Re: Connecticut General Life Insurance Company Sale to
Stubblefield Construction Company, PMM No. 8800370

Gentlemen:

We write as attorneys for Connecticut General Life Insurance Company. Our client has recently sold certain real property located in Canyon County, Idaho to Stubblefield Construction Company, a California corporation. As part of the security for the repayment of the remaining balance of the purchase price for said property our client has been granted a mortgage on the real property which was sold together with the water rights (water license and water permits) appurtenant thereto. We would like the Department of Water Resources to place a copy of the enclosed Notice of Lienholder's Interest in the file for each listed water license and water permits. In order to accomplish this, I am enclosing three (3) copies of the Notice of Lienholder's Interest.

Please acknowledge receipt of the Notice of Lienholder's Interest and the fact that you will incorporate it in the applicable water right files.

Thank you very much for your anticipated cooperation.

Very truly yours,

Richard F. Goodson

Dear Mr. Barnhart:

You recently contacted us concerning water rights in Sections 15 and 22 of Twp. 5N, Rge. 2W.

Enclosed is a copy of Permit No. 63-7061 currently in the name of ASC Industries for the irrigation of the portion of land in which you are interested.

Please notice that this permit is for the diversion of waters from only one well and should you wish to divert the water under this permit from other wells, you would need to file an amendment to add those points of diversions. This permit also is currently subject to cancellation since the permit holder failed to install a measuring device as required under the terms of the permit. When proof of beneficial use was originally submitted by the permit holder, a measuring device was indicated as being installed. However, during the field examination made by the Department, it was found that no measuring device had been installed. Therefore, on August 28, 1975, a letter notifying the permit holder that the permit was subject to lapsing was sent to them. A copy of that letter is enclosed for your information. The permit holder on September 25, 1975, called this office stating that the required measuring device had been installed. However, the Department has not made any further exams to determine if that condition has been complied with.

We also found a licensed water right No. 63-3062 that is appurtenant to a portion of Section 22, Twp. 5N, Rge. 2W, and we have enclosed a copy of that so you might determine if this covers a portion of the land you are interested in. If you have any questions on this matter, please let us know.

Dear Mrs. Bramon:

It appearing to the Department of Water Administration that the terms and conditions of Permit G-25928/63-3062 to appropriate the public waters of the State of Idaho have not been complied with as to failure to submit licensing fee of \$11.00

you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permit is hereby held for cancellation, and you are required to show cause before the Director of the Department of Water Administration on or before Sept. 18, 1971, why said permit should not be cancelled.

Permit G-25928/63-3062 claims the use of 6.4 cubic feet per second of water from a ground water source, the point of diversion was to be located within the NE¹/₄ & NW¹/₄, Sec. 22, T. 5N, R. 2W, B.M. and the permit was approved Sept. 2, 1955.

Dear Mrs. Bramon:

We received the report of the field examiner which shows that the land under above noted permit is in the soil bank and the pump was not in operation.

We will accept your deposition and depositions of two witnesses as proof of completion of works.

Upon receipt of \$5.00 statutory fee, we will issue the Certificate of Completion of Works for 1.8 cubic feet per second from a well in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 22, to irrigate W $\frac{1}{2}$ NE $\frac{1}{4}$, E $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 22, T. 5 N., R. 2 W., B. M.

The License and Certificate of Water Right cannot be issued until you make a later date of proof of beneficial use of the water when you are actually using the water.

