809.2) feet.

(d) The U.S. bureau of reclamation shall submit a report to the director by January 15 of each year describing the time, volume, and purpose of storage water released for salmon purposes during the past year and shall report on the plan for releases for the spring and summer chinook by April 1 and on the plan for releases for the fall chinook by July 15 of each year.

(e) All storage water rented from U.S. bureau of reclamation reservoirs under this section must be used for power production purposes within the state of Idaho.

(f) Nothing herein shall entitle the U.S. bureau of reclamation to rent storage water upon termination or expiration of the permission given in this section.

(4) Nothing in this section shall be construed to alter in any way the existing contractual obligations of the U.S. bureau of reclamation or to constitute a finding by the legislature that the rental or use of storage water for augmentation of flows for salmon migration is a beneficial use of water, that it is in the public interest, or whether such use injures existing water rights.

(5) This section shall not become effective until the director certifies to the governor that the U.S. bureau of reclamation's applications to transfer water right numbers 4616, 4617, 4618, 4623, 4625, 4626, 4627, 4628, 4629, 4630, 4631, 4632, 4633 and 4636, and to amend water right permit numbers 25-07004 and 63-3618 will be held in abeyance until July 1, 1999.

(6) On and after January 1, 2000, this act shall be null, void and of no force and effect.

Having reviewed the prior stipulation of the parties in this proceeding and the provisions of House Bill 704, to be codified as section 42-1763B, Idaho Code, the director orders as follows:

ORDER

IT IS HEREBY ORDERED that, in accordance with the provisions of House Bill 704, to be codified as section 42-1763B(5), Idaho Code, effective July 1, 1996, the U.S. Bureau of Reclamation's Applications to transfer water right numbers 4616, 4617, 4618, 4623, 4624, 4625, 4626, 4627, 4628, 4629, 4630, 4631, 4632, 4633 and 4636, and to amend water right permit numbers 25-07004 and 63-3618 shall be held in abeyance until July 1, 1999.

IT IS FURTHER ORDER that:

1. All matters associated with this proceeding, including issues regarding the scope and nature of potential discovery and the holding of any hearing, shall be held in abeyance

until July 1, 1999, and the existing rights of the parties to raise issues regarding these matters shall not be diminished as a result of the issuance of this order.

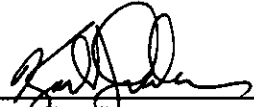

2. The U.S. Bureau of Reclamation shall be authorized to release water to augment Snake River flows for salmon migration purposes during 1996, 1997, 1998 and 1999 in accordance with the provisions of section 42-1763B, Idaho Code.

3. Pursuant to section 42-1763B(3)(d), Idaho Code, the Bureau shall submit a report to the director by January 15 of each year describing the time, volume, and purpose of storage water released for salmon purposes during the past year and shall report on the plan for releases for the spring and summer chinook by April 1 and on the plan for releases for the fall chinook by July 15 of each year.

4. The Bureau, in addition, shall provide at least seven-days prior notice to the director of the actual amount, source and timing of water releases as they are made under section 42-1763B, Idaho Code, or if impracticable, as soon as feasible under the circumstances.

5. This is an interlocutory order issued pursuant to Rule 710 of the Department's Rules of Procedure, IDAPA 37.01.010710.

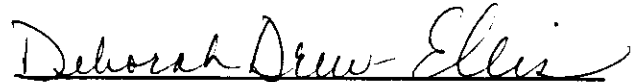

DATED this 5th day of June 1996.

KARL J. DREHER
Director

CERTIFICATE OF SERVICE

I HEREBY CERTIFY that I have, this 7th day of June, 1996, served the foregoing upon all parties of record in this proceeding, according to the Department of Water Resource's most current service list, by mailing a copy thereof to each party.

Deborah Drew-Ellis
Legal Secretary

MEMORANDUM

TO: FILE

FROM: TIM LUKE

DATE: June 17, 1992

RE: APPLICATION FOR TRANSFER NO.S 3883, 3884 & 3885 IN NAME OF U.S
BUREAU OF RECLAMATION - MICROFILM RECORDS OF TRANSFERS

=====

In December of 1991, the Bureau of Reclamation (BOR) filed transfers on its water rights for reservoirs located in the Payette, Boise and Upper Snake River drainages. The transfers proposed release of up to 427,000 acre-feet of storage water from the various BOR reservoirs for enhancement of stream flows to aid in migration of anadramous fish. Three separate transfers were filed for the separate drainages even though all the transfers were filed by the BOR and proposed the release of storage water for stream flow augmentation.

These transfers generated over 30 protests from water user groups and over 600 form letter protests from individual water users. Nearly all of the form letter protestants were members of one of the 30 plus protest groups.

The 1992 Idaho Legislature passed legislation which provided statutory authorization for the rental of storage water under certain conditions to augment lower Snake River flows for salmon migration purposes. This legislation essentially removed the need for the BOR transfer filings. The BOR subsequently withdrew the applications.

Due to the voluminous correspondence, briefs, pleadings and testimony etc. related to these transfers, IDWR staff has elected to make one complete microfilm record of all three transfers. The complete microfilm record for the three transfers will be found in microfiche jackets for water right no. 01-2064. The microfiche jackets for right no.s 65-2917 and **63-3613** will contain copies of the original transfer applications 3883 and 3884 respectively. All other material for these two transfers and transfer no. 3885 will be found under microfiche jackets 01-2064. All of the hard copy material/documentation will be located in a separately marked file cabinet drawer for oversized microfilm documents in the DWR water rights vault.

Note: Certain documents found in the hard file have not been microfilmed. Non-microfilmed documents include all form letter protests, and testimony and exhibits submitted by the BOR dated March 2, 1992.

RE: Water Right Transfer No.s 3883, 3884 & 3885

DATE: 2-20-92

The Bureau of Reclamation filed water right transfers on all all Bureau reservoirs within Idaho. The transfers were submitted in November, 1991. Numerous protests have been received. This water right is included in one of the above transfers. The transfers have been filed in order to recognize release of storage water for fish enhancement purposes (i.e.; to benefit salmon fish migrations).

Since the transfer applications are lengthy and involve numerous rights, a copy of the appropriate transfers are not included in this file. Please refer to the transfer application file for information concerning the transfers.

Dear Mr. Randall:

Enclosed for the Forest Service's records are an original and one copy of Contract No. 7-07-10-W0697 between the Forest Service and the Bureau of Reclamation. The contract provides the Forest Service with 200 acre-feet of Arrowrock reservoir storage water, formerly reserved for the Hillcrest Unit, for use at the Lucky Peak Nursery. The contract has been executed on behalf of the Bureau of Reclamation and is dated September 18, 1987.

Please process payment for one-half of the contract's total construction charge to this office at this time. There is also a \$100 fee for our preparation of the repayment contract which should be included in your initial payment.

Sincerely yours,

Regional Director

REPAYMENT CONTRACT BETWEEN
THE BUREAU OF RECLAMATION AND THE FOREST SERVICE

THIS CONTRACT, made this 18th day of September, 1987, pursuant to the Act of Congress approved June 17, 1902 (32 Stat. 388), and acts amendatory thereof or supplementary thereto, particularly subsection 9(d) of the Reclamation Project Act of August 4, 1939 (53 Stat. 1187, 1196), which acts are commonly known and referred to as the Federal Reclamation Laws, between the BUREAU OF RECLAMATION (UNITED STATES DEPARTMENT OF INTERIOR), acting by and through the Regional Director, Pacific Northwest Region, Bureau of Reclamation, Boise, Idaho, hereinafter called the Contracting Officer, and the FOREST SERVICE (UNITED STATES DEPARTMENT OF AGRICULTURE), acting by and through the Regional Forester, Region 4, Ogden, Utah;

WITNESSETH, THAT:

Explanatory Recitals

2. WHEREAS, The United States has heretofore constructed, pursuant to the Federal Reclamation laws, Arrowrock Dam and Reservoir on the Boise River, known as Arrowrock Reservoir, for the impounding and storage of water for irrigation purposes; and

RECORDED

MAR 10 1988

Recital 2

3. WHEREAS, 23,000 acre-feet of the active capacity of said Arrowrock Reservoir was reserved for a proposed Hillcrest Unit of the Boise Project pursuant to a contract executed in 1921 between the United States and the Boise-Mora and Hillcrest Irrigation Districts; and

4. WHEREAS, the Hillcrest Unit was never developed, and the United States has terminated the above-said 1921 contract due to supervening events which made performance impractical; and

5. WHEREAS, the Forest Service has developed and operates and maintains a forest tree nursery on its land hereinafter described, and has heretofore been furnished irrigation water service comprising 200 acre-feet annually of the storage capacity of Arrowrock Reservoir formerly reserved for the Hillcrest Unit;

6. WHEREAS, the Forest Service has utilized 200 acre-feet of the Arrowrock Reservoir storage capacity formerly reserved for the Hillcrest Unit under temporary contractual arrangements with the United States from 1960 to 1986; and

7. WHEREAS, the Forest Service desires to enter into a repayment contract with the United States for Arrowrock Reservoir storage capacity formerly reserved for the Hillcrest Unit, to be used as a irrigation water supply.

