DECEMBER, 19 53.

Paul Yenne
Notary Public for Idaho, Residing at Boise, Idaho.

Well No. 2
NOTICE OF PROOF OF
COMPLETION OF WORKS
and
APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00
A. M., on the 14th day of December,
1953, at Boise, County of Ada, State of
Idaho, before J. M. Lampert, Justice of
the Peace, proof will be submitted of the
completion of works for the diversion of
1.50 cubic feet per second of the waters
of subterranean pumped well in the SE1/4
NE1/4 Section 5, Twp. 3 N., Rge. 2 E.,
B. M., and of the application to benefi-
cial use of said water, in accordance with
the terms and conditions of Permit No.
G-22601 heretofore issued by the Depart-
ment of Reclamation of the State of Idaho.

1. The name and postoffice address of
the person or corporation holding said per-
mit is The Village of Garden City, 201
West 33rd Street, Boise, Idaho.
2. Said works of diversion will be fully
completed on the date set for such com-
pletion, and the amount of water which
said works are capable of conveying to
the place of use, in accordance with the
plans accompanying the application for
such permit, is 2.2 cubic feet per second
(1.045 gpm).

3. The use to which said water has
been applied is municipal water—domes-
tic, culinary, irrigation sprinkling, indus-
trial, commercial supply system purposes,
and the amount applied to beneficial use
is 1.50 cubic feet per second (712 gpm).

4. The place where said water is used
is within the corporate limits of the Vil-
lage of Garden City and surrounding
areas—Sections 5 and 6, T 3 N, R. 2 E.,
B. M.

