Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. IRA ROBERT JACKSON, 43 years old, Route 8, Boise, Idaho. Driller.

Ques. 2. Are you acquainted with Hubert Orcutt, the holder of Permit No. G-22545? How long have you known him and where does he reside?

Ans. I have known Mr. Orcutt since 1945. He resides on Route 8, Boise, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-22545, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Well which is located in the southwest corner of Lot 10, Block G, Fairview Acre Subdivision No. 2, Ada County, Idaho. Conveyed by ditch and hose.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Pump capable of discharging 14 miners inches of water. I have seen 2" being conveyed successfully to place of use.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. To irrigate approximately 1 acre (Lots 9 and 10, Block G, Fairview Acre Subdivision No. 2, Ada County, Idaho) and water is pumped into the house and used for family use. Cultivated land. Improvements are piped water from well into house--system of irrigation from the pump to the land by hose and ditch.

G-22545

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. About 1" of water is piped to the house on the above described land and used for family use. No other use has been made of the water ~~except for irrigation.~~

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. ~~Prior to drilling the well, the land was without a water right~~ and has been cultivated by the water from the well since the pump was ~~installed. 1" of water is required for profitable cultivation.~~

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. In 1951 and 1952, I have seen the above described land irrigated and growing crops raised thereon from the application of the waters of ~~this well and have seen water piped into the house from the well since~~ 1948. About 2" (.04 cu. ft.) of water has been used for the above two purposes.

RE: Permit No. G-22545

Mr. A. T. Fredricks
Box 1973
Boise, Idaho

Dear Mr. Fredricks:

We acknowledge receipt of your letter of June 16, 1952, enclosing notice of proof of completion of works and beneficial use on Permit No. G-22545 in the name of Hubert Orcutt.

We have changed the form of this notice a bit as it is not necessary to segregate the amount used for irrigation and domestic purposes, and the total amount applied for was .04 second foot or 2 inches of water, one inch for irrigation and one inch for domestic.

We have also changed the priority date, as the earliest priority that can be established under a permit is the date the application is filed in this department which, in this case, is January 4, 1952. If the well has been in use a long time as the notice you sent would indicate, and it is necessary to establish an earlier priority, this may be done through the district court by proving continuous use from an earlier date.

Very truly yours,

Re: Permit No. G-22545
Hubert Orcutt

Dear Mr. Kulp:

This will acknowledge receipt of your letter of January 15, 1952, relating to the captioned matter, enclosing Permit No. G-22545 issued to Hubert Orcutt.

I enclose your Form No. 36, being Notice of Proof for Publication, and your Form No. 11 authorizing publication at my client's expense. Since publication for four consecutive weeks is necessary, I have advanced the date for the taking of proof to the 18th day of August, which should leave ample time for your department to transmit the notice and instructions for publication.

The $5.00 fee payable to the State for the establighment of storage rights is, I presume, payable upon the issuance by the State of a certificate of appropriation; or, possibly, at the date set for the taking of proof. In either event, my check will be available for that purpose. Please advise if the date set in the enclosed notice is not satisfactory with your department.

Gentlemen:

We enclose Permit No. G-22545 in the name of Hubert Orcutt together with departmental receipt No. 24086 for the $5.00 filing fee.

You will note that the permit allows two years or until January 11, 1954, within which to make the proofs of completion of works and beneficial use necessary to complete the water right in accordance with the statutes, but the proofs may be made at any earlier date that Mr. Orcutt is prepared to make the proofs.

Before the proof is made, the statutes require publication of a notice for four consecutive weeks in a county newspaper. This notice should made in duplicate on Form 36 enclosed, setting time and place and naming the Notary Public before whom proof is to be made.

Both copies of Form 36 to be returned to this department together with Form 11 which is authorization for us to have the notice published at permit holder's expense in the designated county newspaper.
