Gentlemen:

We acknowledge receipt of the deposition of the holder, and the depositions of two witnesses, in connection with beneficial use proof under the above numbered permit- but we have not received the affidavit of publication from the Meridian Times, which is necessary in order to complete this proof.

This affidavit was to be sent you, and if you have not received it, will you please obtain it and transmit to us promptly.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this department. We cannot say just when this examination can be made, since the Department has but one field engineer, who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this department, will try and contact you at the time set for examination, so that you may arrange to show him over the grounds.

Meanwhile, you may send us your check for \$7.00, being the statutory fee in connection with this final proof- and upon receipt of the engineer's report, license will be issued in accordance therewith.
