Dear Sirs:

We have purchased the farm from Calvin Hull and W. C. Altig located $\frac{1}{2}$ mile north of Greenleaf, Idaho. We have a License and Certificate of Water Right from them. The Water License NO. is 26428.

We understand that there is a small fee payable every few years to you. Will you please inform us as to the amount and when the payment is due. Is there anything that must be done to transfer this water right over to us since we purchased the property from Hull's?

Yours truly,

Dear Mr. Redmon:

Thank you for your letter of June 28, 1968 concerning the above referenced water license. The permit which Mr. Hull was referring has been licensed and all fees are paid. We do not have a perpetual land type payment required for your water license; therefore, you should consider this water right as perfected and no additional fees required.

Please contact us if we may be of further assistance.

Calvin H. & Lela G. Hull,
Route 2,
Caldwell, Idaho.

Dear Mr. & Mrs. Hull:

This acknowledges the Notice of Proof of ~~Beneficial Use of Water~~ Application of water to Beneficial Use under Permit No. 26428. The proofs are to be made at 10:00 o'clock A.M., on the 22nd day of July, 1964, before H. A. Tatum, Caldwell, Idaho, Notary Public.

As of this date, we have mailed the Notice to the News Tribune Caldwell, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Very truly yours,

Dear Mr. Hull:

Returned herewith is your proof of completion of works with attached check for \$5.00. Also enclosed is a form, Application for Amendment to land list.

Under "Eighth" of the proof you describe land which is one quarter of a mile south of the land described in our record of the permit; S₂NE₄, SE₄NW₄, Sec. 16, T. 4 N., R. 4 W., B. M.

The land you describe must agree with our record of the permit. Change the land if you show it incorrectly in your proof. If your description is correct in the proof, complete the enclosed form showing the land actually to be irrigated and return with the proof form.

There is a fee of \$1.00 for recording an amendment to a permit which would make the total fee of \$6.00, providing the amendment is necessary.

Dear Sir:

Under the terms of your permit No. 26428 you are required to complete your diversion works on or before July 25, 1961. I enclose blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Dear Sir: Your note of July 16 received. I have been checking. My land is in Drainage district #6. Part of the West Side drain ditch is in Dist. #6, but the lower end about ^{one} mile is in no drainage district. That is the part I am interested in. John Turner of Caldwell suggested that the Riverside Irrigation would have jurisdiction over that. They say they have nothing to do with that drain ditch or the water in it until it comes into their canal. I saw Mr. Gurnsey Abbott, a member of the Riverside district board. He was sure I would get ~~there~~ their consent to take the water but he couldn't give me a letter until they had their next board meeting the first Saturday in Aug.
