AFFIDAVIT OF PUBLICATION

State of Idaho,
County of Canyon, ss.

Helen C. Norton, of Nampa, Canyon County, Idaho, being first duly sworn, deposes and says:

1. That I am a citizen of the United States of America, and at all times hereinafter mentioned was over the age of twenty-one years, and not a party to the above entitled action.

2. I am the Principal Clerk of the Idaho Free Press, a daily newspaper published in the City of Nampa in the County of Canyon, State of Idaho; that the said newspaper is in general circulation in the said County of Canyon, and in the vicinity of Nampa, and has been continuously and uninterruptedly published in said County during a period of seventy-eight consecutive weeks prior to the first publication of the notice, a copy of which is hereto attached.

3. That Saturday of each week has been designated as the particular day of the week on which legal notices required by law or by order of any Court of competent jurisdiction within the State to be published weekly, will be published in said Idaho Free Press in compliance with the provisions of Section 58-108 I. C. A. 1932, as added thereto by Chapter 154, 1933 Session Laws of Idaho, and the Publisher of this newspaper in conformity with the provisions of said law, does, at the head of the Editorial Column of said paper, and in each issue thereof, announce Saturday of each week as the day of the week on which legal notices required by law or by order of any Court of competent jurisdiction to be published weekly, will be published.

4. That the notice, of which the annexed is a printed copy was printed in said Saturday issue of said Idaho Free Press for a period of four successive weeks in the regular and entire issue of each Saturday publication of said paper during the period and time of publication and was printed in the newspaper proper and not in a supplement.

5. That said notice was published in each and every Saturday issue, beginning with the issue of January 14, 1950, and ending with the issue of February 4, 1950.

Subscribed and sworn to before me this 6th day of February, 1950

1. Name of applicant John H. Brandt, 204 12th Avenue South, Nampa, Idaho) r Rt. 2, Nampa.2. Source of water supply: Underground from a well3. Location of point of diversion: Is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 10T. 3 N. R. 2 W. County of Canyon4. Describe works as they exist, giving dimensions and capacities of same: Well depth is 30',

diameter is 10". It is cased and the casing is perforated. Static height of water is
11', drawdown is 4'. Make of pump is a Berkley Centrifugal, sold by H. J. Wood and Co.
of Boise. Column is 1 $\frac{1}{2}$ ". Motor is vertical G. E., 5 h.p., single phase, 60 cycle.
There is no pump house. The pump sets down into a concrete pit on the top of the well.
Pit is approximately 6' deep by 2 $\frac{1}{2}$ ' in diameter. Discharge is through 2" galvanized
pipe. Pipe comes to the surface of the ground, then divides, one branch extending
North and one South. There is an elbow on the South branch 45" from the well and one
on the North branch 39" from the well. One branch leads to a sprinkler system

5. Water is used for: Irrigation, domestic and fire protection. (continued below*)

6. State whether or not water has been turned into works of diversion: _____

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number
of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other
than irrigation):

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Dear Mr. Brandt:

In accordance with your letter of February 17, we have corrected your deposition submitted in Proof of Beneficial Use under Permit No. 21317.

These proofs, together with the Affidavit of Publication in the Idaho Free Press have been placed on file, but before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, the Field Engineer for this Department will try and contact you at the time he makes the examination in order that you may arrange to show him over the grounds.

Dear Mr. Brandt:

We acknowledge receipt of the depositions of yourself and two witnesses, also Affidavit of Publication in the Idaho Free Press, all submitted in Proof of Beneficial Use Proof under Permit No. 21317.

However, we note that your deposition describes the land as the NE₁ NE₁ Section 12, Township 3 North, Range 2 West. This is evidently a typographical error as your Permit and the depositions of your two witnesses describe the NE₁ NE₁ of Section 10, and with your permission, we will change your deposition accordingly.

Meanwhile, we enclose a form of application for Permit, as requested, together with a pamphlet giving regulations and instructions in regard to filing same.

Re: Permit No. 21317

Mr. John H. Brandt

Nampa, Idaho

Dear Mr. Brandt:

We enclose Permit No. 21317.

Since your application states that the works are completed, we have allowed three months, or until March 28, 1950, within which to make the two statutory proofs necessary to complete the water right. These proofs, however, may be made at any time prior to that date.

The first proof or proof of completion of works is made by executing form 6 enclosed before a Notary Public, and returning to this Department with a statutory fee of \$5.00, upon receipt and approval of which, a Certificate of Completion of Works will be issued.

