PERMIT NO. 12-19-62

STATE OF IDAHO, }
COUNTY OF ADA } ss.

R. Yensen, being duly sworn, deposes and says: That he is the Principal Clerk of The Idaho Sunday Statesman, a weekly newspaper printed and published at Boise, Ada County, State of Idaho, and having a general circulation therein and which said newspaper has been continuously and uninterruptedly published in said County during a period of seventy-eight consecutive weeks prior to the first publication of the notice, a copy of which is attached hereto; that said notice was published in the regular edition of The Idaho Sunday Statesman for

Four consecutive insertions, beginning with the issue of June 30th, 1940, and ending with the issue of July 21st, 1940.

R. Yensen
Subscribed and sworn to before me this 22 day of

July, 1940.
John G. Wrenham
Notary Public for Idaho, Residing at Boise, Idaho.

Notice For Publication
Notice of Proof Application of Water
To Beneficial Use

Notice is hereby given that at 10:00 . M. on the 5th day of August, 1940, at Pocatello, County of Bannock, State of Idaho, before Beth Robbins, Notary Public, proof will be submitted of the application to beneficial use of 0.42 cubic feet per second subterranean waters in accordance with the terms and conditions of Permit No. 18916 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are A. C. Gough, P. O. Box 1045, Pocatello, Idaho.

The use to which said water has been applied is domestic and irrigation.

The amount applied to beneficial use is 0.42 cubic feet per second.

The place where said water is used, Part of the NW $\frac{1}{4}$ of SE $\frac{1}{4}$ Section 9, Twp. 4 North, Range 1 West, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is private ditch on property above described.

