

Legal Notice

NOTICE OF PROOF OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that 10 A.M., on the 29th day of May, 1959, at Boise, County of Ada, State of Idaho, before Harley M. McDowell, Notary Public, at 618 Idaho Bldg., Boise, Idaho, proof will be submitted of the completion of works for the diversion of 2.4 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-26462 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Jay P. Munsey, 2603 Indiana Ave., Caldwell, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 2.4 cubic feet per second.

3. The use to which said water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use is 2.4 cubic feet per second.

4. The point of diversion of said water is SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 25, T3N-R4W., B. M.

5. The place where said water is used is S $\frac{1}{2}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 25, T3N-R4W., B. M.

6. The date of priority which said user is prepared to establish is 7-19-56.

GEORGE N. CARTER,
State Reclamation Engineer.
April 30, May 7-14-21, 1959.

POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS, That We, JAY P. MUNSEY (one and the same person and sometimes known as J. P. Munsey) and TOLA NADINE MUNSEY, husband and wife, of Caldwell, Canyon County, State of Idaho, do hereby appoint C. L. MUNSEY, now of Caldwell, Canyon County, Idaho, our attorney for us and in our name to ask, demand, sue for, collect, recover and receive all sums of money, debts, dues, accounts, interests, dividends, annuities and demands whatsoever as are now or shall hereafter become due, owing, payable or belonging to us, and have, use and take all lawful ways and means in our names or otherwise for the recovery thereof by legal action, by attachments, arrests, distress or otherwise, and to compromise and agree for the same, and acquittances or other sufficient discharges for the same, for us, and in our names to make, seal and deliver; to sell, convey, mortgage, hypothecate, and in any and every way and manner deal in and with goods and merchandise, choses in action, and other real and personal property, in possession or in action, and to make and execute as our attorney in fact deeds, mortgages, leases, and any and all instruments necessary or proper to carry out the terms and conditions of this instrument and to make, execute and deliver all instruments necessary or proper to carry into execution the powers herein given; and to release mortgages on lands or chattels, and to make, do and transact all and every kind of business of whatsoever nature and kind. Also to lease, let and demise tenements and hereditaments, upon such terms and conditions, and under such covenants, as he shall think fit, and also for us and in our names and as our act to sign, seal, execute and deliver and acknowledge such leases and assignment of leases, covenants, indentures, agreements, evidences of debt, releases, and satisfaction of mortgages, judgments and other debts and such other instruments in writing of whatever kind or nature as may be necessary or proper in the premises. Giving and granting unto our said attorney full power to receive for us and as our attorney all

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Re: Permit # G-26462

Jay P. Munsey
c/o C. M. Munsey
2603 Indiana Ave.
Caldwell, Idaho

Dear Mr. Munsey:

Statutes requires a field inspection in connection with the proofs on Permit # G-26462 before license and certificate of water right can be issued.

Such inspection and report on same is required for any and all permits being brought to license within this State.

An inspecting Engineer from this Department requests that you or someone familiar with the terms of the permit and representing you be prepared to accompany him on the inspection, on Friday, June 3, 1960

If he cannot get in touch with you by phone or otherwise he will drive to the well location or point of diversion given in the permit.

Very truly yours,

GEO. N. CARTER

RE: Permit No. C-~~27017~~ ²⁶⁴⁶²
Jay P. Munsey

Mr. C. E. Munsey, acting thru Power of Attorney
for Mr. Jay P. Munsey
2603 Indiana Avenue
Caldwell, Idaho

Dear Mr. Munsey:

We acknowledge receipt of the Deposition of Holder and two witnesses,
also affidavit of publication in The Weiser Review, all submitted in
proof of completion of works and beneficial use on Permit No. C-27017.

Before final action is taken in the matter, the law requires that a
field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field
engineer will try and contact you at the time he makes the examination
so that arrangements may be made to show him over the grounds.

Very truly yours,

Legal Notice

NOTICE OF PROOF OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that 10 A.M., on the 29th day of May, 1959, at Boise, County of Ada, State of Idaho, before Harley M. McDowell, Notary Public, at 618 Idaho Bldg., Boise, Idaho, proof will be submitted of the completion of works for the diversion of 2.4 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-26462 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Jay P. Munsey, 2603 Indiana Ave., Caldwell, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 2.4 cubic feet per second.

