APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

Application No. 27614
Permit No. 20029
District No.

1. Name of Applicant: HIGHLAND LIVESTOCK AND LAND COMPANY

Postoffice address: Emmett

County: Gem

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation: September 22, 1907- Boise, Idaho

(b) Amount of capital stock: \$9,200.00

(c) Amount paid in: \$49,200.00

(d) Names and addresses of directors: Robert M. Naylor, Emmett, Idaho; Jessie Little Naylor, Emmett, Idaho; Agnes Little, Emmett, Idaho

II. The financial resources of the applicant are:

(a) Cash on hand: \$5,000.00

(b) Treasury stock:

(c) Bonds to be issued: None

(d) Other resources: 1830 acres farm land and 18,000 acres grazing land

2. Quantity of water claimed: 0.1 cubic feet per second.

3. Source of water supply: a spring which is a tributary of Willow Creek

4. Location of point of diversion: 1000 ft. East and a little/ south feet distant from the 1/4 corner of Section 14 & 15, T. 7 N., R. 8 E., B.M., and is in the NW¹/₄ SW¹/₄ of Section 14, T. 7 N., R. 8 E., B.M., County of Boise

5. Water is to be used for domestic purposes, and irrigating lawn

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B.M., in the of Section, T., R., B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B.M., in the of Section, T., R., B.M.

7. Estimated cost of works: \$ 600.00

8. Kind of works: 200 ft. tile, 600 ft. pipe, 1500 gal. cement reservoir- all completed.

9. Height of dam feet; length of dam at top feet; length of dam at bottom feet; material used in dam:

10. Size of headgate: Width feet; height feet;

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is Completed years.

13. The time required for the complete application of the water to the proposed use is additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

14-A. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

15. (a) Is reservoir to be used? Yes-completed/ If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

HIGHLAND LIVESTOCK & LAND CO *Applicant.*

Date of first receipt at Department of Reclamation: 9:00 A. M. March 10, 1947

Corrected application received:

The number of this permit is 20029
Recorded in Book 72 Page 20029 Approved March 25, 1947
This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho,
and hereby approve the same, subject to the following limitations and conditions:
Bond in the sum of \$ to be filed on or before
Work to begin on or before Completed and to continue diligently and uninterruptedly to completion,
unless temporarily interrupted by circumstances over which permit holder has no control.
One-fifth of the work above specified to be completed on or before
The whole of said work to be completed on or before June 25, 1947
Beneficial use of water appropriated in accordance herewith, to be made on or before June 25, 1947

Re: Permits No. 20029 and 20032

Mr. Robert M. Naylor
Emmett, Idaho

Dear Mr. Naylor:

We enclose License and Certificate of Water Right issued under Permit No. 20029, confirming the right of the Highland Livestock and Land Company to the use of 0.04 second foot of water from a spring in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 14, Township 7 North, Range 8 East, B.M., with priority of July 14, 1947, for irrigation and domestic use on the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section.

We also enclose License and Certificate of Water Right issued under Permit No. 20032, confirming the right of the Highland Livestock and Land Company to the use of two (2) second feet of water from a well on the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 21, Township 5 North, Range 4 West, B.M. with priority of July 15, 1947, for the irrigation of 105 acres in the S $\frac{1}{2}$ SE $\frac{1}{4}$ and SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 21, Township 5 North, Range 4 West, B.M.

We also enclose Departmental Receipt No. 21317 for the \$11.00 paid by you in connection with Beneficial Use Proof under these two Permits.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 20029

Mr. Robert M. Naylor
Emmett, Idaho

Dear Mr. Naylor:

We now have on file the report of our Field Engineer on examination of Beneficial Use under Permit No. 20029, in the name of the Highland Livestock and Land Company.

Therefore, upon receipt of the statutory fee of \$5.00, a license will be issued for .04 second foot of water from a spring on the NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 14, Township 7 North, Range 8 East, B.M.

Very truly yours,

MARK R. KULP

STATE OF IDAHO

DEPARTMENT OF RECLAMATION

BOISE, IDAHO

REPORT OF ENGINEER

Permit No. 20029

This proof is for Beneficial use

In Water District No.

