Department of Reclamation

— LEGAL NOTICE —

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A.M. on the 25th day of January, 1957, at Parma, County of Canyon, State of Idaho, before Ernest Anderson, Notary Public, proof will be submitted of the application to beneficial use of 1.6 cubic feet per second of the waters of Drainage & waste water-ditch in NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 18, Twp. 6 N., Rge. 5 W. in accordance with the terms and conditions of Permit No. 26385 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are James P. Lane, Rt. No. 2, Parma, Idaho.

The use to which said water has been applied is Irrigation.

The amount applied to beneficial use is 1.6.

The place where said water is used Lots 2 & 3 and S $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 7, Twp. 6 N., Rge. 5 W.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Waste way (no name).

The right to take water from such works is based upon Permit No. 26385.

The source of supply from which such water is diverted is Waste way and drainage ditch flowing continuously which is a tributary of Boise River.

The date of priority which said user is prepared to establish is June 8, 1958.

MARK R. KULP

State Reclamation Engineer.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 34282
 PERMIT No. 26385
 DISTRICT No.

James P. Lane
 R # 2.
 Parma, Idaho

1. Name of Applicant: JAMES P. LANE

Postoffice address: R# 2, Parma

County: Canyon

State: Idaho

I. If applicant is a corporation, give: Not a corporation.

(a) Date and place of incorporation:

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are:

(a) Cash on hand:

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

2. Quantity of water claimed: 80 inches or One and 3/5ths cubic feet per second.

3. Source of water supply: Drainage and Waste Water Ditch-/
 Flowing continuously which is a tributary of Boise River (indirectly)

4. Location of point of diversion: About 250 feet, South feet distant from the Northeast

corner of Section 18, T. 6 N., R. 5 W., B. M., and is in the NE $\frac{1}{4}$ of the NE $\frac{1}{4}$

of Section 18, T. 6 N., R. 5 W., B. M., County of Canyon, State of Idaho

5. Water is to be used for Irrigation

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B. M., in the of Section, T., R., B. M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B. M., in the

of Section, T., R., B. M.

7. Estimated cost of works: \$ 3000.00 ; Operated with a 15 H.P. Electric Motor, with an attached Peerless Pump. Already in operation. Pumping plant, with conduit consisting partly of steel pipe and partly of

8. Kind of works: concrete pipe from the pumping plant to the land to be irrigated.

9. Height of dam 2 $\frac{1}{2}$ feet; length of dam at top five feet; length of dam at bottom seven

feet; material used in dam: cement dam

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

The steel pipe is 8 inches in diameter and runs for a distance of 400 feet, and the cement pipe is 10 dimensions of flume:

inches in diameter and runs for a distance of 1200 feet.

Diameter of pipe inches; length of conduit 1600 feet miles.

Average grade per mile feet.

12. The time required for the completion of such work is it is now fully years. completed and in operation. (Six Months)

13. The time required for the complete application of the water to the proposed use is five additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:

none-depend entirely upon the water from this pumping plant.

16. (a) Is reservoir to be used? **No** If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 26385This proof is for Beneficial Use In Water District No. _____

1. Name of applicant James P. Lane
2. Source of water supply: Drainage and waste water ditch
3. Location of point of diversion: Is in the 250 feet, South distant from NE corner in NE 1/4 of Section 18
T. 6 N. R. 5 W., B.M. County of Canyon
4. Describe works as they exist, giving dimensions and capacities of same: Water is diverted from a large drain ditch in the bottom of the draw thru a stub ditch as indicated on the map, to the pump where it is lifted thru 8" steel pipe to the top of the bench and then carried in a larger concrete pipe to the ditch headings, then thru ditches to fields by gravity. Motor is a fifteen h.p. U.S. vertical, driving a Peerless Turb. four stage pump. 8" delivery thru a 45 foot lift. There is a 4'x4' concrete sump and a well house over the pump and motor. The main delivery heading is thru a large concrete box. There is also one outlet that is made from an old oil drum. In block 5 a concrete pipe line with outlets every few feet makes irrigation easy.
5. Water is used for: Irrigation
6. State whether or not water has been turned into works of diversion: yes
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Blocks 5 and 6 of Oregon-Idaho Orchard Co. Subdivision of Sec. 7., Twp. 6 N.,Rge. 5 W., B.M.Also lots 2 and 3 of Sec. 7., Twp. 6 N., Rge. 5 W., B.M.See map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Snake River