3. The use to which said water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use is 2.4 cubic feet per second.

4. The point of diversion of said water is SE 1/4 NW 1/4, Sec. 25, T3N-R4W., B. M.

5. The place where said water is used is S 1/2 NW 1/4, NE 1/4 SW 1/4, Sec. 25, T3N-R4W., B. M.

6. The date of priority which said user is prepared to establish is 7-19-56.

GEORGE N. CARTER,
State Reclamation Engineer.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

RECEIVED
JUN 23 1956
Department of Reclamation

Permit No. G-26462

Proof of Application of Water to Beneficial Use

Deposition of Holder ^{and Completion of Works}

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. C. M. Munsey, 2603, Indiana Ave., Caldwell, Idaho; occupation, farming; postoffice address, same. I am submitting this proof for Jay P. Munsay, my son and have power of attorney which will be furnished and filed in your office.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Individual.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit #G-26462; date of permit, 7/25/56; date of priority 7/19/56.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source of water is a drilled well located 300' west and 660' north from the southeast corner of SE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 25, T 3 N - R 4 W., B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Works consist of a drilled well to a depth of 300', gravel packed, cased with 12" casing all the way. Water stands around 160'. The pump is turbine type and has 50 h.p. motor and Peerless pump with 8" column which will discharge 70-75 miner's inches. This is all by sprinkler irrigation at the present time. Has full 3/4 main line, starts at 6", reduces to 4". 4- 1/8 mile lines (laterals) and operate around 65 heads. These are each supposed to deliver 5 gpm and operate under 40-45 lb. pressure. I have a 30 h.p. booster motor on this line. I measured the water through a headgate myself and this is the best estimate I can give.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation of 40 acres in SE $\frac{1}{4}$ NW $\frac{1}{4}$, 40 acres, SW $\frac{1}{4}$ NW $\frac{1}{4}$, 30 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 25, T 3 N - R 4 W., B.M. This is all cultivated land. All improvements are a result of said use.

J26462

B

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Irrigation only.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. I need more water actually to irrigate this 110 acres.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Original.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. None.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Permit started immediately after allowance of desert entry. Have had four crops under it counting this year.

(Sign)

Jay P. Munsey
By C. M. Munsey - Agent power of Atty.

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed

and sworn to before me, at my office in Boise, County of Ada,

State of Idaho, on this 14th day of May, A. D. 1959.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

RECEIVED
JUN 23 1959
Department of Reclamation

Permit No. G-26462

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. George Blakely; age, 68; Caldwell, Idaho; occupation, retired; postoffice address, 817 Fillmore, Caldwell, Idaho.

Ques. 2. Are you acquainted with Jay P. Munsey, the holder of Permit No. G-26462? How long have you known him and where does he reside?

Ans. I have known him over 15 years and know that he resides at 2603 Indiana Ave., Caldwell, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-26462, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Drilled well in SE 1/4, Sec. 25, T3N-R4W to a depth of 300', cased all the way. Turbine type pump and motor. Sprinkler system with 3/4 mile main line, 4-1/8 mile laterals

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I haven't seen this measured but have irrigated and have been out there and watched. I would say 75" is being conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 75". This is an estimate from my past experience.

S26462

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. For irrigation purposes on the following lands: T 3 N - R 4 W., B.M., Section 25, SE 1/4 NW 1/4, 40 acres; SW 1/4 NW 1/4, 80 acres; NE 1/4 SW 1/4, 30 acres. This is all cultivated land. Improvements are a result of cultivation.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Irrigation only.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is sandy loam. Good land when irrigated and requires this much water at least.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I saw this land in sagebrush before and have watched the well being drilled and the whole process several times a year.

(Signed) George Blahley

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise, County of Ada, State of Idaho, on this 29 day of May, A. D. 19 59.

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation purposes. 40 acres in SE 1/4 NW 1/4, 40 acres in SW 1/4 NW 1/4, 30 acres in NE 1/4 SW 1/4, Section 25, T. 3. N. R. 4. W., R.M. No natural meadow. Improvements are made as a direct result of said use.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Irrigation only.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is a sandy loam. All water now being used is necessary.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen this development since it was started just after the desert entry was allowed. I have seen it several times each year.

Mr. Harley M. McDowell
P. O. Box 2161
Boise, Idaho

Dear Mr. McDowell:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-26462, in the name of Jay P. Munsey. Final proof is to be made before you, as Notary, on the 29th day of May, 1959, at 10:00 A. M., at 618 Idaho Building, Boise, Idaho.