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the News-Tribune, all submitted in proof of completion of works and beneficial use on Permit No. C-25928.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean well located in the Southeast corner of the North-
west Quarter of the Southwest Quarter (NE $\frac{1}{4}$ SW $\frac{1}{4}$) Section 22, Township 5 North,
Range 2 West Boise Meridian.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Well is drilled to 400 feet, water table found at 200 foot level.
12 inch inside diameter with steel casing. Well tested by J. H. Wood & Co.
certifying 90 miner inches and equipped with 75 H.P motor pump. Water is
pumped into storage reservoir and diverted to two main ditches with 100 inch
capacity each. One ditch traverses north several hundred feet then swings along
northwesterly and the back to northeast approximately onequarter mile in length.
Second main ditch flows from reservoir to west section line irrigating to north.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water has been used for irrigation purposes in sec. 22 T5N, R2W as
follows: NW $\frac{1}{4}$ SW $\frac{1}{4}$ - 45 to 50 Acres; NW $\frac{1}{4}$ SE $\frac{1}{4}$ - 20 to 25 acres; SW $\frac{1}{4}$ NE $\frac{1}{4}$ - 20 acres
NWNE - 5 acres; NENW - 5-10 acres; S $\frac{1}{2}$ NW $\frac{1}{4}$ - 30 acres.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. A.E. Hosack & Son, Nampa, Idaho

25928 RT

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Not applicable

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Not applicable

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water pumped from well at approximately 90 miner inches beginning in 1959 to subdivisions as indicated in answer to Question 6 hereof. Crops raised have been alfalfa, corn, barley, wehat and oats and beets.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

Bert L. Poole, being first duly sworn on his oath, deposes and
says:

That affiant is the Notary Public named in the notice of proof
filed in the above matter and published in Caldwell News Tribune in
Canyon County, Idaho, setting the 15th day of November, 1962, at the
hour of 10:00 A.M. on said date at 509 First National Bank Building,
Boise, Ada County, State of Idaho, as the time and place for making
proof of completion of works and application of water to beneficial
use.

That there is herewith submitted the deposition of the witnesses,
Leonard S. King, of Route 1, Caldwell, and Herman K. Flaming, Route 1,
Eagle, taken before and notarized by the affiant.

That the deposition of Leonard S. King was taken at his residence
in Canyon County, Idaho, on or about 10:30 o'clock A.M. on the 15th
day of November, 1962, and that the deposition from Herman K. Flaming
was taken at his home and residence in Ada County at approximately the
hour of 11:00 o'clock A.M. on the 15th day of November, 1962.

That the reasons said deponent did not give testimony at the
time and in the place specified in the aforesaid notice are as follows:

Both the deponents, Leonard S. King and Herman K. Flaming, reside
outside the city limits of Boise, Idaho, and are actively engaged in

farming near their respective residences.

That under the statutory provisions providing for the proof of completion of application of water to beneficial use there is no way in which an applicant can require or subpoena the testimony of material witnesses.

That the applicant was unable to get the consent of any interested witnesses to voluntarily appear in Boise for the purpose of taking their depositions and that in order for the applicant to make her showing of proof of application of water to beneficial use it was necessary for the applicant and the affiant to take the testimony at the residences of the deponents.

That the source of diversion of the use in question is located upon a desert land entry approximately five miles north of Middleton in a ^{P.S.}scarcely populated area.

That the aforesaid deponents were the only persons known to the applicant to have first-hand knowledge of the application, and that the applicant was unable to obtain their voluntary submission to deposition in Boise, Idaho.

That the affiant maintains law offices in the First National Bank of Boise, Idaho, where he is associated with the firm of Roberts & Poole, wherein said depositions were noticed to be taken.

That the affiant, Lenora D. Telfer, Violet Sykes and Theron E. Roberts, employees and attorneys in said law office were present at 509 First National Bank Building, Boise, Idaho, at the hour of 10:00 A.M. on the 15th day of November, 1962, and that no person or persons appeared at that time to make any protest to the applicant's proof of application to beneficial use.

Gentlemen:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-25928, in the name of Mildred Ilene Bramon. Final Proof is to be made before you, as Notary on the 15th day of November, 19 62, at 10:00 o'clock A.M., at 509 1st National Bank Bldg., Boise, Idaho.

As of this date we have mailed the Notice to the Caldwell News Tribune Caldwell, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

Dear Mrs. Bramon:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 25928 are due not later than Nov. 1, 1962

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36,

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.
