Dear Mr. Tiegs:

Reference is made to your telephone request in regard to making proofs on your Permit No. G-22673.

Our records show that this permit is for 3.2 second feet of water from two wells, one in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 5, and the other in the center of the West line of the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 5, Township 1 North, Range 2 West, B.M., for the irrigation of the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 5, and the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 6, Township 1 North, Range 1 West, B.M.

If you are prepared to make both proofs of completion of works and beneficial use on this permit, you may fill out Form 36 in duplicate, setting time and place and naming the Notary Public before whom the proof is to be made.

As you know publication must be made once a week for four weeks before proof is actually made, so the date must be set sufficiently far ahead to allow for that publication.

Both copies of Form 36 are to be returned to this department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

On the other hand, if you have not completely irrigated the land described, it would be better to defer making these proofs until such time as you have the land completely irrigated.