NOW, THEREFORE, in consideration of the mutual and dependent stipulations and covenants herein contained, it is agreed by and between the parties as follows:

RECEIVED

MAR 10 1988

Recitals 3, 4, 5, 6, 7

Term of Contract

8. This contract shall become effective on the date first-above written and will continue in effect unless terminated under the provisions of Article 16 hereof.

Storage Capacity Available to the Forest Service

9. The Bureau of Reclamation will make available to the Forest Service stored water accruing to six hundred ninety-eight ten-thousandths percent (0.0698%) of the 286,600 acre-foot active capacity of Arrowrock Reservoir within the limits and on the terms and conditions provided in this contract. This percentage shall, so long as Arrowrock Reservoir has an active capacity of 286,600 acre-feet, be treated as the equivalent of 200 acre-feet. The latter figure may, however, be adjusted from time to time by the Contracting Officer whenever there are determinations that the active capacity is other than above stated. The rights to stored water are those provided in Article 11.

Furnishing Water

10. (a) The water to be furnished to the Forest Service shall be released from Arrowrock Reservoir to Lucky Peak reservoir. The Forest Service shall take water underground from Lucky Peak Reservoir by means of pumping from Forest Service-owned wells located in the southwest quarter of the northeast quarter of the southwest quarter (SW1/4NE1/4SW1/4) of Section 21, Township 3 North, Range 4 East, Boise Meridian.

(b) The Forest Service shall be solely responsible for pumping and utilizing water available to it under this contract. All pumps and related equipment shall be furnished, installed, and maintained by and at

RECEIVED

MAR 10 1988

Articles 8, 9, 10

the sole expense of the Forest Service. The Forest Service releases the Bureau of Reclamation from all damages or claims for damages arising out of or connected with fluctuations in the water surface of the Lucky Peak Reservoir, and it shall be the sole responsibility of the Forest Service to adjust its pump installations as Lucky Peak Reservoir water surface changes affect water level in the Forest Service's wells.

(c) The water provided hereunder shall be used solely for the irrigation of Forest Service land described as follows:

T. 3 N., R. 4 E., B.M., Idaho	Acreage Irrigated
Section 21 - Part of the SW1/4NW1/4	30 acres
Part of the NE1/4SW1/4	3 acres
Part of the NW1/4SW1/4	25 acres
	<u>Total 58 acres</u>

The foregoing described lands have previously been irrigated and are, therefore, eligible for irrigation water storage under this contract.

(d) The Forest Service shall use all practical methods to ensure the economical and beneficial use of water in accordance with Idaho water law.

Water Supply

11. (a) The water supply described in this contract is to be stored in Arrowrock Reservoir under water rights held by the United States, including Claim No. 63-5262, and Water License Nos. 63-2004, 63-2158, and 63-3613 with priority dates of December 1903, January 1911, and June 1938, for the storage and beneficial use of not less than 286,600 acre-feet per annum of the water of the Boise River in Arrowrock Reservoir. The total capacity of Arrowrock Reservoir is the capacity to elevation 3216 feet above

MICROFILMED

MAY 10 1988

Article 11

sea level, which capacity as of the date of this contract is understood to be not less than 286,600 acre-feet without bank storage. As provided in Article 9, the Forest Service's storage rights shall comprise six hundred ninety-eight ten-thousandths percent (0.0698%) of the active capacity.

(b) The United States will operate Arrowrock Reservoir so as to store water in accordance with the "Memorandum of Agreement for Flood Control Operation of Boise River Reservoirs," dated November 20, 1953, as amended. The Forest Service's rights to use the stored water accruing to its share of the capacity shall be subject to the requirements of the above-said memorandum of agreement, as amended. All space in Arrowrock Reservoir shall be operated with like priority as to storage rights. Losses or shortages resulting from the storage operation will be prorated equally.

(c) While the Forest Service's storage rights are defined in terms of capacity in Arrowrock Reservoir, the United States shall have the right, without change in the Forest Service's obligations with respect to storage rights, to store water accrued to those rights in any storage capacity available to it on the Boise River so long as delivery to the Forest Service of the stored water entitlement under this contract is not in anyway impaired. In determining the amount of stored water available, losses incidental to storage will be prorated equally over all water in storage in a given reservoir; and, in determining the amount of stored water, the point of measurement shall be the outlet works of the reservoir from which delivery is made.

RECEIVED

MAR 10 1988

Article 11 (Continued)

(d) Arrangements shall be made between the State Watermaster, the Forest Service, and the officer of the United States in charge of Arrowrock Reservoir concerning the schedule of delivery of stored water hereunder. The costs of distribution by the State Watermaster are chargeable to the Forest Service's water supply and shall be paid by the Forest Service.

Bureau of Reclamation Not Liable for Water Shortage or Interruptions

12. No liability shall accrue against the Bureau of Reclamation or any of its officers, agents, or employees for damage, direct or indirect, arising by reason of shortages in the quantity of water available from Arrowrock Reservoir or interruptions in water deliveries to facilities of the Forest Service resulting from drought, inaccuracy in distribution, hostile diversion, prior or superior claims, accident to or failure of facilities of the Bureau of Reclamation, whether or not attributable to negligence of officers, agents, or employees of the Bureau of Reclamation, or other causes of whatsoever kind. Nor shall the Forest Service's obligations to the Bureau of Reclamation under this contract be reduced by reason of such shortages or interruptions except as provided in Article 13.

Construction Charge

13. The total construction charge for the 0.0698 percent of Arrowrock Reservoir capacity is \$3,455. One-half of the \$3,455 shall be due and payable by the Forest Service upon execution of this contract, and the remaining one-half shall be due on or before 1 year following the date of this contract: Provided, That if the Forest Service should be forced to involuntarily relinquish the space under this contract in the first year following the date of this contract, then the Bureau of Reclamation will

RECEIVED
MAR 10 1988

Articles 12, 13

return all of the monies paid under this article; or if relinquished in the second year, then \$2,879.17 will be returned; or if relinquished in the third year, then \$2,303.33 will be returned; or if relinquished in the fourth year, then \$1,727.50 will be returned; or if relinquished in the fifth year, then \$1,151.67 will be returned; or if relinquished in the sixth year following the date of this contract, then \$575.83 will be returned by the Bureau of Reclamation to the Forest Service.

Operation and Maintenance Charge

14. (a) In addition to the construction charge established in Article 13, the Forest Service shall pay to the Bureau of Reclamation so long as this contract remains in effect and in advance on or before May 1 of each year, the estimated cost of operation and maintenance (O&M) of Arrowrock Reservoir as is properly apportionable to the Forest Service's right to stored water, as provided herein, such cost to be estimated by the Contracting Officer. Under this contract, the Forest Service's share of the annual O&M cost is six hundred ninety-eight ten-thousandths percent (0.0698%) of the annual irrigation O&M costs of Arrowrock Reservoir.

(b) The first payment for the estimated O&M cost shall be due and payable on May 1, 1988. Payment thereafter will be due on May 1 of each succeeding year.

(c) Whenever, in the opinion of the Contracting Officer, funds so advanced will be inadequate to operate and maintain the Arrowrock Reservoir, he may give a supplemental O&M charge notice stating therein the amount of the Forest Service's share of additional funds required, and the Forest Service shall advance that additional amount within 60 days. If funds

RECEIVED

MAR 10 1988

Article 14

advanced by the Forest Service under this article exceed the Forest Service's share of the actual cost of the O&M of the dam and reservoir for the year for which advanced, the surplus shall be credited on the O&M charges to become due for succeeding years.

(d) All payments from the Forest Service to the Bureau of Reclamation under this contract shall be made by the medium requested by the Bureau of Reclamation on the date payment is due. The required method of payment may include checks, wire transfers, or other types of payment specified by the Bureau of Reclamation.

(e) It is recognized that provisions in other contracts which pertain to O&M costs for the stored water under this contract being chargeable to the Boise Project Board of Control pending the construction of an irrigation system for the Hillcrest and Boise-Mora Districts under a September 16, 1921, contract no longer apply because the September 16, 1921, contract has been terminated.

Elements of Operation and Maintenance Charge

15. The costs which make up the obligations to be paid by the Forest Service under this contract to the Bureau of Reclamation for the O&M of Arrowrock Reservoir shall embrace all expenditures of whatsoever nature or kind in relation to the function for which the charge is made, including, but without limitation by reason of this enumeration, cost of surveys and investigations, labor, property, material and equipment, engineering, legal work, superintendence, administration, overhead, general expenses, inspections, special services and damage claims of all kinds, whether or not involving the negligence of officers, agents, or employees of the Bureau of

MAILED

MAR 10 1988

Article 15

Reclamation. The Contracting Officer's determination as to what costs are properly chargeable, the amount thereof, and the classification of those charges for repayment purposes shall be conclusive.

Termination of Contract

16. (a) This contract shall be terminated and water storage hereunder shall cease at the option of the Bureau of Reclamation at any time if the Forest Service is delinquent in payments required under this contract or upon failure of the Forest Service to comply with other provisions herein or to abide by any lawful notice, order, rule, or regulation of the United States and the State of Idaho, now or hereafter established affecting water storage hereunder: Provided, That the Bureau of Reclamation notifies the Forest Service of any delinquency or deficiency by written notice and the Forest Service fails to comply with said notice within 60 days.

