Dear Mrs. Crooke:

We have your letter of September 17, 1953, in regard to Permit No. 20730.

The records in this department show that in reply to a letter addressed Mr. Crooke on May 23, 1952 (to which your letter refers) the License fee of \$2.00 was received and on June 2, 1952, we transmitted the License together with departmental receipt No. 24498 for the \$2.00 license fee.

Receipt No. 22698, to which your letter refers, was for the \$5.00 fee for Certificate of Completion of Works which was transmitted on February 21, 1952.

Dear Sir.

We were under the impression our
proof of completion of works was all complete
last year. Our permit is no. 20730. I have here a
letter of May 23. 1952. that upon a fee of 2.00
a license would be issued us for 40 in of water.
I thought we had said licenses although at the
moment I seem to have mislaid. but do
have a rec. for the ^{8 Dec. No 22698} (5) you mention in your
letter. please let us hear from you.

Dear Mr. Crooke:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication in the Caldwell News Tribune, all submitted in proof of beneficial use under Permit No. 20730.

Before final action is taken in the matter, the law requires that an examination be made by an engineer from this department.

We cannot say just when this examination will be made as this department has but one field engineer who makes examinations all over the State.

However, he will try to contact you at the time the examination is made so that arrangements may be made to show him over the grounds.

Dear Mr. Crooke:

We have your letter of June 21, 1951, in which you state that your work is completed and all 40 acres irrigated.

Proof of Completion of Works should be made on Form 6 enclosed, executed before a Notary Public, and returned to this Department with the statutory fee of \$5.00.

Beneficial Use Proof requires publication once a week for four consecutive weeks in a county newspaper before the proof is made. Notice should be made in duplicate on Form 10 enclosed, setting time and place and naming the Notary Public before whom the proof is to be made. The time, of course, should be set sufficiently far ahead to allow for the four weeks publication.

Both copies of Form 10 to be returned to this Department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper. We shall then send a copy of the notice to the newspaper with instructions in regard to publishing.

Very truly yours,

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. Donald Crooke
Route 5
Caldwell, Idaho

Boise, Idaho **Sept. 6, 1950**

Dear Sir:-

Under the terms of your permit No. 20730 you are required to complete your diversion works on or before November 5, 1950. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer
