APPLICATION FOR AMENDMENT TO PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO, NO. 19820

Comes now E. May Starr and represents to the State Reclamation Engineer of the State of Idaho:

That she is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 19820.

That the point of diversion is described in said permit as being located in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 23, Township 4 North, Range 4 West, B.M.

That she now requests that an additional point of diversion be added in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 23, Township 4 North, Range 4 West, B.M.

That his reasons for desiring to make such change are as follows: Not able to obtain sufficient water from one location.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Caldwell, Idaho, this 6th day of Dec., 1952.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 19820

This proof is for Beneficial use In Water District No.

1. Name of applicant Mrs. E. May Starr, Route 2, Caldwell, Idaho

2. Source of water supply: Subterranean flow from a dug ditch.

3. Location of point of diversion: Is in the SW¹/₄ SE¹/₄ of Section 23

T. 4 N. R. 4 W. County of Canyon

4. Describe works as they exist, giving dimensions and capacities of same: This is a spring that has been developed. Might actually be called a horizontal well. Water flows from it by gravity and is picked up in a ditch that gathers additional water from the bench on the S. and is conducted half way across the 40 to the E. where it crosses large drain ditch in 12" culvert type pipe. Size 12" by 27 yds. long. From there the ditch divides, one branch extending along the East side of the 40, the full length of the 40. The other branch extending along the N. side of the drain ditch. There is also another point of diversion that has come into existence and been developed quite recently and irrigates the land on the S. side of the drain ditch. (See the map). This is out of a drain ditch that has been recently constructed to drain some of the land to the Southwest.

5. Water is used for: Irrigation and domestic purposes.

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SW¹/₄ SE¹/₄ Section 23, Twp. 4 North, Range 4 West, B. M.

See Map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Boise River

Remarks: This particular 40 was not included in the irrigation district, and thus had no water right.

This examination was made on the 20th day of November, 1952

(Signed) E. M. Humphrey Examiner.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
 6. Give general characteristics of soils, topography, and crops raised.

Dear Mr. Starr:

We now have the affidavit of the Notary Public in connection with proof of beneficial use on Permit No. 19820.

Before final action is taken in the matter, the law requires that an examination be made by an engineer from this department.

We cannot say just when this examination will be made as this department has but one field engineer who makes examinations all over the State.

However, he will try to contact you at the time the examination is made so that arrangements may be made to show him over the grounds.

RE: Permit No. 19820

Mr. Harlan F. Starr
Route 2
Caldwell, Idaho

Dear Mr. Starr:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication in the Caldwell News Tribune, submitted in proof of beneficial use under Permit No. 19820 in the name of your mother Mrs. E. May Starr.

You evidently misunderstood what was required in the way of an affidavit in connection with this proof as your personal affidavit which accompanied the depositions is not sufficient.

We enclose a suggested form of affidavit which should be executed by Mr. Phil Ulmen, Notary Public. Please take this up with Mr. Ulmen, and if it meets with his approval have him execute it and return to this department.

Very truly yours,

Dear Mr. Starr:

We enclose certificate of completion of works issued under Permit No. 19820 in the name of Mrs. E. May Starr, for the diversion of 0.8 second foot of water from a dug ditch with point of diversion in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 23, Township 4 North, Range 4 West, B.M., for irrigation and domestic use on the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of said section.

We also enclose departmental receipt No. 24036 for the \$5.00 fee paid in connection with proof of completion of works.

At the time this proof was originally made, January 18, 1951, was set as the date for making proof of beneficial use but this matter was delayed awaiting an inspection in connection with completion of works proof. If you will advise us as to a new date upon which beneficial use proof will be made, we will amend the notice and send a copy to the Caldwell News Tribune for publication.

The date should be set sufficiently far ahead to allow for four weeks' publication and the original notice stated that the proof was to be made at Caldwell before Phil Ulmen, Notary Public.