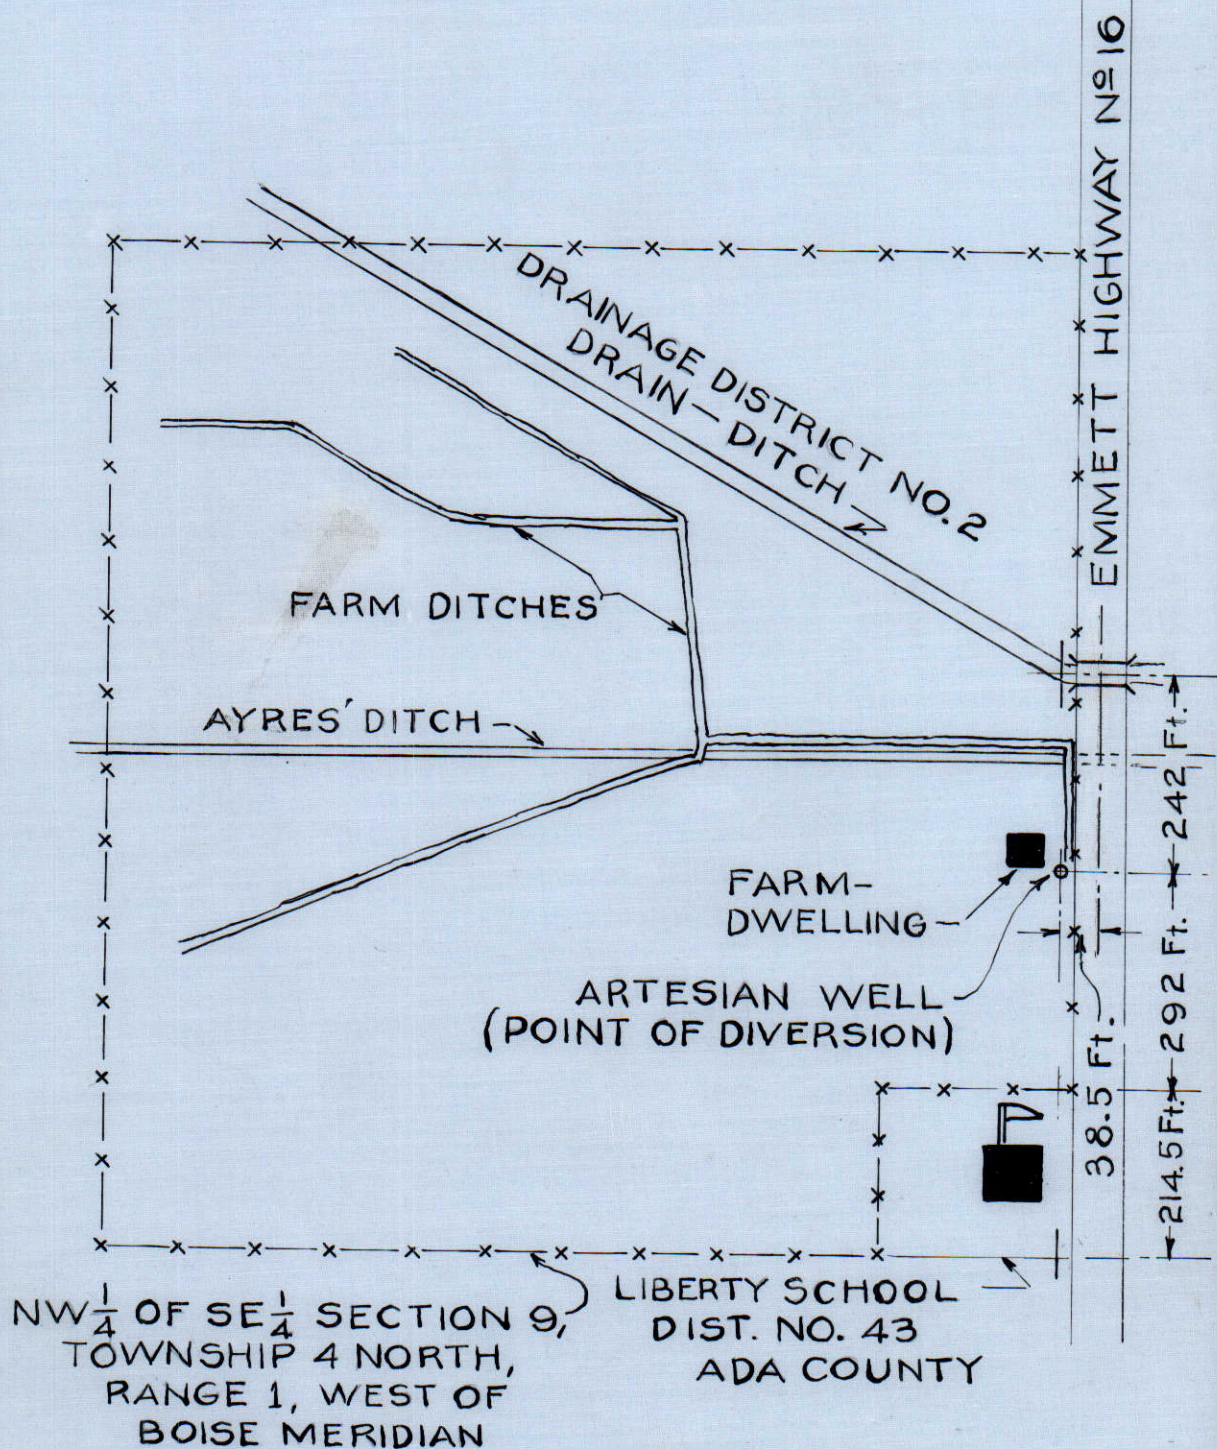

The right to take water from such works is based upon Permit 18916.

The source of supply from which such water is diverted is Artesian Well located on the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 9, Twp. 4 N., Range 1 W., B. M.

The date of priority which said user is prepared to establish is December 12, 1939.

JAMES SPOFFORD,
Commissioner of Reclamation.

APPLICATION FOR PERMIT
TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 26315
Permit No. 18916
District No.

1. Name of Applicant: A. C. GOUGH
Postoffice address: Box 1045, Pocatello County: Bannock State: Idaho
I. If applicant is a corporation, give:
(a) Date and place of incorporation:
(b) Amount of capital stock:
(c) Amount paid in:
(d) Names and addresses of directors:

