APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-23013

Comes now Frances Maglecic and represents to the State Reclamation Engineer of the State of Idaho:

That she is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-23013.

That the point of diversion is described in said permit as being located SW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 13, Township 2 North, Range 3 West, B.M.

That she now requests that an additional point of diversion be added at a point located NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 13, Township 2 North, Range 3 West, B.M.

That her reasons for desiring to make such change are as follows: In order to obtain a sufficient amount from the first well. It fills up with sand and for that reason a smaller amount only can be developed.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Boise, Idaho, this 26th day of August, 1954.

RE: Permit No. 0-23013 (1/3 portion)

Date June 1, 1958

Frances M. Maglecie
Route #4
Hampa, Idaho

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. 0-23013 (1/3 portion) are due not later than August 8, 1958.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made on no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Application No. 32946

Mr. Ladislav Maglecic
Route 4
Nampa, Idaho

Dear Mr. Maglecic:

Since the maximum allowed by statute for irrigation is 1 inch per acre and since Permit No. G-23013 calls for 120 inches to be used on 120 acres in the S $\frac{1}{2}$ NW $\frac{1}{4}$ and NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 13, Township 2 North, Range 3 West, B.M., we cannot approve the application for an additional 40 inches from the well in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 13 to be used on the same land.

We suggest, however, that you can amend Permit No. G-23013 to include the additional well and we enclose a form of application for such amendment herewith. This should be signed by Frances Maglecic and returned to this Department for approval and record.

This will enable you to develop the 120 inches from the two wells under Permit No. G-23013.

