— LEGAL NOTICE —

NOTICE OF PROOF OF
COMPLETION OF WORKS
and
APPLICATION OF WATER TO
BENEFICIAL USE

Notice is hereby given that at 2:00 P.M., on the 22nd day of August, 1957, at Parma, County of Canyon, State of Idaho, before B. James Koehler, Jr., proof will be submitted of the completion of works for the diversion of 1.60 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G25306 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Merle Jenkins, Route No. 3, Parma, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 1.60 cubic feet per second.

3. The use to which said water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use is 1.60 cubic feet per second.

4. The point of diversion of said water is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 6, Township 4 North, Range 5 West B.M.

5. The place where said water is used is E $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 6, Township 4 North, Range 5 West B.M.

6. The date of priority which said user is prepared to establish is December 6, 1954.

MARK R. KULP
State Reclamation Engineer
Pub. July 25, Aug. 1, 8, 15, 1957.

REPORT OF ENGINEER

Permit No. G-25306

This proof is for Beneficial Use Completion of Works In Water District No.

1. Name of applicant Merle H. Jenkins
2. Source of water supply: Subterranean flow from a well
3. Location of point of diversion: Is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 6
T. 4 North R. 5 West County of Canyon

4. Describe works as they exist, giving dimensions and capacities of same: *Mr Jenkins has extended the deep drain approx. 30' further and calls it an open pit well. 10 hp. motor attached to a centrifugal pump with on timber out over the pool. E. & S. Control panel and meter on post on bank to East. Has some over a 1/4 mile of main line 5" x 4" port. el. pipe and 2-3" by 660' lines of H. lateral. 32 nozzles 3/8" x 11/64 on 3/16.*

5. Water is used for: Irrigation and domestic purposes.
6. State whether or not water has been turned into works of diversion: Yes.

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

E $\frac{1}{2}$ SW $\frac{1}{4}$ Section 6, Township 4 North, Range 5 West, E. M. - 50 acres.

See map.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: *Has a good field of alfalfa by use of this.*

This examination was made on the 7 day of Feb., 1958

(Signed) E. M. Humphrey Examiner.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. G-25306

Mr. Merle H. Jenkins
Route #3
Parma, Idaho

Dear Mr. Jenkins:

We wish to acknowledge receipt of your proofs of application of water for completion of works and beneficial use.

Your proofs seem to be made out in good form, however, the publication notice as advertised in the paper states you are going before B. James Koehler, Jr., Notary, to sign your depositions.

We observe that your proofs have been notarized by D. Foster Robertson. Since you switched notaries, it will now be necessary that you furnish this department an affidavit signed by Mr. Koehler, stating that his office was open at the time set on the 22nd day of August, 1957, and that no person or persons appeared at his office or before him with any protests against making the said proofs.

Also, you should state by affidavit form signed before a notary the reasons why you switched notaries and failed to have the depositions signed by Robertson.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Permit No. G-25306

Proof of Application of Water to Beneficial Use

and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. MERLE H. JENKINS R#3 PARRA IDAHO
FARMER

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. don't apply

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-25306 December 6, 1954 12-9-54

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. UNDER GROUND IN SE 1/4 SW 1/4 SECTION 6 T4N R5W B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. 32 sprinklers 3/16 & 3/32 @ 40 lbs.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. IRRIGATION & DOMESTIC PURPOSES IN E 1/2 SW 1/4 Sec 6 T4N R5W B.M.
50 ACRES; cultivated; wasteland put under cultivation

25306

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. don't apply

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 1.6 cu. ft/sec.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. don't apply

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. May 1956 to present, irrigation, 1.6 cu. ft/sec., used all developed.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. don't apply

— LEGAL NOTICE —

NOTICE OF PROOF OF
COMPLETION OF WORKS
and
APPLICATION OF WATER TO
BENEFICIAL USE

Notice is hereby given that at 2:00 P.M., on the 22nd day of August, 1957, at Parma, County of Canyon, State of Idaho, before B. James Koehler, Jr., proof will be submitted of the completion of works for the diversion of 1.60 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G25306, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Merle Jenkins, Route No. 3, Parma, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 1.60 cubic feet per second.

3. The use to which said water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use is 1.60 cubic feet per second.

4. The point of diversion of said water is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 6, Township 4 North, Range 5 West B.M.