II. The financial resources of the applicant are:
(a) Cash on hand:
(b) Treasury stock:
(c) Bonds to be issued:
(d) Other resources:
2. Quantity of water claimed: (21 miner's inches) 0.42 cubic feet per second.
A. C. Gough farm in Section 9, Two. 4 N., Range 1 W., B.M., near Star, Idaho
3. Source of water supply: Artesian well located on / which is a tributary of
4. Location of point of diversion: Approx. 506.5 ft. North feet distant from the S E
NW $\frac{1}{4}$ of SE $\frac{1}{4}$
corner of Section 9, T. 4 N., R. 1 W., B. M., and is the NW $\frac{1}{4}$ SE $\frac{1}{4}$
of Section 9, T. 4 N., R. 1 W., B. M., County of Ada, on Emmett Highway # 16
5. Water is to be used for: Domestic & irrigation purposes
6. If for mining, milling, power or manufacturing purposes, give:
(a) Point of use of water: feet distant from corner of Section
T., R., B. M., in the of Section, T., R., B. M.
(b) Amount of power generated: H. P., under feet head.
(c) Water is to be returned to at a point feet
distant from the corner of Section, T., R., B. M., in the
of Section, T., R., B. M.
7. Estimated cost of works: \$ 500.00
8. Kind of works: 3" artesian well
9. Height of dam feet; length of dam at top feet; length of dam at bottom
feet; material used in dam:
10. Size of headgate: Width 2 feet; height 1.3 feet.
11. Ditch: Width at bottom 2 feet; width at water line 2.5 feet; depth of water 3/4
feet; dimensions of flume: 12" X 12"
Diameter of pipe 4 inches; length of conduit miles.
Average grade per mile 20 feet.
12. The time required for the completion of such work is six months years.
13. The time required for the complete application of the water to the proposed use is no additional years.
14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? ☐ No ☐ Yes If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

A. C. GOUGH

Applicant.

Dear Sir:

Reference is made to your letter of April 19th advising that Permit G25724 issued May 26, 1955 covers the well near the Southeast corner of the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 9, Township 4 North, Range 1 West, Boise Meridian, which we had advised by my letter of April 17th did not have a License or Permit.

Enclosed please find duplicate forms for you to fill in and return the original to the State Reclamation Engineer in order to relocate the point of diversion.

Will you please forward this document to Mr. Mark R. Culp for his further action.

Very truly yours,

E. V. MILLER
State Highway Engineer

RE: Artesian Wells, Section 9,
Township 4 North, Range 1 West, B.M.

Dear Mr. Gough:

The State Department of Highways has asked the State Department of Reclamation as to the status of water rights on two flowing artesian wells in Section 9, Township 4 North, Range 1 West, B. M., which are located on a proposed highway right of way.

There are two wells involved of which only one is a matter of official public record. This well of which we have a record was licensed under Permit No. 18916 with License recorded on Page 4034 Book of Licenses State Department of Reclamation. The License is for .42 cubic foot per second from an artesian well with a priority of December 12, 1939. The location of the well is approximately 506.5 feet North of the Southeast Corner of the NW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 9, Township 4 North, Range 1 West, B. M., and is licensed for domestic and irrigation use on all the land in the NW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 9, except two acres which belong to Liberty School.

Files indicate that the well is 175 feet deep cased to the bottom with three inch casing. I can find no record of the flow ever having been measured.

You were furnished the wrong forms by the Department of Highways as they were given the wrong forms in this office.

The forms for Amendment to Permit pertain only to uncompleted Permit procedure while this is a completed appropriation and requires a legal application for change in point of diversion of an existing water right. The application is there advertised so that anyone who might be affected by a change may protest. Actually we seldom advise the formality of the statutory procedure when for any reason a new well is drilled to take the place of an old well in the immediate vicinity.

We enclose our form for change in point of diversion in case you prefer to use it.

18916

April 19, 1956

As to the well on the old Liberty School grounds, we have no record of an appropriation at this point near the Southeast Corner of the NW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 9, Township 4 North, Range 1 West, B. M. There is without doubt an appropriation of water completed through application to beneficial use, but the amount and priority date are unknown.

There are several ways of protecting this vested right.

(1) A quiet title action in the District Court for a declaration of a water right with a definite amount and priority date. This would require adequate proofs to determine the amount and priority.

(2) A current application for permit to appropriate from a new well. This could be completed through statutory procedure. The only objection to this would be that the priority would relate back only to the date of application.

(3) Move the well and record affidavits showing that the old well existed and was used. The only addition to the affidavit furnished by the Department of Highways would be an item showing a rate of flow measured by a competent engineer.

There is not much chance that the right to use the water from the unrecorded well will ever be questioned and priority is not too important and it would be our recommendation that application for permit be made. We enclose forms.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RECEIVED
APR 14 1956

Department of Public Works

April 17, 1956

S-3832(2)
Star Junction-Gem County Line
State Highway 16
Ada County

Mr. A. C. Gough
P. O. Box 1045
Pocatello, Idaho

Dear Sir:

In connection with the acquisition of right of way across the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 9, Township 4 North, Range 1 West, Boise Meridian it is necessary to relocate two artesian wells which will be on the additional highway right of way.