(b) Termination of this contract for any cause shall not relieve the Forest Service of any obligations incurred by way of this contract prior to termination except as specified in Article 13.

Books, Records and Reports

17. The Forest Service shall establish and maintain accounts and other books and records pertaining to administration of the terms and conditions of this contract, including: water supply data, water use data, and other matters that the Contracting Officer may require. Reports thereon shall be furnished as the Contracting Officer may require. Subject to applicable Federal laws and regulations, each party to this contract shall have the right during office hours to examine and make copies of the other party's books and records relating to matters covered by this contract.

RECORDED

MAR 10 1988

STANDARD CONTRACT ARTICLES

Contract No. 7-07-10-W0697 between the Bureau of Reclamation, Department of the Interior
and the Forest Service, Department of Agriculture

COMPLIANCE WITH RECLAMATION LAWS

A. The parties agree that the delivery of irrigation water or the use of Federal facilities pursuant to this contract is subject to Reclamation law, as amended and supplemented, including, but not limited to, the Reclamation Reform Act of 1982 (Public Law 97-293).

NOTICES

B. Any notice, demand, or request authorized or required by this contract shall be deemed to have been given, on behalf of the Forest Service, when mailed, postage prepaid, or delivered to the Regional Director, PN Region, Bureau of Reclamation, Box 043, 550 West Fort Street, Boise, Idaho 83724, and on behalf of the Bureau of Reclamation, when mailed, postage prepaid, or delivered to the Forest Supervisor, Boise National Forest, 1750 Front Street, Boise, Idaho 83702. The designation of the addressee or the address may be changed by notice given in the same manner as provided in this article for other notices.

CONTINGENT ON APPROPRIATION OR ALLOTMENT OF FUNDS

C. The expenditure or advance of any money or the performance of any obligation of the United States under this contract shall be contingent upon appropriation or allotment of funds. No liability shall accrue to either party.

OFFICIALS NOT TO BENEFIT

D. No Member of or Delegate to Congress, Resident Commissioner or official of the Forest Service shall benefit from this contract other than as a water user or landowner in the same manner as other water users or landowners.

ASSIGNMENT LIMITED--SUCCESSORS AND ASSIGNS OBLIGATED

E. The provisions of this contract shall apply to and bind the successors and assigns of the parties hereto, but no assignment or transfer of this contract or any right or interest therein shall be valid until approved in writing by the Contracting Officer.

QUALITY OF WATER

F. The operation and maintenance of project facilities shall be performed in such manner as is practicable to maintain the quality of raw water made available through such facilities at the highest level reasonably attainable, as determined by the Contracting Officer. The United States does not warrant the quality of water and is under no obligation to construct or furnish water treatment facilities to maintain or better the quality of water.

WATER AND AIR POLLUTION CONTROL

G. The Forest Service, in carrying out this contract, shall comply with all applicable water and air pollution laws and regulations of the United States and the State of Idaho and shall obtain all required permits or licenses from the appropriate Federal, State, or local authorities.

WATER CONSERVATION

H. Prior to the delivery of water provided from or conveyed through federally constructed or federally financed facilities pursuant to this contract, the Forest Service shall develop an effective water conservation program acceptable to the Contracting Officer. The water conservation program shall contain definite water conservation objectives, appropriate economically feasible water conservation measures, and time schedules for meeting those objectives. At subsequent 5-year intervals, the Forest Service shall submit a report on the results of the program to the Contracting Officer for review. Based on the conclusions of the review, the Contracting Officer and the Forest Service shall consult and agree to continue or to revise the existing water conservation program.

RECEIVED

MAR 10 1988

EQUAL OPPORTUNITY

I. During the performance of this contract, the Forest Service agrees as follows:

(1) The Forest Service will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The Forest Service will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to, the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Forest Service agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Contracting Officer setting forth the provisions of this nondiscrimination clause.

(2) The Forest Service will, in all solicitations or advertisements for employees placed by or on behalf of the Forest Service, state that all qualified applicants will receive consideration for employment without discrimination because of race, color, religion, sex, or national origin.

(3) The Forest Service will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the Contracting Officer, advising the said labor union or workers' representative of the Forest Service's commitments under Section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(4) The Forest Service will comply with all provisions of Executive Order No. 11246 of September 24, 1965, as amended, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(5) The Forest Service will furnish all information and reports required by said amended Executive Order and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the Contracting Officer and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(6) In the event of the Forest Service's noncompliance with the nondiscrimination clauses of this contract or with any of the such rules, regulations, or orders, this contract may be canceled, terminated, or suspended, in whole or in part, and the Forest Service may be declared ineligible for further Government contracts in accordance with procedures authorized in said amended Executive Order, and such other sanctions may be imposed and remedies invoked as provided in said Executive Order, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(7) The Forest Service will include the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by the rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of said amended Executive Order, so that such provisions will be binding upon each subcontractor or vendor. The Forest Service will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, That in the event the Forest Service becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the Forest Service may request the U.S. Department of Interior and/or Bureau of Reclamation to enter into such litigation to protect the interests of the United States.

COMPLIANCE WITH CIVIL RIGHTS LAWS AND REGULATIONS

J. (1) The Forest Service shall comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d), Section 504 of the Rehabilitation Act of 1975 (P.L. 93-112, as amended), the Age Discrimination Act of 1975 (42 U.S.C. 6101, et seq.) and any other applicable civil rights laws, as well as with their respective implementing regulations and guidelines imposed by the U.S. Department of the Interior and/or Bureau of Reclamation.

(2) These statutes require that no person in the United States shall, on the grounds of race, color, national origin, handicap, or age, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity receiving financial assistance from the Bureau of Reclamation. By executing this contract, the Forest Service agrees to immediately take any measures necessary to implement this obligation, including permitting officials of the Bureau of Reclamation to inspect premises, programs, and documents.

MicroFILMED

MAR 10 1988

(3) The Forest Service makes this agreement in consideration of and for the purpose of obtaining any and all Federal grants, loans, contracts, property discounts or other Federal financial assistance extended after the date hereof to the Forest Service by the Bureau of Reclamation, including installment payments after such date on account of arrangements for Federal financial assistance which were approved before such date. The Forest Service recognizes and agrees that such Federal assistance will be extended in reliance on the representations and agreements made in this article, and that the United States reserves the right to seek judicial enforcement thereof.

Dear Mr. Kulp:

In connection with Permit No. R-652 relating to 15,000 acre-feet of space in Arrowrock Dam, you will recall that proofs of application of water to beneficial use were submitted on October 22, 1953. We have had informal inquiry from the Boise Board of Control as to what progress has been made in obtaining water right certificates, and I would appreciate your informing me as to when we may expect action from your office on these proofs so that I can advise the Boise Board of Control.

Sincerely yours,

Wm H. T. Miller

REPORT OF ENGINEER

Permit No. R-652

This proof is for Beneficial Use In Water District No. _____

1. Name of applicant U.S.A. Bureau of Reclamation, Boise, Idaho
2. Source of water supply: Boise River (stored in Arrow Rock Reservoir)
3. Location of point of diversion: Is in the NW¹ SE¹ of Section 13
T. 3 N. R. 4 E. County of Boise & Elmore
4. Describe works as they exist, giving dimensions and capacities of same: There is a full set of plans and specifications including a capacity diagram in file A-7. The Permit states the water is for 197,593 acres in the Boise Valley. It ~~pumps~~ ^{Proofs} state water for all lands covered by contracts with storage in Arrowrock.

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Lands in the Boise Reclamation Project in Ada and Canyon Counties

Completion of Works Certificate for 15,000 Acre feet was issued on March 10, 1944 by State Reclamation Engineer Mr. Spofford. Priority is for June 25, 1938. See land list on blue print in the file.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: _____

This examination was made on the 28th day of March, 19 55

Examination for Beneficial Use

County Ada , Canyon, Boise & Elmore

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
 6. Give general characteristics of soils, topography, and crops raised.

**NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 10:00 a.m. on the 22nd day of October, 1952, at Bureau of Reclamation office at Fairview (U.S. Highway 30) and Orchard Avenue, County of Ada, State of Idaho, before R. H. Harris, Notary Public, proof will be submitted of the application to beneficial use of 15,000 acre feet of the waters of Boise River, as stored at Arrowrock Reservoir in accordance with terms and conditions of Permit No. R-652 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are United States of America, acting through Regional Director, Region 1, Bureau of Reclamation, Box 937, Boise, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 15,000 acre-feet.

The place where said water is used lands of the Boise federal reclamation project in Ada and Canyon Counties, as particularly described in Permit No. R-652.

The name of the canal or ditch or other works by which said water is conducted to such place of use is the various canals and ditches participating in the Boise federal reclamation project.

The right to take water from such works is based upon Permit No. R-652.

The source of supply from which such water is diverted is Arrowrock Reservoir, from Boise River. The date of priority which said user is prepared to establish is June 25, 1938.