1. Name of applicant Highland Livestock & Land Company, Robert M. Naylor, Pres., Emmett, Idaho

2. Source of water supply: A spring

3. Location of point of diversion: Is in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 14

T. 7 N. R. 8 E. County of Boise

4. Describe works as they exist, giving dimensions and capacities of same: Several small springs are connected to supply line by 4 inch tile, and thence via approximately 600 feet of galvanised pipe - diameters of 2, 1, and 3/4 inches - leading to a concrete reservoir 6ft. X 10ft. X 4ft. deep which is enclosed in a small log cabin. Water is piped thence to house, and garage immediately adjacent to the reservoir.

Overflow from the reservoir is used for lawn irrigation.

5. Water is used for: Domestic and irrigation around cabin

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 14, Township 7 North, Range 8 East, B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? None

Remarks:

This examination was made on the 27th. day of October, 1948

(Signed)

Examiner.

Permit No. 20029

Examination for Beneficial use

County Boise

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
 6. Give general characteristics of soils, topography, and crops raised.

December 3, 1947

Re: Permit No. 20029

Mr. Robert M. Naylor, President,
Highland Livestock & Land Company,
Emmett, Idaho

Dear Mr. Naylor:

Acknowledgment is made of the receipt of the depositions of yourself and two witnesses, also affidavit of publication in the Idaho Mountaineer, in connection with beneficial use proof under the above numbered permit.

However, there seems to be some discrepancy between the description of the place of use as given in the original permit and the published notice, and as given in the depositions.

The permit describes the place of use as three acres in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 14, Township 7 North, Range 8 East, B.M., but the depositions all give it as the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 14.

Is this an error in the proof, or has there been a change in place of use? If the latter it will be necessary to re-advertise, and make other proofs at a later date, after such amendment has been applied for and recorded.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

BOISE, IDAHO

Permit No. 20029

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Robert M. Naylor, President and Manager Highland Livestock and Land Company, Emmett, Idaho, ranching and range livestock.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. above stated and I have full authority to act for and in behalf of said Highland Livestock and Land Company.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 20029, March 25, 1947, Date of priority same 3-25-47 as it has been successfully used since the summer of 1944

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source is a developed spring on top of a mountain, at the head of which we have placed 200 feet of 4" tile, located in N $\frac{1}{2}$ SW $\frac{1}{4}$ Sec 14, Twp 7N R 8 EBM

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. 200 feet 4 inch tile, 600 feet galvanized pipe from 3 inch to $\frac{1}{2}$ inch capable of conveying 0.1 cu ft per second to cement reservoir on hillside above cabin which holds 1500 gallons of water for domestic use, and the overflow is used to irrigate the lawn and supply fresh water. Said reservoir is covered over by a log cabin.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic use first, then over flow used to irrigate lawn in N $\frac{1}{2}$ SW $\frac{1}{4}$ Sec 14, Twp 7N Range 8 E B M
SW $\frac{1}{4}$ SW $\frac{1}{4}$

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Domestic

20029

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 0.1 second feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. In July 1944 works were completed by constructing reservoir and laying pipes, which convey 0.1 second feet of water to reservoir from which it is used for domestic purposes in cabin and garage then overflow irrigates lawn around cabin

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None previously to the above development

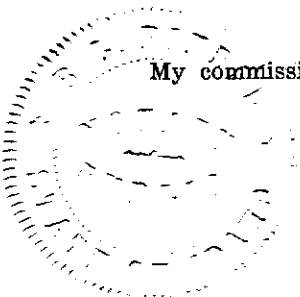

(Sign) _____

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was

subscribed and sworn to before me, at my office in Emmett, County of Gem,

State of Idaho, on this 14th day of November, A. D. 1947.

My commission expires Sept. 14th, 1948

PERMIT NO. 22029**Proof of Application of Water to Beneficial Use****Deposition of Witness**

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. David Little, Emmett, Idaho, Rancher and range livestock

Robert M. Naylor, President and Manager

Ques. 2. Are you acquainted with Highland Livestock & Land Co., the holder of Permit No. _____? How long have you known him and where does he reside?