A search of the records of the State Reclamation Office discloses that a Permit or License for 0.42 cubic feet per second flow of water was issued in your favor December 12, 1939 for a well located 506.5 feet North of the Southeast corner of the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 9, Township 4 North, Range 1 West, Boise Meridian, this is the well in front of your house.

Enclosed please find three State Reclamation forms of Application for Amendment to Permit to Appropriate the Public Waters of the State of Idaho. Please fill out and return the original signed copy to the State Reclamation Engineer in order that the point of diversion can be changed to a new location immediately West of the present location as the present well is now approximately two feet inside of the additional highway right of way.

A further search of the records of the State Reclamation Engineers Office did not show a License or Permit for the present well, located near the Southeast corner of the above mentioned subdivision, issued to you or to any other persons, or organizations. The wells are shown circled in green and the additional right of way colored in red on the enclosed print.

18916

Mr. A. C. Gough
Page 2

Enclosed please find two copies of an Affidavit which you should fill out as to dates and if necessary please re-write the Affidavit to fit the circumstances under which this well has been in operations.

Please return original signed copy of the Affidavit to the State Reclamation Engineer and request a change of the point of diversion of this well to a point immediately West of its present location. This well is approximately four or five feet inside of the new highway right of way.

After receipt of these instruments by the State Reclamation Engineer I am sure that he will grant you whatever rights he can legally do so in regards to these two wells.

Very truly yours,

E. V. MILLER

Dear Mr. Culp:

Reference is made to your conversation April 16 with Mr. Hawkes of this Department in regards to the relocation of two artesian wells in connection with the acquisition of right of way for the above captioned Project.

Enclosed please find a copy of my letter to Mr. Gough, a map showing circled in green the location of the existing wells and right of way colored in red, also a copy of a proposed Affidavit for his action concerning the Southerly most well.

Will you please write to Mr. Gough in confirmation of my enclosed letter. We plan for early construction of this project and Mr. Gough has stated that no action on his part will be undertaken until the rights of two wells involved are cleared as to their prior rights.

Will you therefore give this matter your earliest consideration.

Re: Permit No. 18916 - A.C. Gough

Dear Mr. Spofford:

I did all that was required of me, and I still do not get this matter closed, and am unable to understand why it cannot be inspected by your field Engineer as mentioned in your letter of August 7th, and the license now issued.

Won't you please cooperate with me, to the end that this file may be closed?

Thanking you, I am

Yours very truly,

PERMIT NO. 18916

REPORT ON PROOF OF Beneficial Use

OK 0.42 cfs

45

A. C. Gough
243 S. 8th Ave., Pocatello

Permit No. 18916

Examination for Beneficial Use

County Ada

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make a plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.

REPORT OF ENGINEER

Permit No. 18916

This proof is for Beneficial Use

In Water District No.

1. Name of applicant A. C. Gough, 243 S. 8th Ave., Pocatello, Idaho

2. Source of water supply: Artesian well

3. Location of point of diversion: Is in the NW¹ SE¹ of Section 9

T. 4 N. R. 1 W. County of Ada

4. Describe works as they exist, giving dimensions and capacities of same:

*A drilled well
175 ft deep x 3" diameter, cased its full depth.
Water discharges into farm lateral 3 ft wide x
1 ft deep.
Well has valve control and house connection*

5. Water is used for: Irrigation and domestic purposes

6. State whether or not water has been turned into works of diversion: yes.

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): Approximately 38 acres in Section 9, Twp. 4 N., Range 1 W., B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? none

Remarks:

*This water is mingled with water from
another source and is supplemental thereto*

This examination was made on the

25th

day of

October

19 40

Re: Permit No. 18916

Mr. A. C. Gough,
Box No. 1045
Pocatello, Idaho.

Dear Mr. Gough:

We are in receipt of your letter of the 30th inst., and in reply have to advise that the field examination in connection with the above permit has been made.

As soon as the report of our Field Engineer is filed, license will be issued accordingly.

For your information will say that it is the practice of the department to have the field work in connection with these examinations done during the spring, summer and early fall- when the weather is favorable- and then the office work in connection with making up the reports is done later on.