Box 937
Boise, Idaho

Dear Mr. Tuller:

We return U. S. Treasurer's check No. 14,129,622, received this morning for \$31.41 in payment of publication costs to the Idaho Daily Statesman and the Caldwell News-Tribune.

If you will refer to office letter of November 30, 1953, you will note our statement that two separate checks would be necessary since payment was to be made to the two separate newspapers.

We are sorry that there is no way for us to divide this \$31.41 check, as according to the arrangement between the Bureau and this Department, the only way this matter can be handled is by our endorsing your check over to the newspaper.

Very truly yours,

MARK R. KULP

RE: Permit No. R-652

Mr. William H. Tuller
Acting Regional Director
Bureau of Reclamation
Box 937
Boise, Idaho

Dear Mr. Tuller:

We acknowledge receipt of your letter of November 27, 1953, enclosing affidavit of publication from the Idaho Daily Statesman in connection with beneficial use proof on Permit No. R-652, and also enclosing voucher for \$31.41, including cost of publication in the Idaho Daily Statesman amounting to \$15.01, and in the Caldwell News Tribune amounting to \$15.50.

Since these are two separate items, it will require two separate checks from you and for that reason it would seem that there should be two separate vouchers.

Very truly yours,

MARK R. KULP

Mr. Harold T. Nelson, Regional Director
Bureau of Reclamation
Box 937
Boise, Idaho

Dear Mr. Nelson:

We have your letter of October 22, 1953, enclosing depositions of the holder and two witnesses in proof of beneficial use on Permit No. R-652. These have been placed on file awaiting field inspection by an engineer from this department.

We also have Mr. Clinton's letter of October 14, enclosing statement from the Statesman Printing Company for costs of publication amounting to \$15.91, but we have not received the affidavit of publication which is a necessary part of the proof.

We have, however, received affidavit of publication from the Caldwell News Tribune and the publication costs in that paper amount to \$15.50.

If you will send us separate vouchers for these two amounts, we will sign them and return to you in order that payment may be made to these two newspapers in accordance with the usual procedure.

Very truly yours,

Dear Mr. Kulp:

In connection with Permit No. R-652, relating to 15,000 acre-feet of storage in Arrowrock Dam, proof of application of water to beneficial use was taken before R. H. Harris, Notary Public, at 10 a.m. on October 22, 1953. The proofs, which are enclosed in duplicate, consist of the deposition of the Regional Director on behalf of the holder of the permit, and the depositions of George N. Carter, District Manager, Central Snake River District, Boise, Idaho, and Wm. H. Tuller, Regional Supervisor of Operation and Maintenance, Boise, Idaho. If any further information is needed in connection with completion of the steps necessary to issue the water right certificate, please let us know.

Sincerely,

[Handwritten Signature]
Regional Director

BOISE, IDAHO

Permit No. R-652

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. H. T. Nelson Regional Director, Region 1,
United States Department of the Interior, Bureau of Reclamation, Box 937, Boise, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf. United States of America,
Ans. acting through Regional Director, Region 1, Bureau of Reclamation, Box 937, Boise,
Idaho, pursuant to a delegation of authority from the Secretary of the Interior.

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. R-652, dated October 22, 1938. Priority date, June 25, 1938.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Waters of Boise River as stored in Arrowrock Reservoir in accordance with terms
and conditions of Permit No. R-652. Existing Boise River diversion dams.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. New York Canal 2850 c.f.s. Ridenbaugh and other canals diverting out of Boise
River with a combined additional capacity of about 1850 c.f.s.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation on lands of the Boise federal reclamation project in Ada and
Canyon Counties, as more particularly described in Permit No. R-652, including all
lands having contracts under the Federal Reclamation Laws for space in Arrowrock
Reservoir.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. --

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. --

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. --

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. **As supplemental storage supply for the lands of the Boise federal reclamation project since the completion of the raising of Arrowrock storage in 1938.**

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. **The water here involved is in addition to the other rights of both natural flow and storage to which the lands are entitled. The permits held by the United States include Nos. 430, 4800, 7180, 16098, and R-698.**

PERMIT NO. R-652

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. George N. Garter - 66 - Boise, Idaho - Manager, Central Snake River District, Department of the Interior, Bureau of Reclamation, 214 Broadway, Boise, Idaho.

Ques. 2. Are you acquainted with the United States, the holder of Permit No. R-652? How long have you known ^{the agency} ~~him~~ and where ~~does he reside?~~ is its local place of business?

Ans. Continuously. For purposes of this deposition, the place of business is Fairgrounds, Boise, Idaho.

Ques. 3. Have you read or heard read said Permit No. R-652, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Boise River, as stored in Arrowrock Reservoir, diverted at various Boise River diversion dams, through the canals and ditches of the Boise federal reclamation project.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. New York Canal 2850 c.f.s., Ridenbaugh Canal 600 c.f.s., other canals 1850 c.f.s.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation of cultivated lands of the Boise federal reclamation project in Ada and Canyon Counties, as more particularly described in Permit No. R-652, including all lands having storage rights in Arrowrock Reservoir pursuant to repayment contracts entered into under the Federal Reclamation Laws.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. --

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Highly productive sandy to clay loams. About 3.7 acre-feet per acre.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. In my official capacity as Manager, Central Snake River District, Bureau of Reclamation, and as owner of a ranch under the Farmers Union Ditch.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Each year since the beginning of the 1938 irrigation season as supplemental storage in the amount of 15,000 acre-feet.

(Signed) Geo. H. Carter

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise,

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. New York Canal, 2850 c.f.s. Ridenbaugh Canal, 600 c.f.s. Other canals,
about 1250 c.fs.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give
each subdivision in which water has been used and number of acres irrigated in each
subdivision.) State whether cultivated or natural meadow land and the nature of all im-
provements which have been made as a direct result of said use.

Ans. Irrigation of highly cultivated lands of the Boise federal reclamation project
in Ada and Canyon Counties, as particularly described in Permit No. R-652, including
all lands having storage rights in Arrowrock Reservoir pursuant to repayment contracts
entered into under the Federal Reclamation Laws.

R-652

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. --

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Highly productive sandy to clay loams. About 3.7 acre-feet per acre.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. Only in my official capacity as Regional Supervisor of Operation and Maintenance, Bureau of Reclamation.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Each year since the beginning of the 1938 irrigation season as supplemental storage in the amount of 15,000 acre-feet.

(Signed) Wm H. Tuller

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise,
County of Ada, State of Idaho, on this 22nd day of October,

BOISE, IDAHO

PERMIT NO. R-652

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. George N. Carter - 66 - Boise, Idaho - Manager, Central Snake River District, Department of the Interior, Bureau of Reclamation, 214 Broadway, Boise, Idaho.

Ques. 2. Are you acquainted with the United States, the holder of Permit No. R-652? How long have you known ~~him~~ ^{the agency} and where ~~does he reside?~~ is its local place of business?

Ans. Continuously. For purposes of this deposition, the place of business is Fairgrounds, Boise, Idaho.

Ques. 3. Have you read or heard read said Permit No. R-652, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Boise River, as stored in Arrowrock Reservoir, diverted at various Boise River diversion dams, through the canals and ditches of the Boise federal reclamation project.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. New York Canal 2850 c.f.s., Ridenbaugh Canal 600 c.f.s., other canals 1850 c.f.s.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation of cultivated lands of the Boise federal reclamation project in Ada and Canyon Counties, as more particularly described in Permit No. R-652, including all lands having storage rights in Arrowrock Reservoir pursuant to repayment contracts entered into under the Federal Reclamation Laws.

R-652

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. --

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Highly productive sandy to clay loams. About 3.7 acre-feet per acre.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. In my official capacity as Manager, Central Snake River District, Bureau of Reclamation, and as owner of a ranch under the Farmers Union Ditch.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Each year since the beginning of the 1938 irrigation season as supplemental storage in the amount of 15,000 acre-feet.

(Signed) 

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise,

County of Ada, State of Idaho, on this 22nd day of October,

Mr. Mark R. Kulp
State Reclamation Engineer
Boise, Idaho

Dear Mr. Kulp:

In connection with Permit No. R-652, relating to 15,000 acre-feet of storage in Arrowrock Dam, we have received a copy of an affidavit of publication from the Caldwell News-Tribune, Inc., and one from the Idaho Daily Statesman. In addition, we have received from the Idaho Daily Statesman the enclosed billing. In accordance with the customary practice, and as confirmed by your letter of September 2, if you will provide us with the amounts of the cost of publication, we will prepare a voucher and forward it to you covering the cost of publication in both instances. Upon the chance that the Statesman did not provide you with a copy of the affidavit of publication, the one sent to us indicates that the notice, in proper form, was published in the regular Monday edition of the Idaho Daily Statesman for four consecutive weekly insertions beginning with the issue of September 14 and ending with the issue of October 5.

