SS.

R. R. Bechtel

, being first duly sworn, deposes and says;

That he is the Foreman of CALDWELL NEWS-TRIBUNE, INC., publisher of The Caldwell News-Tribune, a daily newspaper published at Caldwell, Idaho, within the meaning of Chapter 154 of the 1933 Session Laws of Idaho; published six consecutive days a week except legal holidays. And that the publisher of said The Caldwell News-Tribune, a daily newspaper, has all the time since the 5th day of July, 1933 and in each issue thereof, at the head of the editorial column of said newspaper, announced the day of the week to-wit: Saturday, on which legal notice required by law or by order of any Court of competent jurisdiction to be published weekly, will be published; that the said paper is in general circulation in Canyon County, Idaho and has been for a period of seventy-eight weeks preceding the first publication of this advertisement, a copy of which is attached hereto, and by reference thereto made a part of this affidavit, and was published in the regular

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M., on the 28th day of April, 1952, at Caldwell, County of Canyon State of Idaho, before W. W. Moore, Notary Public proof will be submitted of the completion of works for the diversion of Ten (10) cubic feet per second of the waters of Wilson Slough Drain and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 22568 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Pioneer Irrigation District, Caldwell, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is Ten (10) cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is ten (10) cubic feet per second.

4. The place where said water is used is lands within the boundary of the Pioneer Irrigation District located in Twp. 4 North, Ranges 1, 2, 3 and 4 West, and Twp. 3 North, Ranges 1, 2 and 3 West, B. M.

5. The date of priority which said user is prepared to establish is January 23, 1952.

MARK R. KULP
State Reclamation Engineer
No. 662, March 29, April 5, 12, 19.

Saturday issues of The Caldwell News-Tribune for 4 consecutive weeks beginning with the issue of March 29, 1952 and ending with the issue of April, 1952.

APPLICATION FOR PERMIT To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 30308
PERMIT No. 22568
DISTRICT No.

1. Name of Applicant: PIONEER IRRIGATION DISTRICT

Postoffice address: Box 426, Caldwell

County: Canyon

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation: 1901, Canyon County, Idaho

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors: Earl Horton, Caldwell, Idaho; Wayne Naugle, Nampa, Idaho;
John Turner, Caldwell, Idaho

II. The financial resources of the applicant are:

(a) Cash on hand:

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

2. Quantity of water claimed: Ten (10)

cubic feet per second.

3. Source of water supply: Wilson Slough Drain

which is a tributary of

4. Location of point of diversion: 600

feet distant from the Southeast

corner of Section 19, T. 3 N., R. 2 W., B. M., and is in the SE $\frac{1}{4}$ SE $\frac{1}{4}$

of Section 19, T. 3 N., R. 2 W., B. M., County of Canyon

5. Water is to be used for Irrigation

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B. M., in the of Section, T., R., B. M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B. M., in the
of Section, T., R., B. M.

7. Estimated cost of works: \$ 2,300.00

8. Kind of works: Electric pump in Wilson Slough Drain

9. Height of dam: feet; length of dam at top feet; length of dam at bottom

feet; material used in dam: .

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is Already completed years.

13. The time required for the complete application of the water to the proposed use is None additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: Permits 90,117,135

16. (a) Is reservoir to be used? No If so, fill in (b) and (c) below:
(b) Name of Reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

PIONEER IRRIGATION DISTRICT *Applicant.*

By **W. W. Moore, Secretary** *Agent.*

Date of first receipt at Department of Reclamation: 11:00 A. M. January 23, 1952

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 22568

Recorded in Book 80 Page 22568 Approved January 29, 1952

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ to be filed on or before

Work to begin on or before **Completed** and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before —

The whole of said work to be completed on or before **April 29, 1952**

Beneficial use of water appropriated in accordance herewith, to be made on or before **April 29, 1952**

WITNESS My hand this 29th day of January, 1952

MARK R. KULP

State Reclamation Engineer.

IN TESTIMONY WHEREOF, We, **LEN JORDAN**, Governor of the State of Idaho,

and **IRA H. MASTERS**, Secretary of State of the State of Idaho, have caused this instrument to

be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 29th

day of **January**, 19 **52**.

