Re: Permit No. G-25673

Mr. Louis Melvin Hopkins
Route #4
Nampa, Idaho

Dear Mr. Hopkins:

Our field engineer's report on his inspection of completion of works and beneficial use of the water under the terms of Permit No. G-25673 shows the well (point of diversion) is located in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 5, Township 1 North, Range 2 West, B.M. and that it is capable of conveying 96 miners' inches (1.92 c.f.s.) of water for irrigation of 112 acres. The record of the permit lists the point of diversion in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 5, therefore, it is necessary that the permit be amended. We enclose an application for amendment to point of diversion for this purpose.

Upon receipt of the amendment, mentioned above, and the statutory fees, totalling \$13.00, we will issue the Certificate of Completion of Works (for which the fee is five dollars) and the License and Certificate of Water Right (fee eight dollars—based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of May 2, 1955, to the use of 1.92 second feet of subterranean water, with the point of diversion in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 5, for irrigation of 112 acres in the NW $\frac{1}{4}$ of Section 5, Township 1 North, Range 2 West, B.M.

Dear Mr. Hopkins:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Idaho Free Press, all submitted in proof of completion of works and water to beneficial use on Permit No. G-25673.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

Dear Mr. Hopkins:

As per your request, over the telephone this afternoon, for forms to make proof of Completion of Works and Beneficial Use on your Permit No. G-25673.

Before these proofs are made, the statutes require publication of a Notice once a week for four weeks in a county newspaper. This Notice should be made in duplicate on Form 36, enclosed, setting the time and place and naming the Notary Public before whom the proofs are to be made.

Both copies of Form 36 to be returned to this Department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the Notice to the newspaper with instructions in regard to publishing and shall send you the forms of depositions to be executed by yourself and two disinterested witnesses in making these proofs.

The proofs may be made at any place convenient for you and your two witnesses but the date must be set far enough ahead to allow for four weeks publication.
