INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

65-2735

APPLICATION No. 28392
PERMIT No. 20751
DISTRICT No.

1. Name of Applicant: T. J. WARD

Postoffice address: Rt. 1, Meridian

County: Ada

State: Idaho

- I. If applicant is a corporation, give:
- (a) Date and place of incorporation:
 - (b) Amount of capital stock:
 - (c) Amount paid in:
 - (d) Names and addresses of directors:

- II. The financial resources of the applicant are:
- (b) Treasury stock:
 - (d) Other resources:

- (a) Cash on hand:
- (c) Bonds to be issued:

2. Quantity of water claimed: 0.20 cubic feet per second.

3. Source of water supply: Subterranean flow (artesian well) which is a tributary of

4. Location of point of diversion: feet distant from the
corner of Section , T. , R. , B.M., and is in the W¹/₂ SE¹/₄ SW¹/₄
of Section 36 , T. 4 N. , R. 1 W. , B.M., County of Ada

5. Water is to be used for Irrigation and domestic purposes

6. If for mining, milling, power or manufacturing purposes, give:

- (a) Point of use of water: feet distant from corner of Section
T. , R. , B.M., in the of Section , T. , R. , B.M.
(b) Amount of power generated: H.P., under feet head.
(c) Water is to be returned to at a point feet
distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 1,300.00

8. Kind of works: Well, pipe line and ditches

9. Height of dam feet; length of dam at top feet; length of dam at bottom
feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom 1 1/2 feet; width at water line 4 feet; depth of water 0.5 feet;
dimensions of flume:
Diameter of pipe inches; length of conduit miles.
Average grade per mile feet.

12. The time required for the completion of such work is Completed years.

13. The time required for the complete application of the water to the proposed use is None additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: 23 shares in Pioneer Irrigation District.

16. (a) Is reservoir to be used? If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

T. J. WARD *Applicant.*

Re: Permit No. 20751

Mr. T. J. Ward
Route 1
Meridian, Idaho

Dear Mr. Ward:

We enclose License and Certificate of Water Right issued under Permit No. 20751, confirming your right to the use of 0.02 of a second foot of water (or one inch) from an artesian well in the $\frac{1}{2}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 36, Township 4 North, Range 1 West, B.M., with priority of November 10, 1948, for irrigation and domestic use in the E $\frac{1}{2}$ SW $\frac{1}{4}$ of said Section 36.

We also enclose Departmental Receipt No. 22996 for the \$2.00 fee paid in connection with this proof.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 20751

Mr. T. J. Ward
Route 1
Meridian, Idaho

Dear Mr. Ward:

Complying with your telephone request, we are prepared to issue License for one inch (or .02 of a second foot) of water from your artesian well in the $\frac{1}{4}$ SE $\frac{1}{4}$ Section 36, Township 4 North, Range 1 West, B.M., upon receipt of the statutory fee of \$2.00.

If at a later date you are able to make proof on an additional amount of water, up to the 10 inches applied for, you may do so by making a supplemental Proof of Beneficial Use. This will require new publication for four weeks, and new proofs by yourself and two witnesses.

The only expense involved will be the cost of publication and the Notary fees. There will be no additional fee charged by this Department.

Very truly yours,

CHARLES R. KIDWELL
State Reclamation Engineer
By

Chief Clerk

A:bn

20751

However, the well does not produce the water that was anticipated. In fact, Mr. Ward is quite dissatisfied with the production of the well at present and hopes that it will be possible to wait until it has been cleaned out and then remeasure the flow. He stated that if we had come at the time he asked us, we would have found a very good flow of water from the well. The well driller promised to return and pump the well for purpose of sand removal and establishing water flow. This he has not done, due to continuous drilling elsewhere. The sand is still coming through the system so that considerable sediment is in the water in the house.

BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 20751This proof is for Beneficial use In Water District No. _____

1. Name of applicant. T. J. Ward, Route 1, Meridian, Idaho
2. Source of water supply: An artesian well
3. Location of point of diversion: Is in the W $\frac{1}{2}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 36
T. 4 N. R. 1 W. County of Ada
4. Describe works as they exist, giving dimensions and capacities of same: The well is 250 or 265 feet deep and is cased within 15' of the bottom. Casing is 4" in diameter. It is capped 2 ft. below the surface of the ground and has 2 pipes leading out of the cap, one 1 $\frac{1}{2}$ " pipe later reduced to 3/4" pipe leading to the stock water tank and has no valve. The 1 $\frac{1}{2}$ " pipe leads to the house and attaches to a pump which furnishes water for the house and yard. The pump is a deming pump with a G.E. electric motor, $\frac{1}{2}$ h.p., single phase, 110 volts, R.P.M. 3450. Model 5KC49EBIAX-type-KC.
5. Water is used for: Irrigation and domestic purposes
6. State whether or not water has been turned into works of diversion: Yes
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

W $\frac{1}{2}$ NE $\frac{1}{4}$ SW $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 36, Township 4 North, Range 1 West, B.M.

Water is used for stock watering and for household purposes and to sprinkle the lawn and shrubbery around the house. Was originally intended to irrigate the land as described.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____
- Remarks: The artesian water measured from the 3/4 inch pipe through ^{which} the water flows for watering the cattle measured two gallons in 43 seconds, or .31 inches of water. The flow of the water from the pump near peak capacity mounted to two gallons in 20 seconds, or .66 inches of water. When the pump was in operation there was no artesian flow at all. The temperature of the water was 13 1/4° centigrade. The pressure of the water as artesian water measured 5'11" water column. The location of the well is approximately 183 feet North of the center of the Highway running East and West on the South side of the property and is approximately 125 yards West of the East property line and is in the W $\frac{1}{2}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 36, Township 4 North, Range 1 West, B.M.

This examination was made on the 8th day of July, 1950(Signed) E. M. Humphrey Examiner.

Re: Permit No. 20751

Mr. T. J. Ward
Rt. 1
Jeridian, Idaho

Dear Mr. Ward:

We have not heard from you since measuring the flow of your well. At that time, you stated that it needed cleaning out in order to get the regular flow. If you still want to get the well cleaned out and rechecked before license is issued so that you can get license for a larger flow, we will be glad to make a recheck within a reasonable time.

Please let me hear from you regarding this matter.

Very truly yours,

Re: Permit No. 20751

Mr. T. J. Ward
Route 1
Meridian, Idaho

Dear Mr. Ward:

We acknowledge receipt of the deposition of two witnesses; also affidavit of publication in the Meridian Times all in proof of beneficial use under permit number 20751.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We can not say just when this examination will be made, as this department has but one field engineer who makes examinations all over the state. However, Mr. Tolman, field engineer for this department will try and contact you at the time he makes the examination, so that you may show him over the grounds.

Very truly yours,

MARK R. TOLP
State Reclamation Engineer

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

NOTICE IS HEREBY GIVEN that at 10 a. m. on the 20th day of January, 1949, at Meridian, County of Ada, State of Idaho before W. E. Mayes, Notary Public, proof will be submitted of the application to beneficial use of 20 cubic feet per second of the waters of artesian well in accordance with the terms and conditions of Permit No. 20751 heretofore issued by the Dept. of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are T. J. Ward, Route One, Meridian, Idaho.

The use which said water has been applied is domestic and irrigation.

The amount applied to beneficial use is 0.20 second foot.

The place where said water is used W $\frac{1}{4}$ NE $\frac{1}{4}$ SW $\frac{1}{4}$ and W $\frac{1}{4}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 36, Township 4 North, Range 1 West B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is artesian well.

The right to take water from such works is based upon Permit No. 20751.

The source of supply from which such water is diverted is Subterranean Flow (Artesian well) in W $\frac{1}{4}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 36, Township 4N, Range 1W. B. M.

The date of priority which said user is prepared to establish is November 10, 1948.

20751 Mark R. Kulp
State Reclamation Engineer
(Dec. 16, 23, 30, 1948; Jan. 6, 1949)

PROOF OF PUBLICATION

State of Idaho,
County of Ada,

ss.

I, Clyde Cornell
MAX O. SHEPLEY being first duly sworn, depose and say, that I am over twenty-one years of age, and Foreman of the MERIDIAN TIMES, a weekly newspaper of general circulation, published at Meridian County of Ada, State of Idaho, and that the annexed notice was published in said paper once each week for 4 consecutive weeks, the first publication being on the 16 day of Dec, 1948 and the last publication being on the 6 day of Jan, 1949.