5. The date of priority which said user
is prepared to establish is February 13,
1952.

MARK R. KULP,

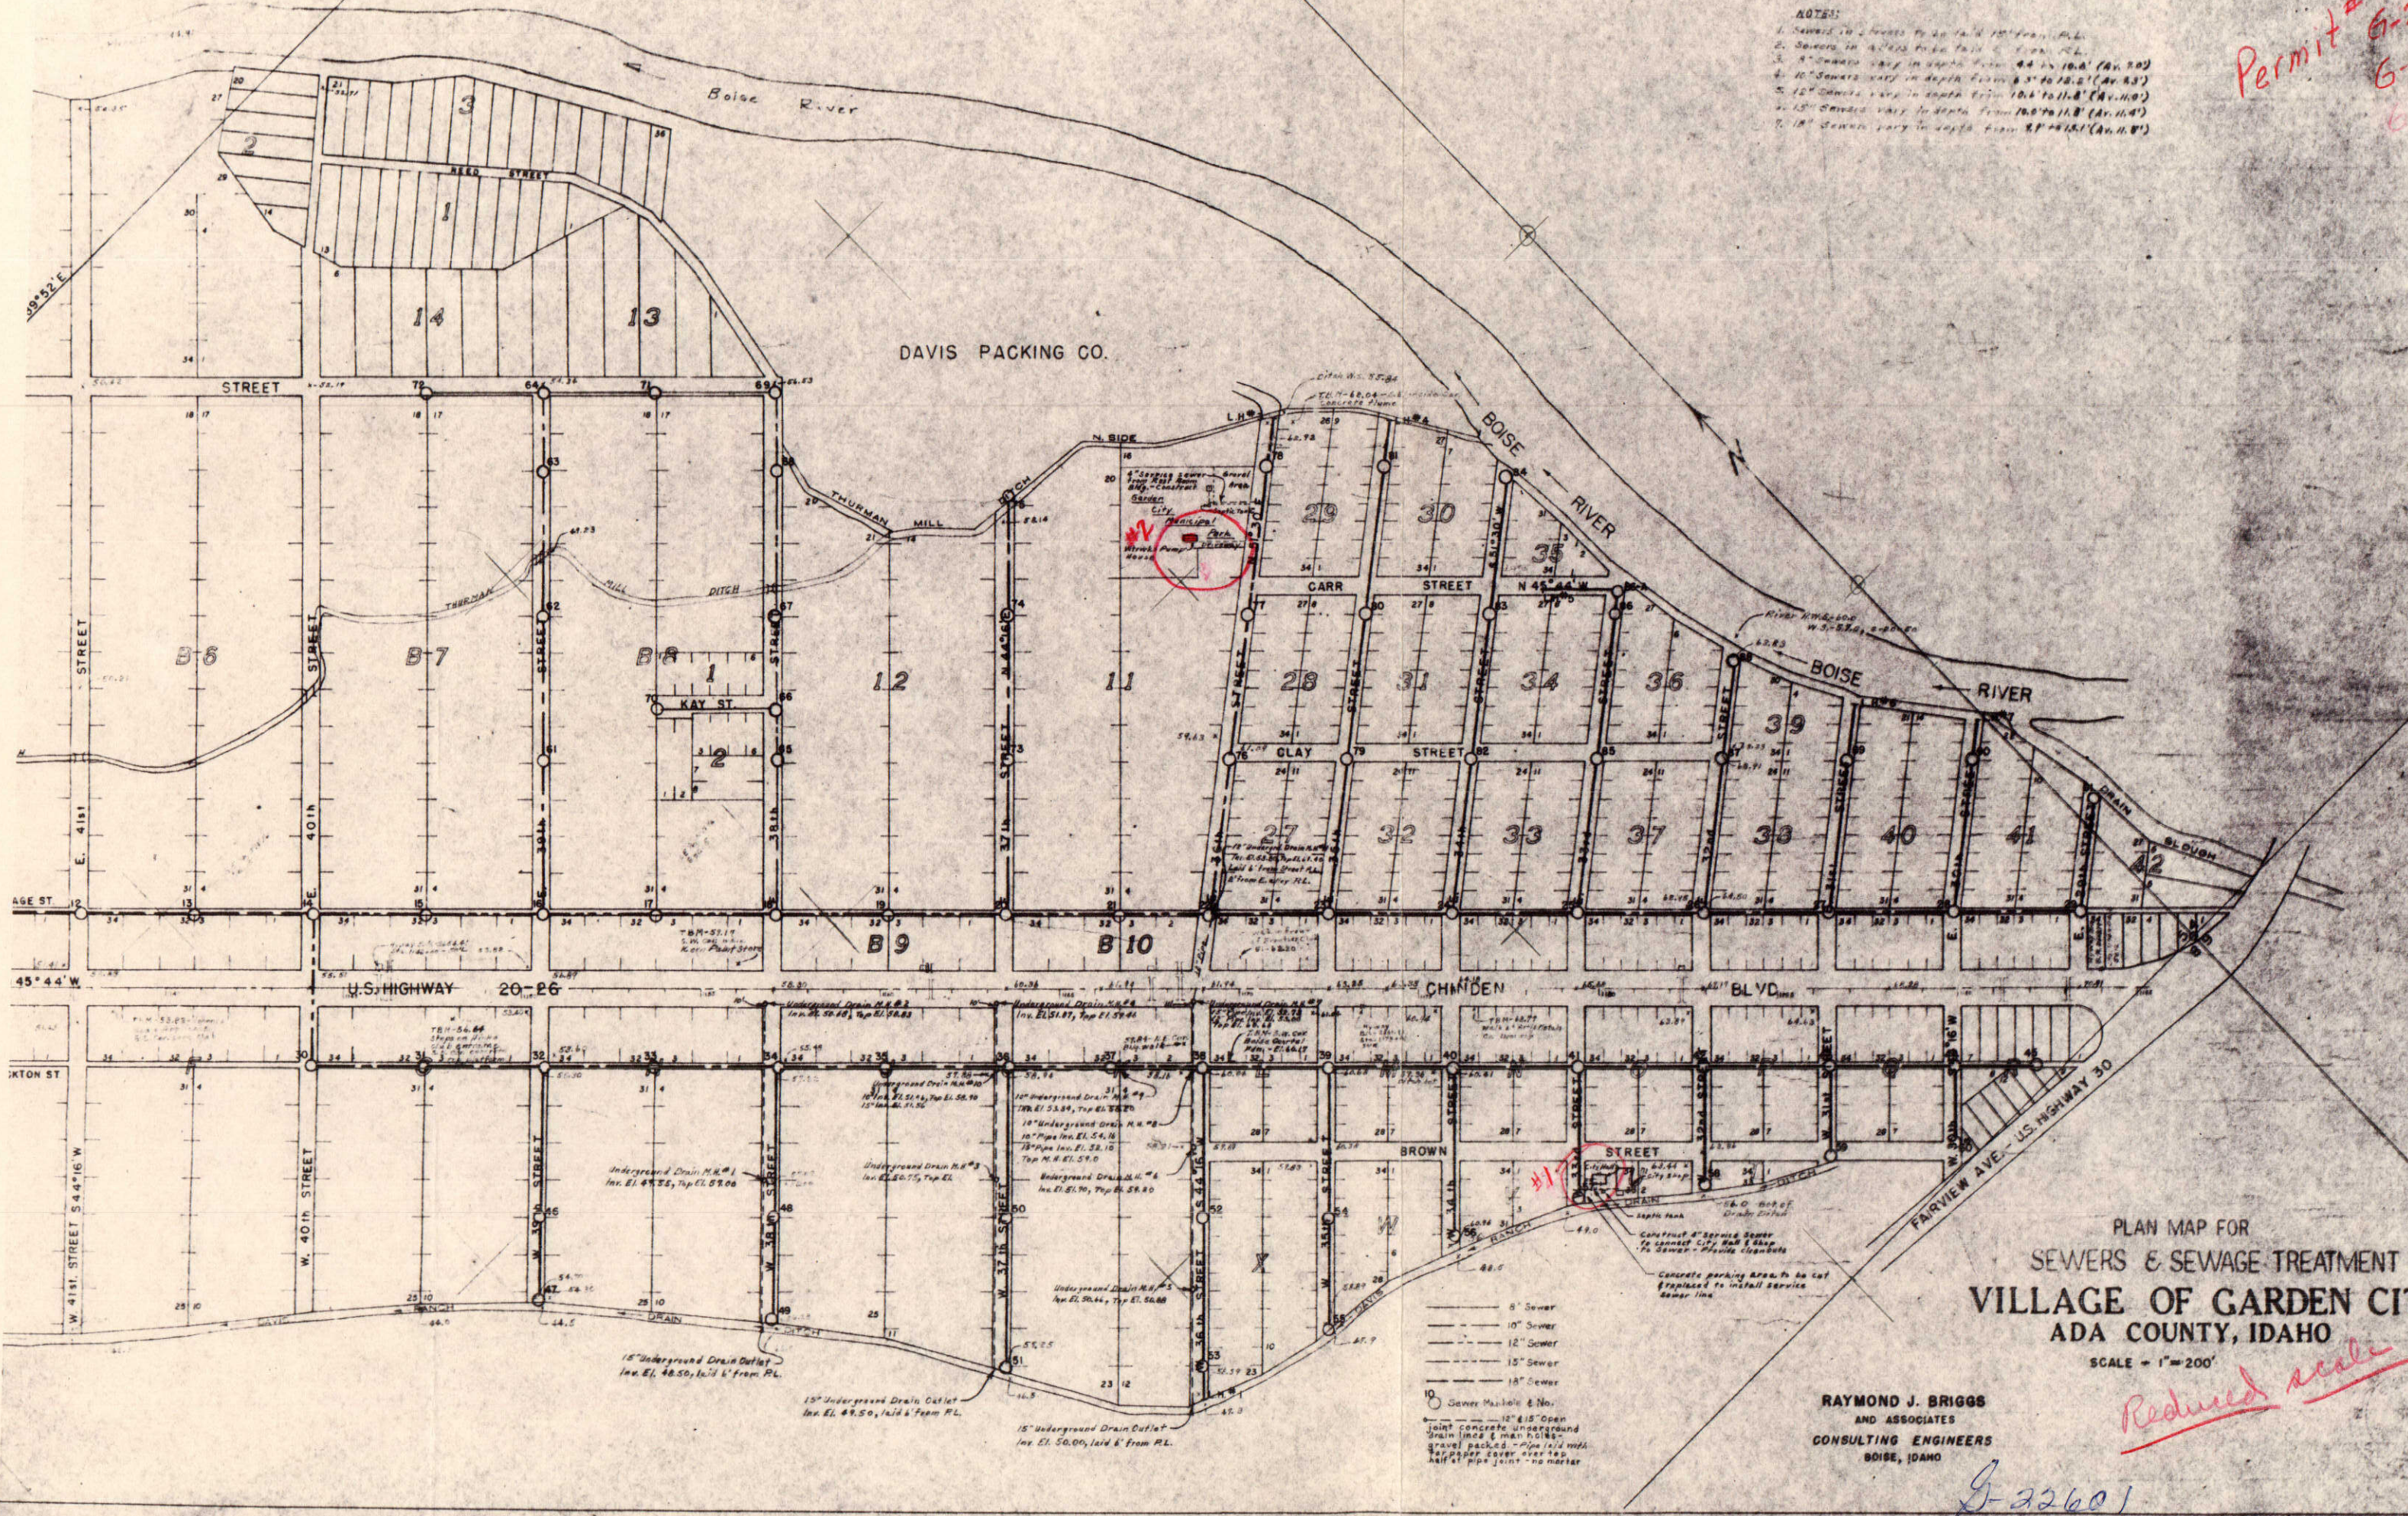

State Reclamation Engineer.

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

63-2895

Application No. G- 30343
Permit No. G- 22601
District No.

Carlyle W. Briggs, Engineer
Briggs Engineer Bldg.
619 Grove St., Boise, Idaho

1. Name of Applicant: **THE VILLAGE OF GARDEN CITY**
Postoffice address: **Route 8, Boise** County: **Ada** State: **Idaho**
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. **2.2** or Idaho
Miners' inches **110** or gallons per minute. **1,000**
 - (b) Annual withdrawal in acre feet per annum **1,606**
3. Source of water supply: **Subterranean, well, gravel water strata**
4. Location of point of diversion or well is in the **SE** $\frac{1}{4}$ of the **N3** $\frac{1}{4}$ of Section **5**
