NOTICE FOR PUBLICATION

Notice of Proof Application of Water To Beneficial Use

Notice is hereby given that, at 5:30 p.m. on the 21st day of March, 1951, at Nampa, County of Canyon, State of Idaho, before John H. Brandt, Notary Public, proof will be submitted of the application to beneficial use of .40 cubic foot per second of the waters of subterranean flow in accordance with the terms and conditions of Permit No. 21915 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit is Sam Christensen, Route 5, Nampa, Idaho.

The use to which said water has been applied is irrigation and domestic.

The amount applied to beneficial use is .40 cubic foot per second.

The place where said water is used: 600 ft. East and 60 ft. North from the SW corner of N $\frac{1}{2}$ of SW $\frac{1}{4}$ SW $\frac{1}{4}$, Section 3, Township 3 North, Range 2, West Boise Meridian.

The name of the canal or ditch or other works by which said water is conducted to such place of use is private ditches.

The right to take water from such works is based upon Permit No. 21915.

The source of supply from which such water is diverted is subterranean flow, from a well on the land above described.

The date of priority which said user is prepared to establish is February 7, 1951.

REPORT OF ENGINEER

Permit No. 21915This proof is for Beneficial use In Water District No. _____1. Name of applicant Sam Christensen, Route 5, Nampa, Idaho2. Source of water supply: Subterranean flow from a well3. Location of point of diversion: Is in the N $\frac{1}{2}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 3T. 3 N. R. 2 W. County of Canyon

4. Describe works as they exist, giving dimensions and capacities of same: The motor and pump are enclosed in a concrete pit 52" x 37" x 13 $\frac{1}{2}$ " immediately over the well. Pit is covered with a small shed type structure. Delivery is thru a 6" pipe to the surface then approx. 6' to the east into a concrete sump and to a ditch. Sump is 15" wide, 6' long and 13" deep. From there water is carried to the fields thru ample ditches.
The motor is G. E. 2 h.p. single phase, 220 volts, 19 amps, 1760 r.p.m.
The pump is a Sterling Unit type, ~~4" outlet~~, 4" outlet, 4" intake.
Well is 60' deep, 8" casing, perforated bottom 30 feet. H is 19 feet
Drawdown is 5 feet.

5. Water is used for: Irrigation and domestic purposes.6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

N $\frac{1}{2}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 3, Township 3 North, Range 2 West, B. M.

The full 20 acres are irrigated. Also used for stock water part time.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: Water measured over V notch weir equal .445c.f.s. or 22.25 inches.

Estimate an additional 2 to 3 inches of water was running over the banks

This well was put in on account of dry years and shortage of water.

Now it is considered very useful and convenient.

This examination was made on the 16 27 day of April, 19 51

Dear Mr. Christensen:

We acknowledge receipt of your letter of March 24, 1951, enclosing Affidavit of Publication in the Idaho Free Press.

This, together with the depositions of yourself and two witnesses previously received completes your Proof of Beneficial Use under Permit No. 21915, but before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We cannot say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, he will try to contact you at the time the examination is made so that arrangements may be made to show him over the grounds.

Very truly yours,

BOISE, IDAHO, March 9, 1951

Mr. John H. Brandt
Notary Public
204 12th Ave. South
Nampa, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 21915

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On March 21, 1951, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Nampa, Idaho before John H. Brandt, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

Re: Permit No. 21915

Mr. Sam Christensen
Route 5
Nampa, Idaho

Dear Mr. Christensen:

We enclose Certificate of Completion of Works issued under Permit No. 21915 for the diversion of 0.4 of a second foot of water from a well in the N¹/₂SW¹/₄ Section 3 North, Range 2 West B.M., for irrigation and domestic use on the same subdivision.

We also enclose Departmental Receipt No. 23133 for the \$5.00 fee paid in connection with this proof.

We have sent to the Idaho Free Press, Notice of Beneficial Use Proof to be made under this Permit on March 21, 1951, at 5:30 P.M., with instructions to publish it once a week for four consecutive weeks prior to that date and to send you the Affidavit of Publication, together with statement of costs. Your notice says 5:30 A.M. but we assume this is an error and you meant 5:30 P.M.

We have had to make one change in this notice, as the priority that can be established under any Permit is the date the application is filed in this Department, which in your case is February 7, 1951. If an earlier priority is necessary or desirable at any time, this may be established through the District Court by proving such early continuous use.

At the time set for proof, you should appear before Mr. John H. Brandt, Notary Public, together with two disinterested witnesses who are familiar with the terms of your Permit and the works done thereunder for the purpose of executing depositions, forms for which will be sent Mr. Brandt.

Very truly yours,

Re: Permit No. 21915

Mr. Sam Christensen
Route 5
Nampa, Idaho

Dear Mr. Christensen:

We enclose Permit No. 21915, together with Departmental Receipt No. 23071 for the \$5.00 filing fee.

Since the application states that the works are completed and that no additional time is required for making Beneficial Use Proof, we have allowed three months, or until May 10, 1951, within which to make the statutory proofs required to complete the water right.

The first proof, or proof of completion of works, should be made on Form 6 enclosed, executed before a Notary Public, and returned to this Department with the statutory fee of \$5.00.

The statutes require publication of a notice in a county newspaper for four consecutive weeks prior to making proof of beneficial use. The notice should be made in duplicate on Form 10, setting time and place, and naming the Notary Public before whom the proof is to be made. The time, of course, should be set sufficiently far ahead to allow for the four weeks' publication.

Both copies of Form 10 to be returned to this Department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated newspaper. We shall then send a copy of the notice to the newspaper with instructions in regard to publishing.

Very truly yours,
