Dear Mrs. Oswald:

A representative of this Department has made an examination of the works covered by your Permit No. 33327/63-3563 and has found the following:

Quantity of water diverted: 1.04 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 1.04 cfs

The maximum quantity diverted shall not exceed 504.5 acre feet per year.

Beneficial use: irrigation of 127 acres within the NW 1/4, S 1/4, NW 1/4, Sec. 11, Twp. 5 N, Rge. 3 W

Point of diversion: SE 1/4, Sec. 11, Twp. 5 N, Rge. 3 W, B.M.

Priority date established: November 17, 1966

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth in this letter.

Sincerely,

Mr. Charles Weber
Route # 7
Caldwell, Idaho 83605

Dear Mr. Weber:

Our records show this unit has 240 feet of 8" x 2 x 1-1/8 column, and a 7 stage LOWEL bowl unit with porcelain lined impellers and an 8" short suction nipple.

Under original normal conditions, this unit would produce approximately 800GPM from 224 ft. less friction losses of about 5 feet, depending upon condition of the 8" column pipe which our records indicate was used pipe.

By copy of this letter we are requesting our representative in Twin Falls, Layne Pumps Incorporated to call on you.

Thanking you for your inquiry, we remain

Dear Mr. Oswald:

One of the conditions of approval of your water Permit No. G-33327/63-3563 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before November 28, 1971. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Re: Permit No. G-33327 (New No. 63-3563)
Leo H. Oswald

Mrs. Iva Oswald
Route 1
Caldwell, Idaho 83605

Dear Mrs. Oswald:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department; previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply them upon request at any time.

Very truly yours,