Remarks: _____

Crops are hay grain and row crops.Mr Lane accompanied me on the inspection.This filing has been made to prevent others from dipping into his source of supply and taking his water.He has some rights in the Farmers Coop ditch, but being on the honest end of the ditch he decided on a more stable supply where it was possible.This examination was made on the 3rd day of April, 19 57(Signed) E. N. Humphrey

Dear Mr. Lane:

An inspection is required by law on any permit being brought to license in the State of Idaho.

I intend to make inspection in regard to your Permit No. 26385 on Wednesday afternoon, April 3, just as soon as I am finished making inspection at the Standal place.

Please be prepared to accompany me on the inspection or arrange to have someone who is familiar with your irrigation system to take your place.

Your cooperation will be appreciated.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. 26385
James P. Lane

Mr. Ernest Anderson
Attorney at Law
Parma, Idaho

Dear Mr. Anderson:

We acknowledge receipt of the depositions of Mr. James P. Lane, the holder of the Permit and two witnesses, also affidavit of publication The Parma Review, all submitted in proof of Beneficial Use on Permit No. 26385.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact Mr. Lane at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

January 25, 1957.

Mr. Mark R. Kulp,
State Reclamation Engineer,
State Capitol Building,
Boise, Idaho,

Dear Sir:

Re: Permit No. 26385
James P. Lane,
R#2. Parma, Idaho.

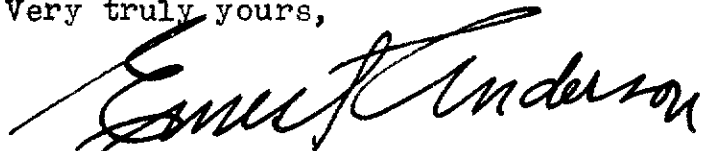

I am enclosing herewith the following instruments in connection with the Proof of Application of Water to Beneficial Use, in the above matter, to-wit:-

1. Affidavit of Publication
2. Deposition of Holder
3. Deposition of Witness-Walter F. Johnson.
4. Deposition of Witness-Rex E. Nichols.

If there is further date let me know, and I will endeavor to supply the same.

If there are any further charges kindly notify and remittance will be sent you.

Very truly yours,

Attorney for James P. Lane-
the permit holder.

26385

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 26385

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. James P. Lane, R#2. Parma, Idaho. Farmer.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. No corporation

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 26385-June 8, 1956. Priority Claimed as of June 8, 1956
I have, however, used said water for more than 5 years.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. From Drainage and Waste Water Ditch, original origin
Boise River. 250 feet, South distant from NE Corner of Sec. 18,
T. 6 N. R. 5 West of the Boise Meridian, Canyon County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Water pumped by means of an electric pump, capable of pumping
80 inches, Water conducted to place of use by means of a lateral
conveyed from pump to top of hill 400 feet with an iron pipe,
8 inch, and then through 1200 feet of 10 inch concrete title.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water to be used for irrigation: Used on Blocks 5 and 6 of Oregon-
Idaho Orchard Co. Subdivision of Sec. 7, T. 6 N. R. 5 W, of B. M.,
Canyon County, Idaho. and also Lots 2 and 3 of Section 7, T. 6 N.
R. 5 West of the Boise Meridian, Canyon County, Idaho.

26385

11725

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. For Irrigation purposes only.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 80 inches

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. ---

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. It has been used on all of the said lands continuously for several years, and crops have been grown continuously on said lands seven or eight years.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None.

Department of Reclamation

PERMIT NO. 26385

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Walter F. Johnson, Age 71 years, R#2. Parma, Idaho. Farmer

Ques. 2. Are you acquainted with James P. Lane, the holder of Permit No. 26385? How long have you known him and where does he reside?

Ans. I have known him twenty years. He resides on R#2. Parma, Idaho.

Ques. 3. Have you read or heard read said Permit No. 26385, and are you familiar with its provisions and conditions?