Sincerely,

F. M. Clinton

Acting Regional Director

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 22nd day of October, 1952,
Bureau of Reclamation office at
at Fairview (U.S. Highway 30) County of Ada, State of Idaho, before
at Orchard Avenue
R. H. Harris, notary public, proof will be submitted of the
application to beneficial use of 15,000 ~~cubic feet per second~~ acre-feet of the waters of Boise River, as stored
at Arrowrock Reservoir in accordance with the terms and conditions of Permit No. R-652
heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are United States of
America, acting through the Regional Director, Region 1, Bureau of Reclamation, Box
937, Boise, Idaho

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 15,000 acre-feet.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated)
Lands of the Boise federal reclamation project in Ada and Canyon Counties, as
particularly described in Permit No. R-652.

The name of the canal or ditch or other works by which said water is conducted to such place of use is
The various canals and ditches participating in the Boise federal reclamation project.

The right to take water from such works is based upon Permit No. R-652.

The source of supply from which such water is diverted is Arrowrock Reservoir, from Boise River

The date of priority which said user is prepared to establish is June 25, 1938.

MARK R. KULP
State Reclamation Engineer.

RE: Permit No. R-652

Mr. F. M. Clinton, Acting Regional Director
U. S. Bureau of Reclamation
Box 937
Boise, Idaho

Dear Mr. Clinton:

We have sent to the Idaho Daily Statesman and the Caldwell News Tribune notice of beneficial use proof to be made on the above numbered permit on October 22, 1953, with instructions to publish it once a week for four weeks prior to that date and to send us the affidavit of publication together with statement of costs. We also asked them to send you an affidavit of publication.

The publication expense will be handled in the usual way, that is, when we receive the statements we shall notify you of the amount so that you may send vouchers to cover.

These proofs should be made on Forms 16 and 17; 16 for the permit holder and 17 for the witnesses, and we are sending you, under separate cover, a supply of these forms.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Mr. Kulp:

In connection with Permit No. R-652, relating to the storage of 15,000 acre-feet of water at Arrowrock Reservoir, there are enclosed in duplicate the form "Notice of Proof of Application of Water to Beneficial Use" and a letter authorizing the publication of the notice. It is to be noted that the letter leaves to your discretion the selection of appropriate official newspapers in which to publish the notice. Upon receipt of your billing we will forward the usual vouchers covering the cost of publication.

In order to submit the proof of beneficial use on October 22, 1953, it would be appreciated if you would supply me with approximately 12 copies of the appropriate forms. If any further information is needed in connection with completing this water right permit, it will be provided.

Sincerely yours,

F. M. Clinton

August 1, 1953

Dear Sir:

We enclose herewith blank notice for proof of application of water to beneficial use under your Permit No. R-652. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than October 22, 1953, and if proof is submitted later than said date, your priority will be brought down a length of time equal to the time elapsing between the date the proof is due and the date proof is actually made.

Very truly yours,

MARK R. KULP

State Reclamation Engineer

REPORT OF ENGINEER

Permit No. R-652

This proof is for Completion of works

In Water District No.

1. Name of applicant United States of America, acting through R. J. Newell, Construction Engineer, Bureau of Reclamation
2. Source of water supply: Boise River
3. Location of point of diversion: Is in the NW¹ SE¹ of Section 13
T. 3 N. R. 4 E County of Boise & Elmore (At Arrowrock Dam)
4. Describe works as they exist, giving dimensions and capacities of same: Storage and Diversion works under this permit include repair of erosion and surface disintegration of the lower face of Arrowrock Dam, and increasing the crest height of dam and Spillway five feet; involving an 18 inch reinforced gunite slab on the face of dam, and also restoration of depreciated Spillway floor, sidewalls, and parapet.
5. Water is used for: Irrigation and domestic purposes
6. State whether or not water has been turned into works of diversion: Yes
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): 197,593 acres, more particularly described as land of the Boise Federal Project in Ada and Canyon Counties

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Snake and Columbia Rivers

Remarks: The effect of this work is to provide additional storage capacity of 15000 Acre Feet.

For details see "Specifications and Drawings" in "A-7" of Dam Files"

This examination was made on the 8th. day of March, 1944

Examination for Completion of Works

County Boise & Elmore

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make a plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.

Re: Permit No. R-652

Mr. W. J. Newell
Construction Engineer
U. S. Bureau of Reclamation
Boise, Idaho

Dear Mr. Newell:

We enclose Departmental Receipt No. 18439 covering the \$20.00 fee in connection with completion of works proof under the above numbered permit.

When we addressed you on December 13th, we overlooked the fact that we had not yet had a report on this from our Field Engineer, as required by statute.

Mr. Tolman will notify your office at the time he makes this examination, so that arrangements may be made for some one to accompany him and show him about the grounds.

Very truly yours,

JAMES L. PORTER
State Reclamation Engineer

Re: Permit No. R-652

Mr. R. J. Newell,
Construction Engineer
U. S. Bureau of Reclamation
Boise, Idaho

Dear Mr. Newell:

Acknowledgment is made of the receipt of depositions of yourself and two witnesses in connection with completion of works proof under the above numbered permit, for the storage and diversion of 15,000 acre feet from Boise River in Arrowrock Reservoir; also affidavits of publication from the Emmett Messenger and the Glenns Ferry Gazette.

The statutory fee in connection with this proof amounts to \$20.00. This is at the rate of \$5.00 for the first 2,500 acre feet, and 30 cents for each additional 250 acre feet.

Upon receipt of this fee, a Certificate of Completion of works will be issued.

Very truly yours,

JAMES SPONFORD
State Reclamation Engineer
By

Chief Clerk

A

AFFIDAVIT OF PUBLICATION

State of Idaho }
County of Elmore } ss.

Rupert L. Cline, Publisher of the Glenns Ferry Gazette, being first duly sworn, on his oath deposes and says:

completion of works for the storage and diversion of 15,000 acre feet of the waters of Boise River in accordance with the terms and conditions of a certain permit heretofore issued by the Commissioner of Reclamation of the State of Idaho.

1. The name of the person or corporation holding said permit is United States of America acting through R. J. Newell, Construction Engineer, Bureau of Reclamation, Boise, Idaho.

2. The postoffice address of such person or principal place of business of such corporation is P. O. Box 937, Boise, County of Ada, State of Idaho.

3. The number of such permit is R. 652, and the date set for the completion of such work is October 22, 1943.

4. Said water is to be used for irrigation and domestic purposes.

5. Said works of diversion will be fully completed on the date for such completion, and the amount of water which said works are capable of storing and conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 15,000 acre feet.

6. The amount of lands for which water is available is 197,593 acres, particularly described as follows: Lands of the Boise federal reclamation project in Ada and Canyon counties.

James Sofford
Commissioner of Reclamation
State Reclamation Engineer
(8-5 to 26)

That he is and was during all of the times hereinafter mentioned, the publisher and printer of the GLENN'S FERRY GAZETTE, which was and during all of said times hereinafter mentioned, a newspaper of general circulation, published weekly and regularly at Glenns Ferry, in the County of Elmore, State of Idaho, and that the notice of which the annexed is a true and correct copy, has been published in said newspaper for a period of 3 weeks, commencing on the 5th day of

August, 1943, and ending on the 26th

day of August, 1943, both dates inclusive, and in each and every one of the consecutive issues of said newspaper during said time and that said notice so appeared in

4 consecutive issues of said newspaper.

That said notice was published in the newspaper proper and not in a supplement thereof;

That said Glenns Ferry Gazette has been continuously and uninterruptedly published and of general circulation at and in Glenns Ferry, County of Elmore, State of Idaho, during a period of more than seventy-consecutive weeks prior to the first publication of said notice.

R. W. PARIS
Commissioner of Reclamation.

R-652

PERMIT NO. R-652

Proof of Completion of Works

DEPOSITION OF HOLDER

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. United States of America, acting through R. J. Newell, Construction Engineer, Bureau of Reclamation, Boise, Idaho

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. United States of America, Washington, D.C.
Construction Engineer

Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. Permit #R-652 dated June 25, 1938. Storage of 15,000 ac. ft. of Boise River water in Arrowrock reservoir annually and diversion at Boise River Diversion Dam.

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim.

Ans. Irrigation of 197,593 acres of lands of the Boise Federal Reclamation Project in Ada and Canyon Counties, Idaho

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. Full amount of permit stored in reservoir and diverted into canals in 1938 and each year thereafter.

Ques. 6. State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. All works are fully completed and comply in all respects with terms of permit.

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. There is no variance.

Ques. 8. Give description of works, state dimensions and capacity of each part, and give cost of same.

Ans. Increasing height of Arrowrock dam 5 feet, thus increasing storage capacity 15,000 ac. ft. No additional work necessary at Diversion dam.

(Sign here.)

R. J. Newell

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, in Boise

County of Ada, State of Idaho, on this 10th
day of September A. D. 1943.

Re: Permit No. **R-652**

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. R. J. Newell
U. S. Bureau of Reclamation
Boise, Idaho

Boise, Idaho, **Sept. 8, 1943**

Dear Sir:

I enclose herewith the following forms to be used in connection with proof of completion of works under Permit No. **R-652**-----

Deposition of Permit Holder,
Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of the permit holder's rights:

1. On **Sept. 10, 1943**-----, the date set for proof of completion of works, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at **Boise, Idaho, before William L. Vernon, Notary Public.**-----

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

JAMES SPOFFORD
State Reclamation Engineer

~~Commissioner of Reclamation~~

We are sending sufficient blanks, so that you may have four copies of each for your own files, which we understand is what you require.