As of this date we have mailed the Notice to the Parma Review, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date, and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that 10 A., M., on the 29 day of May,
19 59, at Boise, County of Ada, State of Idaho,
before Harley M. McDowell, Notary Public, at (address) _____
618 Idaho Bldg., Boise, Idaho, proof will be submitted of the completion
of works for the diversion of 2.4 cubic feet per second of underground
water from a well, and of the application to beneficial use of said water,
in accordance with the terms and conditions of Permit No. G-26462 heretofore
issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding
said permit is Jay P. Munsey, 2603 Indiana Ave., Caldwell, Idaho

2. Said works of diversion will be fully completed on the date set for
such completion, and the amount of water which said works are capable of con-
veying to the place of use is 2.4 cubic feet per second.

3. The use to which said water has been applied is irrigation & domestic
_____ purposes, and the amount applied to beneficial use is
2.4 cubic feet per second.

4. The point of diversion of said water is SE 1/4, Sec. 25, T3N-R4W., B.M.

5. The place where said water is used is SE 1/4, NE 1/4, Sec. 25, T3N-R4W., B.M.

6. The date of priority which said user is prepared to establish is

Caldwell, Idaho

Dear Mr. Munsey:

Our field examiner's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-26462 shows the well(~~g~~) is (~~g~~) capable of conveying 28.5 miner's inches, or 0.57 c.f.s. However, due to the limitations of your permit, we can only allow the amount of water originally requested, the amount of water actually used beneficially, or 1 (one) miner's inch per irrigated acre.

Upon receipt of the statutory fees, totaling \$ 11.00 , we will issue the Certificate of Completion of Works for 0.57 c.f.s. and the License and Certificate of Water Right for 0.57 c.f.s. confirming the right, with priority of July 19, 1956 , to the use of subterranean water with the point of diversion in SE~~1~~/~~4~~ NW~~1~~/~~4~~, Sec. 25 for irrigation of 110 acres in S~~1~~/~~4~~ NW~~1~~/~~4~~, NE~~1~~/~~4~~ SW~~1~~/~~4~~, Sec. 25, T. 3 N, R. 4 W, B.M.

Re: Permit No. G-26462

Mr. R. Doyle Symms,
Symms Fruit Ranch, Inc.,
R. R. #6,
Caldwell, Idaho.

Dear Mr. Symms:

With reference to the above permit, our records show only the one inspection completed on the well in the SE1/4, Section 25. That was made by myself September 19, 1961. There were 3 part lines on or a total of 55 nozzles with pressure ranges of 35 psi for the high to 14 psi for the low pressure. This measured out to be 2573PM or .57 cfs or 28 1/2 inches. License was issued March 22, 1962. At the time of inspection, there was a 25 HP Berkeley Submersible Pump in the well with a Centrifugal Booster Pump, and the production of this pump is what the license was issued on as this is the works that was inspected.

We cannot change the amount on the license of any permit after the license has been issued. You may file a new permit for the same point of diversion and on the same land as supplemental to the original permit as long as the total amount of license does not exceed 1 inch per acre.

Very truly yours,

RECEIVED
JUL 1 1966

Department of Reclamation

Dear Mr. Johnson:

Enclosed find application for new well as indicated on the charts. The present flow is not 75 inches water but when tested by well drillers at completion it did flow 75 inches water which we need for this 80 acres of ground. We may do some more well work to try to improve this flow.

It is indicated by your letter that well with permit # G 26462 is only licensed for 28 $\frac{1}{2}$ inches water. This is in error as original filing and well produced 70 inches water, but was only reduced to 28 $\frac{1}{2}$ because of small submersible pump placed in well after first pump became defective.

We now have a larger pump in this well which is pumping approximately 55 inches water. This should be tested by you and corrected on permit.

Very truly yours,

R. Doyle Symms
R. Doyle Symms

B26462

June 27, 1966

Re: Permit Nos. G-24027, G-26462
and G-28872

Symms Fruit Ranch, Inc.,
R. R. #6,
Caldwell, Idaho.

Gentlemen:

With reference to the wells with permits we discussed last Friday, June 24, 1966, our records show as follows:

Permit No. G-24075 - Lynn Prohaska, assigned
to Symms Fruit Ranch 7-18-60,
Licensed for 1.0 cfs (50 inches)
Point of Diversion: SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 25,
to irrigate W $\frac{1}{2}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ NW $\frac{1}{4}$, Sec. 25, Twp. 3 N.,
Range 4 W., 160 acres;

Permit No. G-26462 - Jay P. Munsey
Licensed for .57 cfs (28 $\frac{1}{2}$ inches)
Point of Diversion: SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 25,
to irrigate S $\frac{1}{2}$ NW $\frac{1}{4}$ - 30 acres,
NE $\frac{1}{4}$ SW $\frac{1}{4}$, 30 acres, Sec. 25, Twp. 3 N.,
Range 4 W.,

Permit No. G-28872 - Symms Fruit Ranch, Inc.