Twp. **3 N.** Rge. **2 E.** B.M., County of **Ada** (N. $45^{\circ}44'$ W. approx. **142** ft. ^{thence} and N. $44^{\circ}16'$ E.
approx. **7** ft. from S.E. corner Lot **14**, Block **11**, Fairview Acres Sub. No. **3**, Village of **Garden City**.
5. Water is to be used for: **Municipal water supply, domestic, culinary, recreational, irrigation, sprinkling, industrial.**
6. If for municipal, industrial or recreational purposes, give:
within corporate limits of the Village and surrounding areas.
 - (a) Point of use of water is ~~in~~ $\frac{1}{4}$ of the $\frac{1}{4}$ of Section **32**, Twp. **3 N.**
Rge. **2 E.**, B.M.
 - (b) Waste water or sewage effluent is to be returned to **Boise River.**
at a point in the **SW** $\frac{1}{4}$ of the **SE** $\frac{1}{4}$ of Section **32**, Twp. **4 N.**, Rge. **2 E.**, B.M.
7. Kind of works: **Drilled 10 $\frac{1}{2}$ " I.D. well, cased, 40' - 45' deep, pump and electric motor, chlorinator, steel and C.I. pipe lines.**
8. Estimated cost of works: **\$ 10,000.00**
9. (a) Is reservoir to be used? **1500 gal. underground chlorine contact pressure tank.**
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is **Two(2)** years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation: **Applicant is a municipal corporation. 1949, by Ada County Commissioners.**
 - (b) Amount of capital stock: \$ (c) Amount paid in: \$
 - (d) Names and addresses of ~~directors~~ Trustees: **Roy C. Titmus, Chmn. Frank Thornton, Roy Oberst, Charles Ostrom, W. Allen, Laura Dawson, Village Clerk, Carlyle W. Briggs, Engineer, J.M. Lampert, Attorney.**
 - II. The financial resources of the applicant are (a) Cash on hand: \$
 - (b) Treasury stock: (c) Bonds to be issued:
 - (d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. G-22601