R-652

Notice for Publication

Notice is hereby given that at 10 A.M., on the 10th day of September 1948, at Boise, County of Ada, State of Idaho, before William I. Verman proof will be submitted of the completion of works for the storage and diversion of 11,000 cusec feet of the waters of Boise River in accordance with the terms and conditions of a certain permit heretofore issued by the Commissioner of Reclamation of the State of Idaho.

1. The name of the person or corporation holding said permit is United States of America acting through E. J. Howell, Construction Engineer, Bureau of Reclamation, Boise, Idaho
2. The postoffice address of such person or principal place of business of such corporation is P.O. Box 887, Boise, County of Ada, State of Idaho.
3. The number of such permit is 2-022, and the date set for the completion of such work is October 22, 1948
4. Said water is to be used for irrigation and domestic purposes.
5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of storing and conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 11,000 cusec feet
6. The amount of lands for which said water is available is 127,000 acres, particularly described as follows: lands of the Boise National reclamation project in Ada and Canyon counties.

That any protests against the approval of this application must be filed in the Department of Reclamation within forty (40) days of the date of this notice; such protest shall state the name and address of the protestant and shall clearly set forth his objections to the approval of the said application.

DATED This 25th day of August, 1938.

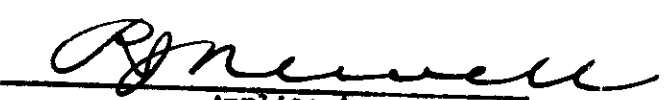

Commissioner of Reclamation

Date of first publication:

Date of last publication:

Last date for protest: October 4, 1938.

SERVICE of the foregoing, by copy, is hereby admitted this 30 day of August, 1938.

Applicant

AFFIDAVIT OF PUBLICATION

STATE OF IDAHO,)
COUNTY OF ELMORE) ss.

Rupert L. Cline, being first duly sworn, on his oath deposes and says:

That he is and was during all of the times hereinafter mentioned the publisher and printer of the GLENN'S FERRY GAZETTE, which was and during all of said times hereinafter mentioned, a newspaper of general circulation, published weekly and regularly at Glenns Ferry, in the county of Elmore, State of Idaho, and that the notice of which the annexed is a true and correct copy, has been published in said newspaper for a period of 4 3 weeks, commencing on the 1st day of September, 19 38, and ending on the 15th day of September, 19 38, both dates inclusive, and in each and every one of the consecutive issues of said newspaper during said time and that said notice so appeared in 3 consecutive issues of said newspaper.

That said notice was published in the newspaper proper and not in a supplement thereof;

That said Glenns Ferry Gazette has been continuously and uninterruptedly published and of general circulation at and in Glenns Ferry and in the said County of Elmore, State of Idaho, during a period of more than seventy-eight consecutive weeks prior to the first publication of the said notice.

Rupert L. Cline

Subscribed and sworn to before me this 27th day of September, 19 38.

C. G. Babson
Notary Public for Idaho,
Residing at Glenns Ferry, Idaho

R-652

UNITED STATES
DEPARTMENT OF THE INTERIOR
BUREAU OF RECLAMATION

Boise, Idaho
September 28, 1938

Mr. R. W. Faris
Commissioner of Reclamation
State of Idaho
Boise, Idaho

Dear Mr. Faris:

Reference is made to Application No. R-25986 made by the United States of America on June 25, 1938, to store and appropriate 15,000 acre-feet per annum of the waters of the Boise River at Arrowrock Dam for irrigation and domestic purposes.

Transmitted herewith are proofs of publication of the notice as required by State law, which were submitted by the Cascade News and Glerms Ferry Gazette.

Very truly yours,

R. J. NEWELL
Construction Engineer

Encs.

R-652

Bond.

KNOW ALL MEN BY THESE PRESENTS, That United States of America, acting through its agent, R. J. Newell, Construction Engineer, Bureau of Reclamation of Boise, Idaho, as principal, and National Surety Corporation, a New York corporation, New York, New York

as surety, are held and firmly bound unto the State of Idaho in the full and just sum of One Thousand and No/100 - - - - - (\$ 1000.00) Dollars, lawful money of the United States, to the payment of which sum, well and truly to be made, said principal and surety bind themselves, their heirs, administrators, executors and assigns, jointly and severally, under the terms and conditions hereinafter set forth.

The terms of this obligation are such that, whereas the above named principal on the 25th day of June, 1938, filed in the office of the Commissioner of Reclamation in Boise, Idaho, a certain application for permit to appropriate the public waters of the State of Idaho, the said application being thereupon numbered No. R-25986 in accordance with which said application the Commissioner of Reclamation granted and issued to the said principal herein a certain permit numbered No. R-652, a full, true and complete copy of which application No. R-25986 and permit No. R-652, is of record in the office of the Commissioner of Reclamation in Book R-2 of Permits, at Page 652

Now, if the above bounden principal shall faithfully carry to completion the said works of diversion as specified in said application No. R-25986 and permit No. R-652, in the manner and form prescribed therein and within the time therein allowed, then the above obligation to be void, otherwise to remain in full force and effect.

IN WITNESS WHEREOF, The said principal and surety have hereunto set their hands and seals, this 17th day of December, 1938.

WITNESSES:

UNITED STATES OF AMERICA
By R. J. Newell (SEAL)
Construction Engineer

NATIONAL SURETY CORPORATION (SEAL)

**NOTIFICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 10:00 a.m. on the 22nd day of October, 1953, at Bureau of Reclamation office at Fairview (U.S. Highway 30) and Orchard Avenue, County of Ada, State of Idaho, before R. H. Harris, Notary Public, proof will be submitted of the application to beneficial use of 15,000 acre feet of the waters of Boise River, as stored at Arrowrock Reservoir in accordance with terms and conditions of Permit No. R-652 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are United States of America, acting through the Regional Director, Region 1, Bureau of Reclamation, Box 937, Boise, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 15,000 acre-feet.

The place where said water is used lands of the Boise federal reclamation project in Ada and Canyon Counties, as particularly described in Permit No. R-652.

The name of the canal or ditch or other works by which said water is conducted to such place of use is the various canals and ditches participating in the Boise federal reclamation project.