Ans. Naylor 20 years and Highland all my life

Ques. 3. Have you read or heard read said Permit No. 20029, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Mountain spring, in N¹SW¹ Sec. 14, Twp. 7N Range 8 E B M
conveyed by drain tile and pipe to reservoir then to the house
and garage.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 0.1 second feet same

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic at Highland Headquarters cabin at head of Willow
Creek 10 miles east of Beaver Creek Guard station on the
Deer Park road.

20029

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. _____

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. none

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Have been guest in cabin each summer since 1944, have used
the water developed 0.1 second feet for drinking, bathing, sprinkling
the lawn, and all domestic uses.

PERMIT NO. 20029

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Roy Murray, 41 Emmett, Idaho, Garage owner, Emmett, Idaho

Robert M. Naylor, Pres. and Manager
Ques. 2. Are you acquainted with Highland Livestock & Land Co., the
holder of Permit No. 20029? How long have you known him and where does he reside?

Ans. Known Robert Naylor for twenty years and Highland 30 years
both of Emmett, Idaho

Ques. 3. Have you read or heard read said Permit No. 20029, and are you familiar
with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying
water from point of diversion to place of use.

Ans. Spring on mountain side in N $\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 14 Twp. 7N Range 8 E. B. M.
developed by drain tile then piped to reservoir on hill side above cabin
then from reservoir to cabin and garage

Ques. 5. How many second feet of water do you estimate said works will safely conduct to
place of use, and how much water have you seen being so conveyed?

Ans. 0.1 sec Ft. same amount

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give
each subdivision in which water has been used and number of acres irrigated in each subdivision.)
State whether cultivated or natural meadow land and the nature of all improvements which have
been made as a direct result of said use.

Ans. Domestic at Naylor's cabin Highland Livestock Headquarters
head of Willow Creek. Said spring makes living possible where
cabin is built.

20029

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. _____

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No interest however, have been guest in cabin each summer from 1944 when it was completed and in use.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Each summer since 1944 by living in cabin and using its conveniences I have witnessed and used the water from the spring development above mentioned of 0.1 second feet of water.

My Commission Expires, 194.....

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 14th day of November, 1947, at Emmett, County of Gem, State of Idaho, before B. L. Riedel, Notary Public, Emmett, Idaho, proof will be submitted of the application to beneficial use of 0.1 cubic feet per second of the waters of Unnamed Spring, in accordance with the terms and conditions of Permit No. 20029 heretofore issued by the Department of Reclamation, of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are: Highland Livestock and Land Co., Emmett, Idaho.

The use to which said water has been applied is Domestic and Irrigation.

The amount applied to beneficial use is 0.1 cubic feet per Second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) 3 acres in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 14, Twp. 7. N. Rge. 8 E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Private Pipe line.

The right to take water from such works is based upon Permit No. 20029.

The source of supply from which such water is diverted is Unnamed Spring.

The date of priority which said user is prepared to establish is July 14, 1947.

Re: Permits Nos. 20029 and 20032

Highland Livestock & Land Company
C/o Robert M. Naylor, President
Idaho

Dear Mr. Naylor:

We enclose herewith Certificate of Completion of Works issued under Permit No. 20029 for the diversion of 0.1 second foot of water from a spring, tributary to Willow Creek, in the NW 1/4 SW 1/4 Section 14, Township 7 North, Range 8 East, B.M., with priority of March 10, 1947.

We also enclose Certificate of Completion of Works issued under Permit No. 20032 for the diversion of Two (2) second feet of water from a well on the NE 1/4 SW 1/4 Section 21, Township 5 North, Range 4 East, B.M., with same priority.

Notice of beneficial use proof to be made on Permit No. 20029 on November 14th, and on Permit No. 20032 on November 15th, have been sent to the Idaho Mountaineer and the Parma Review, respectively, with instructions to publish same once a week for four consecutive weeks prior to those dates, and to send you the affidavits of publication, and also statement of publication costs.

We understand that you have been given the proper forms of deposition for yourself and two witnesses, to be used in making these proofs; and at the time set you should appear before the Notary Public named in these notices, together with two disinterested witnesses, who are familiar with the terms of the permits, and the work done thereunder, for the purpose of executing the depositions.

Very truly yours,

MARK H. KULP
State Reclamation Engineer

Permit No. 20029

STATE OF IDAHO
Department of Reclamation

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of Gem

ss.

