Dear Mr. Koehler:

We acknowledge receipt of the depositions of Mr. Mortensen, the holder of the Permit and also the two witnesses, but to date we have not received the affidavit of publication from The Parma Review. If you have not already received it will you please get it and forward to us as we need it to complete this file.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact Mr. Mortensen at the time he makes the examination so that arrangements may be made to show him over the grounds.

Dear Mr. Koehler:

In reply to your letter of September 8 we enclose forms for notice of proof of completion of works and beneficial use on Permit No. G-25569 of Arthur L. Mortensen.

Form 36 is to be completed in duplicate setting the time and place and naming the Notary Public before whom the proof will be made.

The time, of course, must be set far enough ahead to allow for the statutory four weeks publication and the proof may be made at Parma or any place convenient for Mr. Mortensen and his two witnesses.

Both copies of Form 36 to be returned to this department together with Form 11 which is authorization for us to have the notice published at Mr. Mortensen's expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the forms of deposition to be executed by Mr. Mortensen and two witnesses in making these proofs.

Dear Miss Anderson:

I have just checked with my client, Arthur L. Mortensen, regarding his application to appropriate .8 of a second foot of water.

It will be fine if your office can approve the application for water from the well only, instead of from the well and a drainage ditch.

I appreciate your letter of the 30th and would like to have your office strike out the words "and drainage ditch" on the application so that the application refers only to the well.

Dear Mr. Koehler:

We have your letter of March 26 enclosing the application of Arthur L. Mortensen to appropriate 0.8 of a second foot of water from a well and drainage ditch, accompanied by his check for the \$5.00 filing fee.

If the water is to be taken from two sources, that is, subterranean from a well and also from a drainage ditch, it will be necessary to file separate applications.

However, we can approve the present application for water from a well only.

If this meets with your approval, please advise.
