Dear Mrs. Eagleson:

We enclose herewith Certificate of Completion of Works issued under the above numbered permit to appropriate one second foot of the waters of Dry Creek, a tributary of Boise River, in the ~~NAME~~ Section 31, Township 5 North, Range 2 East, Ada County, for domestic and irrigation purposes.

We also enclose Departmental Receipt No. 18774 for the \$5.00 fee in connection with completion of works proof.

We have filed your proofs of beneficial use, but before final action can be taken in the matter the law requires that a field examination be made by an engineer from this department. We cannot say just when this examination will be made, since this department has but one field engineer who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this Department, will try and contact you at the time he makes the examination, so that you may arrange to show him over the ground.

Dear Sir: Enclosed find check for \$5.00 for
Certificate of "Completion of works."

For your information will say this ditch
has been used for many years, antedating
1900 according to old time neighbors.
We have owned the farm since about
1920. Mr Bolton worked for me
in 1923 on the ranch.

Water is only available in the early spring
months. Some times running thru May.

Mr Ball lived on the ranch last year and
irrigated the land & put up the crops.

Dear Mrs. Eagleson:

We acknowledge receipt of your affidavit of completion of works under the above numbered permit, and upon receipt of the statutory fee of \$5.00, a certificate of completion of works will be issued.

We also acknowledge receipt of the depositions of yourself and two witnesses, and affidavit of publication from the Idaho Pioneer, in proof of beneficial use under this permit, but we are returning the depositions of the witnesses herewith, for the following corrections:

The deposition of T. R. Bolton is incomplete, in that he does not state his name under Question 1; also in Question 10, he states "April, 1923". Is that the correct date?

The deposition of Warren Ball does not answer Question 2 completely; nor does it answer Question 10- excepting to say "irrigated April and May, 1945"- which of course is an error- This should give the amount as well as the date.

Please have these corrections made promptly, and return the depositions to this Department.