Robert M Naylor, being first duly sworn, upon his oath deposes and says:
 First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho,
 No. 20029, and that his postoffice address is Emmett
 State of Idaho.

Second: That the name of the stream from which said water is to be directed is
 a dry creek tributary to the head of Willow Creek

Third: That the point of diversion of said water is in the N $\frac{1}{2}$ SW $\frac{1}{4}$ Sec 14, 7N 8 E B M

Fourth: That under the terms and conditions of said permit, construction thereunder was required to
 be completed by June 25 1947, 19

Fifth: That the use for which said water is intended is domestic

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not)
 fully completed and consisted of the following:

I. Kind of works: 200 feet of tile was placed on mountain side to collect
 the waters which are piped down to 1500 gallon reservoir
 above the cabin. (Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work: 4 inch tile then from tile head, pipe from 3 inch down
 to 2 inch conveys the water 600 feet down the mountain side

(a) Height of dam feet, length of dam at top feet, length of dam at
 bottom feet. Material used in construction

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir 1500 gallon feet. cement tank sealed and covered
 with log cabin

(c) Size of headgate: Width feet, height feet.

(d) Conduit width at bottom feet, width at water line
 (State whether ditch, flume or pipe)

feet, depth of water feet; diameter of pipe inches, average grade
 per mile is feet. Length of conduit is miles.

Seventh: That said works are capable of conducting to the place of intended use 0.1
 second feet of water.

Eighth: That water appropriated under said permit is available for one fourth acres of land
 described as follows: Under special Use Permit from the Forest Service - Department
 of Agriculture, said Highland has constructed living cabin and garage
 both of which use domestic water from this spring development then the
 overflow is used to irrigate the lawn around said cabin located in
 N $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 14 Township 7 North Range 8 East of B M

Ninth: Remarks: That the above described works were completed and in
 operation the summer of 1944 from which priority could be claimed

(P. O.)

Emmett Idaho

STATE RECLAMATION ENGINEER:

TO THE ~~COMMISSIONER OF RECLAMATION~~

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the

IDAHO MOUNTAINEER of IDAHO CITY, published in
the county in which the works are situated.

Highland Lignite & Lignite Co
by Robert M. Taylor

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water
per second, the following certificate must be signed by a well-known and competent engineer)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

20029

September 24, 1947

Re: Permits Nos. 20029 & 20032

Mr. Robert E. Naylor
Emmett, Idaho

Dear Mr. Naylor:

We acknowledge receipt of your affidavits in proof of completion of works under the above numbered permits, in the name of the Highland Livestock & Land Company; also depositions of yourself and two witnesses for beneficial use proof under these permits.

The proofs of completion of works will be accepted, and certificates of completion of works issued on both these permits upon receipt of the statutory fee of \$5.00 each in connection therewith.

However, there seems to have been a little misunderstanding in regard to the proof of beneficial use. In order to make this final proof, which is required in order to complete the water right and obtain a license, the law requires that before the proof is made, a notice must be published once a week for four consecutive weeks in a newspaper in the county where the water is diverted.

This notice should be made out in duplicate on Form 10 enclosed, naming time and place, and the Notary Public before whom the proof is to be made. The date should be set sufficiently far ahead to allow for the four weeks publication.

Both copies of the notice to be returned to this department, together with form 11, which is your authorization for us to have the notice published in the designated newspaper, at your expense. We shall then send a copy of the notice to the newspaper, with instructions in regard to publishing.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permits Nos. 20029 and 20032

Mr. Robert M. Naylor
Emmett, Idaho

Dear Mr. Naylor:

We enclose herewith Permits Nos. 20029 and 20032, in the name of the Highland Livestock & Land Company.

The applications stated that these works were completed, and that no additional time was required for making beneficial use proof. We have therefore allowed the minimum of three months, or until June 25, 1947, within which to make these proofs.

Completion of works proof is made by executing Form 6, enclosed, before a Notary Public, and returning same to this department, with the statutory fee of \$5.00 for each, upon receipt and approval of which certificates of completion of works will be issued.