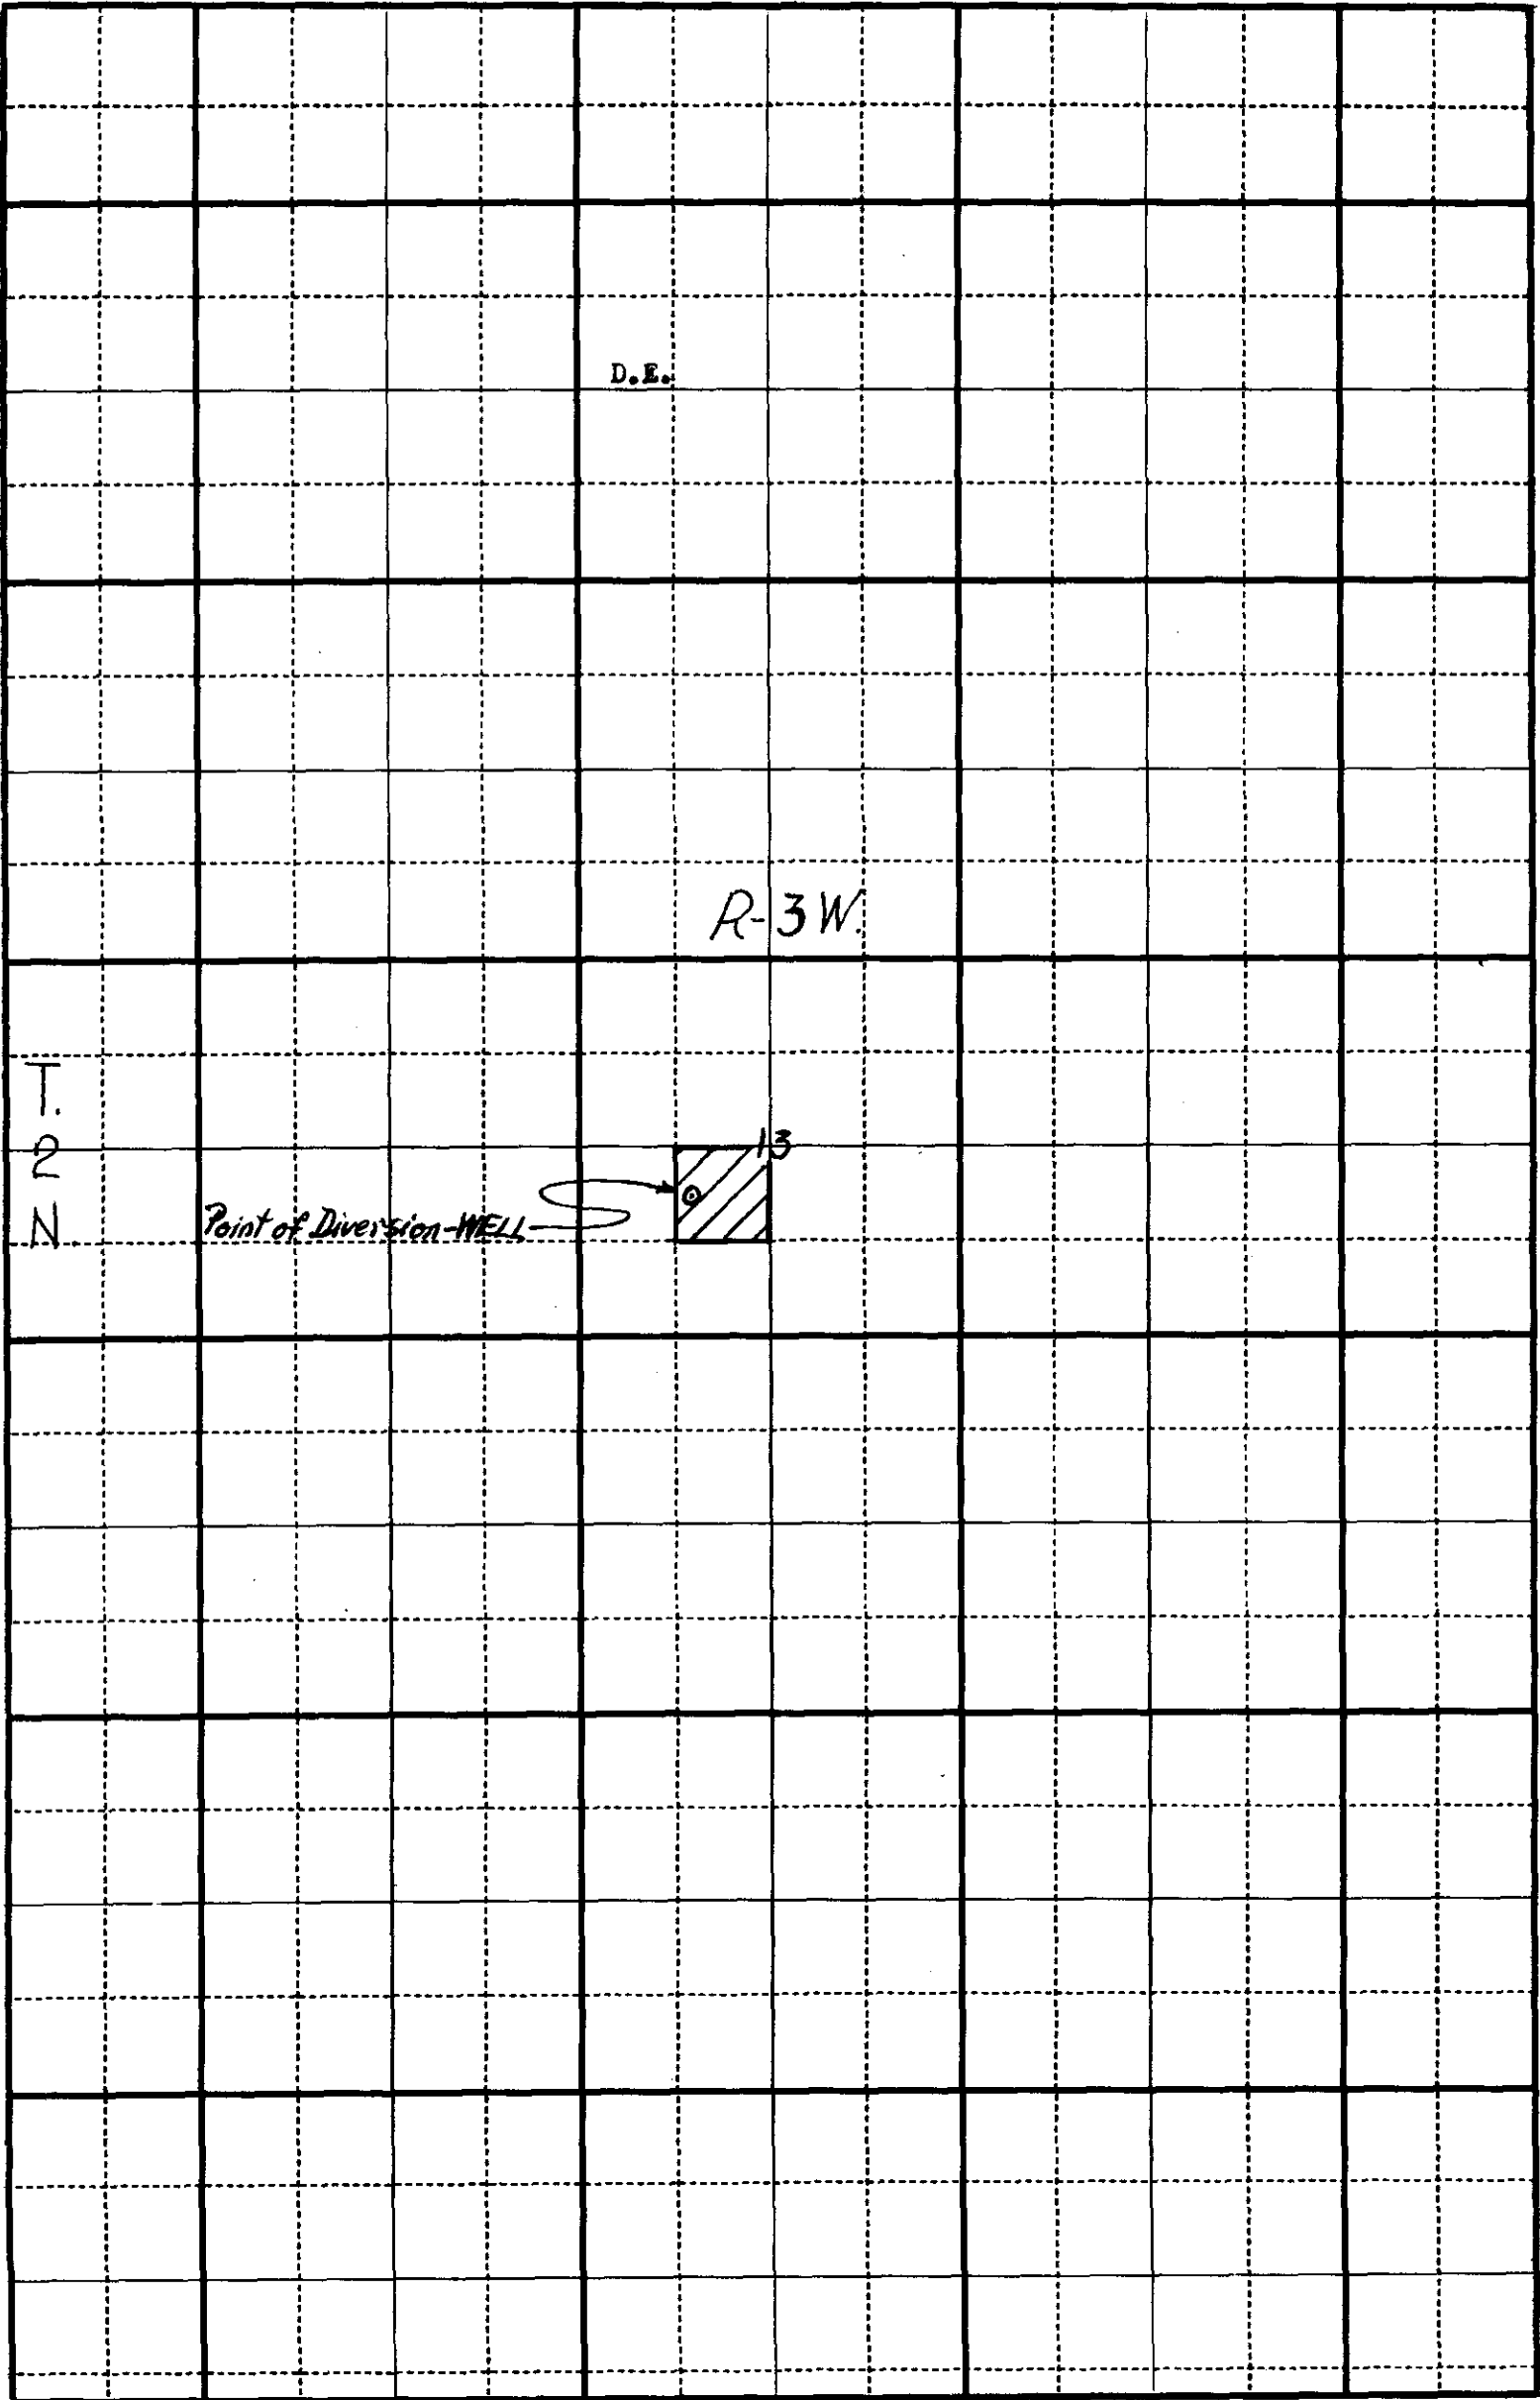

We return \$5.00 in Currency which you paid as filing fee on your new application.

Very truly yours,

MARC R. KULP
