IN THE MATTER OF THE PROOF OF COMPLETION
OF WORK AND APPLICATION OF WATER TO BENE-

CATION OF LON AND ZUMA BOLEN.

PROTEST

The undersigned, owner of Permit No. G-24288, issued by the Department of Reclamation of the State of Idaho, having a prior filing date of July 8, 1953, for 1.8 cubic feet per second, hereby formally protests the application of said Lon and Zuma Bolen to offer proof of completion of work in the application of water to beneficial use, hearing on which has been heretofore set on July 9, 1954, at ten o'clock A.M. in the office of Charles F. Reddoch, Boise, Idaho.

This protest is made for the reason and upon the ground that the diversion attempted to be made by said applicants is subsequent in time to the priority established by the undersigned; that the said proposed application will interfere with and materially affect the rights of the undersigned under his permit heretofore granted by the Department of Reclamation; that the underground waters proposed to be taken by said applicants materially diminish the flow of the underground waters to which the undersigned is entitled under his said permit.

RE: Permits Nos. G-24423, G-24424

Mr. Lon Bolen
Route 1
Eagle, Idaho

Dear Mr. Bolen:

We have had an inquiry as to the status of the above numbered Permits for wells, in the name of yourself and Zuma Bolen, together with a statement that you are awaiting measurement of these wells by someone from this department.

Perhaps you have misunderstood our letter of September 11, 1953, in which we sent you these permits. Although your application stated that the works were completed, we allowed the statutory minimum of two years or until September 2, 1955, within which to make your proofs of completion of works and beneficial use, but stated that these could be made at any earlier date that you were prepared to make them.

This department does not make an inspection to measure the wells and the land irrigated until after the proofs have been made.

If you are prepared to make the proofs at this time, we shall be glad to send you the necessary forms and instruction upon request.

Very truly yours,

MARK R. KULP
