Dear Mr. Miller

Statutes requires a field inspection in connection with the proofs on Permit # G-24746 before license and certificate of water right can be issued.

Such inspection and report on same is required for any and all permits being brought to license within this State.

An inspecting Engineer from this Department requests that you or someone familiar with the terms of the permit and representing you be prepared to accompany him on the inspection, on Friday May 24, 1957,

about noon.

If he cannot get in touch with you by phone or otherwise he will drive to the well location or point of diversion given in the permit.

Dear Mr. Miller:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication in the Idaho Free Press, all submitted in proof of Completion of Works and Beneficial Use on Permit No. G-24746.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Permit No. G-24746

Application for Extension of Time FOR COMPLETION OF WORKS

O.D. Miller, of Rt. 4, Caldwell

State of Idaho., being first duly sworn, upon his oath deposes and says:

He is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho
No. G-24746

Under the terms and conditions of said permit, construction work thereunder was required to be
completed by March 8, 19 56

That he has heretofore performed the following work described under said permit

Well is completed and pump installed,

costing \$5,000.00

That he is unable to complete the remainder of the work within the required time, for the following reasons, to-wit:

Applicant requests more time for the reason that too small a pump
was installed and does not produce the required amount of water.

Applicant intends to install a larger pump, as there is plenty of water
in said well to produce the amount of water filed on under this permit.

Not possible to install new pump this fall,