Proof of beneficial use is required by statute to be published once a week for four consecutive weeks prior to the date set for proof, in the county where the water is located. This notice should be made out in duplicate on Form 10 enclosed, setting the date sufficiently far ahead to allow for the four weeks' publication, and naming the Notary Public, or other officer authorized by law to administer oaths, before whom the proof will be made.

Both copies of the notice are to be returned to this department, together with Form 11, which is your authorization for us to have the notice published at your expense in the newspaper you designate. We shall then send a copy of the notice to the newspaper, with instructions in regard to publishing.

Very truly yours,

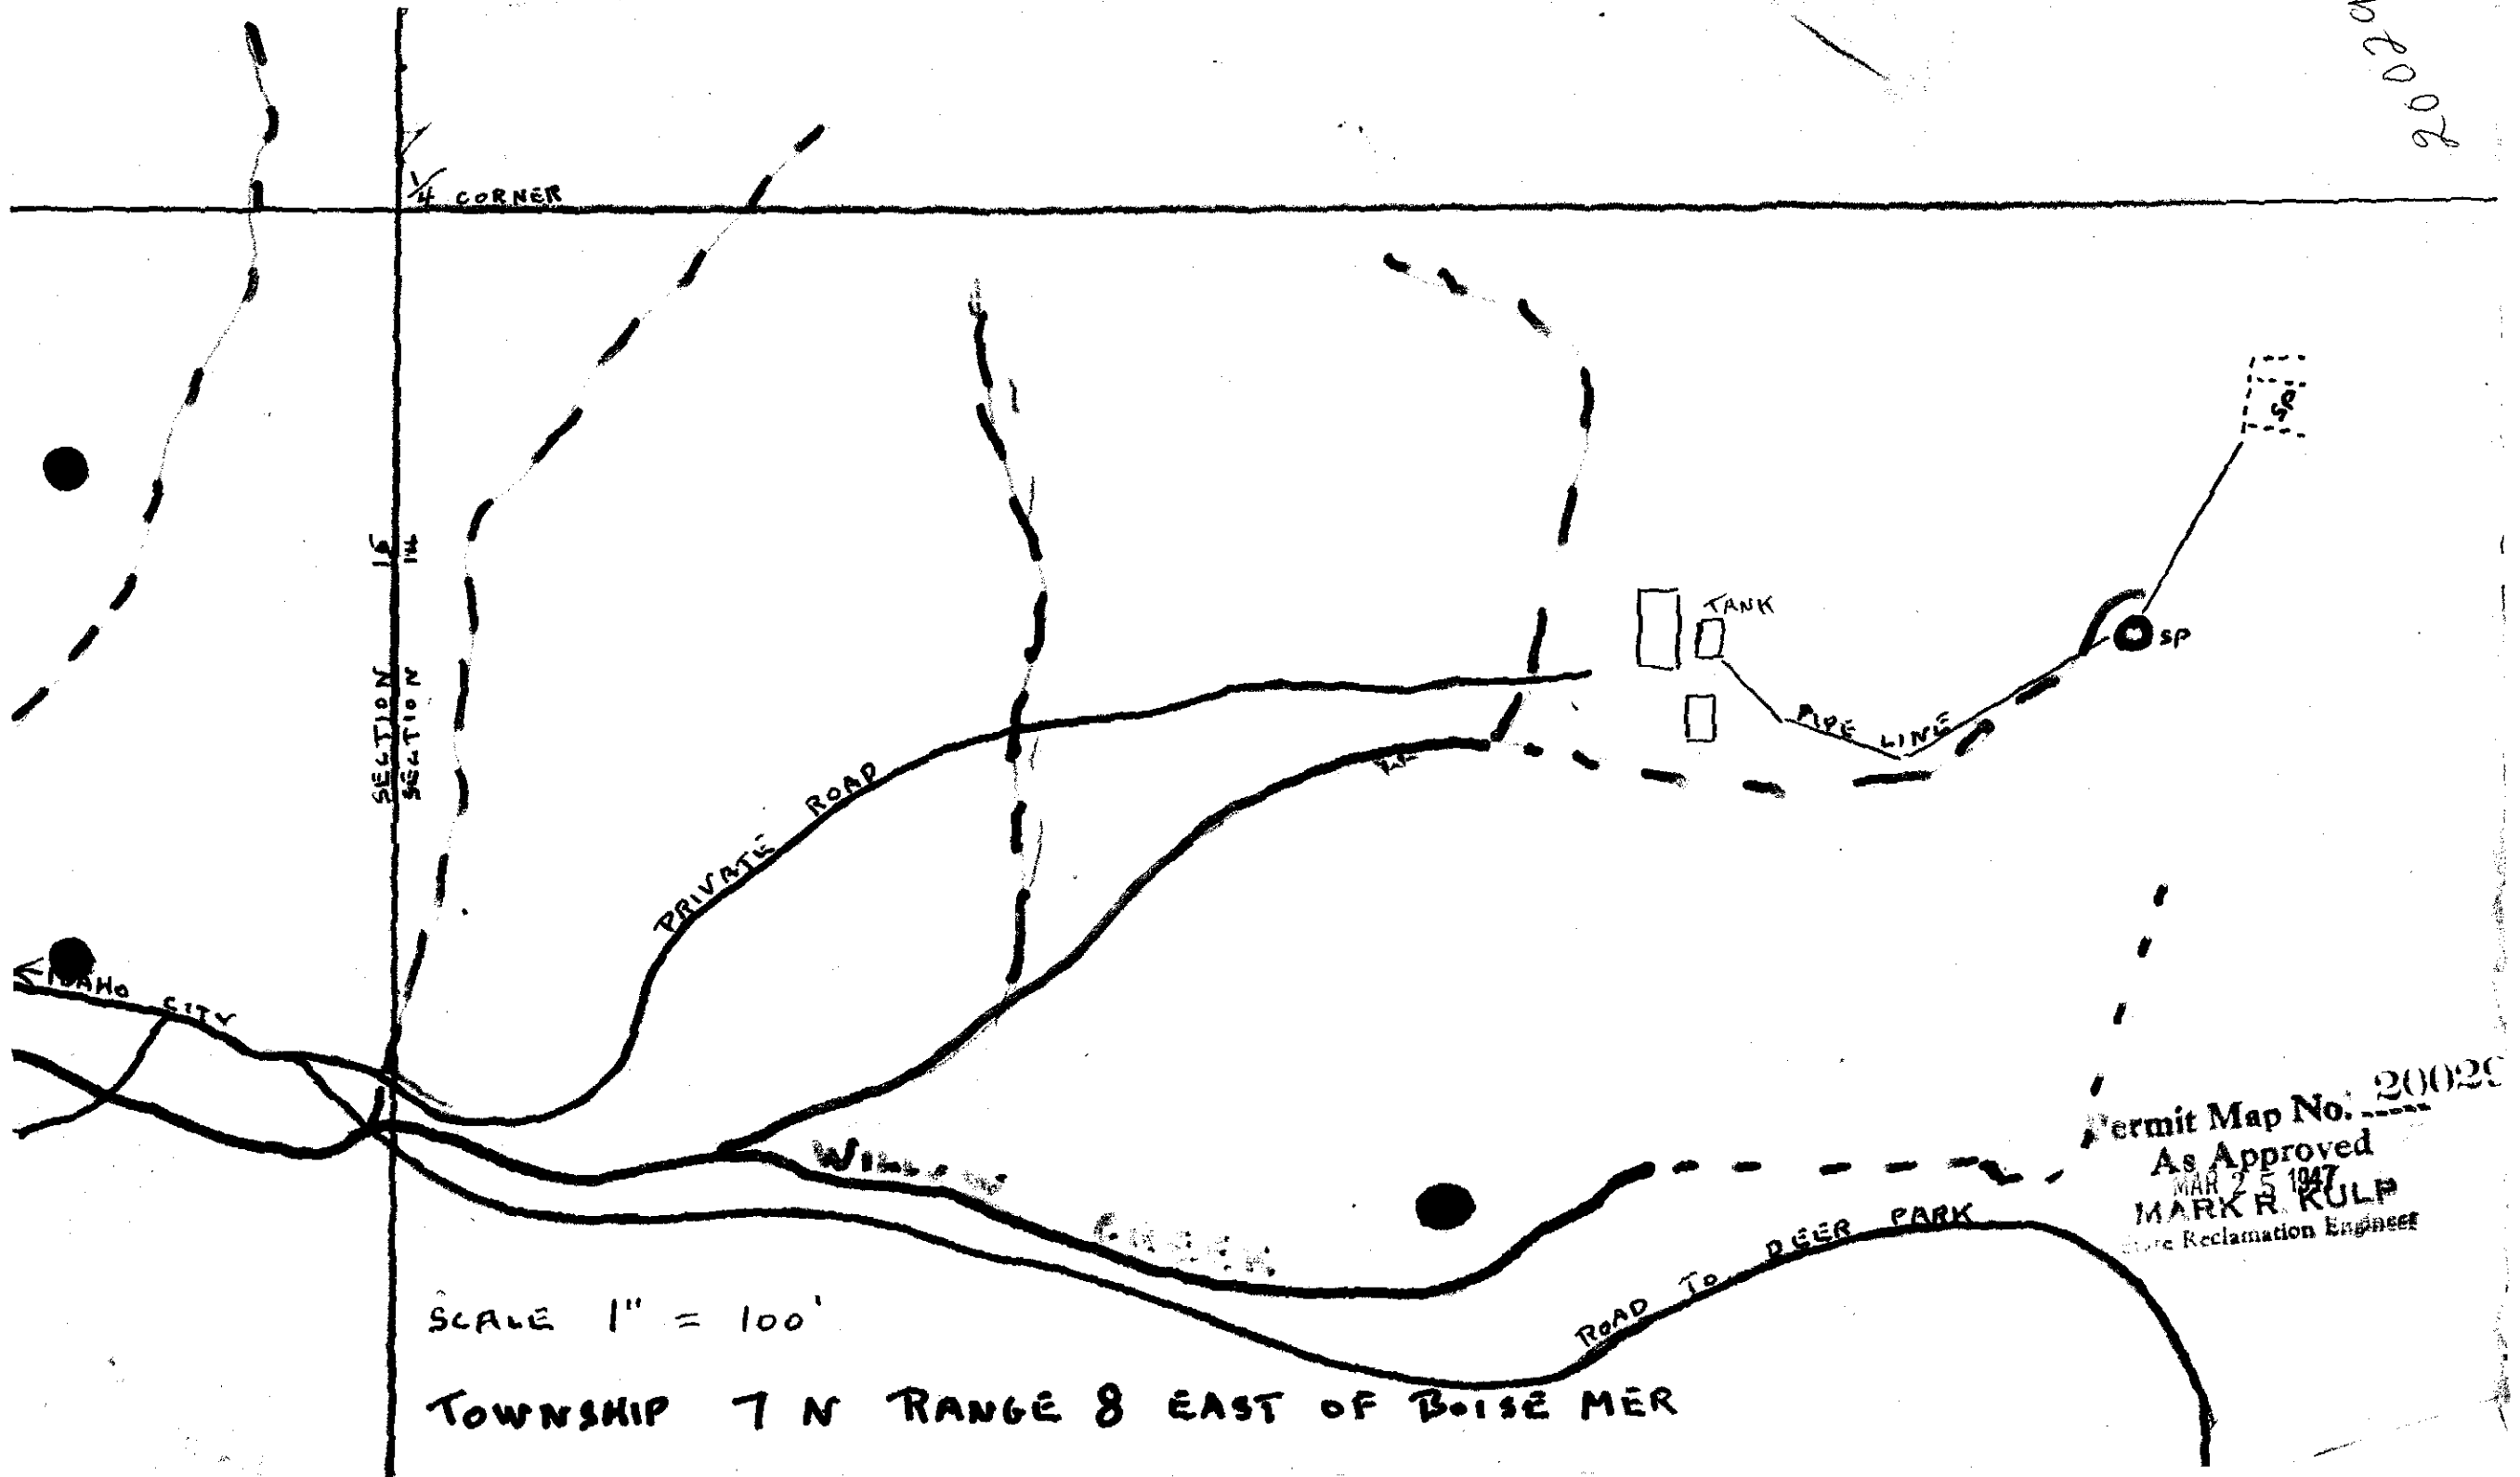

MARK R. KULP
State Reclamation Engineer