This proof is for Completion of Works & Beneficial Use In Water District No. _____

1. Name of applicant Village of Garden City, Garden City, Idaho

2. Source of water supply: Subterranean, from a well

3. Location of point of diversion: Is in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 5

T. 3 N. R. 2 E. County of Ada

4. Describe works as they exist, giving dimensions and capacities of same: Well is 40' deep 10" diameter, cased to the bottom. Pump is in a brick room 15' by 11' by 8' high, concrete floor. This is a storage and ~~surface~~ house for Garden City. Pump is a Johnston Turbine pump, Serial No. JD 2932. Motor is a 30 h.p. U. S. Motor Serial No. 905289. Switches and Controls are AB. 8" delivery steel pipe line. Delivery is to the North into the City's mains. There is a 1500 gallon storage tank buried just outside the building to help maintain regulation. Operation is at 40 to 60 pound pressure. This pump has operated at 712 g.p.m.

5. Water is used for: Municipal water supply for Village of Garden City

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Village of Garden City and surrounding area, in Sections 5 & 6, Twp. 3 N., Range 2 E., B.M.
See map of Garden City water system on map accompanying Permit. Population of
Garden City at present estimated at 1,000.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: This pump is used only in the summer and in cases of fire or emergency.

The water system and the sewage system both were designed and engineered by the
Briggs Engineering Company of Boise and both have capacities beyond the present need.

This examination was made on the 2nd day of March, 19 55

(Signed) E. M. Humphrey Examiner.

G-22601

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Mr. Henry F. Reed
Suite No. 1
714 $\frac{1}{2}$ North Orchard
Boise, Idaho

Dear Mr. Reed:

Your affidavit received this morning completes the proof of Completion of Works and Beneficial Use on the above numbered permits in the name of the Village of Garden City.

Before final action is taken the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, but our field engineer will contact you or someone on the ground at the time he makes the examination in order that arrangements may be made to show him over the project.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean strata, pumped well 40 feet deep within Corporate Limits of Garden
City - Point of Diversion SE 1/4 NE 1/4, Sec. 5, T. 3 N., R. 2 E., B.M. Ada County, Idaho

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Water diverted by pumping from well with electric deep well turbine pump, conveyed
to place of use by municipally owned and operated water system, carrying capacity to
2,000 gpm. Well is 10 inch dia. steel casing to 40 ft. depth, water static level
4 to 7 ft below ground. Max. capacity of pump 712 gpm, measured by 5 inch dia. Simplex
recording orifice meter.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic, fire protection, commercial, industrial, sprinkling and all other
demands of water users connected to the Village water system. Improvements to Village
are clean, safe and dependable water supply.

G-22601

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Same as No. 6 above

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 1.6 cfs. or 712 gpm firm source of supply from Well No. 2.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Application made by the Village of Garden City, Idaho

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Same as No. 6 above - 712 gpm used.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. See application for Permit No. G-22310 approved August 22, 1951, water from Well No. 1 also supplies the water system.

(Sign)

Clyde Allen, Chairman, Board of Trustees,

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Boise, County of Ada, State of Idaho, on this 16th day of July, A. WELL NO. 2

Permit No. G-22601

**Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness**

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Guy Williams, age 42, 207 West 39th St., Boise, Idaho, Park Maintenance man
for the Village of Garden City.

Ques. 2. Are you acquainted with The Village of Garden City, the holder of Permit No. G-22601? How long have you known him and where does he reside?