Very truly yours,

JAMES SPOFFORD
Commissioner of Reclamation

Re: Permit No. 18916 - A.C. Gough

Dear Mr. Spofford:

On August 5th, I sent in all final papers with reference to Proof of Application of Water to beneficial use, and have your letter of August 19, 1940 in which you state that as soon as you have the report of your field engineer as mentioned in your letter of August 7th, that license would be issued in accordance therewith.

I have had no further word from you, and would like to be advised as to the status of this application.

Thanking you for your attention to this matter, I am

Yours very truly,

Re: Permit No. 18916

Mr. A. C. Gough,
Box 1045,
Pocatello, Idaho.

Dear Mr. Gough:

We acknowledge receipt of the deposition of yourself as holder, and depositions of two witnesses, in connection with beneficial use proof under the above numbered permit.

We have obtained the affidavit of publication from the Idaho Statesman, and have instructed them to send the bill for cost of publication directly to you.

It is not necessary to return the permit, but before final action can be taken in the matter the law requires that a field examination be made by an engineer from this department.

We cannot say just when this examination will be made, as the department has but one field engineer, who makes examinations all over the state. When the report of the engineer is on file we shall then be able to issue license in accordance therewith.

Meanwhile, the fee for making this final proof amounts to \$2.00, which you may remit at your convenience.

Very truly yours,

JAMES SPOFFORD
Commissioner of Reclamation

Re: Permit No. 18916 - A.C. Gough.

Dear Mr. Spfford:

Pursuant to yours of the 26th inst., I am enclosing
herewith the following papers:

Proof of Application of Water to Beneficial Use:

Deposition of Holder, A.C. Gough,
Deposition of Witness, B.W. Davis,
Deposition of Witness, Ella Smith

which I trust you will find in complete order.

With reference to the Affidavit of Publication of
Notice, I believe you will have to get that, as I
signed the Authorization to Publish and sent to you in
accordance with yours of June 18th.

I trust you will find this in order. You donot ask
to have the Application for Permit returned, so do not
know if this is needed or not, but can send it if it is.

Thanking you for your kindness in this matter, I
am

Yours very truly,

Permit No. 18916

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. A.C. Gough, Pocatello, Idaho, 243 S. 8th Ave., Director of
Engineering, U. of I., So. Branch

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Not acting on behalf of corporation.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 18916 June 21, 1940, December 12, 1939

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Artesian Well. Point of diversion is on the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 9
Township 4 North, Range 1 West, B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Common farm ditch, capable of carrying 200" of water. No name
for canal or ditch, it is the main farm ditch on the acreage.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigation and domestic purposes and is used on approximately
38 acres of land in Section 9, Township 4 North, Range 1, W.B.M., in
name of A.C. Gough. Land is cultivated. This water supplements water right
in the Middleton Water Co.

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Also used for domestic purposes and is piped in house

205 fee pd.
R. 17522

18916

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Approximately 5000 gallons, per month.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Am person to whom permit was issued.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water has been used since December 12, 1939, for irrigation and domestic purposes, and has been used in its entirety on the entire acreage.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Have Water right in the Middleton Water Company which is also used in its entirety.

(Sign)

a. c. Young

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Pocatello, County of Bannock, State of Idaho, on this 5th day of August, A. PERMIT NO. 18916

Proof of Application of Water to Beneficial Use
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Ella Smith, age 50 years, Pocatello, Idaho, 426 S. 9th Ave.
Operate a Finance Company

Ques. 2. Are you acquainted with A.C. Gough, the holder of Permit No. 18916? How long have you known him and where does he reside?

Ans. Yes, have known him about 25 years and he resides at 243 S. 8th Ave., Pocatello, Idaho.

Ques. 3. Have you read or heard read said Permit No. 18916, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Artesian Well; Place of diversion is on the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 9 Twp. 4 North, Range 1 West, R.M.; Farm ditches convey water to place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Works will safely conduct 200" of water and I have seen about 59" being conveyed.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Water used for irrigation and domestic purposes on land owned by A.C. Gough in Section 9, Twp. 4 North, Range 1, W.B.M. in Ada County. Land is cultivated land. This water supplements an original water right in Middleton Water Company.

18916

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. It has been used for Domestic purposes as well as irrigation.
in its entirety.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is of a sandy loam character and at least 60" of water
would be required for profitable cultivation.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. have no interest.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. In summer of 1940 saw water used in irrigation and in house and
on yard. Entire amount of water used in irrigating all growing crops
on land described in question 6, i.e. approximately 38 acres in Sec. 9
Twp. 4 North Range 1, W.B.M. in Ada County, Idaho, owned by A.C. Gough.

