INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Notary Public for Idaho, Residing at Boise, Idaho.

NOTICE OF PROOF OF
COMPLETION OF WORKS and
APPLICATION OF WATER TO
BENEFICIAL USE

NOTICE IS HEREBY GIVEN that
at 2:00 P. M., on the 30th day of
August, 1960, at Boise, County of
Ada, State of Idaho, before Randall
Wallis, Notary Public, at 404 Idaho
Building, proof will be submitted of
the completion of works for the di-
version of 3.0 cubic feet per second
of underground water from a well,
and of the application of beneficial
use of said water, in accordance with
the terms and conditions of Permit
No. G-25899, heretofore issued by the
Department of Reclamation of the
State of Idaho.

1. The name and postoffice address
of the person or corporation holding
said permit is Settlers Irrigation
District, P. O. Box 4115, Boise, Idaho.

2. Said works of diversion will be
fully completed on the date set for
such completion, and the amount of
water which said works are capable
of conveying to the place of use is
1.6 cubic feet per second.

3. The use to which said water
has been applied is Irrigation and
Drainage purposes, and the amount
applied to beneficial use is 1.6 cubic
feet per second.

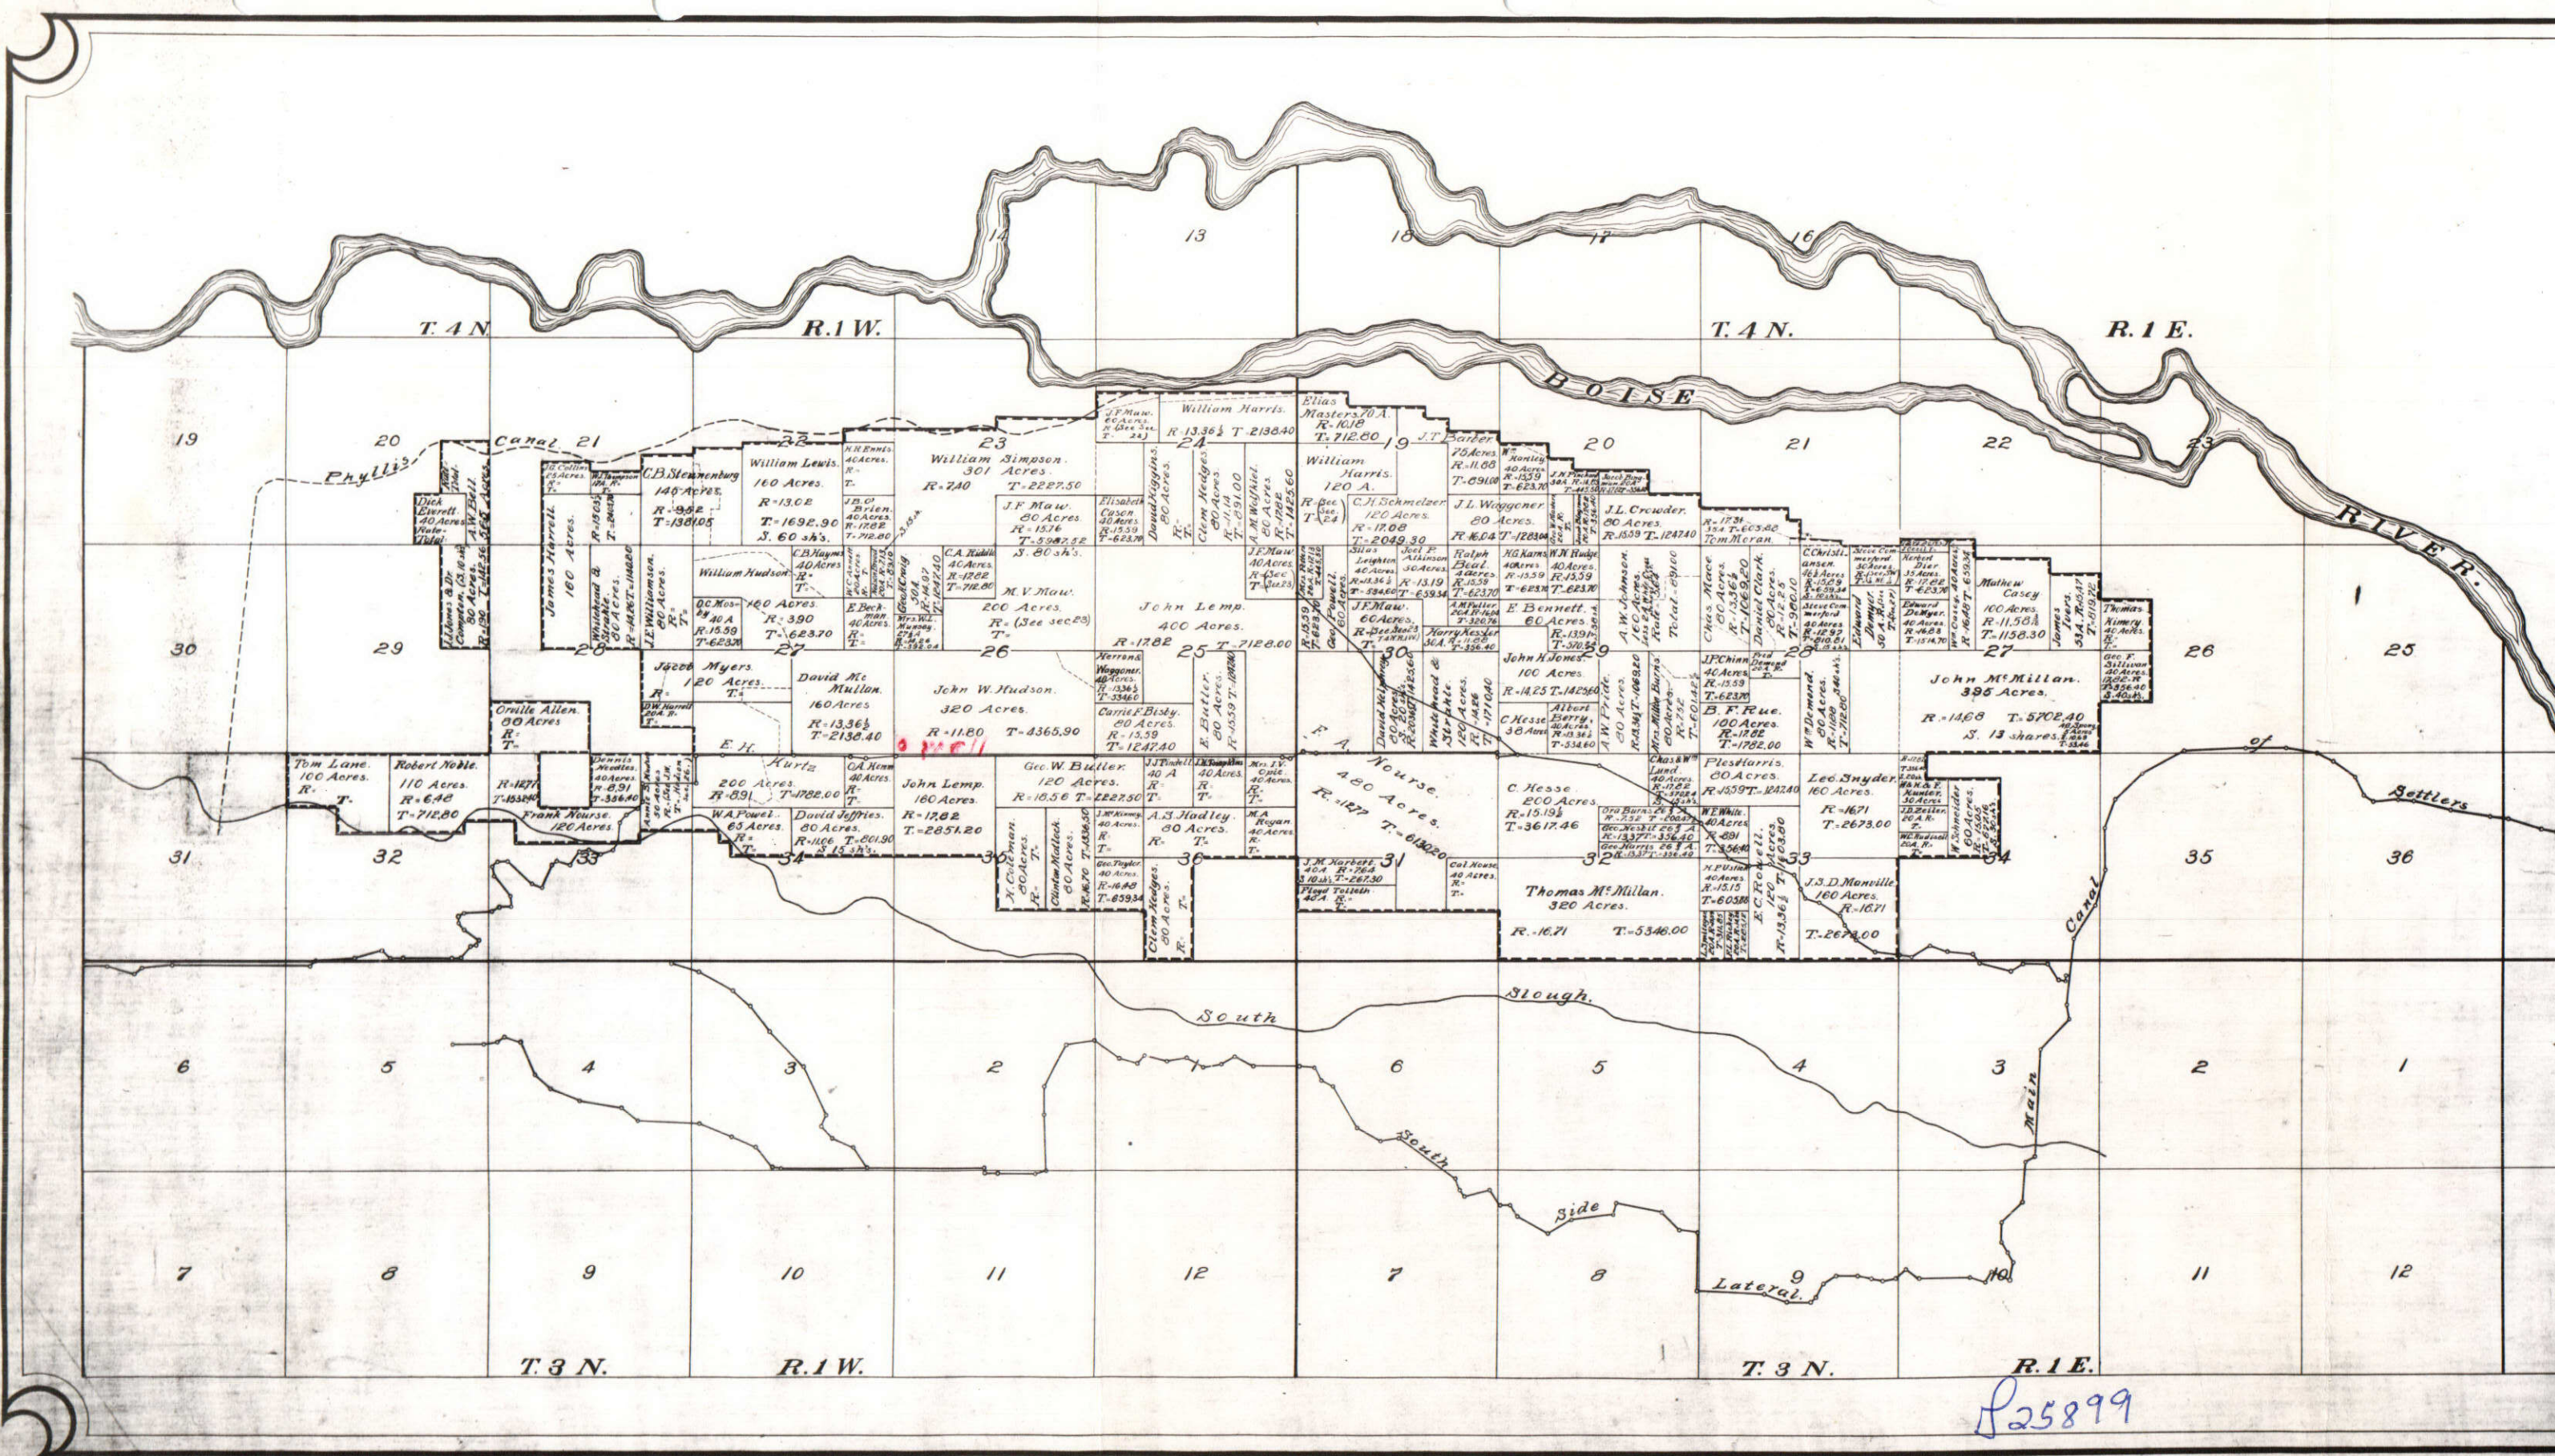

4. The point of diversion of said
water is The East 20 feet of the
South 45 feet of the SW 1/4 SW 1/4 Sec.
28, Twp. 4 N., Rge. 1 W., E.B.M. in
Ada County, Idaho less any and all
existing rights of way for road pur-
poses.

