APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. 22519.

Comes now Lula M. Standal and represents to the State Reclamation Engineer of the State of Idaho: That she is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 22519. That the points of diversion is described in said permit as being located SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 18, Township 6 North, Range 5 West B.M. That she now requests that the point of diversion be changed to a point located SE $\frac{1}{4}$ of the SW $\frac{1}{4}$ and the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 18, Township 6 North, Range 5 West of Boise Meridian, Canyon County, Idaho. That her reasons for desiring to make such change are as follows: because of an error in the point of diversion in the original application. That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Parma, Idaho, this 26th day of April 1957

Waters of the State of Idaho, No. 22519.

That the point of diversion is described in said permit as being
located SE $\frac{1}{4}$ of Section 18, Township 6 N., Range 5 West B.M.

That he now requests that the point of diversion be changed to a
point located SE $\frac{1}{4}$ of the SW $\frac{1}{4}$ and the
NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 18, Township 6 North, Range 5 West of
Boise Meridian, Canyon County, Idaho.

That his reasons for desiring to make such change are as follows:
because of an error in the point of diversion in the original
application

That no one will be injured by such change, and that such change
will be made at Permit Holder's own risk.

Signed at Parma, Idaho, this 26th day of April 19 57

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho,
hereby approve the above and foregoing application for amendment to Permit to
appropriate the Public Waters of the State of Idaho, No. 22519. This
approval constitutes a new permit and is issued as an amendment to the original
permit, to which it refers and of which it becomes a part, and said application
is approved only insofar as the rights of others will not be adversely affected
thereby.

Dear Mrs. Standal:

We have the Report made by our Field Engineer of proof of beneficial use for Permit No. 22519. This permit is now entitled to a License and Certificate of Water Right. However, to conform with the report, it is necessary that the points of diversion as described in the permit be amended to read: SE $\frac{1}{4}$ SW $\frac{1}{4}$ and NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 18, Township 6 North, Range 5 West B.M. Herewith is "Application for Amendment."

Upon receipt of the amendment and the statutory fee of \$4.00 (based at a rate of \$2.00 for each 40-acre subdivision) we can issue you a License with a priority of October 24, 1951, for 1.4 second feet of water from the waste water of the Farmer's Ditch Company, for irrigation of 70 acres located in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ and NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 18.

Dear Mr. Anderson:

We acknowledge receipt of the depositions of Mrs. Lulu M. Standal and two witnesses, also affidavit of publication in The Parma Review, all submitted in proof of beneficial use on the Permit above captioned.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact Mrs. Lulu M. Standal at the time he makes the examination so that arrangements may be made to show him over the grounds.

REPORT OF ENGINEER

Permit No. 22519This proof is for Beneficial Use

In Water District No. _____

1. Name of applicant Lulu M. Standal
2. Source of water supply: Waste water out of the Waste Way of the Farmer's Ditch Company Co-operative
3. Location of point of diversion: Is in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 18
T. 6 N. R. 5 W., B.M. County of Canyon
4. Describe works as they exist, giving dimensions and capacities of same: This place lays right down against the Snake River and picks up waste and drain waters from above for the irrigation of the place. The draw on the South also carries the waste from the Farmers Co-op Ditch. There is lots of water spills into the river here. Had to put in a concrete drop to stop the cutting where it dropped into the Snake. There is a concrete Dam and headgate in the draw. Ditch is approx. 2 to 3 foot wide in bottom. The North P. D. puts all the water into the ditch where the draw debouches onto the field. Excess from it is dropped into a drain to the North. The North forty is much larger than a regular forty due to land laying between it and the river that is included in the field.
5. Water is used for: Irrigation
6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SE $\frac{1}{4}$ NW $\frac{1}{4}$ and NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 18., Twp. 6 N., Rge. 5 W., B.M.

See map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Snake River

Remarks: Crop are hay grain corn and pasture.

Mr. Wilkerson (renter) accompanied me on the inspection.
Land and Survey office says the area is Lot 3 to 7 and Lot 4 to South. Takes in the whole half of the section.

This examination was made on the 3rd day of April, 1957

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Dear Mr. Anderson:

We have your letter of November 15th stating that Mrs. Standal of Route #2, Parma, Idaho, is prepared to make proof of beneficial use on Permit No. 22519.

Before these proofs are made, the statutes require publication of a notice once a week for four weeks in a county newspaper. This notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the notary public before whom the proofs are to be made.

The proofs may be made at any place convenient for you and your two witnesses but the date must be set far enough ahead to allow for four weeks publication.

Both copies of Form 10 to be returned to this department together with Form 11 which is her authorization for us to have the notice published at her expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the forms of deposition to be executed by Lulu M. Standal and two disinterested witnesses in making these proofs.

Very truly yours,

MARK R. KULP

Department of Reclamation

November 15, 1956.

Department of Reclamation,
State of Idaho,
Boise, Idaho,

Dear Sirs:

Re: Permit No. 22519.
Lulu M. Standal
R#2. Parma, Idaho.

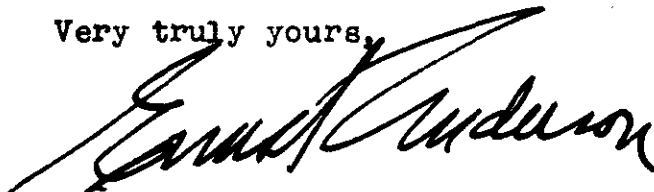

On November 4, 1953, Lulu M. Standal, the above named permit holder, made a proper and complete report on the Completion of Works. She has until December 27, 1958, to make proof of the application of the water to beneficial use.

However, Mrs. Standal is now ready to make proof of the application of the water to beneficial use. She prefers to make this proof now, rather than to wait any longer.

If, therefore, you will send the necessary papers, and give notice as required by law, proof will be made in my office, since I am a Notary Public. The publication to be made in THE PARMA REVIEW a weekly newspaper printed and published in Parma, Idaho.

Awaiting your attention, I am,

Very truly yours,

Attorney for Mrs. Standal.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho

Dear Sir:-

Under the terms of your permit No. 22519 you are required to complete your diversion works on or before December 27, 1953 I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

DEC 20 1951
Department of Reclamation

December 18, 1951.

Department of Reclamation,
State of Idaho,
Boise, Idaho,

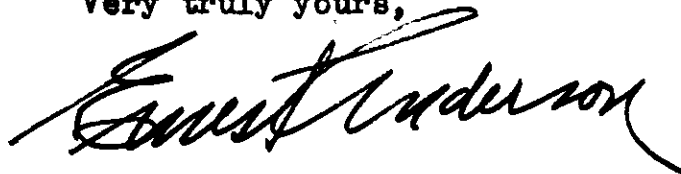

Dear Sirs: Re: Application No. 30171.
 Lulu M. Standel, Applicant,

Owing to the fact that the waste water in the waste way of the Farmers' Co-Operative Ditch Company, at the point where the above named applicant has made her filing, is no longer recoverable by the Farmers' Co-Operative Ditch Company, the said Company hereby grants unto the said applicant the right to file on 1 and 3/5 second feet of water, if the same be available, at the point in the said waste way where it is proposed to divert the same upon the lands of the applicant.

This permission is granted on the condition that the Farmers' Co-Operative Ditch Company shall not be liable for or be required to meet the requirements of the amount of water filed upon.

This letter to be, and constitute, a part of the file of the said application relative to the said application.

Very truly yours,

President-Farmers' Co-Operative Ditch Co.