INSTRUCTIONS
PROOF OF BENEFICIAL USE OF WATER

Re: Permit No. 18916

Boise, Idaho, **July 26, 1940**

Mr. A. C. Gough.
Box No. 1045,
Pocatello, Idaho

Dear Sir:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 18916.

Deposition of Permit Holder,
Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On August 5, 1940, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Pocatello, Idaho before Eath Robbins, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

JAMES SPENCER
Commissioner of Reclamation.

18916

June 21, 1940

Re: Permit No. 18916

Mr. A. C. Gough,
Box No. 1045,
Pocatello, Idaho.

Dear Mr. Gough:

We acknowledge receipt of your letter of June 19th, with enclosures as stated.

We are enclosing herewith Certificate of Completion of Works issued under the above numbered permit to appropriate 0.48 second foot of subterranean water, diverted in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 9, Township 4 North, Range 1 West, B. M., Ada County, for irrigation and domestic use on a portion of the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section 9, Township 4 North, Range 1 West, B. M. Also Departmental Receipt No. 17443 for the \$5.00 fee.

We are also enclosing the Commissioner's approval of your application for extension of time for making beneficial use proof until August 5th, which should be attached to your original permit. In your letter you mentioned an extension to August 20th, but we note that the application has been changed to August 5th, which will allow plenty of time for publication to be completed by that date.

We have accordingly filled in the date for making the proof as August 5th, and have sent the notice to the Idaho Statesman with instructions to publish it for four consecutive weeks in their Sunday edition.

About ten days prior to that date we shall send you the necessary forms of deposition, consisting of one for yourself and one for each of two witnesses, so that you will have them in ample time for the proof. On that date you should appear before Beth Robbins, Notary Public, with two disinterested witnesses, who are familiar with the terms of the permit and the works constructed thereunder, for the purpose of executing the depositions.

You will observe that in the notice we have simply described the land to be irrigated as a part of the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 9, Twp. 4 N., Range 1 W., B.M. It is not necessary to give the metes and bounds description, and this will save you something in the cost of advertising.

Very truly yours,

JAMES SPOFFORD
Commissioner of Reclamation
By

JLA

BOISE, IDAHO

DEAR SIR: in your Sunday edition

Enclosed you will find notice for publication/once a week for four consecutive weeks prior to August 5, 1940, the date set for proof, the expense of the publication to be paid by the applicant, A. C. Gough, Box 1045, Postville, Idaho

to whom you should furnish proof of publication on or prior to the date set for proof.

Please acknowledge receipt of this notice and furnish this office with a copy of the first publication.

Very truly yours,

JAMES SPOTFORD

Commissioner of Reclamation

18916

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 5th day of August, 19 40
 at Pocastello, County of Barnock, State of Idaho, before
Beth Robbins, Notary Public, proof will be submitted of the
 application to beneficial use of 0.42 cubic feet per second subterranean of the waters of
 in accordance with the terms and conditions of Permit No. 18916
 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are.....

A.C. Gough, P.O. Box 1045, Pocastello, Idaho

The use to which said water has been applied is Domestic and irrigation

The amount applied to beneficial use is 0.42 cubic feet per second

The place where said water is used (if for irrigation, give full and accurate description of the
 lands irrigated)

Part of the NW $\frac{1}{4}$ of SE $\frac{1}{4}$ Section 9, Twp. 4 North, Range 1 West, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place
 of use is private ditch on property above described

The right to take water from such works is based upon Permit No. 18916

The source of supply from which such water is diverted is Artesian Well located
on the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 9, Twp. 4 N., Range 1 W., B.M.

December 12, 1939

The date of priority which said user is prepared to establish is February 19, 1940

JAMES SPOFFORD

Commissioner of Reclamation.

18916

Pocatello, Idaho, June 19, 1940

Department of Reclamation,
State of Idaho,
Boise, Idaho.
Attention: Jeanne L. Anderson, Chief Clerk
Re: Permit No. 18916

Dear Miss Anderson:

There is enclosed herewith the following forms:

Application for Extension of Time for Beneficial Use Proof;
Proof of Completion of Works,
Notice of Proof Application of Water to Beneficial Use in
duplicate
Notice to accompany this letter
Check in the amount of \$5.00

I call your attention to the application for Extension of time for Beneficial Use Proof, that I do not know what answer to put in this particular place - the reason is for the publication of the notice etc., but thought perhaps I should send this in, and that you would fill it out in the proper manner, or return to me, giving clue, for as you will notice all the water has been used.

