Re: Permit No. G-25281 (New No. 63-3007)

Catherine D. Neal
Star,
Idaho 83669

Dear Mrs. Neal:

It appearing to the Department of Water Administration that the terms and conditions of Permit G-25281/63-3007 to appropriate the public waters of the State of Idaho have not been complied with as to failure to submit licensing fee of \$10.00, you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permit is hereby held for cancellation, and you are required to show cause before the Director of the Department of Water Administration on or before August 24, 1971, why said permit should not be cancelled.

Permit G-25281/63-3007 claims the use of 50 miners inches of water from an artesian well, the point of diversion was to be located within the SE 1/4, Sec. 18, T. 4N, R. 1W, B.M., and the permit was approved November 27, 1954.

Re: Permit No. G-25281

Catherine D. Neal
Star, Idaho

Dear Mrs. Neal:

We wrote to Mr. Grant L. Ambrose, Attorney at Law, Meridian, January 27, 1961, that your permit to divert water from a well in SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 18, T. 4 N., R. 1 W., for domestic and livestock watering had been cancelled in error, as the depositions completed February 16, 1955 had not been withdrawn by you or your attorney.

We can issue the Certificate of Completion of Works for four inches or 0.08 c.f.s. and the License and Certificate of Water Right for 0.02 c.f.s. with original priority of November 18, 1954, upon payment of \$10.00 statutory fees. The permit can then be amended to include the three other homes supplied with water, a new legal notice published, new depositions completed and supplemental water license can be issued for three miners inches or 0.06 c.f.s, with priority advanced the length of time the proof is late.

Possibly you wish to stand on your "use right" which your deposition indicates to date back to 1930.

Kindly advise if you wish to retain this permit.

Very truly yours,

RALPH W. THOMAS, Deputy
State Reclamation Engineer

Re: Permit No. G-25281
Catherine D. Neal

Mr. Grant L. Ambrose
Attorney at Law
Meridian, Idaho

Dear Mr. Ambrose:

This permit seems to have been cancelled through a misunderstanding or negligence.

The record does not appear to have a record of ~~desire~~ to withdraw the proofs made February 16, 1955 on domestic use of the water by the applicant. It was suggested that the proofs should be withdrawn, the place of use to be amended and new proofs be made of the use of the water on additional ground. The proposed amendment and legal notice for publication were received in this office after the permit was cancelled.

The permit can be reinstated and the Certificate of Completion of Works and the License and Certificate of Water Right can be issued for one miners inch or 0.02 cubic feet per second of subterranean water to be used on the Neal farm for domestic uses; upon payment of the \$10.00 statutory fees.

Provided Catherine D. Neal is still owner of the property or the permit can be assigned to the new owner, the place of use can be amended to include the three additional homes, a new legal notice can be published and proofs made of the use as shown by the engineer's report. The evidence of water right can then be issued for four miners inches of water used in the four homes.

Kindly advise at your earliest convenience of the action to be taken.

Very truly yours,

GEO. N. CARTER

Dear Mr. Ambrose:

Relative to the above captioned Permit in the name of Catherine D. Neal, we wish to state that the records of this department disclose that said Permit was cancelled as of April 10, 1957.

Our records also disclose that we notified Catherine D. Neal c/o G. L. Ambrose, Attorney, on September 1, 1956 stating that said Proofs were due on November 27, 1956. Then again on February 6, 1957 notice was sent the applicant giving the applicant 60 days to show cause why said Permit should not be cancelled.

The records also disclose that notice was done within the 60 days time limit until April 26, 1957, when published notices were received by this department to be published in the newspaper.

RE: Permit No. G-25281

Mr. Grant L. Ambrose
929 East First Street
Meridian, Idaho

Dear Mr. Ambrose:

In making inspection for proof of completion of works and beneficial use on Permit No. G-25281 of Mrs. Catherine D. Neal our field engineer found that the water was being used not only on Mrs. Neal's place in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 18, Township 4 North, Range 1 West B.M., but was also being used by some neighbors, Milton P. Ayres, Larry Morisette and Charles Wilba in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 18 and the SW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 17.

Since the Permit as well as the published notice only described the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 18 as the place of use, a License can be issued at this time for only 1 inch of water for domestic and stock watering use at that place. However, there is this alternative, Mrs. Neal can withdraw the proofs that were made on February 16, 1955 and amend the Permit to include these additional locations and then republish and make new proofs of completion of works and beneficial use.

We shall await your advice in the matter.

Very truly yours,

REPORT OF ENGINEER

Permit No. G-25281

This proof is for Completion of Works & Beneficial Use In Water District No. _____

1. Name of applicant Mrs. Catherine D. Neal, Star, Idaho

2. Source of water supply: Artesian well

3. Location of point of diversion: Is in the SE¹₄ NE¹₄ of Section 18

T. 4 N. R. 1 W. County of Ada

4. Describe works as they exist, giving dimensions and capacities of same: There is no house, no protection, no foundation. It appears that a 2" pipe is both column and casing. Well is 300' deep by 2" diameter. It is attached up for domestic use for two houses to the North. Present occupants are Milton P. Ayres and Larry Morissette and a third house across the road and a little South by Charles Wilba as well as being a domestic supply for Mrs. Neal. All houses have full plumbing. The well is located just east of the cow barn. Has a concrete pool for gold fish immediately North of the well and flows continually into a ditch to the East of the well about 4'. This is used also for watering livestock. Temperature is 60° F. Delivery through the discharge pipe into the ditch with other lines closed was 42.8 g.p.m.

5. Water is used for: Domestic and livestock watering

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SE¹₄ NE¹₄ Section 18, Twp. 4 North, Range 1 West, B. M.

See the map.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: This is a dairy farm close to the town of Star.

Dear Mr. Ambrose:

We have your letter of March 16 enclosing depositions of Catherine D. Neal and two witnesses which, together with the affidavit of publication previously received from the Kuna Herald, completes her proof of completion of works and beneficial use on Permit No. G-25281.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made but our field engineer will try and contact Mrs. Neal at the time he makes the examination so that arrangements may be made to show him over the ground.