This permit was inspected by myself April 6, 1962, and held in suspension until proof of completion of works and beneficial use was made.

The proofs were not received in this office until May 6, 1965. The examination made in 1962 was somehow overlooked and a new report of examiner was made and put in the examination pending file. This was made October 4, 1965 by Don McEldowney. I cannot explain the third Examiner's Report.

However, the examination made in 1962 showed the well produced 1.70 cfs (85 inches) and is to be supplemental to Permit No. G-24075.

Boise, Idaho

Dear Mr. Carter:

The USA, Farmers Home Administration, no longer has an
interest in the following land.

Hazel P. Munsey - Permit No. G 22317
Jay P. Munsey - Permit No. G-26462

Our interest has been satisfied by payment in full.

Sincerely yours,

Robert J. Harrison
County Supervisor

Re: Water License No. G-26462 pertaining to the South
Half of the Northwest Quarter of Section 25, Town-
ship 3 North, Range 4 West of the Boise Meridian,
and the Northeast Quarter of the Southwest Quarter
of Section 25, Township 3 North, Range 4 West of
the Boise Meridian -- Munsey

Gentlemen:

It is my understanding that you are prepared to issue a
certificate of completion of works and a water license
regarding the above-entitled matter. It is my under-
standing that an \$11 water license fee is now due. We
enclose our trustee check in the amount of \$11 to cover
the fee and respectfully request that you issue the
license and return it to this office.

Very truly yours,

ALEXANDERSON & DAVIS

Re: Permit No. G-26462
Jay P. Munsey

C. M. Munsey
c/o Tom Radar
Star Route
New Meadows, Idaho

Dear Mr. Munsey:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-26462 shows the well is (~~also~~) capable of conveying 28.5 miner's inches, or .57 c.f.s. of water for the irrigation of 111 acres.

Upon receipt of the statutory fees, totaling \$ 11.00 , we will issue the Certificate of Completion of Works (fee \$5.00) and the License and Certificate of Water Right (fee \$ 6.00 , based at the rate of \$2.00 for each 40-acre subdivision) confirming the right, with priority of July 19, 1956 to the use of .57 second feet of subterranean water with the point of diversion in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 25 for domestic use and irrigation of 110 acres in the S $\frac{1}{2}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 25, Township 3 North, Range 4 West, B.M.

Very truly yours,

GEO. N. CARTER

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. G-26462

This proof is for Completion of Works & Beneficial Use In Water District No. _____

1. Name of applicant Jay P. Munsey

2. Source of water supply: Subterranean flow from a well

3. Location of point of diversion: Is in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 25

T. 3 N. R. 4 W.B.M. County of Canyon

4. Describe works as they exist, giving dimensions and capacities of same: 25 HP Berkeley Submersible Turbine pump #6031337 - 6" X 220' column 6" discharge into Jacuzzi Centrifugal Pump #WLG 1114 - U.S. Motor #2906029, 25 HP - Booster, 6" X 4" into 6" steel main; Well 300' X 12" cased all the way + gravel pack

5. Water is used for: irrigation and domestic

6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SE $\frac{1}{4}$ NW $\frac{1}{4}$ and NE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 25., Twp. 3 N., Rge. 4 W.B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: Mr. Darwin Symons, present venter, a long

Measured by Pitot gage at nozzles.

This examination was made on the 19th day of September, 1961

(Signed)

Larry Johnson

Examiner.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Legal Notice

NOTICE OF PROOF OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that 10 A.M., on the 29th day of May, 1959, at Boise, County of Ada, State of Idaho, before Harley M. McDowell, Notary Public, at 618 Idaho Bldg., Boise, Idaho, proof will be submitted of the completion of works for the diversion of 2.4 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-26462 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Jay P. Munsey, 2603 Indiana Ave., Caldwell, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 2.4 cubic feet per second.

3. The use to which said water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use is 2.4 cubic feet per second.

4. The point of diversion of said water is SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 25, T3N-R4W., B. M.

5. The place where said water is used is S $\frac{1}{2}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 25, T3N-R4W., B. M.

6. The date of priority which said user is prepared to establish is 7-19-56.

GEORGE N. CARTER,
State Reclamation Engineer.
April 30, May 7-14-21, 1959.