On the Proof of Completion of Works form, the Dimensions of work: In view of the fact that this is an artesian well, capable of being shut down at will, there is no dam or anything of that sort. The water flows out of the well into a private ditch.

I am not returning the application for permit, as I cannot find in your letter where that is required, but if it is, I will send it over immediately.

Thanking you for your indulgence in this matter, and assuring you of my appreciation for any help which you can give me, I am

Yours very truly,

A.C. Gough
A.C. Gough,
Box 1045
Pocatello, Idaho.

P.S. I think the extension of time to August 20th, should be sufficient to get the publication made, but if not, you are at liberty to change the date.

Permit No. 18916

STATE OF IDAHO
Department of Reclamation

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of Bannock

SS.

A.C. Gough

, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 18916, and that his postoffice address is Box 1045, Pocatello, Idaho.

Second: That the name of the stream from which said water is to be directed is Artesian well located on farm.

Third: That the point of diversion of said water is at the well NWSE Sec 9, TAN-R1W.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by June 20, 1940.

Fifth: That the use for which said water is intended is domestic and irrigation.

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

1. Kind of works: Ditch and Artesian Well

(Reservoir, dam, ditch, flume, pipe or otherwise.)

II. Dimensions of work:

(a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction

(State whether wood, earth, stone or concrete.)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width 2 feet, height 1.3 feet.

(d) Conduit width at bottom feet, width at water line feet, depth of water feet; diameter of pipe inches, average grade per mile is 20 feet. Length of conduit is miles.

Seventh: That said works are capable of conducting to the place of intended use 0.42 cubic second feet of water.

Eighth: That water appropriated under said permit is available for 38 acres of land described as follows: ~~in Section 36, Township 36N, Range 12E, 18916, Pocatello, Idaho, which is known as the Gough place, and is situated in the Bannock County, Idaho.~~

Ninth: Remarks: That

Re: Permit No. 18916

Mr. A. C. Gough,
Box No. 1045,
Pocatello, Idaho.

Dear Mr. Gough:

We have before us your letter of June 17th, enclosing the above numbered permit, and stating that the work has been completed.

After a permit has been issued, there are two steps necessary to complete the water right: First, to submit proof of completion of the works of diversion called for in the permit; and, Second, to make proof of the application of the water to beneficial use.

We are enclosing a form of Affidavit for proof of completion of works, which should be executed before a Notary Public, and returned to us with the statutory fee of \$5.00- upon receipt and approval of which a Certificate of Completion of Works will be issued.

In order to make proof of beneficial use, it is necessary to advertise same for four weeks in a newspaper published in the county where the water is diverted. We enclose form of Notice, which should be filled out in duplicate, setting time and place, and giving the name of the Notary Public before whom this proof will be made. The date set should be at least forty days in advance- in order to allow time for making the necessary publication- and inasmuch as the permit states that such proof must be made on or before June 20th, and it is not possible to make the proof of beneficial use by that time, we are also enclosing a form of application for extension of time, which you may execute and return to us at once.

The Authorization to publish should also be signed, designating the paper in which you want the notice to appear- and when the duplicate notices and the authorization are returned to us, we shall send the notice to the newspaper so designated, with instructions in regard to publishing.

On the day set for proof, depositions are to be executed by yourself and two disinterested witnesses, before the Notary Public, and thereafter a field examination must be made by an engineer from this department; and when his report is filed and approved, a license will be issued, which is the final step in perfecting your water right. The fee in connection with the issuance of the license is \$2.00.

We are returning your permit herewith.

Very truly yours,

JLA
Encs.

JAMES SPOTFORD
Commissioner of Reclamation

Application No. 26315

Mr. A. C. Gough,
Box 1045,
Pocatello, Idaho

SIR:

Application which has been filed under the above number is herewith returned for correction in the following particulars:

Fill in Questions 7 to 14 inclusive.

In Questions 12 & 13 allow at least three months.

In Question 14 show the section, township and range, and also the legal subdivision where the 33 acres are located.

You are allowed 60 days from date of first return for correction, as stamped in second line on back of application, to file completed application. If received after that date application can be refiled under a new number with later priority, requiring additional fee.

Yours truly,
JAMES SPOFFORD

COMMISSIONER OF RECLAMATION.