The final or beneficial use proof requires publication once a week for four consecutive weeks in a county newspaper, prior to the date set for making proof. Notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom proof is to be made. Both copies of the notice to be returned to this Department together with Form 11 which is your authorization for us to have the notice published in the designated newspaper at your expense.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing, and on the date set, you should appear before the Notary Public together with two disinterested witnesses to execute depositions of proof on forms furnished by this Department.

Very truly yours,

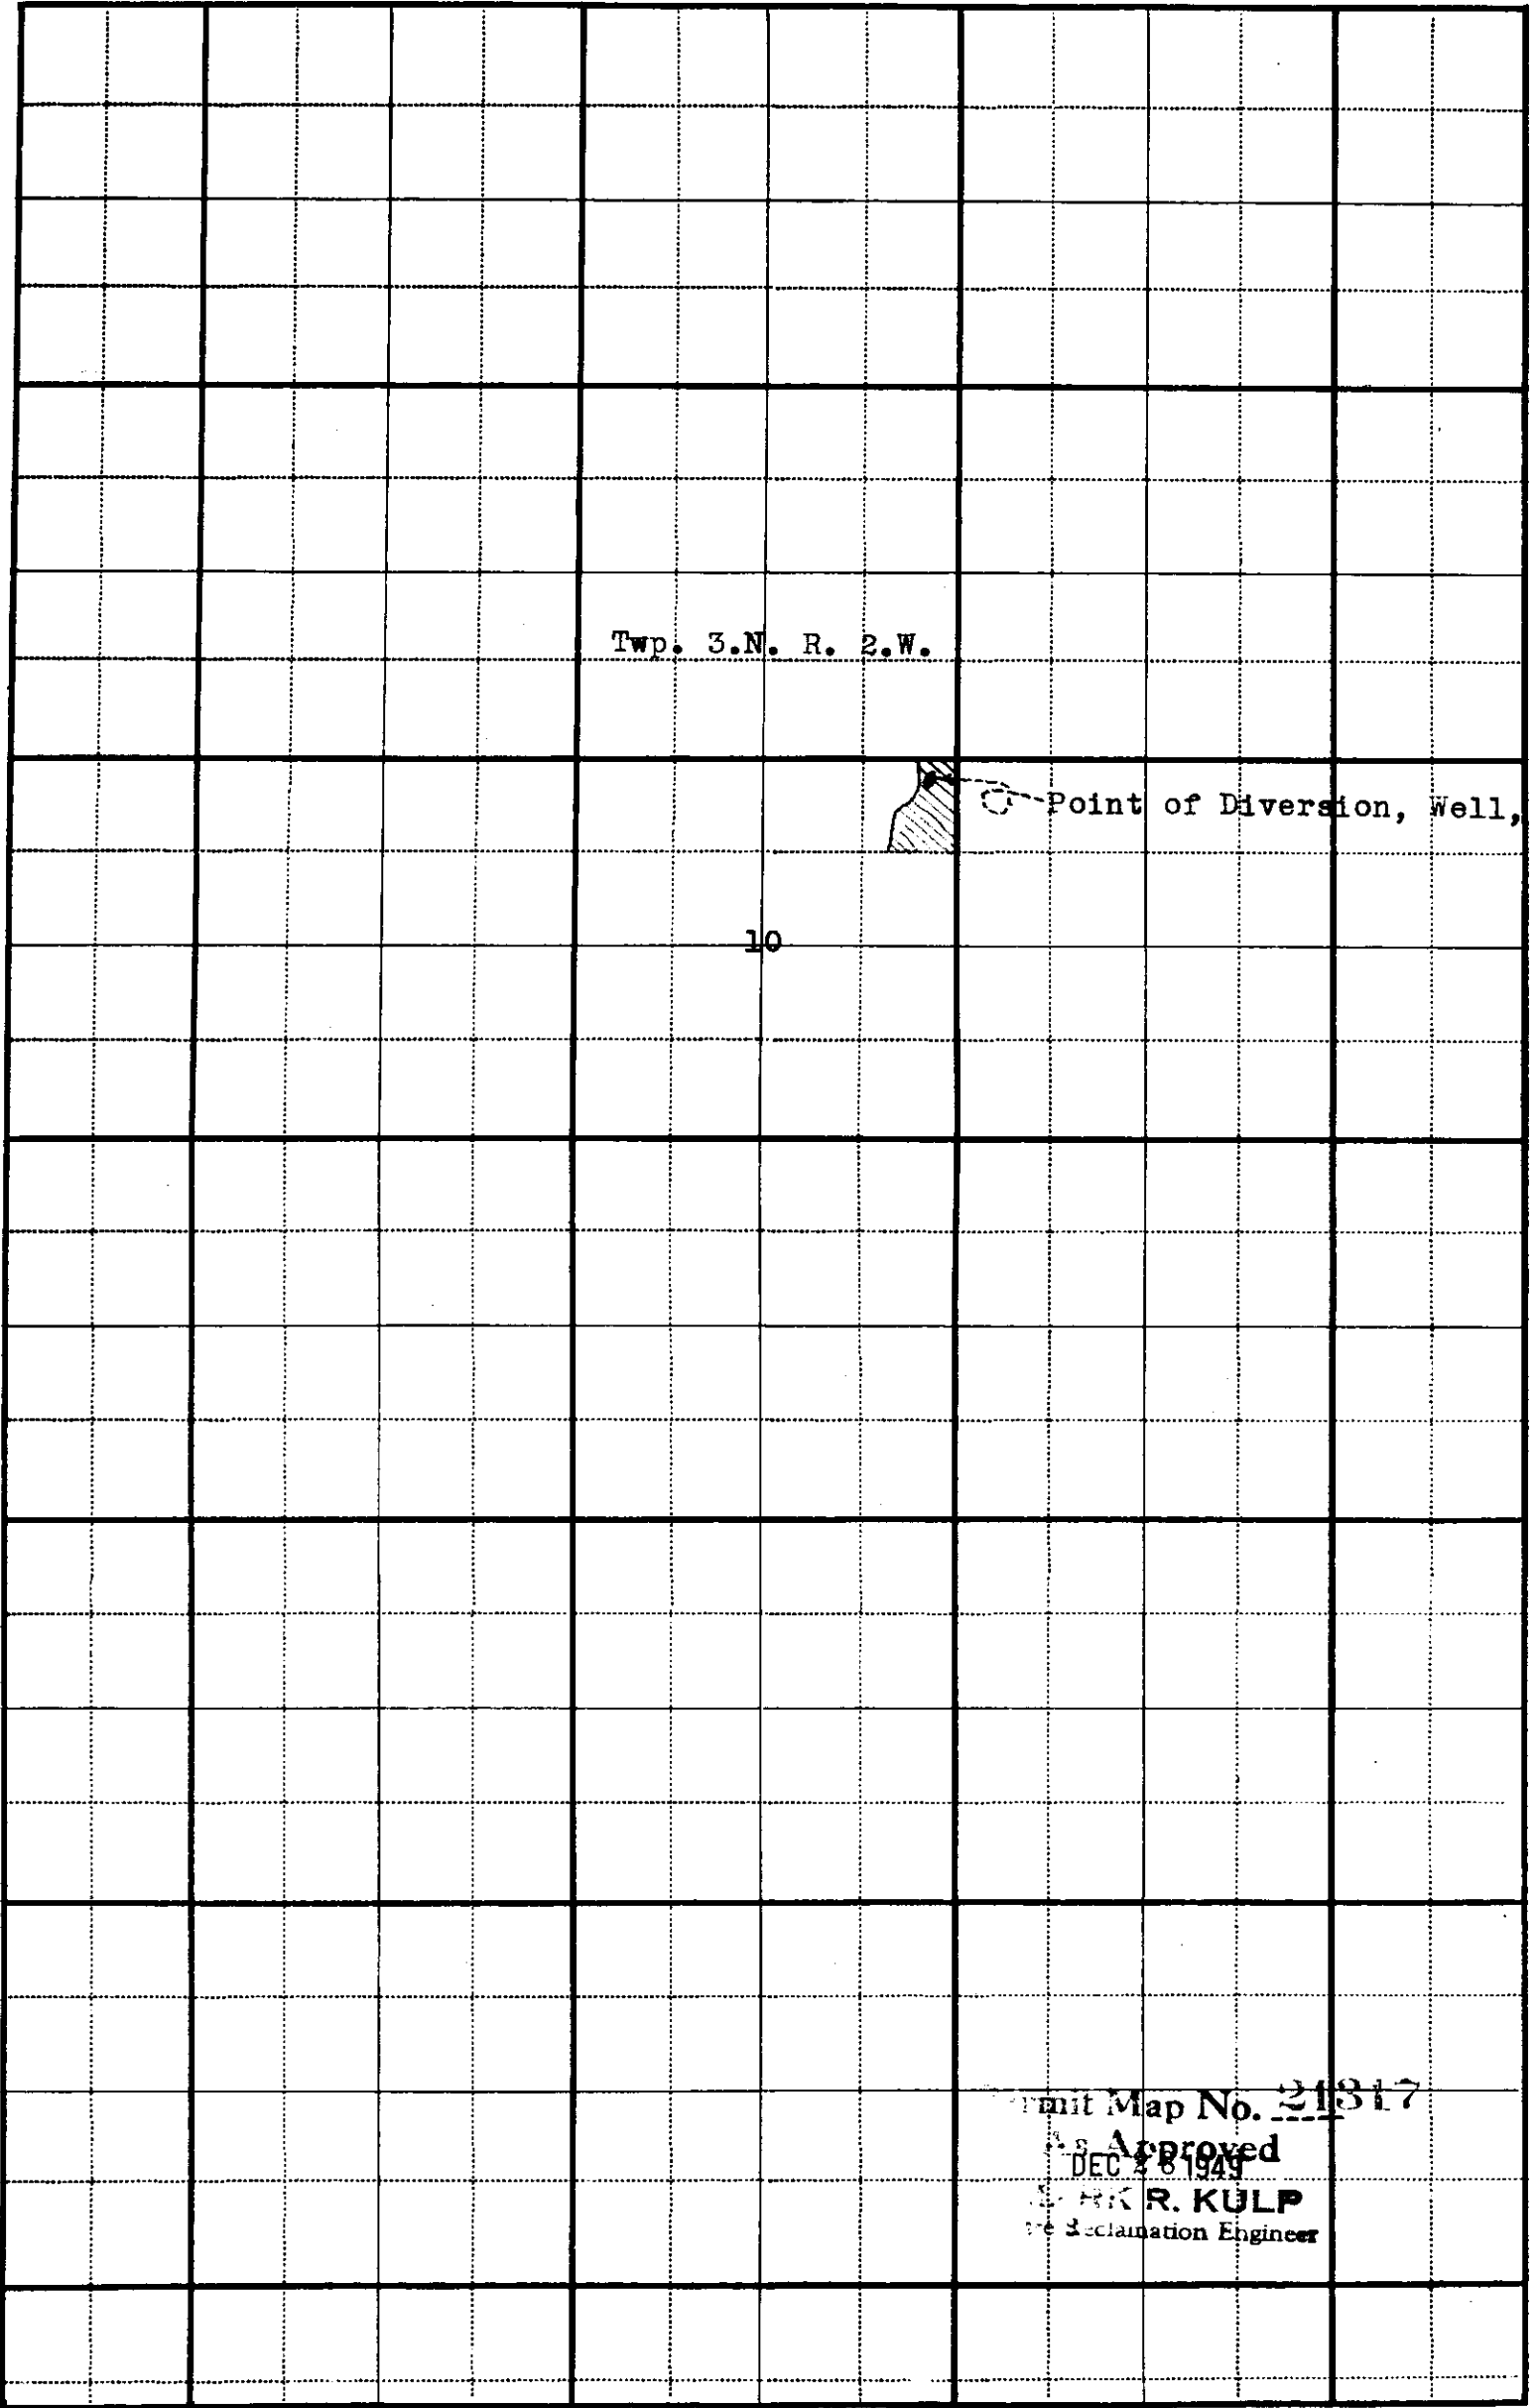

MARK R. KULP

Dear Mr. Brandt:

We return your application to appropriate 1/3 of a second foot of water from a well in order that you may clarify the description of the point of diversion.

Question 4 gives it in the Northeast corner of Section 10, but your sketch map shows it in the Northwest corner of this Section. The same is true as to the location of the land where the water is to be used.

Please make the necessary corrections and return to this Department.

Gentlemen:

We enclose herewith application for filing on the subterranean water to be pumped from a well situated on our home place and used to provide the source of supply for underground sprinkling system for lawn and also to irrigate garden and certain other lands which are within the scope of said well. A \$5.00 check is also enclosed.

This is all complete and was used for a month or so last summer. Please send us the necessary blanks to establish the fact that such beneficial use has been made or make whatever inspections are necessary and advise us of the next step to take toward securing our license.

Very truly yours,

Mr. John H. Brandt
204 12th. Avenue South
Nampa, Idaho

Dear Mr. Brandt:

In reply to your request of December 13, 1949, we enclose a form of application for permit to appropriate the public waters of the State of Idaho, together with regulations and instructions in regard to filing same.

This form is used for filing on subterranean water from a well the same as from any other source. The point of diversion called for under Question 4 should be the legal subdivision in which the well is located.

When this application is approved it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right, two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense and at the time set for proof, depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under Question 13 of the application.

Very truly yours,
