Dear Mr. Warntjes:

Permit No. 20746 has been checked since your telephone call in regard to the land irrigated.

Kindly disregard the notice sent to you June 4th, in regard to statutory fees. The Certificate of Completion of Works under the permit was issued May 17, 1956, showing the well in NW1/4, (Lot 2) Section 5, Twp. 3 N., Rge. 4 W., B. M. produced 1.1 c.f.s. It will be necessary for the field examiner to reinspect the works and determine the amount of water produced by the well in NW1/4, Section 5. Upon receipt of the report, you will be re-notified of the fees, etc. The amount of water allowed cannot exceed 1.1 c.f.s.

Permit No. G-28847 shows point of diversion in the NE1/4, Section 6, to irrigate the NE1/4, Section 6, T. 3 N., R. 4 W., B. M.

Dear Mr. Conns

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Idaho Free Press, all submitted in proof of completion of ~~beneficial use~~ beneficial use on Permit No. 20746.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

STATE OF IDAHO

DEPARTMENT OF RECLAMATION

Re: Permit No. 20746

Date: February 1, 1962

W. E. Conn
Rt 6
Parma, Idaho

Dear Mr. Conn:

The date for proof of application of water to beneficial use, as set out under the terms of Permit No. 20746 is due not later than April 23, 1962. If by this date you are not prepared to make this proof, you may make it at a later date, however, your priority will be advanced the same length of time for which the proof is late.

Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date and/or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date, the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use or lands which are irrigated - by legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your notice is published.

Also enclosed is Form 11, which is the authorization for us to have the notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set and at the place named, before the Notary Public, as advertised in the publication notice.

The amount of water allowed in a license cannot be more than is actually produced and measured and put to beneficial use, and cannot be more than the statutory amount allowable per acre of land actually found by field inspection to have been irrigated at the time of proof.

RE: Permit No. 20746

Mr. W. E. Conn
Route 6 *Box 137*
Caldwell, Idaho

Dear Mr. Conn:

We acknowledge receipt of your affidavit in proof of completion of works on Permit No. 20746, accompanied by your check for the \$5.00 completion of works fee.

This affidavit seems to be in correct form except in the Third Question, "That the point of diversion of said water is" you failed to state the exact location of your point of diversion to a legal subdivision, Section, Township and Range.

The original permit states that the point of diversion is from two wells, one located in the NE¹₄NE¹₄ Section 6 and the other in NW¹₄NE¹₄ Section 5, Township 3 North, Range 4 West, B.M.

Please advise us at once as to the correct location or locations of the point of diversion. Upon receipt of this information, a Certificate of Completion of Works will be issued and sent you.

Very truly yours,

MARK R. KULP

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. W. D. Conn
Route 3
Parma, Idaho

Boise, Idaho

Dear Sir:-

Under the terms of your permit No. 20746 you are required to complete your diversion works on or before April 23, 1956. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

STATE OF IDAHO

DEPARTMENT OF RECLAMATION

WHEREAS, Permit No. 20746, issued to W. E. Conn, required proof of completion of works to be made on or before November 13, 1953, and,

WHEREAS, Said Permit No. 20746 was issued in connection with a Desert Land Entry, No. 0242, filed in the Bureau of Land Management, which Desert Land Entry was not allowed until April 23, 1951, and,

WHEREAS, Said W. E. Conn was prevented from entering the land and commencing work until said Desert Land Entry was allowed.

NOW, THEREFORE, An extension of time is allowed for completion of works on said Permit No. 20746 until April 23, 1956, or the length of time permit holder was prevented from entering the land pending allowance of his Desert Land Entry, and a similar extension is allowed for all other acts required under the terms and conditions of Permit No. 20746.

Signed at Boise, Idaho, this 1st day of October, 1953.
