STATE OF IDAHO,

County of Ada

} ss.

Minnie Couzens

being first duly sworn, upon ^{her} oath

deposes and says:

That ~~he~~ ^{she} is the owner of a ~~decree~~ water right appurtenant to the following described land to-wit: NW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 18, T. 4 N., R. 1 W.B.M. Ada County, except commencing at 9.98 ch. E. of NW corner of said NW $\frac{1}{4}$ NE $\frac{1}{4}$, running thence S. 10 ch., E. 3.00 ch., N. 1.81 ch., E. 6.25 ch., N. to N. line of said Sec., W. to beginning; diverted now through Lawrence & Kennedy Lateral, in amount 33 $\frac{1}{2}$ inches. Decree has not been entered, but this water as evidenced by the decree dated _____ day of _____

right is involved in the action now pending in the District Court in the cause entitled _____ Plaintiff, Canyon County, for adjudication of the waters of the Boise River. vs. _____ Defendant, brought

in the District Court of the _____ Judicial District of the State of Idaho; or,

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho No. _____

That ~~he~~ ^{she} intends to change the point of diversion, as described in said decree or permit, to the following described point:

The point of diversion of the ^{Canal of} Middleton Water Co., in Sec. 12, T. 4 N., R. 1 W.B.M.

That such change will be made for the following reasons, to-wit: _____

Affiant has arranged with the directors of said Middleton Water Company to carry her said water. She now has 4 inches water right from said Middleton Water Co., and it will conserve water and reduce carrying expense if this change be made.

That no one will be injured by such change and that deponent will make such change at ^{her} own risk.

And further deponent saith not.

Subscribed and sworn before me this 22 day of June, 1921

My commission expires _____

DEPARTMENT OF IRRIGATION

EFFECTIVE APRIL 10, 1911

STATE ENGINEER'S OFFICE

*Regulations as to Change of
Point of Diversion.*

Section 3247 of the Revised Codes provides that a person entitled to the use of water, may change the place of diversion if others are not injured by such change. The Board of Irrigation has adopted the following regulations as to procedure under said section:

The person desiring to change point of diversion must file with the State Engineer an affidavit describing his water right, setting forth his intent to change point of diversion and the reasons for such change, together with an averment that no one will be injured thereby and that deponent will make such change at his own risk.

The point to which it is desired to change the place of diversion must be described as follows:

When the amount claimed does not exceed 25 cubic feet per second and point of diversion will be on surveyed land, locate same by giving the legal description of the 40 acre tract in which it will be situated. If upon unsurveyed land, give approximate distance to mouth of stream from which water is claimed or to the mouth of some creek flowing into said stream. Where there is more than one point of diversion, describe each separately and specify the amount claimed from each.

Where the water claimed exceeds 25 cubic feet per second, locate the point to which it is desired to change the place of diversion as follows:

If upon or near surveyed land, tie point of diversion by course and distance to section or quarter section corner. If said point will be more than two miles from the corner of a public survey, the tie may be made to the mouth of the stream from which the water is claimed or to the mouth of some creek flowing into said stream.

The affidavit must be accompanied by maps in duplicate, showing the following details:

1. If for irrigation and domestic use:
 - (a) Name of applicant.
 - (b) Section, town and range numbers, where public survey has been made.
 - (c) Source or sources of supply.
 - (d) Point or points of diversion.
 - (e) Route of ditch or ditches, including laterals delivering water within one mile of each 160 acre tract of the land to be irrigated.
 - (f) Lands to be irrigated to be shown by cross-hatching, outlining, or coloring.
2. If for other than irrigation and domestic purposes:
 - (a) Name of applicant.
 - (b) Section, town and range numbers, where public survey has been made.
 - (c) Source or sources of supply.
 - (d) Point or points of diversion.
 - (e) Route of ditch or ditches.
 - (f) Point or points of use.
 - (g) Point or points of return to stream after use.

If application is for more than 25 cubic feet per second, the maps must be prepared from actual survey and must be certified to by the engineer in charge of survey, in the following form:

I hereby certify that this map was prepared from an actual survey made by me 191....., and correctly shows position of points indicated thereon.

Engineer.

August 3, 1921.

Minnie Couzens,
Star, Idaho.

Dear Madam:

We acknowledge receipt of map requested by our former letter to accompany your application for change of point of diversion for water formerly carried through Lawrence & Kennedy Lateral and which you desire to have carried through the Middleton Water Company Canal. This application and map have been duly placed on file, and the watermaster has been notified of this change in point of diversion.

Very truly yours,

W. G. SWENDSEN,
Commissioner of Reclamation

July 20, 1921.

Mr. J. E. Roberts, M. P.,
Star, Idaho.

Dear Sir:

We are in receipt of an application for change of point of diversion of a decreed water right, filed by Minnie Couzens and sworn to before you as a Notary Public. This application as filed does not show the Post Office address of the applicant, and we find no correspondence on file regarding the same. We are wondering if you have this information.

If so, will you kindly inform the applicant, Minnie Couzens that in order that the record of the change of point of diversion may be complete that it is necessary that she file duplicate maps showing the old as well as the new point of diversion, also the stream from which the water is taken. We enclose forms upon which to submit these maps.

Thanking you in advance for the courtesy, we are

Very truly yours,

W. G. SWENDSEN,
Commissioner of Reclamation