5. The place where said water is
used is lands within the boundary
of the Settlers Irrigation District in
T. 4 N., and Ranges 1 E.B.M. and
1 W.B.M.

6. The date of priority which said
user is prepared to establish is Aug.
3, 1955.

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 33768
Permit No. G- 25899
District No.

1. Name of Applicant: SETTLERS' IRRIGATION DISTRICT
Postoffice address: P. O. Box 4115, Boise County: Ada State: Idaho
2. Quantity of water claimed: 3.0 cubic feet per second
 - (a) Rate of withdrawal in cubic feet per second. 3.0 or Idaho
Miners' inches 150 or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean Flow (Well No. 1)
4. Location of point of ^{SE corner of} diversion or well is in the SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 26
Twp. 4 N. , Rge. 1 W. , B.M., County of Ada
5. Water is to be used for: Irrigation and Drainage
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M
 - (b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Well, Pump and Canal System
8. Estimated cost of works: \$ 3,500.00
9. (a) Is reservoir to be used?
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is Five years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: 4953 miner inches,
priority 10-17-1884, 3672 inches 6-1-1891
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks: Well is being pumped for a dual purpose, irrigation and drainage.

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

Settlers' Irrigation District Applicant.

By FRANK L. COX Agent.

Date of first receipt at Department of Reclamation: 10 - A.M. August 3, 1955

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is G-25899

Recorded in Book 91 Page 25899 Approved September 2, 1955

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ to be filed on or before

Work to begin on or before November 2, 1955 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which the permit holder has no control.

One-fifth of the work above specified to be completed on or before March 2, 1958

The whole of said work to be completed and beneficial use of water appropriated in accordance herewith, to be made on or before September 2, 1960

Witness my hand this 2nd day of September, 1955

MARK R. KULP
State Reclamation Engineer.

Re: Permit No. G-25899

Norman C. Steele, President
Settlers Irrigation District
Route #1, Meridian, Idaho

Dear Mr. Steele:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-25899 shows the well is capable of conveying 93.5 miners inches, or 1.87 c.f.s. of water for the irrigation of lands within the boundary of the Settlers Irrigation District.

Upon receipt of the statutory fee of \$5.00 for the Completion of Works we will issue the Certificate of Completion of Works and the License and Certificate of Water Right, confirming the right, with priority of August 3, 1955, to the use of 1.87 second feet of subterranean water with the point of diversion in SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 26, T. 4 N., R. 1 W., B. M., for the irrigation of lands within the boundary of the Settlers Irrigation District in Twp. 4 N., Range 1 W., and Range 1 E.

REPORT OF ENGINEER

Permit No. G-25899

This proof is for Completion of Works & Beneficial Use In Water District No. _____

1. Name of applicant Settlers' Irrigation District (Norman C. Steele, President)

2. Source of water supply: Subterranean flow from a well

3. Location of point of diversion: Is in the SE corner of SW 1/4 of Section 26

T. 4 N R. 1 W.B.M. County of Ada

4. Describe works as they exist, giving dimensions and capacities of same: U.S. Motor 15 H.P.

"1014496, Layne-Burley Pump" 21.961 - 70' x 8" Column 75 ft. 8" discharge
Well 80' x 12" casing the same 60' perforated and gravel pack, h: 7', 11'

5. Water is used for: irrigation and Drainage

6. State whether or not water has been turned into works of diversion: yes.

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Lands within the boundary of the Settlers' Irrigation District in Twp. 4 N.,

Rge. 1 W.B.M. and also Twp. 4 N., Rge. 1 E.B.M. Approximately 12,000 acres.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: Mr. Edgar DeMeyer, Manager. along

Measured by Spurling Meter.

This examination was made on the 31st day of May, 1961

(Signed)

Examiner.

RE: Permit No. G-25899

Mr. Norman C. Steele, President
Settlers' Irrigation District
Route #1
Meridian, Idaho

Dear Mr. Steele:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in The Idaho Daily Statesman, all submitted in proof of completion of works and beneficial use on Permit No. G-25899.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

GEO. E. CARTER

Permit No. 25899

Proof of Application of Water to Beneficial Use

Deposition of ~~Holder~~ Completion of Works

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Norman C. Steele, Meridian, Idaho, farmer, Route 1, Meridian, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Settlers' Irrigation District, Ada County, Idaho, Box 4115, Boise, Idaho. I am president of the district and authorized to act by appropriate resolution.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. ~~25899~~ 25899; ~~August 3, 1955~~ Sept. 2, 1955. Date of priority August 3, 1955.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean water. E. 20 ft. of the S. 45 ft. of the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 26, T. 4 N., R. 1 W., B.M., Ada County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Water is diverted by a well which is capable of pumping 1.6 cubic ft. per second, or 80 miner's inches of water into the McMillan Lateral of Settlers' Irrigation District which delivers water to the place of use. The well is 80 ft. deep in a 12" casing. The pump casing is 8" and 70 ft. deep pumped with a 15 horsepower electric motor. It is 7 $\frac{1}{2}$ ft. (*continued at bottom on reverse side)

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigation on lands within the boundaries of Settlers' Irrigation District, Ada County, Idaho. The lands using the water are cultivated and this water supplements existing water and improves upon a steady flow and supply.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. Francis Veach, Meridian, Idaho.

25899

28

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Not applicable.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Not applicable.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Not applicable.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. 80 miner's inches or 1.6 cubic ft. of water was pumped commencing in the summer of 1955 and has continuously been pumped since on or before August 3, 1955, into the McMillan Lateral and all of said water delivered to water users in Settlers' Irr. Dist. for irrigation purposes.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Settlers' Irrigation District has been declared by virtue of the Stewart Decree; 4953 miner's inches of the waters of Boise River with a priority of August 17, 1884, and 3672 miner's inches of waters of Boise River with a priority of June 1, 1891, all of which waters have
(*continued)

Permit No. 25899

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Ralph Jackson, 65 yrs., Ustick, Idaho, farmer, Route 2, Boise, Idaho.

Ques. 2. Are you acquainted with Settlers' Irrigation District, the holder of Permit No. 25899? How long have you known him and where does he reside?

Ans. I have been acquainted with Settlers' Irr. Dist. for 60 years. The district's address is Box 4115, Boise, Idaho. It is an irrigation district in Ada County, Idaho.

Ques. 3. Have you read or heard read said Permit No. 25899, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Subterranean flow diverted by means of a pump and well at the E. 20 ft. of the S. 45 ft. of the SW 1/4 of Sec. 26, T. 4 N., R. 1 W., B.M., Ada County, Idaho. Water is conveyed through an 8" casing 70 ft. deep inside a 12" casing 80 ft. deep and pumped through a pipe into the McMillan Lateral of Settlers' Irrigation District.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. It will conduct 1.6 cubic ft. per second, and I have seen that much water conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen 1.6 cubic ft. or 80 miner's inches of water delivered by the pump and saw it measured over a standard weir.

25899

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation of lands within Settlers' Irrigation District. The pump also drains surrounding lands. The water is applied to cultivated land and supplements existing irrigation water of the district.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Not applicable.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The pumped water supplements existing water owned by Settlers' Irrigation District. At least an inch to the acre is required.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have witnessed the irrigation of lands from Settlers' ditches and canals, have seen this water enter the McMillan Lateral of Settlers' Irrigation District and know that it is being diverted and used for a beneficial purpose on lands within the district.

(Signed)

Ralph Jackson

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise, County of Ada, State of Idaho, on this 30th day of August, A. D. 1960.

DEPOSITIONS FOR PERMIT

STATE OF IDAHO, DEPARTMENT OF RECLAMATION

IN ATTACHMENT

**Settlers Irrigation District,
Box 4115,
Boise, Idaho.**

Gentlemen:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-25899. The proofs are to be made at 2:00 o'clock P.M., on the 30th day of August, 1960, before Randall Wallis, 404 Idaho Bldg., Boise, Idaho, Notary Public.

As of this date we have mailed the Notice to the Statesman Newspaper with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Re: Permit No. G- 25899

Date: July 1, 1960

Settlers Irrigation Co.
Box 4115
Boise, Idaho

Dear Sir:

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G- 25899 are due not later than September 2, 1960.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER
