Dear Mr. Jemmett:

O In reference to permit 32311, please be advised that the assignment submitted by Mr. Bill Wood has been recorded. Enclosed please find a copy of the recorded assignment.

P Having reviewed each of the two permits and having contacted the News Tribune, the Department finds that a notice was never published for permit 32311. In order to proceed, it is necessary that the Department have your authorization to publish notice of the existence of your permit at your expense. We have enclosed a notice proposed by the Department. Please review it and if you agree with the intent of this notice please sign the authorization and return it to the Department. We will then cause the notice to be published once a week for two consecutive weekly issues of the Caldwell News Tribune. Previously this notice had to be advertised for four weeks prior to submitting proof. You as the permit holder will be required to obtain an affidavit of publication from the above referenced news-paper and to submit it to the Department. You will be notified as to the dates on which the notice will be published.

Y Complete the enclosed proof form and have it notarized. Then submit it to the Department for review. The Department will issue a license after you have submitted the affidavit of publication and a ten day protest period has elapsed.

Also enclosed is an order which allows the Department to modify the permit to conform with present legislation and to allow the permit holder to submit the above required articles. The order also relieves the permit holder of any licensing fees.

If you have any questions, please feel free to contact the Department.