STATE OF IDAHO

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 22568This proof is for Completion of works and Beneficial Use in Water District No. _____1. Name of applicant Pioneer Irrigation District, Caldwell, Idaho, J. O. Baum, Sup't.2. Source of water supply: Wilson Slough Drain3. Location of point of diversion: Is in the SE¹₄ SE¹₄ of Section 19T. 3 N. R. 2 W. County of Canyon

4. Describe works as they exist, giving dimensions and capacities of same: This is a pumping installation on the S. side of the Wilson drain and just below and to the E. of the Phyllis Canal where the Phyllis Canal crosses the Wilson drain. Water is lifted approximately 8¹/₂ or 9' and discharged through an 18" metal culvert type pipe 30' long into the Phyllis Canal on the S. side of the Wilson drain. Motor is U.S. 20 h.p. 220 V. 52 amps. 1200 r.p.m. #871465. Pump is Byron Jackson, Size 16, Type 206-D. Serial No. 252968. Pump discharges to the SW through a 16" pipe into an 18" pipe. Motor is G.E. 240 V. #28161480, mounted on post outside the pump house approximate 3' to the East. Pump house is made of boards 6'x8'x8¹/₂' high. Pump and motor set on the S. bank of the Wilson drain on the upstream side. Waters of the Wilson drain and carried under Phyllis Canal through a concrete culvert, estimated 4' diameter.

5. Water is used for: Irrigation6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Lands within the boundary of the Pioneer Irrigation District, in the following townships:

Twp. 4 North, Ranges 1, 2, 3, 4 West, B.M.

Twp. 3 North, Ranges 1, 2, 3 West, B. M.

This water is used on all lands lying within the district on the West side of the Wilson Drain, and South of the Caldwell Low-Line Canal, and North of the Phyllis Canal.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Boise, Idaho

Remarks: It was stated that this out-fit was installed in order to supplement the water in the Phyllis Canal, but primarily to prevent existing water in the Wilson Drain from backing up so as to saturate the banks of the Phyllis Canal in a manner that might cause same to fail.

This examination was made on the 20th day of November, 19 52

(Signed) E. H. Humphrey Examiner.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Re: Water Licenses No. 11896 - 22568
Pioneer Irrigation District

S. Ben Dunlap
Attorney at Law
Box 891
Caldwell, Idaho

Dear Mr. Dunlap:

Your letter of August 8, 1961 in regard to water rights of Pioneer Irrigation District has been received. The following have been issued to Pioneer Irrigation District, both from Wilson Slough.

License No. 11896

Quantity - 60 cubic feet per second
Priority - September 8, 1915
Point of Diversion - SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 12, T. 3 N.,
R. 3 W.
License issued Sept. 14, 1923

License No. 22568

Quantity - 10 cubic feet per second
Priority - January 23, 1952
Point of Diversion - SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 19,
T. 3 N., R. 2 W.
License issued Dec. 11, 1952

The U. S. A. and the Black Canyon Irrigation District have the two licenses which have been issued for water from Klighah Drain.

Very truly yours,

WEO. N. CARTER
State Reclamation Engineer

RE: Permit No. 22568

Pioneer Irrigation District
Route 6
Caldwell, Idaho

ATT: Mr. J. O. Baum
Superintendent

Dear Mr. Baum:

We now have on file the report of our field engineer on examination for completion of works and beneficial use on Permit No. 22568.

Therefore, upon receipt of the statutory fee of \$5.00, a Certificate of Completion of Works will be issued for 10 second feet of water from Wilson Slough Drain, and also a license for the same amount.

Since these lands have already been inspected for beneficial use under an earlier permit, there is no additional fee for license.

Very truly yours,

Caldwell, Idaho

ATT: Mr. J. O. Baum
Superintendent

Dear Mr. Baum:

We acknowledge receipt of the corrected depositions in proof of completion of works and beneficial use under Permit No. 22568.

This completes the proof, but before final action is taken in the matter, the law requires that an examination be made by an engineer from this department.

We cannot say just when this examination will be made as this department has but one field engineer who makes examinations all over the State.

However, he will try to contact you or someone on the premises at the time the examination is made so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Ans. Pioneer Irrigation District, Caldwell, Idaho. I am the Superintendent

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. # 22568 dated January 29th, 1952. Date of Priority January 23rd, 1952

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source is Wilson Slough Drain. Point of Diversion is 600 ft distant from SE corner of SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 19, Twp. 3 N, Rng. 2 W.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Works is an electric motor driven pump of 500 inches rated capacity that pumps water out of Wilson Slough Drain in the Phyllis canal.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. Lands within the boundaries of the Pioneer Irrigation District as follows:- Twp. 4 No, Rng. 2 W; - Twp. 3 No, Rng. 2 W; - Twp. 3 N, Rng. 3 W; - Twp. 4 N, Rng. 3 W; - Twp. 4 N, Rng. 4 W.

22568

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans.

✓ Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. One inch per acre

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. This pump was started on or about May 15th, 1951 and was used during the 1951 irrigating season.

✓ Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Water right # 90, 117, and 135 and Flood water of Bryan Decree

..... Pioneer Irrigation District

(Sign) J. O. Baum Superintendent

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Caldwell, County of Canyon, State of Idaho, on this 28th day of April, A. D. 1952,

Permit No. 22568

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses; on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Nate Corning, Farmer RR # 2, Caldwell, Idaho

Ques. 2. Are you acquainted with Pioneer Irrigation District, the holder of Permit No. 22568? How long have you known him and where does he reside?

Ans. yes 18 years

Ques. 3. Have you read or heard read said Permit No. 22568, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Wilson Slough Drain. SE corner SE 1/4 SE 1/4 Sec. 19, Twp 3 No. 1 Rng 2 WBM.
Works consists of Electric pump.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 10 second feet

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 10 cubic feet. This is the pumps rated capacity

22568

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. Lands within the boundaries of the Pioneer Irrigation District as follows: Twp.4, North, Range 2W; - Twp.3 N, Rng.2 West; - Twp.3 N, Rng. 3 W; - Twp.4 N, Rng.3 W; - Twp.4 N, Rng 4 W.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. for irrigation

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Bench land.
One inch per acre

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. My farm is irrigated by the waters of the Pioneer Irrigation system.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. During the 1951 irrigating season

(Signed)

Chate Corning

Pioneer Irrigation District
Route 6
Caldwell, Idaho

ATT: Mr. J. O. Baum
Superintendent

Dear Mr. Baum:

On May 19, 1952, we returned depositions of yourself and two witnesses, submitted in proof of completion of works and beneficial use under the above numbered permit for certain corrections.

To date, these depositions have not been returned so we are bringing the matter again to your attention.

Very truly yours,

RE: Permit No. 22568

Pioneer Irrigation District
Route 6
Caldwell, Idaho

ATT: Mr. J. O. Baum
Superintendent

Dear Mr. Baum:

We return your deposition submitted in proof of completion of works under Permit No. 22568, for the reason that Question 3 should give the source and point of diversion.

We also return the depositions of yourself and two witnesses offered in proof of beneficial use under this permit for completion as follows:

Question 6 of your own deposition should give the number of acres on which the water has been applied. The land may be described as lands within the boundaries of the Pioneer Irrigation District in certain townships, and need not give each 40 acre subdivision.

Question 7 of your witnesses depositions should be completed in the same way and Question 9 in these depositions should also be answered.

Very truly yours,

MARK R. KULP

Affidavit of Publication

STATE OF IDAHO,

County of Canyon

ss.

R. R. Bechtel

, being first duly sworn, deposes and says;

That he is the Foreman of CALDWELL NEWS-TRIBUNE, INC., publisher of The Caldwell News-Tribune, a daily newspaper published at Caldwell, Idaho, within the meaning of Chapter 154 of the 1933 Session Laws of Idaho; published six consecutive days a week except legal holidays. And that the publisher of said The Caldwell News-Tribune, a daily newspaper, has all the time since the 5th day of July, 1933 and in each issue thereof, at the head of the editorial column of said newspaper, announced the day of the week to-wit: Saturday, on which legal notice required by law or by order of any Court of competent jurisdiction to be published weekly, will be published; that the said paper is in general circulation in Canyon County, Idaho and has been for a period of seventy-eight weeks preceding the first publication of this advertisement, a copy of which is attached hereto, and by reference thereto made a part of this affidavit, and was published in the regular

Saturday issue of The Caldwell News-Tribune for 4 consecutive weeks beginning with the issue of March 29, 1952 and ending with the issue of April 19, 1952.

RE: Permits Nos. 19820 and 22568

Caldwell News Tribune
Caldwell
Idaho

Gentlemen:

We thank you for the copies of your issues containing legal notice in connection with the above numbered permits.

However, in checking the notice of proof of completion of works and beneficial use on Permit No. 22568 of the Pioneer Irrigation District, we note that seven lines have been duplicated. In other words, between paragraphs 2 and 3, the seven lines beginning "completed on the date set ~~2 2 2 2 2 2~~" and ending "Ten (10) cubic feet per second" should be eliminated as it is a repetition.

Please make this correction in your subsequent publications.

Very truly yours,

MARK R. KULP

RE: Permit No. 22568

Pioneer Irrigation District
Box 426
Caldwell, Idaho

Gentlemen:

We have sent to the Caldwell News Tribune, notice of completion of works and beneficial use proof to be made under Permit No. 22568 on April 28, 1952, before W. W. Moore, Notary Public, with instructions to publish it once a week for four consecutive weeks prior to that date and to send you the affidavit of publication together with statement of costs.

Separate proofs have to be made for completion of works and beneficial use and we enclose the necessary forms herein. At the time set, a representative of the district should appear before the Notary Public together with two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder for the purpose of executing the depositions.

You will note that we have changed the priority date to be established under this permit to January 23, 1952, the date your application was filed with this department.

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M., on the 28th
day of April, 1952, at Caldwell, County of
Canyon State of Idaho, before W.W.Moore, Notary Public
proof will be submitted of the completion of works for the diversion of Ten (10)
cubic feet per second of the waters of Wilson Slough Drain and of
the application to beneficial use of said water, in accordance with the terms and
conditions of Permit No. 22568 heretofore issued by the Department of Reclamation
of the State of Idaho.

1. The name and postoffice address of the person or corporation
holding said permit are Pioneer Irrigation District, Caldwell, Idaho
2. Said works of diversion will be fully completed on the date set for
such completion, and the amount of water which said works are capable of con-
veying to the place of use, in accordance with the plans accompanying the appli-
cation for such permit, is Ten (10) cubic feet per second.
3. The use to which said water has been applied is irrigation
ten (10) cubic feet per second.
lands within the boundary of the
4. The place where said water is used is Pioneer Irrigation District
located in Twp. 4 North, Ranges 1, 2, 3 and 4 West, and Twp. 3 North,
Ranges 1, 2 and 3 West, B. M.
5. The date of priority which said user is prepared to establish is
~~January 23, 1952~~ January 23, 1952

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) March 21st, 1952

(P. O.) Caldwell, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Caldwell News Tribune of Caldwell, Idaho published in
the county in which the works are situated.

Pioneer Irrigation District

By W. W. Moore
W. W. Moore Secretary

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

22568

January 31, 1952

RE: Permit No. 22568

Pioneer Irrigation District
Box 426
Caldwell, Idaho

Gentlemen:

We enclose Permit No. 22568, together with departmental receipt No. 24124 for the \$7.50 filing fee.

Since the application states that the works are complete and that no additional time will be required for making proof of beneficial use, we have allowed 3 months, or until April 29, 1952, within which to make these proofs. As you no doubt understand, a notice has to be published in a county newspaper once a week for four consecutive weeks prior to the date set for making proof. This notice should be made in duplicate on Form 36 enclosed, setting time and place and naming the Notary Public before whom proof is to be made.

Both copies of Form 36 to be returned to this department, together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper. We shall then send a copy of the notice to the newspaper with instructions in regard to publishing.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

22568

February 19, 1951

Pioneer Irrigation District
Box 426
Caldwell, Idaho

Gentlemen:

A few days ago Mr. J. O. Baum, Manager of your District, left with this Department a proposed application for Permit to appropriate underground water within your District, with the request that we look over the application prior to the filing of same, then return same for signature, together with any suggested changes or corrections necessary to complete the application for filing.

We are therefore returning the application with the following suggestions: Please insert by giving the number of acres to be irrigated at the bottom of Page 2 of said application. Also answer Question 15.

The tabulated land list attached is sufficient for Question 14 of the application. However, in this connection we would appreciate this land list in duplicate, providing you have an extra copy to spare.

Permit applications for over 25 cubic feet per second require a tracing and one print to accompany the application. However, in this case, we can accept two of the enclosed prints showing lands in the District and proposed well diversions instead of the required tracing and one print, as we have a tracing filed in this office showing the District boundary, canal system and etc., filed in this office with your previous filing for Permit No. 18448.

In view of the new proposed Senate Bill No. 123 relating to the underground water resources now before the legislature, and relative to Section 3 of said act, excepting irrigation districts from the provision of said act, relating to the use and recovery of underground water for drainage purposes.

The writer, by request of Mr. Baum, has taken the matter up with Mr. Kulp, State Reclamation Engineer, and his opinion is quoted as follows:

"New ground water legislation as contemplated in Senate Bill No. 123 would except withdrawal and use by a district such as yours of

22468

Pioneer Irrigation District
February 19, 1951
Page 2.

ground water within the district for use within the district from the provisions of the Act.

However, as there are many existing ground water rights in your district, we recommend filing for record purposes."

We are returning herewith all the papers, including the application and map left by Mr. Baum.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
