MEMORANDUM

TO: Bob Fleenor
FROM: Lee Sisco
DATE: June 20, 1978
RE: Double Filing

This filing is a duplicate of 63-2730 which was filed by Ira Taylor and the licensed.

The well that was originally licensed has gone bad and a replacement was necessary. Mr. & Mrs. Lloyd Taylor, Ira's son, went to the main office and talked twice with main office personnel (girls) and were told there were no rights on the property. So, the new application was filed, but then our plots showed the double coverage.

I feel through talking with the Taylors, they were improperly advised, so a relinquishment form and a refund are in order.

Please review and advise me.

*This land is also irrigated under license 63-3022, Trans. 944
therefore appl. cannot be approved. I suggest that Mr. Taylor withdraw or relinquish
application and we refund \$25.00 filing fee*

Dear Mr. Taylor:

We acknowledge receipt of your affidavit submitted as proof of beneficial use for the above referenced permit. Enclosed you will find an Order which advances the priority under this permit.

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a permit holder to make proof of beneficial use.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a newspaper as prescribed by the Department. If you will complete and return the enclosed advertising authorization, we will cause the notice to be published.

If you have any questions regarding the above matter or if we may be of further assistance, please do not hesitate to contact us.

Very truly yours,