Ans. The Village was organized and began to operate in June of 1949 within
Ada County, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-22601, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source from 40 ft deep well No. 2 located at Garden City Municipal Park on
East 36th Street in Garden City. Water carried by Village of Garden City municipally
owned and operated water system, including 3,000 gallon underground steel pressure
equalizing tank.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 4.5 cfs capacity of pipelines, have seen conveyed 1.6 cfs (712 gpm) from Well No. 2

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. Pump delivers up to 712 gpm at 40 psi to pipelines as indicated by Simplex 5"
orifice recording main line meter and verified by meter charts.

G-22601

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic, fire protection, commercial, sprinkling and other uses. Improvements to the Village are clean, safe and dependable water supply.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. 1.6 cfs to municipally owned and operated Village water system.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Not applicable

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. As a Village employee, I check the water system and work on the same as part of my duties.

1. NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A.M., on the 14th
day of December, 19 53, at Boise, County of
Ada State of Idaho, before J. M. Lampert, Justice of the
Peace, proof will be submitted of the completion of works for the diversion of _____
cubic feet per second of the waters of in the SE 1/4 NE 1/4 Section 5, Twp. 3 N., Rge. 2 E., B.M.
subterranean pumped well/ and of
the application to beneficial use of said water, in accordance with the terms and
conditions of Permit No. G-22601 heretofore issued by the Department of Reclama-
tion of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are The Village of Garden City, 201 West 33rd Street,
Boise, Idaho
2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 2.2 cubic feet per second. (1,045gpm)
3. The use to which said water has been applied is municipal water-- domestic, culinary, irrigation sprinkling, industrial, commercial supply system purposes, and the amount applied to beneficial use is 1.50 cubic feet per second. (712gpm)
4. The place where said water is used is within the corporate limits of the Village of Garden City and surrounding areas-- Sections 5 and 6, T # N, R 2 E., B.M.
5. The date of priority which said user is prepared to establish is ~~June 1, 1952~~ February 13, 1952

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) October 30, 1953

(P. O.) Boise, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Statesman Newspapers of Boise, Idaho published in
the county in which the works are situated.

VILLAGE OF GARDEN CITY

By: Alice B. Hard

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Carlyle W. Briggs

Engineer.

RE: Permits Nos. G-22310 and G-22601

Mr. Carlyle W. Briggs
619 Grove Street
Boise, Idaho

Dear Mr. Briggs:

In reply to your telephone request, we enclose the necessary forms to be used in connection with proof of completion of works and beneficial use on the above numbered permits.

Form 36 should be made out in duplicate, for each permit, setting time and place and naming the Notary Public before whom proof is to be made. Both copies to be returned to this department together with Form 11, which is authorization for us to have the notice published at permit holders' expense in the designated county newspaper.

We shall then send a copy of the notices to the newspaper with instructions in regard to publishing and shall send you the necessary forms of deposition to be used in making the proofs.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permits Nos. G-22601 & G-22310

Mr. Carlyle W. Briggs
619 Grove Street
Boise, Idaho

Dear Mr. Briggs:

We return the enclosed depositions transmitted to this office on December 18, 1953 by Mr. Henry F. Reed, consisting of deposition of holder for Completion of Works and Beneficial Use on the above numbered permits, the depositions of Guy Williams and Glenn R. Yeo and witnesses in proof of Beneficial Use on Permit No. G-22601.

These are evidently supposed to be in connection with proofs of Completion of Works and Beneficial Use on the above numbered permits in the name of the Village of Garden City, but they are not acceptable for the following reason.

Separate proofs of the holder and two witnesses must be submitted on each of these two permits, as per forms handed you.

The affidavits of publication must also accompany the proofs, and the Statesman was instructed to send these affidavits to the Village of Garden City.

We talked to Mr. Raymond Briggs about this over the telephone when you were out of the office and he suggested that we take the matter up with you rather than directly with Mr. Reed.

In case you have misplaced the forms for making these proofs, we enclose others herewith.

Very truly yours,

MARK E. KULP
State Reclamation Engineer
