Re: Permit No. 20032

Mr. Robert M. Naylor.
Emmett, Idaho

Dear Mr. Naylor:

We now have on file the report of our Field Engineer on examination of Beneficial Use under Permit No. 20032, in the name of Highland Livestock and Land Company .

This report shows that 105 acres have been irrigated in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$ Section 21, Township 5 North, Range 4 West, from a well located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of said section.

Therefore, upon receipt of the statutory fee of \$6.00, a license will be issued for two second feet of water from said well.

Dear Mr. Naylor:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication in the Parma Review, all in proof of beneficial use under Permit No. 20032.

Before final action can be taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot say just when this examination will be made, since this department has but one field engineer, and he makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this Department, will try to contact you at the time he makes the examination, so that arrangements may be made to show him over the grounds.

Ans. Character of land is excellent
One inch per acre

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None whatever

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

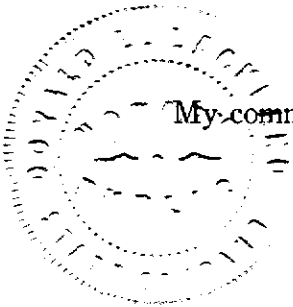

Ans. During the summer of 1945 I have observed this well in operation
filling full the ditches provided for it and flowing on the land to
irrigate same and estimate the flow to be in the neighborhood of one
hundred inches, which I understand has been measured.

DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 20032

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Lucas Bicandi, 31 years, Parma R F D #2, farmer for Highland

Robert M Naylor, Pres. and Manager
Ques. 2. Are you acquainted with Highland Livestock & Land Co., the
holder of Permit No. 20032? How long have you known him and where does he reside?

Ans. I have known Naylor about 10 years and have known of the Highland
as long as I can remember. Naylor lives in Emmett, Idaho, where Highland
Home office is.

Ques. 3. Have you read or heard read said Permit No. 20032, and are you familiar
with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying
water from point of diversion to place of use.

Ans. Source of water is a drilled well 135 ft deep and 12 inch casing
located at NE corner of horse barn on Van Winkle Ranch and located in
the NW corner of the east 40 of the farm which 40 is the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec 21,
5N 4WBM. There is a Pomona irrigation pump on top of well casing run by
electricity which pumps a full head of water out of the well into ditch
about 10 feet away which was already there and water runs both east and
west from this point.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to
place of use, and how much water have you seen being so conveyed?

Ans. 100 inches which I have used this summer - 2 second feet

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give
each subdivision in which water has been used and number of acres irrigated in each subdivision.)
State whether cultivated or natural meadow land and the nature of all improvements which have
been made as a direct result of said use.

Ans. I irrigated about 75 acres with this water this summer but we are
going to make a fill on the north side of SW SE and SESW so the SE $\frac{1}{4}$ SW $\frac{1}{4}$
can come under this ditch next summers irrigation
SE $\frac{1}{4}$ SE $\frac{1}{4}$ 35 acres SW $\frac{1}{4}$ SE $\frac{1}{4}$ 40 acres SE $\frac{1}{4}$ SW $\frac{1}{4}$ will come in
40 acres when we make about a 2 or 3 foot fill to carry water over a
swale. All land is cultivated, and this additional water makes proper
farming possible as without it we are always short of water.

20032

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land on farm cannot be better, it requires about an inch to the acre.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I am farm tenant on both the Van Winkle and Notus Hdq ranches of Highland Livestock sharing equally in the crops raised. And say that this new irrigation well has paid for its self already the first year.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I personally turned on the switch starting the pump and I did irrigate out of it from May 15th 1947 to Sept 15th 1947 at which time we had no further use for it during the 1947 irrigation season.

Re: Permits Nos. 20029 & 20032

Mr. Robert E. Naylor
Emmett, Idaho

Dear Mr. Naylor:

We acknowledge receipt of your affidavits in proof of completion of works under the above numbered permits, in the name of the Highland Livestock & Land Company; also depositions of yourself and two witnesses for beneficial use proof under these permits.

The proofs of completion of works will be accepted, and certificates of completion of works issued on both these permits upon receipt of the statutory fee of \$5.00 each in connection therewith.

However, there seems to have been a little misunderstanding in regard to the proof of beneficial use. In order to make this final proof, which is required in order to complete the water right and obtain a license, the law requires that before the proof is made, a notice must be published once a week for four consecutive weeks in a newspaper in the county where the water is diverted.

This notice should be made out in duplicate on Form 10 enclosed, naming time and place, and the Notary Public before whom the proof is to be made. The date should be set sufficiently far ahead to allow for the four weeks publication.

Both copies of the notice to be returned to this Department, together with form 11, which is your authorization for us to have the notice published in the designated newspaper, at your expense. We shall then send a copy of the notice to the newspaper, with instructions in regard to publishing.

Very truly yours,

Re: Permits Nos. 20029 and 20032

Mr. Robert M. Naylor
Emmett, Idaho

Dear Mr. Naylor:

We enclose herewith Permits Nos. 20029 and 20032, in the name of the Highland Livestock & Land Company.

The applications stated that these works were completed, and that no additional time was required for making beneficial use proof. We have therefore allowed the minimum of three months, or until June 25, 1947, within which to make these proofs.

Completion of works proof is made by executing Form 6, enclosed, before a Notary Public, and returning same to this department, with the statutory fee of \$5.00 for each, upon receipt and approval of which certificates of completion of works will be issued.

Proof of beneficial use is required by statute to be published once a week for four consecutive weeks prior to the date set for proof, in the county where the water is located. This notice should be made out in duplicate on Form 10 enclosed, setting the date sufficiently far ahead to allow for the four weeks' publication, and naming the Notary Public, or other officer authorized by law to administer oaths, before whom the proof will be made.

Both copies of the notice are to be returned to this department, together with Form 11, which is your authorization for us to have the notice published at your expense in the newspaper you designate. We shall then send a copy of the notice to the newspaper, with instructions in regard to publishing.