That said notice was published in the newspaper proper and not in a supplement. That said newspaper had been continuously and uninterruptedly published in said county for a period of 78 consecutive weeks prior to the first publication of this notice, and is a newspaper within the meaning of the Idaho statutes.

Permit No. 20751

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. T.J. Ward, Rt. 1. Meridian, Farmer-Dairyman.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit. January 20th, 1949 Final Proof.

Ans. Permit 20751. November 10th, 1948

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Artesian Well, Domestic and Irrigation.

W¹ NE¹ SW¹ and W¹ SE¹ SW¹ Sec 36 T. 4 N R. 1 W B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Private Ditch. This Private Ditch will carry about 125 Inches.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic and Irrigation on my Farm 1 Mile North and 1 West
of Meridian, Ada, County State of Idaho.

Legal Description of the land, W¹ NE¹ SW¹ and W¹ SE¹ SW¹ Sec 36
Township 4 North Range 1 West, B.M.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. No

20751

1949

Ques. 8. What is the minimum amount of water required for the purpose specified above?
Ans. .20 Inches.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.
Ans. I am the Party for whom said permit was issued.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.
Ans. Piped for Domestic Use in open Ditch for Irrigation.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.
Ans. None other than regular Irrigation.

(Sign) T. J. Ward.

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Meridian, County of Ada, State of Idaho, on this 20 day of January, A. D. 1949.

O. E. Hayes

My commission expires 10-10th, 1949.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Not for Power.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Lawn, Garden, Orchard and Pasture. No Land has been reclaimed as to this well; and all of this Artesian Well water and about 20 or 25 Inches of Live water.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Lived on adjacent Farm for 5 Years.

In the Summer of 1948 and for Irrigation use and about 10 inches or the full amount of the Artesian Well was being used for Irrigation.

(Signed) Louis Radler

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Meridian,

Re: Permit No. 20751

Mr. T. J. Ward
Route 1
Meridian, Idaho

Dear Mr. Ward:

We return the depositions of yourself and two witnesses submitted in proof of beneficial use under Permit No. 20751 for the following corrections.

(1) In your own deposition, Question 5 should state the amount of water the ditch is capable of conveying.

(2) Question 6 in all depositions should give the legal description of the land where the water has been used by subdivision, section, township and range.

(3) Question 5 of the depositions of both witnesses states the amount as 2 inches which we think is an error as the permit calls for 0.2 second foot, or 10 inches.

(4) Question 10 of the witnesses should state when, how, and in what amount they have seen the water used.

(5) Question 8 of the witnesses is not completely answered as it does not give estimate of the amount of water required.

Please have these corrections made and return the depositions promptly to this Department.

Very truly yours,

MARK R. KULP

INSTRUCTIONS
PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, January 10, 1949

Re: Permit No. 20751
T. J. Ward

Mr. W. E. Hayes,
Notary Public
Meridian, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 20751

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On January 20, 1949, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Meridian, Idaho before W. E. Hayes, Notary Public,

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

.....MARK R. KUTP.....

Re: Permit No. 20751

Mr. T. J. Ward
Route 1
Meridian, Idaho

Dear Mr. Ward:

We have sent the Meridian Times copy of notice of beneficial use proof to be made under your Permit No. 20751 on January 20, 1949, before W. B. Hayes, Notary Public at Meridian, Idaho.

We have instructed the newspaper to publish this notice once a week for four consecutive weeks prior to that date and to send you the affidavit of publication together with statement of costs.

About ten days prior to the date set for proof we shall send Mr. Hayes the necessary forms of deposition consisting of one for yourself and one for each of two witnesses so that he may have them in ample time for the proof.

At the time set you should appear before Mr. Hayes together with two disinterested witnesses who are familiar with the terms of your permit and the work done thereunder for the purpose of executing the depositions.

Re: Permit No. 20751

Mr. T. J. Ward
Route 1
Meridian, Idaho

Dear Mr. Ward:

We enclose Permit No. 20751 together with Departmental Receipt No. 21015 for the \$5.00 filing fee.

Since your application states that the works are completed, we have allowed three months or until February 13, 1949, to make the two statutory proofs necessary to complete the water right. These proofs, however, may be made at any time prior to that date.

The first proof or proof of completion of works is made by executing Form 6, enclosed, before a Notary Public, and returning to this Department with a statutory fee of \$5.00, upon receipt and approval of which a certificate of completion of works will be issued.

The final or beneficial use proof requires publication once a week in a county newspaper for four consecutive weeks prior to the date set for making proof. Notice should be made in duplicate on Form 10, enclosed, setting the time and place and naming the Notary Public before whom proof is to be made. Both copies of the notice are to be returned to this Department together with Form 11 which is your authorization for us to have the notice published in the designated newspaper at your expense.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing, and on the date set you should appear before the Notary Public together with two disinterested witnesses to execute depositions of proof on forms furnished by this Department.

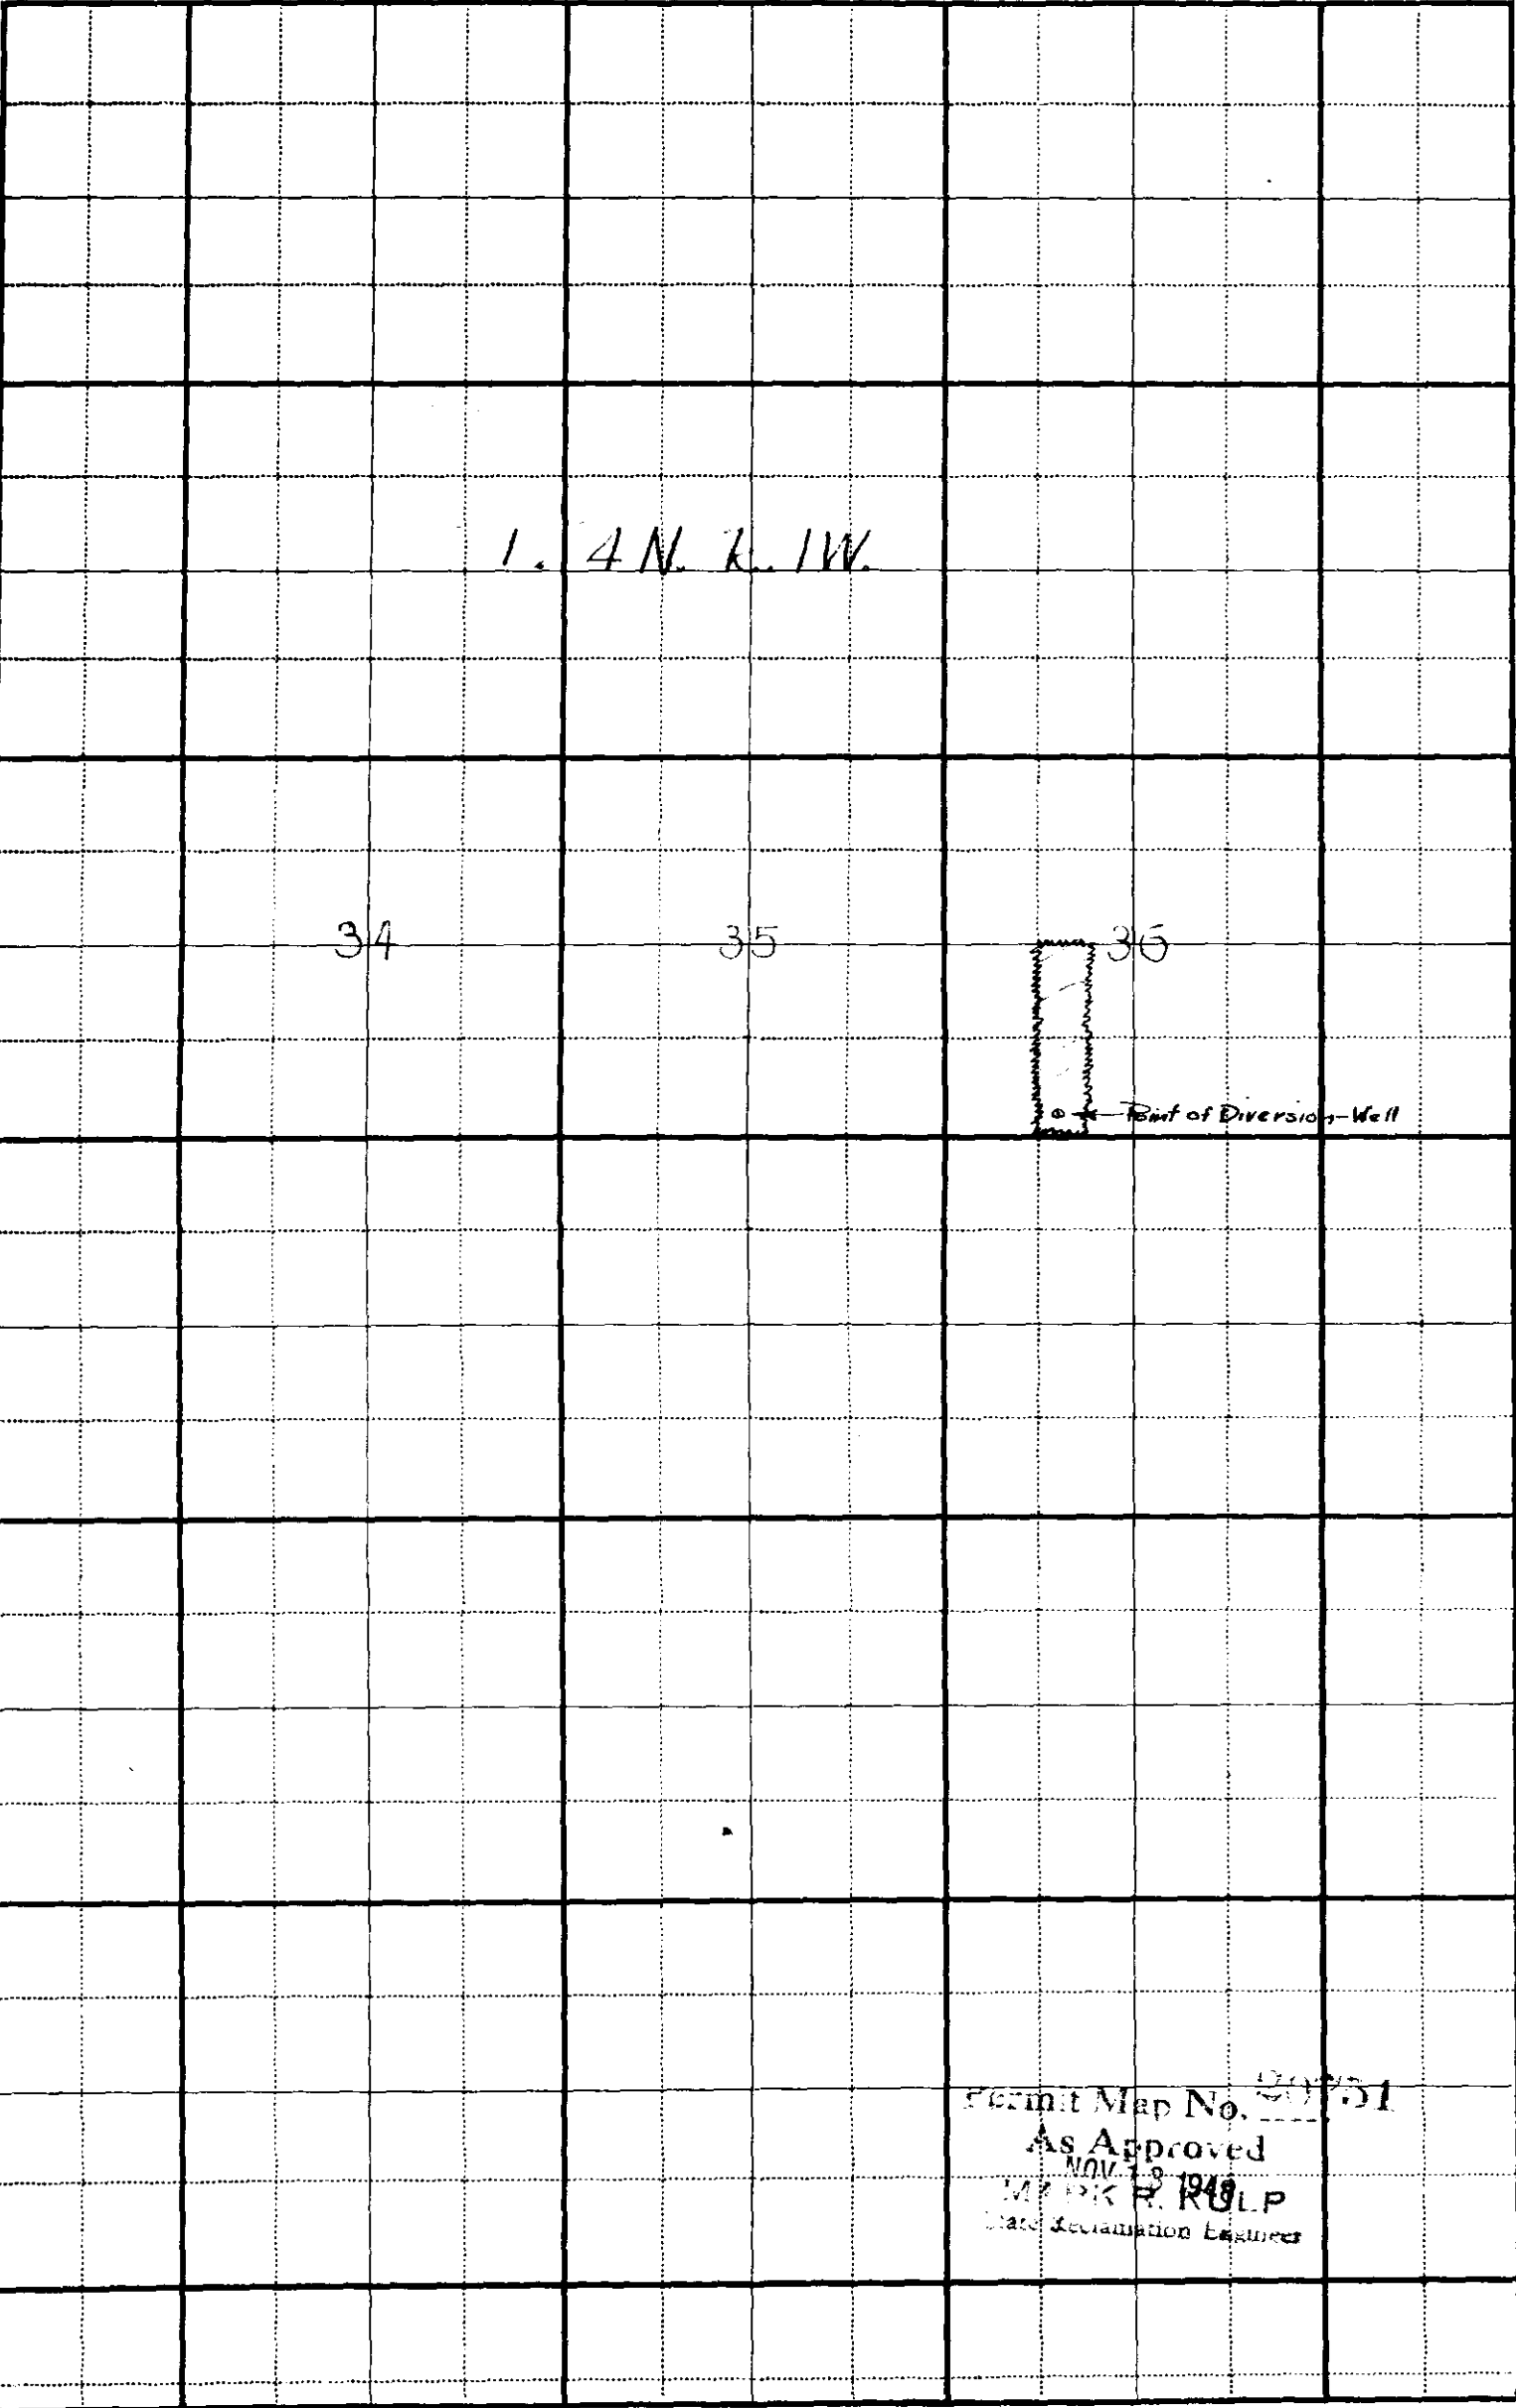

Very truly yours,

MARK R. KULP