5. The place where said water is used is SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 6, Township 4 North, Range 5 West B.M.

6. The date of priority which said user is prepared to establish is December 6, 1954.

Merle Jenkins

Mr. B. James Koehler, Jr.
P.O. Box 116
Parma, Idaho

Dear Mr. Koehler:

It has been brought to our attention by The Parma Review that the publication of completion of works and beneficial use proof on Permit No. G-25306 in the name of Merle Jenkins could not be published prior to August 15th as stated in the publication notice sent in to them and ask that the prior date be changed from August 15th to August 22nd, which is a week later.

We trust this will meet with your approval and the permit holder's (Mr. Jenkins) and that you will make the change in date of proof to August 22nd.

Thank you.

Very truly yours,

MARK R. KULP

Department of Reclamation

State Department of Reclamation,
Mark R. Kulp.
Boise, Idaho

Dear Sir:

We are in receipt of a legal notice to run four issues in The Parma Review prior to August 15th. We received the notice too late to be published in this week's issue, therefore it would only be published in three issues of the paper before August 15th.

If it is o. k. with your office, we will start publication next week, and finish on August 22nd.

This legal is for Marie Jenkins, et. al, Parma, Idaho.
in regard to proof of completion of works and application of water to beneficial use.

Sincerely Yours,

Gertrude E. Gough

Merle Jenkins

Mr. B. James Koehler, Jr.
P.O. Box 216
Parma, Idaho

Dear Mr. Koehler, Jr.:

This acknowledges receipt of the notice of proof of completion of works and application of water to beneficial use under Permit No. G-25306, in the name of Merle Jenkins. Final proof is to be made before you at 2:00 P.M. August 15th, 1957.

Today we have sent the notice to the Parma Review with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and to then send the affidavit of publication and statement of costs to you.

Before the time set, will you please notify Mr. Jenkins, that he and two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder are to appear before you at 2:00 P.M., August 15th for the purpose of executing the enclosed depositions.

When returning the depositions to this office please be sure to include the affidavit of publication.

Very truly yours,

JUL 11 1959

Department of Reclamation

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

June 12-7-59

Notice is hereby given that at 2:00 P. M., on the 22nd 15th
day of August, 1957, at Parma, County of
Canyon, State of Idaho, before B. James Koehler, Jr.,
proof will be submitted of the completion of
works for the diversion of 1.60 cubic feet per second of underground waters
from a well, and of the application to beneficial use of said water, in accordance
with the terms and conditions of Permit No. G 25306 heretofore issued by
the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said
permit are Merle Jenkins, Route # 3, Parma, Idaho.

2. Said works of diversion will be fully completed on the date set for such
completion, and the amount of water which said works are capable of conveying to
the place of use is 1.60 cubic feet per second.

3. The use to which said water has been applied is irrigation and
domestic purposes, and the amount applied to beneficial use is
1.60 cubic feet per second.

4. The point of diversion of said water is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 6,
Township 4 North, Range 5 West B.M.

5. The place where said water is used is E $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 6,
Township 4 North, Range 5 West B.M.

6. The date of priority which said user is prepared to establish is
December 6, 1954.

MARK R. KULP
State Reclamation Engineer

March 3, 1935

925306

Mr. Merle H. Jenkins
Route # 3
Parma, Idaho

TO WHOM IT MAY CONCERN:

Mr. Merle H. Jenkins of Route # 3, Parma, Idaho, filed application for and received Permit No. G-25306 from the State Department of Reclamation, Boise, Idaho.

The application was approved by the State Reclamation Department on December 7, 1934, for 1.6 cubic feet per second the source of which is from subterranean flow by well. The place of use being in the E $\frac{1}{2}$ of the SW $\frac{1}{4}$ of Section 6, Township 4 North, Range 5 West.

The Department has been requested a statement as to the recovery of underground water whether pumped from a vertical well or a longitudinal well.

We wish to state that pumping from a longitudinal well as long as the source of supply is from underground water would be considered by this department as the same as from a vertical well, providing the applicant of Permit No. G-25306 desires to pump from a longitudinal well in place of from a vertical well. We would consider that applicant was complying with the terms of the Permit as far as the source of water is concerned.

Very truly yours,