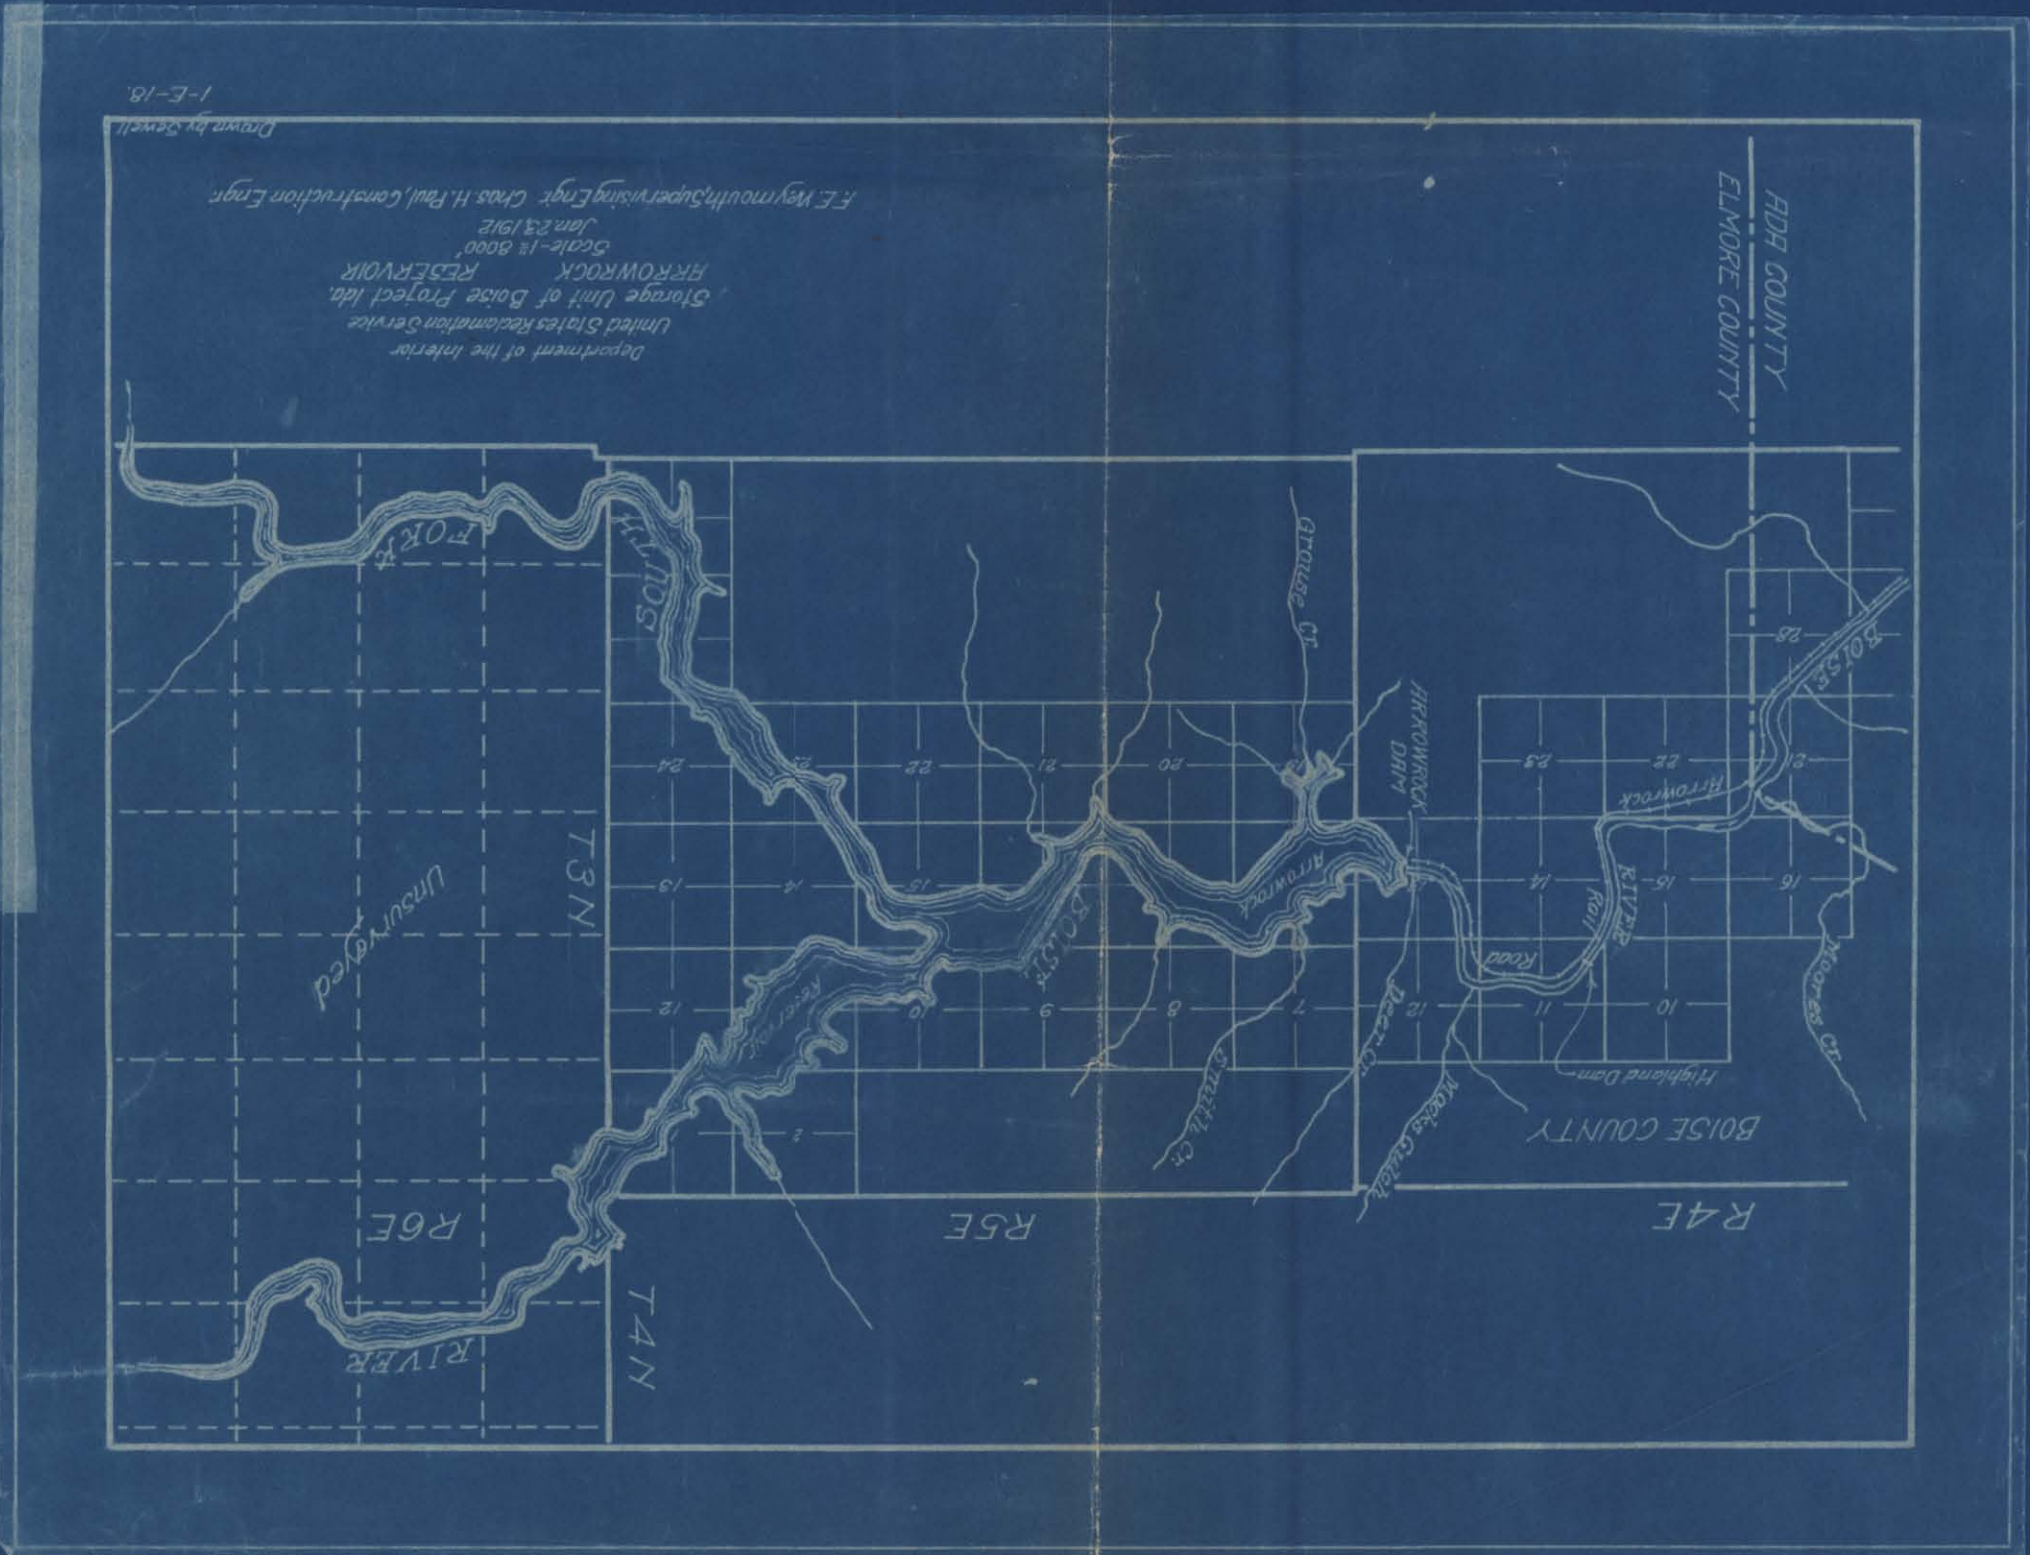

The right to take water from such works is based upon Permit No. R-652.

The source of supply from which such water is diverted is Arrowrock Reservoir, from Boise River. The date of priority which said user is prepared to establish is June 25, 1938.

MARK R. KULP,

State Reclamation Engineer

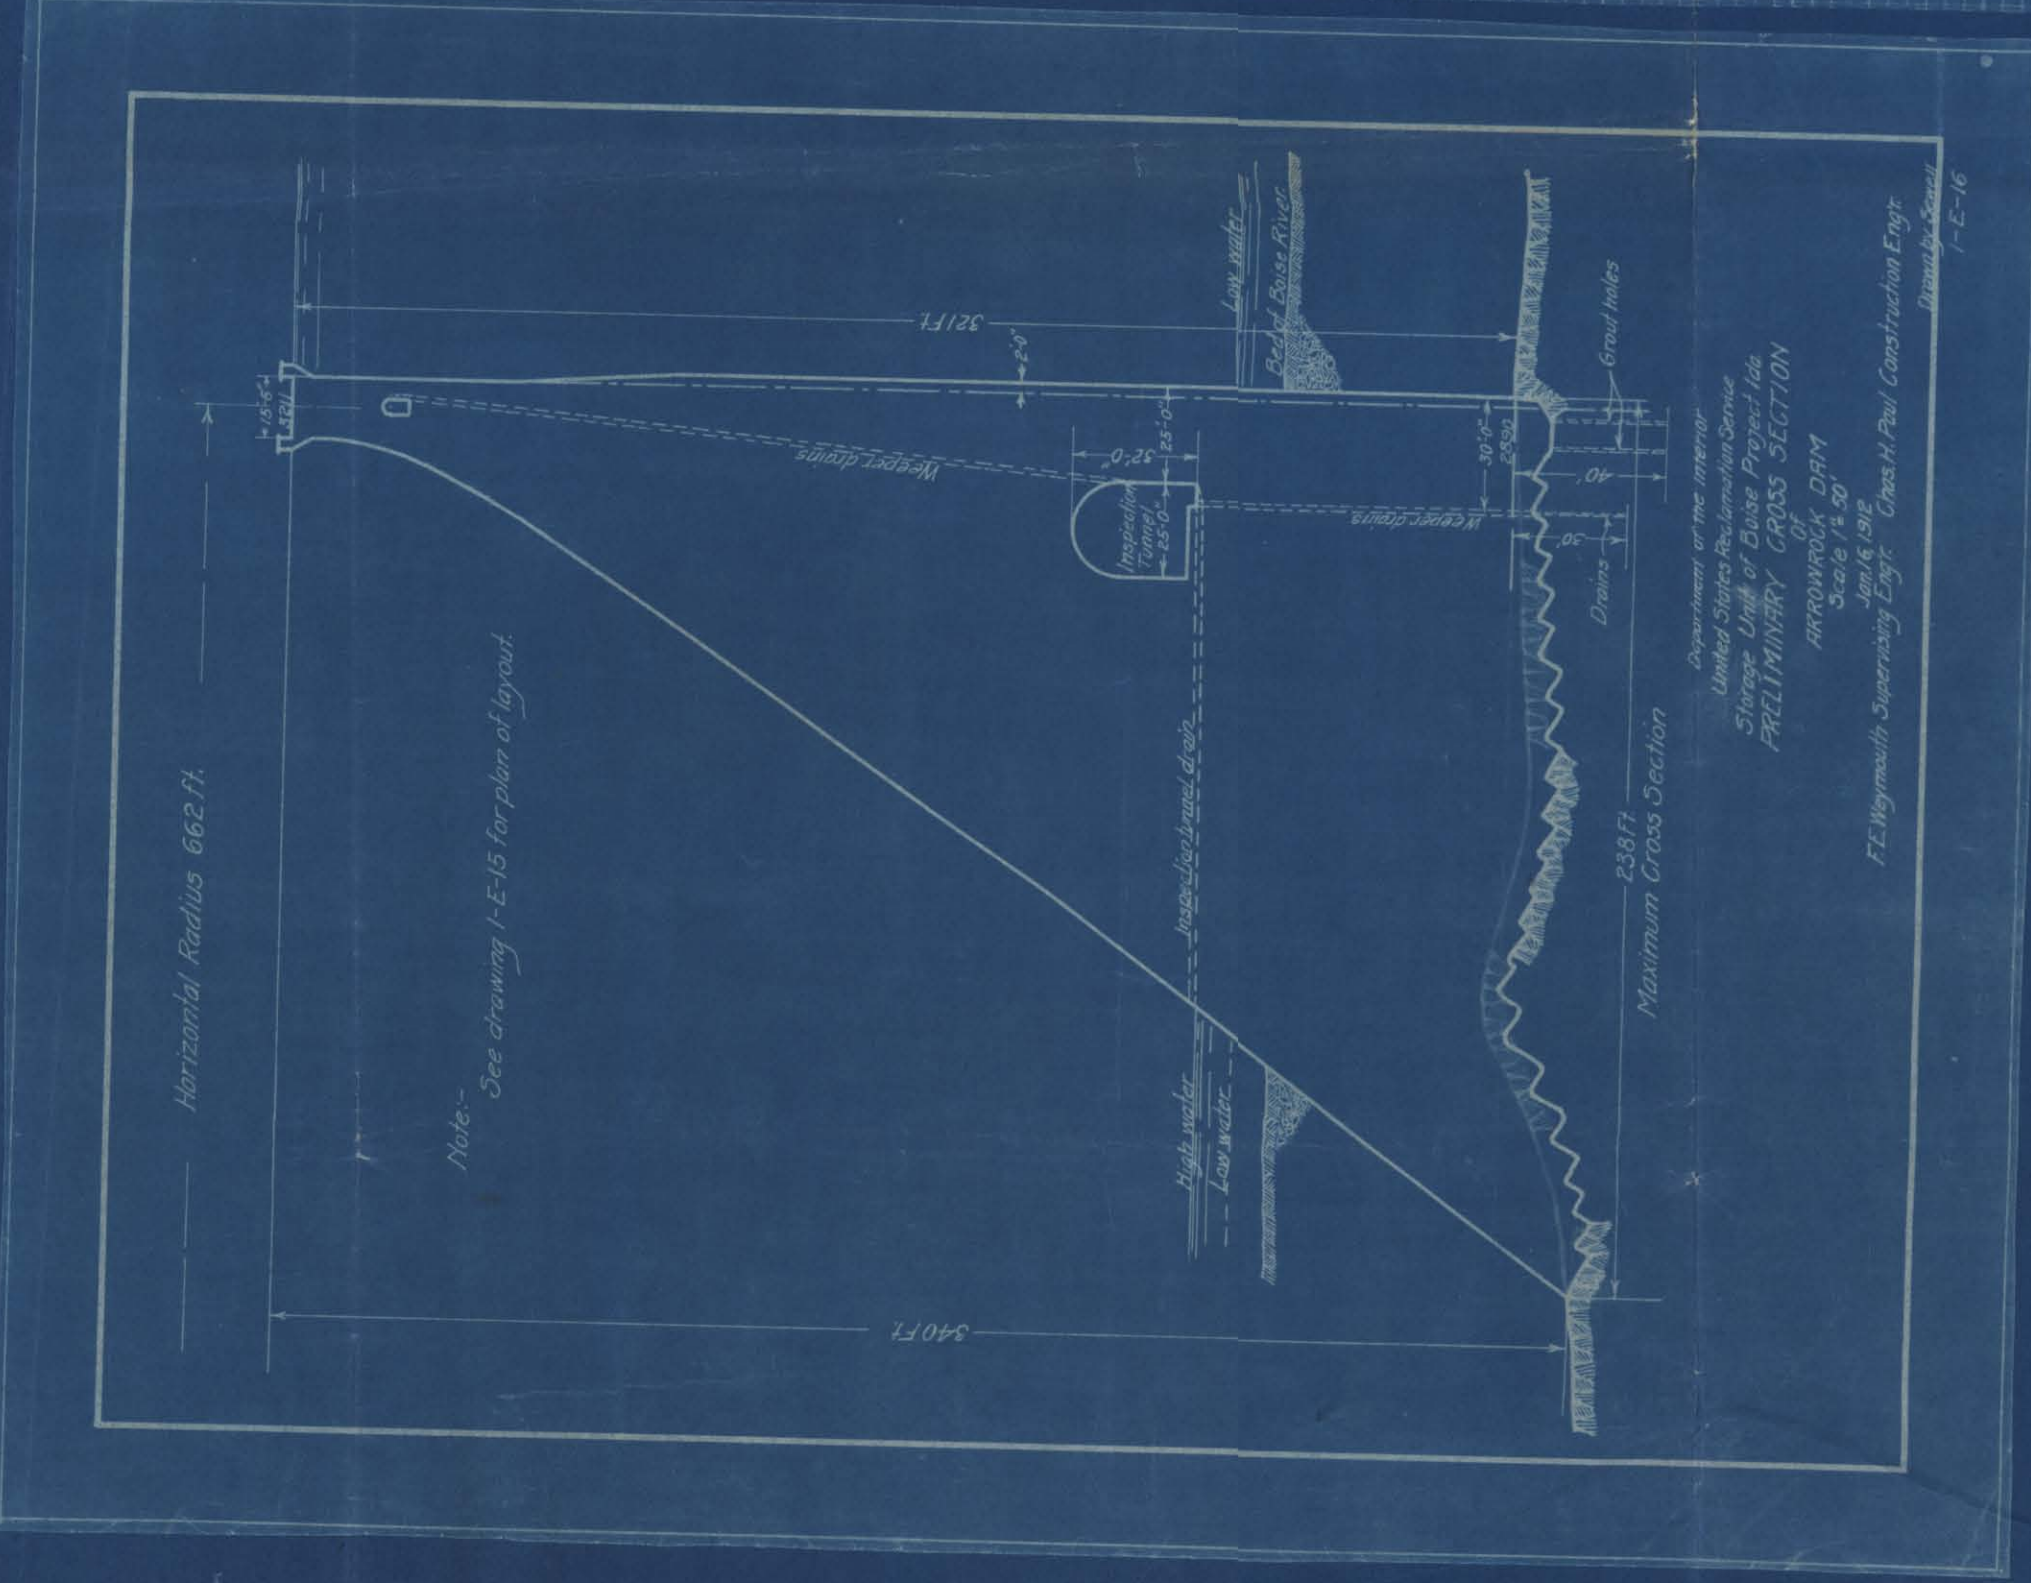

No. 218—Sept. 5-12-19-26

Boise, Idaho,
October 25, 1915.

I, J. B. Weymouth, Senior Engineer, Boise
Project of the United States Reclamation Service,
do hereby certify that the accompanying maps and
cross sections were made under my general super-
vision, that the same are correct and that in my
estimation the works thereon shown are sufficient
to properly irrigate the lands in the proposed
New York Irrigation District.

J. B. Weymouth
Senior Engineer.
