Dear Charlie:

Under Section 42-238 of the Idaho Code, you are required, within thirty days, to file a properly executed driller's log of all wells. This information is also required before a Ground Water Permit can be issued. I have checked with the State Reclamation Department and this is all that is lacking to complete my filing. I would appreciate it if you would submit it immediately.

The well is located in the SW⁴ SE⁴ of Section 31, Township 7 North, Range 5 East, Boise Meridian. This information should be filed with Permit No. G 31432.

Sincerely,

Davis C. Toothman