Ans. Yes. I am.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Drainage and Waste Water Ditch; Original origin from Boise River; 250 feet South from the Northeast corner of Sec. 18, T. 6 N. R. 5 W. of B. M. Canyon County, Idaho. Works consists of a 15 H. P. Electric Motor, operating a Peerless Pump. The pump lifts the water about 45 feet to a cement pipe, and then is diverted upon the land. The diversion works consists of about 400 feet of 8 inch iron pipe from the pump, which connects with about 1200 or 1300 feet of 10 inch cement pipe

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 80 inches, or about 1 and 3/5ths second feet. I have seen about that much water conducted to place of use.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation; On the following lands, to-wit:- Lots 5 and 6 of Oregon-Idaho Orchard Co., Subdivision of Section 7, Township 6 North, Range 5 West of the Boise Meridian,

ALSO

Lots 2 and 3 of Section 7, T. 6 N. R. 5 West of the Boise Meridian
All of said land being used for row crops, mostly, altho there is about 17 or 18 acres in alfalfa hay.

26385

Ans. --For irrigation only--

Ans. Land is a sandy loam. The amount of water required will be about 80 inches, or about one inch per acre

Ans. None whatever.

Ans. I have observed the use of water on said lands by means of the said pumping system for more than 5 crop years. The pumping system was put in more than five years ago.

A. D. 1957.

Ernest Cenderson

My commission expires February 11, 1958.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 26385

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Rex E. Nichols, Age 32, Residence on R#2, Parma, Idaho.
Farmer.

Ques. 2. Are you acquainted with James P. Lane, the holder of Permit No. 26385? How long have you known him and where does he reside?

Ans. I have known him five years. He resides on R#2, Parma, Idaho.

Ques. 3. Have you read or heard read said Permit No. 26385, and are you familiar with its provisions and conditions?

Ans. I have read it, and I believe I understand its terms.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. From a waste water and drainage ditch-The water in the said ditch no-doubt originally came from, or comes from, the Boise River, indirectly. The point of diversion is the NE corner of Section 18, T. 6 N. R. 5 W. of Boise Meridian. Water is pumped on said with a 15 H. P. Electric Motor, attached to a Peerless Pump.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. About 80 inches, which is the equivalent of 1 and 3/5ths second feet

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is to be used for irrigating the following lands owned by James P. Lane, the applicant, to-wit:- Blocks 5 and 5 of Oregon-Idaho Orchard Co., Subdivision of Section 7, Township 6 North, Range 5 West of the Boise Meridian, as shown by the Plat thereof on file in the office of the County Recorder of Canyon County, Idaho, otherwise described as the SE₁ of the SE₁, and Lot 4, of Section 7, T. 6 N. R. 5 W. of Boise Meridian,

and
Lots 2 and 3 of Section 7, Township 6 North, Range 5 West of of the Boise Meridian. Canyon County, Idaho.

A total of about 80 acres.

26385

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Not for power-For irrigation only.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is largely of a sandy-loam. The amount of water required is about 1 inch per acre, or a total for the entire acreage of 80 inches.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have for more than five years observed the use of the said amount of water on the said lands; the pumping plant has been in not less than 5 years, and I believe it was 6 years ago that it was first built and used.

November 21, 1956

Re: Permit No. 26385
James P. Lane

Mr. Ernest Anderson
Attorney at Law
Pama, Idaho

Dear Mr. Anderson:

We acknowledge receipt of your letter of November 19th stating that Mr. Lane is also ready to make proof of completion of works and beneficial use on the above numbered Permit.

The same instructions also applies to this letter the same as did in making proof on Permit No. 26388 in the name of Carl Gotsch.

Therefore we enclose Form 6 for making the proof of completion of works and should be returned to this department with the fee of \$5.00 required in connection therewith.

Proof of beneficial use requires publication once a week for four weeks in a county newspaper. This notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom the proof is to be made.

Both copies of Form 10 to be returned to this department together with Form 11 which is authorization for us to have the notice published at their expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the forms of depositions to be executed by yourself and two disinterested witnesses in making the proof.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

October 1, 1956

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. James P. Lane
Route 2
Parma, Idaho

Boise, Idaho

Dear Sir:-

Under the terms of your permit No. 26385 you are required to complete your diversion works on or before December 20, 1956. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK A. KULP

State Reclamation Engineer
