RE: Permit No. G-25455

Mr. F. W. Jarvis
First National Bank Bldg.
Caldwell, Idaho

Dear Mr. Jarvis:

We have your letter of June 17 enclosing depositions of Ira Taylor and two witnesses offered in proof of Completion of Works and Beneficial Use on Permit No. G-25455.

These depositions are incomplete in several particulars and we return them for corrections as follows:

(1) Question 4 of Mr. Taylor's deposition fails to state the source of the water supply which we assume is subterranean from a well.

(2) Question 5 of the same deposition should describe the well in more detail as to depth, size and depth of casing and also state the power of the pump.

(3) Question 6 in Mr. Taylor's deposition and Question 7 in the depositions of his two witnesses should give the legal description of the land where the water has been applied. Mr. Taylor's deposition describes the SE $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 16, but omits the NE $\frac{1}{4}$ SW $\frac{1}{4}$ and SW $\frac{1}{4}$ SW $\frac{1}{4}$ which are included in the Permit and in the published notice. Was this omission intentional?

Please have the proper corrections made and return to this Department.
